

ASX Announcement

10 August 2022

Patent Litigation Update

Mach7 Technologies, Inc., a wholly-owned subsidiary of Mach7 Technologies Limited, advises that the dismissal of the patent infringement lawsuit brought by AI Visualize, Inc., a Texas corporation, has been appealed.

As previously announced in July 2022, the United States District Court for the District of Delaware dismissed AI Visualize's claims of wilful infringement on the grounds that the patents were not eligible for patenting.

On August 9, 2022, Mach 7 received notice from the United States District Court for the District of Delaware that AI Visualize has appealed the dismissal to the United States Court of Appeals for the Federal Circuit. Mach7 will continue to defend itself and inform the market with any additional information regarding this legal action.

About Mach 7

Mach7 Technologies (ASX:M7T), founded in 2007, is a medical imaging systems provider that develops innovative image management and viewing solutions for healthcare organizations. The core of these offerings is the Mach7 Enterprise Imaging Solution, encompassing Enterprise Data Management, Enterprise Diagnostic Viewing and Departmental Workflow applications. Mach7's Enterprise Data Management solution, consisting of a powerful Vendor Neutral Archive (VNA) and data administration tools, allows for the fast storage, access, retrieval and viewing of images across a healthcare network with connectivity to the Cloud. In July 2020, Mach7 acquired Client Outlook and the *eUnity* Enterprise Diagnostic Viewing technology to augment Mach7's Enterprise Data

ASX Announcement

Management and Departmental Workflow applications. eUnity is a zero-footprint, FDA-approved, image viewing solution that makes images accessible on any workstation. This offers healthcare professionals consolidated access to all patient images and data, ensuring clinical staff have timely access to the right information to diagnose and treat patients. Uniquely, the company also gives customers independence to deploy its solutions either on a component basis or in a unified comprehensive platform. With more than 150 customers across 15 different countries, Mach7 has built a global network of diverse customers that range from expansive Integrated Delivery Networks, National Health Systems, medical research facilities, and large academic medical institutions to regional community hospitals, private radiology practices, and independent provider groups.
