Corporate Governance Statement  
2022

# CORPORATE GOVERNANCE STATEMENT

## Introduction

The Board of Djerriwarrh Investments Limited (the Company) is committed to a high standard of ethical behaviour and to having an effective system of corporate governance commensurate with the size of the Company and the scope of its business operations.

In accordance with ASX Listing Rule 4.10.3, set out below are the applicable ASX Corporate Governance Council's eight principles of corporate governance (fourth edition) (ASX Governance Principles) and outlined accordingly is how the Board has applied each principle and the recommendations set out within them during the course of the financial year ended 30 June 2022. A copy of the ASX Governance Principles can be found on ASX's website, [www.asx.com.au](http://www.asx.com.au)

The Company is fully supportive of the 'if not, why not' disclosure-based approach to governance adopted by the ASX Governance Principles and the recognition within them that there is no single model of corporate governance and that good corporate governance practice is not restricted to adopting the recommendations contained in the ASX Governance Principles.

## Principle 1: Laying Solid Foundations For Management and Oversight

This Principle requires the Company to clearly delineate the respective roles and responsibilities of both the Board and management and regularly review their performance.

### Role of the Board

The Company's Corporate Objective, as determined by the Board, is to invest in Australian equities with a focus on stocks where there is an active options market. The Company often uses exchange traded and over-the-counter options to enhance the income return to investors.

Djerriwarrh aims to provide shareholders with attractive investment returns through access to fully franked dividends and growth in capital invested:

- to pay a higher level of fully franked dividend than is available from the market in general; and
- to provide attractive total return including capital growth over the medium to long term.

The role of the Board underpins and supports the Corporate Objective of the Company. The Board generally sets objectives and goals for the operation of the Company, oversees the Company's management, regularly reviews the Company's performance and monitors its affairs in the best interests of the Company. For these responsibilities, the Board is accountable to its shareholders as owners of the Company.

The Board operates under a Board charter, available on the Company's website, which documents the role of the Board outlined above and the matters that the Board has reserved to itself. Those matters include:

- setting the Corporate Objective of the Company and approving business strategies and plans designed to meet that objective;

- approving the expense budget at least annually;
- approving changes to the Company's capital structure and dividend policy;
- appointing and removing the Managing Director and carrying out succession planning for the Managing Director as applicable;
- approving the Company's risk appetite;
- reviewing the composition of the Board and Board Committees, the independence of Directors, the Board's performance and carrying out succession planning for the Chairman and other Non-Executive Directors;
- appointing and removing Senior Executives on the recommendation of the Managing Director; and
- reviewing the performance of management and the Company, including in relation to the risk management, internal controls and compliance systems adopted by the Company and the monitoring and review of the performance of Australian Investment Company Services Limited (AICS) in relation to the services that AICS provides to the Company.

The Directors meet formally as a Board regularly and the Non-Executive Directors meet regularly in the absence of the Managing Director and members of management. During the financial year, the Board also held a strategy conference.

## Delegation to Board Committees

The Board has established the following principal Board Committees to assist the Board in exercising its authority:

- Investment Committee;
- Audit Committee; and
- Nomination Committee.

Each Board Committee operates under a formal charter that is made publicly available on the Company's website, [www.djerri.com.au](http://www.djerri.com.au)

# Attended meetings as non-members

\* B Brook was appointed to the Board on 1 August 2021.

\*\*RJ Edgar retired from the Board at the 2021 Annual General Meeting.

The role and work of the Nomination Committee is outlined under Principle 2 and for the Audit Committee is outlined under Principle 4 and Principle 7.

## Investment Committee

The general role of the Investment Committee is to manage the investments of the Company in order to support the Company's Corporate Objective.

In doing this, the Committee:

- reviews, discusses and approves all purchases and sales in the investment, trading and options portfolios;
- makes decisions in relation to how other portfolio-related activities are managed including how voting instructions and lodgement of voting instructions are made in respect of general meetings of companies in which the Company has invested;
- receives reports on portfolio matters, including portfolio performance, transaction reports, portfolio position reports and performance attribution analysis; and
- receives reports and recommendations in relation to the review and analysis of companies/securities in which the Company is able to invest, or has invested.

