Our vision, purpose, strategy and values

Our vision
is to become the most trusted retailer
in Australia and grow long-term shareholder value.

Achieving our vision requires us to deliver on our purpose, which is to sustainably help all Australians lead healthier, happier lives. Our strategy, 'Winning together in our Second Century', represents our plan to deliver on this purpose and is underpinned by three strategic pillars: **Inspire Customers**, **Smarter Selling**, and **Win Together**.

Coles' core values embody who we are as a company and what we stand for. Our Coles values work together with our vision, purpose and our LEaD behaviours to provide a strong foundation for our culture. They guide the day-to-day decisions and actions of all team members, shaping the way we work together to get things done.

Our values.

Customer obsession

Passion and pace

Our behaviours.

LEaD

Deliver with pride

Our Coles values

Our Coles values work together with our LEaD behaviours to define what makes Coles special. Our values act as a compass to guide decision making at all levels of the organisation, from the Board down. In FY22 we continued to embed our Coles values and behaviours with formal training undertaken by over 10,000 leaders and team members across the business. All new team members complete training as part of their induction at Coles.

Customer obsession

is all about putting the customer at the heart of our decisions, deeply understanding their needs and ensuring our solutions address them.

Passion and pace

acknowledges that our source of competitive advantage lies in our ability to work and adapt at speed and reflects the passion our team has for the work they do and the role we play supporting the community.

Responsibility

is more than doing the right thing and taking accountability for our actions; it extends to our commitment to the broader community and the environment.

Health and happiness

recognises the importance of caring for our team members, creating an environment that ensures their ongoing health and happiness, and knowing that they in turn will care for our customers, suppliers and the community.

Our LEaD behaviours

Our LEaD behaviours reinforce our values by providing a framework for the behaviours expected of all team members, including Directors and members of the Executive Leadership Team. Our LEaD framework defines how we work when we are at our best and comprises three key behaviours to drive the way we execute our strategy. It is also integral to delivering against our purpose and building long-term sustainable value for our shareholders.

Look ahead

is all about being future focused: knowing the landscape, being planned and less reactive, and communicating our vision well.

Energise everyone

is all about bringing people on the journey: collaborating across the business and supporting and empowering everyone, while taking the time to celebrate the wins along the way.

Deliver with pride

is all about executing: being accountable and holding each other to account, staying the course and having fun while we do it.

By upholding our Coles values and living the LEaD behaviours, we have engaged and passionate team members who can build deeper long-term relationships with our suppliers, provide an outstanding customer experience and connect with the communities in which we live and work.

Our values and LEaD behaviours are incorporated into the Company's Code of Conduct which can be found at www.colesgroup.com.au/corporategovernance or by clicking [here](#)

As at the date of this statement, the Board comprises eight Directors: James Graham AM (Chairman), David Cheesewright, Jacqueline Chow, Abi Cleland, Richard Freudenstein, Paul O'Malley, Wendy Stops and Steven Cain (Managing Director and Chief Executive Officer (CEO)). Each of the Directors was appointed on 19 November 2018, except for Paul O'Malley whose appointment was effective 1 October 2020 and Steven Cain who was appointed as Managing Director on 2 November 2018. The Board has a charter that outlines its responsibilities, including powers that are expressly reserved to the Board, and powers that are specifically delegated to the CEO and management. In particular, the responsibilities of the Board include:

- approving and monitoring the implementation of the Group's core values, Code of Conduct, vision, strategic direction, business plans and policies, in order to uphold corporate reputation and maximise shareholder value;
- setting the risk appetite within which the Board expects management to operate;
- reviewing, approving and monitoring the Group's risk policy and risk management systems (for both financial and non-financial risks), including internal compliance and control mechanisms;
- approving and monitoring the progress of major capital expenditure, capital management, capital raising initiatives and major acquisitions and divestments;
- overseeing the Group's accounting and corporate reporting systems;
- monitoring and guiding the culture, reputation and standards of conduct of the Group to promote ethical and socially responsible behaviour, in accordance with the core values of the Group;
- approving the overall remuneration policy and the remuneration of the non-executive directors, the CEO, the direct reports to the CEO and any incentive and/or equity plans;

