## **QUESTIONS FROM THE CHAIRMAN**

- 1. Who is Swami Raote and how do you pronounce your name?
- 2. Describe your management approach to the shareholders?
- 3. What aspects of your career have provided the best grounding for this role?
- 4. What excites you about PolyNovo and its future (products, business, and people)?
- 5. Some very preliminary thoughts on:
  - Expansion in the US
  - Expansion in the ROW (new and existing markets)
  - Platform technology and the prospect of new products and new applications
  - Growth by acquisition versus generic growth
  - Direct sales versus distributors

This announcement has been authorised by PolyNovo Company Secretary Jan-Marcel Gielen.

## **About NovoSorb®**

NovoSorb® BTM is a dermal scaffold for the regeneration of the dermis when lost through extensive surgery or burn. NovoSorb® is a novel range of bio-resorbable polymers that can be produced in many formats including, film, fibre, foam, and coatings.