The Investment Committee's membership currently comprises of all Directors, except B Brook.

Further details of the role of the Committee in respect to the oversight of investment risk can be found under Principle 7.

## Relationship with AICS

The Company has no employees and has entered into an agreement with AICS, in which it has a 25 per cent ownership interest, to provide a comprehensive range of services under the leadership of the Managing Director. This includes the day-to-day maintenance of the portfolios and associated research. More detail on the relationship with AICS is detailed in the Remuneration Report of the Annual Financial Report.

The Managing Director is responsible to the Company for the performance of those services and the Board acts in close consultation and cooperation with AICS in relation to the provision of services by AICS to the Company. AICS is paid a fee based on its costs in providing these services.

AICS is 25 per cent owned by Djerriwarrh Investments Ltd and 75 per cent owned by Australian Foundation Investment Company Ltd.

## Pre-appointment Checks

Prior to the appointment of a non-executive Director to the Board, the Nomination Committee will determine what pre-appointment checks are appropriate to be undertaken in the circumstances. In the case of recent appointments, these included regulatory and bankruptcy checks, as well as an interview process and reference checks.

The Notice of Meeting provides relevant details of each person standing for election or re-election as a Director and whether the Board endorses the appointment.

## Agreements

Each of the Directors have entered into an agreement with the Company in respect of their appointment, including access to documents, Director's indemnity against liability, Directors' and Officers' insurance, conflicts of interests, taking independent professional advice and dealing in the Company's securities.

## Company Secretary

The Company Secretary's details and experience appears in the 2022 Annual Report. While the Company Secretary is an employee of AICS, he is accountable to the Company's Board, through the Chair, on all matters to do with the proper functioning of the Board.

## Diversity Policy

The Board views diversity as including, but not being limited to, skills, qualifications, experience, gender, race, age, disability, ethnicity and cultural background.

The Board has a Board Diversity policy in place under the oversight of the Nomination Committee that is available on the Company's website. The Company has a number of defining characteristics that have an important influence on how the Board deals with Board and organisational diversity:

- As the Company is a long term shareholder, it is beneficial to have Directors who serve for a long period of time, experiencing different economic and business cycles.
- As management, financial, business development/marketing and securities/stock market services are provided to the Company by AICS, the Company has no employees.

- Senior Executives of the Company are the Senior Executives of AICS. AICS is responsible for, and best placed to determine, its own employment practices. However, the Company has in place processes to monitor the performance of AICS. As such, the policy is limited to Board diversity. The Board recognises that having a diverse Board will assist it in effectively carrying out its role in meeting the Company's Corporate Objective. The Board's consideration of its own composition is set out under Principle 2.

All appointments to the Board will be based on merit, and will include consideration of the Board's diversity needs, including gender diversity. Pursuant to Recommendation 1.5 of the 4th Edition of the ASX Governance Principles, the Board has set as an objective to have at least 30 per cent of each gender represented on the Board.

The Board has three female Directors and four male Directors. In addition to the Managing Director, the Company also has three other Senior Executives, provided by AICS, each of whom is male.

## Performance Assessments

### Non-Executive Directors

In order to provide a specific opportunity for performance matters to be discussed with each Director, the Board, on recommendation from the Nomination Committee, has established a Director review process. The Chairman meets with each Director individually to discuss issues including performance and effectiveness of the Board as a whole, Board Committees, individual Directors, the Managing Director, Senior Executives and the Chairman with the intention of providing mutual feedback. The Chair of the Nomination Committee also meets with the other non-executive Directors to discuss the Chairman's performance. The Chairman and the Chair of the Nomination Committee report on the general outcome of these meetings to the Nomination Committee and any necessary action items to the Board generally in private session.

Given the nature of the Company's activities, it is considered that this process of evaluation of the Board, Board Committees, individual Directors and the Chairman is sufficiently formal. Evaluations under this process were carried out during the financial year.