- overseeing that the remuneration policy is aligned with the vision, values, strategic objectives and risk appetite of Coles;
- receiving information regarding material breaches of the Code of Conduct and Anti-bribery and Corruption Policy and reports of material incidents under the Whistleblower Policy;
- overseeing the effectiveness of the Group's sustainability and governance policies and practices, including exposure to climate change and other environmental risks and exposure to social risks;
- determining the size, composition and structure of the Board, and the process for evaluating its performance;
- appointing and removing the CEO and the Company Secretary, and approving and reviewing succession plans for the non-executive directors, executive directors, CEO and the direct reports to the CEO; and
- satisfying itself that the Board reporting framework is appropriate and, where required, providing constructive feedback to challenge the CEO and the Executive Leadership Team.

The Board Charter was reviewed in FY22.

Management role and responsibilities

The CEO, with the support of the direct reports to the CEO, is responsible for the day-to-day management of the Group and its businesses. Under the Board Charter, the Board delegates all powers to manage the day-to-day business of the Group to the CEO, with the exception of the powers reserved specifically to the Board.

The key responsibilities of the CEO are set out in the Board Charter and include:

- managing and administering the day-to-day operations of the Group and its businesses in accordance with the core values, strategy, business plans and policies approved by the Board;
- developing strategies for the Group, its businesses and management, and making recommendations to the Board on such strategies, having regard to the Group's core values, reputation and key stakeholders;
- supporting a culture within the Group that promotes ethical and socially responsible behaviour in accordance with the Group's core values;
- developing the Group's annual budget and conducting the Group's activities within the approved annual budget;
- developing and maintaining the Group's Risk Management Framework and systems, including internal compliance and control mechanisms; and
- reporting regularly to the Board with accurate, timely and clear information, such that the Board is fully informed to discharge its responsibilities effectively.

While management is responsible for providing the Board with accurate, timely and clear information, the Board is responsible for satisfying itself that the framework for management reporting to the Board is sufficient. Where appropriate, the Board will provide constructive feedback to challenge the CEO and the Executive Leadership Team.

Members of the Executive Leadership Team have written employment contracts setting out the key terms of their employment and appropriate background checks are conducted before a senior executive is appointed. These executives receive a mix of annual remuneration and 'at-risk' remuneration, which comprises short-term incentives and long-term incentives. Further information about Coles' remuneration framework and the review of performance outcomes can be found in the Company's Remuneration Report.

Coles' Remuneration Report can be found on pages 65-83 of Coles' 2022 Annual Report which can be accessed [here](#)

Role of the Chairman

The Chairman of the Board is James Graham, who is an independent, Non-executive Director. The Board Charter sets out the role of the Chairman, which includes to:

- maintain effective communication and promote constructive and respectful relationships between the Board and management;
- lead the Board;
- ensure the efficient organisation and conduct of the Board's function;
- brief all directors in relation to issues arising at Board meetings;
- chair general meetings of the Company;
- exercise such specific and express powers as are delegated to the Chairman by the Board from time to time; and
- represent the Board in communications with shareholders and other stakeholders.

Company Secretary

The Company Secretary is Daniella Pereira. The Company Secretary reports directly to the Board through the Chairman, and all Directors have access to the Company Secretary.

The Company Secretary's role is outlined in the Board Charter and includes coordinating the timely completion and dispatch of Board and committee papers, ensuring that the business at Board and committee meetings is accurately recorded in the minutes and assisting the Board and its committees on governance matters.

Director independence

The Board Charter states that the Board shall consist of a majority of non-executive directors who are considered by the Board to be independent.

