ASX Announcement

Titomic sells its first 'Titomic D523 System' in Asia Pacific.

Titomic Limited (ASX: TTT) (Titomic or Company), on the 27th May 2022, announced the first sale of its Titomic D523 System ("System") into Asia Pacific. The System has been sold to D&C Coating in Singapore – a surface engineering and repair specialist servicing the oil & gas industry. The System was sold to D&C Coating for AUD 44,758.

A growing volume of Titomic D523 System sales are expected in the APAC region, as Titomic will be officially launching this System through its Indian reseller at IMTEX; the largest tool and machine exhibition in the region, with expectations of System sales growth within FY2022/23.

Further, D&C Coating will seek to utilise the System to complete a higher volume of servicing within the Oil & Gas sector and peripheral sectors, leading Titomic to believe there will be further System sale opportunities - in addition to consumable-metal-powder sales - in the near future.

Pertaining to System sales and related consumables and powders, the APAC market is expected to generate AUD 1 million of sales revenue in the next financial year ending 30 June 2023.

This announcement has been authorised for release by the Board of Titomic Limited.