## Management

The Board continuously reviews the performance of AICS, under the leadership of the Managing Director, in providing services to the Company. Separate evaluations of the performance of individual Senior Executives are carried out by AICS. As set out in Principle 8 below, performance of the provision of services to the Company is one of the measures used in determining the Managing Director's and other Senior Executives' annual incentive. Evaluations under this process were carried out during the financial year.

**The Board believes that the Company is fully compliant with Principle 1 and its recommendations.**

## Principle 2: Structure the Board to be Effective and Add Value

This Principle requires the Company to have a Board of appropriate size and collectively have the skills commitment and knowledge of the Company and the industry in which it operates to enable it to discharge its duties effectively and add value.

The Board comprises a Non-Executive Chairman (J Paterson), Deputy Chairman (GB Goldsmith), Managing Director (RM Freeman), and four other Non-Executive Directors (B Brook, KJ Fagg, AJM Williams and K Wood).

The roles of the Chairman and Managing Director are separate. The role of the Managing Director is set out under Principle 1.

The role of the Chairman is set out in the Board charter, including being responsible for:

- the business of the Board, taking into account the issues and the concerns of all Directors and the requirements of the Board charter;
- the leadership and conduct of Board and Company meetings to be in accordance with the agreed agenda, the Company's Corporate Objective and Principles of Conduct (described under Principle 3); and
- encouraging active engagement by Directors and an open and constructive relationship between the Board and the Managing Director and Senior Executives.

The Chairman also has the authority to act and speak for the Board between meetings, subject to any agreed consultation processes.

## Appointment and Renewal

Being a long term investor is an essential part of the Company's Corporate Objective and continuity on the Board and broad investment and business experience are regarded as important factors in the Board's approach.

The Company's constitution provides that each Non-Executive Director must seek re-election by shareholders at least every three years if they wish to remain a Director. Any new Non-Executive Director appointed by the Board must seek election by shareholders at the next Annual General Meeting of the Company. This approach is consistent with the ASX Listing Rules.

To assist Directors to fully meet their responsibilities to bring an independent view to matters coming before them, the Board has agreed a procedure in appropriate situations for Directors to take independent professional advice, at the expense of the Company, after advising the Chairman of their intention to do so.

On appointment, new Directors are given the opportunity to meet with Senior Executives of the Company to understand their areas of expertise and responsibility within the Company. On an ongoing basis, regular reports are provided to the Board updating Directors with legal, regulatory, governance and financial developments, both in Australia and internationally, that could impact either the Company, the companies that Djerrriwarrh invests in, or their roles as Directors of Djerrriwarrh and other companies. Directors are also invited to attend meetings the Company arranges with investee companies and subject matter experts on various business and economic issues.

## Nomination Committee

The Board has a Nomination Committee which comprises three Non-Executive Directors, with KJ Fagg as the Chairman and the members being J Paterson and GB Goldsmith.

# CORPORATE GOVERNANCE STATEMENT

The Committee considers matters relating to the orderly renewal of the Board and the attraction and retention of Directors of high calibre with the appropriate experience, skill and diversity to contribute effectively to the oversight of the Company, making recommendations on these matters to the Board as appropriate.

On recommendation from the Nomination Committee, the Board has determined that to fulfil the Company's Corporate Objective, its own membership is best served by being comprised of a mix of individuals with deep expertise and a breadth of experience (both executive and board experience) across a range of sectors. The Nomination Committee utilises a skills matrix when considering future Board succession matters.

The following matrix sets out the sector experience and skills the Board considers essential for effective governance and the current representation of that sector experience and skills on the Board.

## Number of Board Members with Industry Experience and Skills

● Industry Sector ● Experience ● Skill

## Independence of Directors

The Nomination Committee also reviews the independence of each of the Non-Executive Directors (excluding the Managing Director) on an annual basis, taking into account the factors set out in box 2.3 of the ASX Governance Principles, including situations where an individual Director may be a partner in, controlling shareholder of, or Executive of an entity which has a material commercial relationship with the Company, and makes recommendations to the Board in this respect. None of the directors have a substantial shareholding in the Company as defined by the Corporations Act, being more than 5 per cent of the issued share capital of the Company.