The Board annually assesses the independence of each Director, having regard to:

- any disclosures made by directors regarding their independence;
- the definition of independence set out in the ASX Recommendations;
- the relationships affecting the independent status of a director as described in the ASX Recommendations; and
- any other matters the Board considers relevant.

In addition, under the Charter, directors must immediately disclose to the Company Secretary and the Chairman any information, facts or circumstances of which they become aware, which may affect their independence.

The Board has reviewed the position and relationships relevant to each of the Directors in office as at the date of this Corporate Governance Statement and considers that all Non-executive Directors are independent.

Some of the Directors hold, or have previously held, positions in companies with which Coles has commercial relationships. The Board has assessed the relationships between Coles and the companies in which Directors hold or held positions and has concluded that in all cases the relationships do not interfere with the Directors' exercise of objective, unfettered or independent judgement or their ability to act in the best interests of Coles.

David Cheesewright was initially nominated as a Director by Wesfarmers Limited (Wesfarmers). Wesfarmers was previously a substantial shareholder in Coles and has an ongoing commercial arrangement with Coles. Mr Cheesewright retains a general retail consultancy with Wesfarmers. The Board is satisfied that it does not interfere with or compromise his ability to exercise objective or independent judgment or act in the best interests of the Group. The Board considers that Mr Cheesewright's contribution to the Board continues to be significant due to his expertise and knowledge of the business and the industries in which Coles operates.

Conflicts of interest

Coles has a Director Conflicts of Interest Policy, which states that directors:

- have a duty not to place themselves in a position which gives rise to a real or substantial possibility of conflict of interest or duty, in relation to any matter which is or is likely to be brought before the Board;
- have an ongoing obligation to disclose to the Board immediately any real or substantial possibility of conflict of interest or duty;
- are required to declare material personal interests or other conflicts requiring disclosure by formal standing notices; and
- follow the obligations and procedures set out in the policy in the event of a conflict or potential conflict of interest or duty.

Independent advice

The Board Charter states that the Board collectively, and each director individually, may obtain independent professional advice at the Company's expense, as considered necessary to assist in fulfilling their relevant duties and responsibilities.

Board composition and succession

Board composition

The Constitution states that the number of directors shall be not less than three directors and not more than 10 directors. Other than the Managing Director, directors may not retain office without re-election for more than three years or past the third annual general meeting following their last election or re-election. Any newly appointed directors are required to seek election at the first annual general meeting after their appointment.

The Board will review periodically its composition and the duration of terms served by directors, upon recommendation from the Nomination Committee.

Director nomination and succession

The Nomination Committee is responsible under its charter for developing and reviewing Board succession plans, with an aim of maintaining an appropriate mix of skills, experience, expertise and diversity over time.

The Committee also oversees the process for recruiting new directors. Potential candidates for the Board as well as directors standing for re-election are assessed considering a number of factors, including but not limited to:

- skills, experience, expertise, personal qualities and attributes that will best complement the skill set and characteristics of existing directors and enhance Board effectiveness;
- diversity of Board composition;
- the capacity to devote the necessary time and commitment to the role; and
- potential conflicts of interest and independence.

Appropriate background checks are performed before any potential candidate is appointed by the Board or recommended to shareholders as a candidate for election.

Prior to directors seeking election or re-election at an annual general meeting, the Company provides shareholders with all material information known to the Board and relevant to a decision on whether or not to elect or re-elect that director in the notice of annual general meeting. Each director is provided a letter setting out the terms of their appointment.

Induction and professional development

All newly appointed directors will participate in an induction program, which includes information relevant to their new role, introductions to key staff and attendances at key sites. The induction includes briefings on the Group's business, strategy, financial, operational and risk management matters, and factors relevant to the sectors and environments in which Coles operates.

Where appropriate, the Company also provides training as part of the induction program on the following matters:

- the key duties and responsibilities of directors under the *Corporations Act 2001 (Cth)* (Corporations Act) and the ASX Listing Rules (including the ASX's continuous disclosure and periodic reporting requirements); and
- accounting and financial matters.

