Simberi sulphide Social & Environmental Impact Statement approved

St Barbara Limited (ASX: SBM) (**Company** or **St Barbara**) confirms that the Social and Environmental Impact Statement (**SEIS**) for the Simberi sulphide project has been approved by the Conservation and Environmental Protection Authority (**CEPA**) of Papua New Guinea. The sulphide expansion will extend the operating life of the mine by more than 10 years.

The Company announced a strategic review of the Simberi asset on 22 June 2022. Front End Engineering Design study work for the sulphide project was completed during Q4 FY22. A number of parties have expressed interest to acquire the asset and discussions with interested parties are underway.