In looking at such relationships, the Board looks at all the circumstances but sets an initial monetary threshold for materiality and this is reviewed annually by the Board, on the recommendation of the Nomination Committee. The Board has resolved that the appropriate initial monetary threshold is \$1,000,000 per annum. The initial monetary threshold for materiality does not take into account a director's holdings in the shares of the Company.

The Board has considered the issue of tenure and does not believe that length of tenure, by itself, compromises the independence of Directors. Given the long term nature of the Company's investment horizon, having Directors with experience of the Company through different investment and economic cycles is considered advantageous.

Details of the term of office held by each Director in office as at the date of this report are as follows:

Directors	Years
J Paterson	20
RM Freeman	4
B Brook	1
KJ Fagg	8
GB Goldsmith	9
AJM Williams	12
K Wood	6

A number of Directors are also Directors of companies in which Djerriwarrh invests. Any real or potential conflicts of interest are dealt with by procedures consistent with Corporations Act requirements which are designed to ensure that conflicted Directors do not take part in the decision-making on a relevant issue. On this basis, it is believed that their independence on all other issues is not compromised.

Each of the six Non-Executive Directors have been assessed as being independent.

**The Board believes that the Company is fully compliant with Principle 2 and its recommendations.**

## Principle 3: Instil a Culture of Acting Lawfully, Ethically and Responsibly

This Principle requires that the Company should instil and continually reinforce a culture across the organisation of acting lawfully, ethically and responsibly.

The Board and Senior Executives are committed to maintaining the highest standards of integrity. The Board and Senior executives have articulated this long-standing approach into 'Our Purpose'.

## Our Purpose

"As trusted stewards of our shareholders' interests our purpose is to deliver an enhanced level of fully franked income by investing in quality Australian and New Zealand companies and to increase that income by dealing in the options market for Australian and New Zealand equities".

We seek to deliver an enhanced level of fully franked income that is higher than is available from the S&P/ASX 200 to our shareholders by investing in quality Australian and New Zealand companies and utilising our strong capabilities in dealing in the options market for Australian and New Zealand equities. We understand we are in a privileged position to be trusted with managing our shareholders' wealth given that they have worked hard to build their savings. As trusted stewards of our shareholders' interests, our reputation is built on a long history of investing and performance which is delivered at a low cost to shareholders.

To deliver on this Purpose we are guided by the following qualities:

- Professionalism, Passion and Experience
- Integrity
- Respectfulness
- Collaboration

The Company maintains a high level of transparency regarding its actions consistent with the need to maintain the confidentiality of commercial in-confidence material and, where appropriate, to protect its shareholders' interests.

## Corporate Principles of Conduct

The Company has adopted Corporate Principles of Conduct which outline ethical standards to be followed by Directors and Senior Executives of the Company when carrying out their responsibilities with a view to the Company achieving its aims, which are available on the Company's website.

Under the Principles, Directors and Senior Executives will:

- conduct business in good faith in the best interests of the Company with efficiency, honesty and fairness;
- perform their duties with the utmost integrity and the standard of care and diligence expected of an organisation of the highest calibre;
- treat others with dignity and respect; and
- not engage in conduct likely to have an adverse effect on the reputation of the Company.

The Corporate Principles of Conduct also set out details of how conflicts of interest should be avoided. The Company's Directors and employees must disclose to the Company any material personal interest that they or any associate may have in a matter that relates to the affairs of the Company.

Where a conflict of interest may arise, full disclosure by all interested persons must be made and appropriate arrangements followed, such that interested persons are not included in making the relevant decisions and discussions. AICS has its own comprehensive Principles of Conduct in place that cover the behaviours and actions of its employees.

# CORPORATE GOVERNANCE STATEMENT

Compliance with those Principles is a condition of the appointment of each Senior Executive with the Company and a condition of their employment with AICS.

## Whistleblower Protection Policy

The Company also has in place a Whistleblower Protection Policy that establishes a formal framework within which individuals are able, in a secure way, to express their genuine concerns about unlawful behaviour or breaches of policy, free from the threat of victimisation or reprisal and on the understanding that their concerns will be investigated and that, where appropriate, action will be taken to redress the situation.