The induction program is coordinated by the CEO, the Chief Financial Officer (CFO) and the Company Secretary.

Ongoing education programs are provided to Directors throughout the year. The Board (in consultation with the Nomination Committee) regularly assesses, including by reference to the Board skills matrix, whether there are areas in which Board members would benefit from further education. Based on this assessment, updates and information are provided to the Board from both management and external experts on various topics relevant to the Group's circumstances, including new and emerging business and governance issues relevant to Coles and material developments in laws and regulations.

Performance reviews and evaluation

The Board undertakes a performance evaluation to review its performance and that of its committees and each Director at least once every two years (including the performance of the Chairman as Chairman of the Board). The Chairman reports to the Board regarding the performance evaluation process and the findings of these reviews.

Following an external review in FY21, an internal Board effectiveness review was conducted in FY22 to assess the performance of the Board as a whole and its committees. The responses were collated by the Company Secretary and the Chairman discussed the outcomes of the review with the Board.

Executives are also subject to an annual performance review in which performance is measured against agreed outcomes and performance indicators and having regard to the Coles values and LEaD behaviours outlined on page 3. The CEO's performance is assessed by the Board against objectives relating to Group strategy, business plans and the financial and other performance of the business, as well as the CEO's own performance.

For FY22, the performance of the CEO was reviewed by the Chairman, in consultation with the Board. The performance of other members of the Company's Executive Leadership Team during FY22 was reviewed by the CEO, in consultation with the Board.

Risk management

Coles has in place a Risk Management Framework which articulates Coles' Risk Policy and sets out Coles' organisational arrangements and requirements for managing risk. The design of the Risk Management Framework is based on ISO 31000:2018 Risk management – Guidelines ('ISO 31000'), which provides a consistent and internationally recognised set of principles and guidelines for managing risks in organisations. The main components of the Risk Management Framework are:

- Risk Policy – details Coles' commitment and expectations for risk management.
- Risk Accountability – defines roles, accountabilities and activities for managing, communicating and reporting risks.
- Risk Appetite – defines risk appetite and articulates how it is applied and reported when managing risks.
- Risk Management Process – the standard risk management process to be applied to all the Group's business, supported by common definitions and tools.
- Risk Culture – defines the required behaviours expected when managing risk.
- Tools and Technology – defines the supporting tools and technology in place to support risk management.

Coles Risk Management Framework (as defined by ISO 31000)

The objective of the Risk Management Framework is to embed risk management within our business operations and accountabilities to:

- support the pursuit of our strategic and operational objectives while managing risks within a pre-defined level of appetite;
- inform decision-making, and establish appropriate risk management responses; and
- provide the Board and Executive Leadership Team with transparent and timely information to enable appropriate oversight of Coles' risks and mitigations.

Our Risk Management Framework is supported by our 'three lines of defence' accountability model, comprising:

- First Line – Team members within business units and functions who are responsible for identifying, assessing, and managing their risks.
- Second Line – The Group Risk and Compliance team and other second line functions (for example, Health, Safety & Wellbeing and Financial Control) who are responsible for risk and compliance frameworks, oversight and monitoring.
- Third Line – The Group Internal Audit team, who are responsible for independent assurance of governance, risk management and internal control frameworks and processes.

Responsibility for overseeing Coles' Risk Management Framework rests with the Board. The Audit and Risk Committee assists the Board in fulfilling its responsibilities by reviewing:

- the Group's risk policy and framework (at least annually) to satisfy itself that it continues to be sound;
- assessing whether the Group is operating with due regard to the risk appetite set by the Board;
- reviewing the effectiveness of the Group's systems of internal control (for both financial and non-financial risks); and
- reviewing and recommending to the Board relevant Group risk management and governance policies which require Board approval.