Any individual making a report under the policy will be protected by the Company from any victimisation, including harassment, reprisals, discrimination or other form of detriment, as a result of making such a report. A copy of the Whistleblower Protection Policy is available on the Company website.

## Anti-Bribery and Corruption Policy

The Company also has in place an Anti-Bribery and Corruption Policy that establishes the Company's prohibition of Bribery and Facilitation Payments and its approach to Political Contributions/ Donations and Gifts and Entertainment. A copy of the Anti-Bribery and Corruption Policy is available on the Company's website.

**The Board believes that the Company is fully compliant with Principle 3 and its recommendation.**

## Principle 4: Safeguard the Integrity of Corporate Reports

This Principle requires that the Company has appropriate processes to verify the integrity of its corporate reports.

## Audit Committee

The Company has established an Audit Committee comprising three Directors, all of whom are independent: AJM Williams (Chairman), KJ Fagg and KJ Wood. All members of the Audit Committee have the requisite financial experience and understanding to effectively discharge its mandate. AJM Williams is a Fellow

of CPA Australia, and as such has relevant experience and qualifications, but has no responsibilities additional to those of other members of the Audit Committee.

The Audit Committee is responsible for reviewing:

- the Company's accounting policies;
- the content of financial statements;
- issues relating to the controls applied to the Company's activities;
- the conduct, effectiveness and independence of the external audit;
- risk management and related issues including tax risk; and
- compliance issues.

The role of the Audit Committee in respect to its oversight of risk management issues is set out under Principle 7, below.

## Written Affirmations

Prior to approving the Company's financial statements, the Board has received from the Managing Director and the Chief Financial Officer written affirmations concerning the Company's financial statements required by the Corporations Act as set out in the Directors' Declaration in the 2022 Annual Report.

In respect of both the financial statements for the year ended 30 June 2022 and the half-year ended 31 December 2021, the Board has also received from the Managing Director and the Chief Financial Officer written affirmation that, in their opinion, the financial records of the entity have been properly maintained and that the financial statements comply with the appropriate accounting standards and give a true and fair view of the financial position and performance of the Company and that the opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.

The Audit Committee and the Board have also received reports from the Senior Executives as to the effectiveness of the Company's management of its material business risks whilst noting that the Company, as a listed investment company, actively takes on appropriate levels of investment risk as part of its investment activities.

## External Audit

The Company has a process to ensure the independence and competence of the Company's external auditor including the Audit Committee reviewing any non-audit work to ensure that it does not conflict with audit independence. Information on procedures for the selection and appointment of the external auditor and for the rotation of external audit engagement partners is set out in the Committee's charter. Policies relating to rotating external audit engagement partners are set by the external audit firm in accordance with Corporations Act and international best practice requirements. The Audit Committee meets regularly with the external auditor in the absence of management. The external auditor attends the Company's Annual General Meeting to answer questions from shareholders relevant to the audit.

The Company's external auditor audits and reviews the annual and half-year financial reports respectively. Before the release and publication of any corporate report there is a robust review process which checks that any information provided in the reports is accurate and provides a consistent and balanced message to shareholders.

**The Board believes that the Company is fully compliant with Principle 4 and its recommendation.**

## Principle 5: Make Timely and Balanced Disclosure

This Principle requires that the Company should make timely and balanced disclosure of all matters concerning it that a reasonable person would expect to have a material effect on the price or value of its securities.

As a listed entity, the Company has an obligation under the ASX Listing Rules and the Corporations Act to maintain an informed market in its securities. Accordingly, the market is kept advised of all information required to be disclosed under the Listing Rules, which it is believed would or may have a material effect on the price or value of the Company's securities.

# CORPORATE GOVERNANCE STATEMENT

The Company has a written Continuous Disclosure policy and procedures designed to ensure compliance with ASX Listing Rule and Corporations Act disclosure requirements, to ensure accountability at a senior management level for that compliance and to clarify individual, management and Board responsibilities in the process. The policy is publicly available on the Company's website, [www.djerri.com.au](http://www.djerri.com.au)

The Board are asked to approve any material market announcements before release.

The Company always releases any shareholder presentation material to the ASX Market Announcements Platform ahead of the presentation.

**The Board believes that the Company is fully compliant with Principle 5 and its recommendation.**

## Principle 6: Respect the Rights of Security Holders

This Principle requires that the Company should provide its security holders with appropriate information and facilities to allow them to exercise their rights as security holders effectively.

The Company is owned by its shareholders and the Board's primary responsibility to them is to do its utmost to meet the Company's objectives and so increase the Company's value for all shareholders. The Board's policy is to maintain active communication with shareholders as owners of the Company.

The Company's website, [www.djerri.com.au](http://www.djerri.com.au), contains access to ASX announcements, Annual Reports, Half-Yearly Reports, details of corporate governance practices, presentations to shareholders, NTA announcements, key date information, dividend and security issue history and relevant related material for shareholders and investors.

In addition to communicating with shareholders via the Annual Report and the non-statutory Annual and Half-Yearly Reviews, the Company holds an Annual General Meeting of shareholders to fulfil statutory requirements, to provide shareholders with the opportunity to meet

with representatives of the Board and management, to learn more about the Company's activities and, particularly, to provide an opportunity to question the Board and management about any aspect of the Company's activities. The documentation produced (both hard copy and electronic) for the Annual General Meeting makes provision for shareholders to submit questions to the Company. In 2021 the Annual General Meeting was held virtually with shareholders able to ask questions via the voting application and via telephone. All resolutions at the Annual General Meeting were decided by a poll. The Company will continue to use voting by a poll for all resolutions.

In addition to the Annual General Meeting, the Company typically holds non-statutory Shareholder Information Meetings in the Australian capital cities, some of which follow the full-year results and some of which follow the half-year results.

In addition to the Annual General Meeting and in light of the ongoing COVID-19 health crisis, the Company held two shareholder webcasts. Shareholders were able to participate via computer or via telephone.

The Company views the holding of non-statutory meetings and webcasts as being very important in terms of communicating with its shareholders as it allows shareholders around the country the opportunity to question management and Directors in an informal setting on the Company's activities and approach. It is hoped that in-person meetings will resume in October 2022 in addition to shareholder webcasts.

The Company also ensures, through the share registry, that shareholders have the option to communicate electronically with the Company and the share registry. The Company also maintains an email address, [invest@djerri.com.au](mailto:invest@djerri.com.au) that shareholders can electronically communicate with the Company through.

The Company also utilises a toll free telephone service, 1800 780 784, that shareholders can call to hear the latest NTA information.

**The Board believes that the Company is fully compliant with Principle 6 and its recommendations.**

## Principle 7: Recognise and Manage Risk

This Principle requires that the Company establish a sound risk management framework and periodically reviews the effectiveness of that framework.

The Board believes it has established and maintains a sound system of risk oversight, management and internal control. The Risk Management Framework adopted for the Company is available on the Company's website. The Board has approved the overarching risk appetite of the Company and is assisted in its risk management activities by the Audit Committee and coordination of risk management activities is done by the Chief Financial Officer, who reports to the Audit Committee on such matters.

The Risk Management Framework is reviewed by the Audit Committee on an annual basis, and such a review has been carried out this financial year. The framework has been developed to take into account the principles and guidelines outlined in AS/NZS ISO 31000: 2009 Risk Management – principles and guidelines. This approach involves establishing the context in which it operates, identifying the risks, analysing those risks, evaluating the risks, treating the risks where appropriate and monitoring, reviewing and reporting risks and the overall performance of the framework.

This process is underpinned through regular communication and consultation with key business stakeholders. The framework forms the basis for embedding enterprise risk management within the culture of the organisation. The objectives of it are to:

- enable the Company to meet its obligations and objectives efficiently and reliably;
- increase the likelihood that the Company will be successful in its business operations by mitigating potentially damaging events occurring (e.g. operational risk) and maximising the results of positive events (e.g. financial position, investment strategies, etc.), through the implementation of risk management strategies;

# CORPORATE GOVERNANCE STATEMENT

- provide decision-makers with the means to identify risks and to determine whether the controls in place are adequate to mitigate those risks;
- provide a mechanism to assess the levels of risk that can be accepted;
- ensure that the application of risk management practices is understood by the agents, employees, officers and Directors of the Company and a strong risk culture is well entrenched; and
- reduce the consequence and/or likelihood of potentially damaging events by regular reviews of investments and investment strategies or by transferring the impact of potentially damaging events to third parties (e.g. by insurance, and contractual arrangements) for outsourced arrangements, where appropriate.

There are two main areas of risk that have been identified:

- investment risk; and
- operational risk.

## Investment Risk

Investment risk includes:

- market risk;
- credit, counter-party and settlement risk;
- liquidity risk; and
- reputational risk (insofar as it relates to the investments that the Company enters into).

The Investment Committee is primarily responsible for dealing with issues arising from investment risk, and has delegated day-to-day administration of the portfolios to an experienced investment team provided by AICS. The Investment Committee reviews, discusses and approves all purchases and sales and other matters in connection with the maintenance of the portfolios, including the voting of proxies. By its nature, as a listed investment company the Company will always carry investment risk because it invests its capital in securities which are not risk free. However, the Company seeks to reduce this investment risk by a policy of diversification of investments across industries and companies operating in various sectors of the market.

## Operational Risk

The Company's management is primarily responsible for recognising and managing operational risk issues such as compliance risk, governance risk, reputational risk (insofar as it relates to the operations of the Company), strategic risk, political risk and operation risk (including outsourcing risk, business continuity risk, fraud risk, people risk and cyber risk). This is in the context that most of Djerriwarrh's administrative functions have been outsourced to AICS using its systems and staff. Accordingly, risk issues associated with these activities are handled in accordance with the policies and procedures adopted by AICS for dealing with them.

## Internal Audit and Written Affirmation From AICS

The Company has received a report from AICS outlining the control objectives for AICS and the specific policies and procedures established to meet these procedures. These policies include management oversight, segregation of duties, multiple sign-offs and specific authorisation levels. AICS has stated that these have been in place throughout the financial year, and have been effective in meeting the control objectives.

While the Company does not have its own internal audit function, AICS has appointed Ernst & Young as its internal auditor. The Company has received a report from Ernst & Young, under the requirements of Auditing Standard on Assurance Engagements ASAE 3150 'Assurance Engagements on Controls' stating their opinion that, in all material respects, the internal controls put in place by AICS in relation to Investment Management and Administration Operations for this financial year are suitably designed to meet the control objectives and have operated effectively for this financial year.

GB Goldsmith, and J Paterson, Chairman of the Board, are also both members of the AICS Risk Management, Audit and Remuneration Committee and directors of AICS.

## Economic, Environmental and Social Risks

Economic risk is principally dealt with under Investment Risk, above. In respect of environmental and social risks, the Company utilises AICS staff and AICS' office space for meetings, so is not subject to material direct environmental and social sustainability risks. AICS has resources to identify if any legal environmental issues arise that need to be considered by AICS and the Company going forward.

## Approach to Environmental, Social and Governance (ESG) issues when investing

Environmental, Social and Governance (ESG) issues are taken into account as part of our investment process when assessing companies. As a long term investor, we seek to invest in companies that have strong governance and risk management processes, which includes consideration of environmental and social risks given the potential for these factors to impact investment performance. We are also closely monitoring the development of international standards for ESG reporting as these may further inform our approach going forward.

We regularly review and meet with companies to ensure ongoing alignment of ESG issues with our investment framework:

- We believe environmental factors, including the impact of climate change, can have a material impact on society. These factors are considered when assessing a company's assets, long term sustainability of earnings and cash flow, cost of capital and future growth opportunities.

As reporting becomes more standardised, assessment of commitments and plans by companies to reach net zero by 2050 will also be considered having regard to the industry in which it operates, their progress against these plans and their broader contribution to social good in addressing the challenge of reducing global carbon emissions. In applying external data for benchmarking\*, the current carbon intensity of the Djerriwarrh's portfolio is considerably less than the S&P/ASX 200 Index.

\* Data provided by ISS ESG. Portfolio at 30 June 2022.

- We believe that aligning ourselves with high-quality management and boards building sustainable long term businesses is the best approach to avoiding socially harmful businesses. We are attracted to companies that act in the best interest of all their stakeholders, including their employees, customers, suppliers, and wider communities. Where appropriate, we consider a range of matters including safety, diversity, and modern slavery as part of the investment process.
- We invest in high-quality companies with strong governance processes, and management and boards whose interests are closely aligned with shareholders. The investment process includes an assessment of their past performance, history of capital allocation, level of accountability, mix of skills, relevant experience and succession planning. We also closely scrutinise a company's degree of transparency and disclosure.

## Engagement with Companies

Voting on resolutions is one of the key functions that a shareholder has in ensuring better long term returns and management of investment risk:

- We take input from proxy advisers but conduct our own evaluation of the merits of any resolution.
- We vote on all company resolutions as part of our regular engagement with the companies in the portfolio. Our voting record is on the Company's website.
- We actively engage with companies when we have concerns those resolutions are not aligned with shareholders' interests.

We acknowledge that high-quality companies may face ESG challenges from time to time. We seek to stay engaged with the companies and satisfy ourselves that the issues are taken seriously and worked through constructively. Ideally, in this instance, we seek to remain invested to influence a satisfactory outcome for stakeholders.

**The Board believes that the Company is fully compliant with Principle 7 and its recommendations.**

## Principle 8: Remunerate Fairly and Responsibly

This Principle requires that the Company should pay director remuneration sufficient to attract and retain high quality directors and design its executive remuneration to attract, retain and motivate high quality senior executives and to align their interests with the creation of value for security holders and with the Company's values and risk appetite.

The Board has not established a Remuneration Committee given the size of the Company and the nature of its activities. Other than the Board members, the Company has no formal employees. The Board is able to deal with matters relating to the remuneration of Directors itself and a separate Remuneration Committee is not considered necessary.

## Directors' Remuneration

The Constitution of Djerriwarrh requires approval by the shareholders in general meeting of a maximum amount of remuneration to be allocated between Non-Executive Directors as they determine. In proposing the maximum amount for consideration in general meeting, and in determining the allocation, the Board takes account of the time demands made on Directors together with such factors as the general level of fees paid to Australian corporate directors.

The amount of remuneration for each Director excludes amounts that were owing to them when the Directors' retirement allowances were frozen at 30 June 2004.

Non-Executive Directors do not receive any performance-based remuneration.

Management Remuneration Approach RM Freeman is made available as Managing Director of Djerriwarrh by AICS. The costs relating to the provision of Mr Freeman as Managing Director of the Company by AICS have been fully covered by the general management fee charged by AICS. This does not affect the total management expense borne by the Company.

As part of their remuneration arrangements with AICS, the Managing Director, Senior Executives and Investment Team receive an 'at risk' incentive component determined by AICS which is based on performance. The performance criteria for the annual incentive consist of quantitative and qualitative assessments which include, among other things, the services that AICS has provided to Djerriwarrh and for which AICS is paid, taking account of Djerriwarrh's investment performance over 1, 3, 5, 8 and 10 years. Full details of Senior Executive and Investment Team remuneration can be found each year in the Annual Report of Australian Foundation Investment Company Limited (AFIC), which owns 75 per cent of the capital of AICS (Djerriwarrh owning the remaining 25 per cent). This can be found at [www.afi.com.au/Reports-by-year.aspx](http://www.afi.com.au/Reports-by-year.aspx)

As the Company does not have any equity-based remuneration schemes, there is no need to have a policy around prohibiting transactions which limit the economic risk of participating in such schemes. AFIC and AICS, however, do have policies which prohibit such transactions by AICS Senior Executives, and these are disclosed.

**The Board believes that the Company is fully compliant with Principle 8 and its recommendations.**

**Approved by the Board of Djerriwarrh Investments Limited**

<sup>1</sup> "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

<sup>2</sup> Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

<sup>3</sup> Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes "OR" at the end of the selection and you delete the other options, you can also, if you wish, delete the "OR" at the end of the selection.

See notes 4 and 5 below for further instructions on how to complete this form.