The CEO and Executive Leadership Team are responsible for maintaining and implementing the Risk Management Framework. This includes the identification, measurement and mitigation of risks across the Group in accordance with the risk appetite set by the Board, and leading and supporting the development of a risk-aware culture.

One of the core components of our Risk Management Framework is the risk management process, which sets out the requirements and criteria for assessing and reporting risks to which Coles has a material exposure (i.e. 'material risks') including environmental and social risks. A summary of these risks and their mitigations is set out at pages 43 to 57 of the 2022 Annual Report. Further information about our environmental and social risks, our approach to managing them, and our sustainability performance is available in our 2022 Sustainability Report.

A summary of material risks and their mitigations can be found at pages 43-57 of Coles' 2022 Annual Report which can be accessed [here](#)

Material risks, along with their controls and treatment plans, are monitored for adherence to risk appetite and changes in their exposure, and are reported to each Audit and Risk Committee meeting during the course of the year, along with information on emerging risks.

Members of the Executive Leadership Team are assigned as Risk Owners to each material risk, and are responsible for the management of that risk and presenting any additional risk reports to the Board and committees. These reports provide further discussions on the management of risk in areas that are key to the success of the business including adherence to risk appetite.

In FY22, we implemented initiatives which have continued to drive an uplift in our risk management maturity. This includes further implementation of our technology platform to facilitate the management of risks, major compliance programs, and tracking of audit actions. During FY22, use of this technology platform was extended to include IT security controls compliance.

We also supported implementation of our project risk management framework which sets the risk management requirements for major capital projects, and continued to improve the design and implementation of our Goods Not For Resale ('GNFR') third party management framework, which provides the standard processes, accountabilities and tools for managing GNFR third parties across the supplier lifecycle, including the required risk management activities.

We completed our annual review of the Risk Management Framework with the purpose of enhancing its design and identifying opportunities to further embed risk management within our operations. These opportunities inform our Risk Management Strategy and Plan for future years.

In respect of FY22, the Audit and Risk Committee has undertaken a review of the Risk Management Framework in relation to the reporting period and is satisfied that it continues to be sound and is operating with regard to the risk appetite set by the Board.

Internal audit

Coles has an Internal Audit function that is led and overseen by internal management and supported an independent third party. The function is responsible for independent assurance over Coles' governance, risk management and internal control processes. Under the Coles Risk Management Framework, Internal Audit is responsible for:

- providing independent assessment and assurance to the Board and Executive Leadership Team regarding the effectiveness of the Coles Risk Management Framework and regarding the effectiveness of controls in place to manage particular risks; and
- providing feedback to enhance the Risk Management Framework and supporting processes and activities, with the aim of strengthening the control environment.

The Audit and Risk Committee is responsible under its charter for overseeing the performance and function of Internal Audit. This includes:

- reviewing with management the terms, including the scope, of the internal auditor's engagement, in order to make recommendations to the Board concerning the appointment, re-appointment, rotation and removal of internal auditors;
- reviewing, assessing and approving the appointment, replacement or termination of the Head of Internal Audit and Assurance;
- approving the Internal Audit Charter and annual Internal Audit Plan and ensuring its alignment with the risk profile of the Group;
- receiving reports from Internal Audit and reviewing the scope and adequacy of the internal audit work plan; and
- reviewing, assessing and monitoring management's responsiveness to Internal Audit findings.

External audit

Coles' external auditor is Ernst & Young (EY). The Audit and Risk Committee is responsible for reviewing and approving the terms and scope of the external auditor's engagement and making recommendations to the Board regarding the appointment, re-appointment, rotation and removal of the external auditor.

The Committee provides an annual report to the Board with respect to whether the non-audit services provided by the external auditor during the year were compatible with the general standards of independence for auditors in accordance with the Corporations Act.

Management assurances / certification

Prior to approval of the financial statements for each full year and half year relevant reporting period, the Board receives written certifications from the CEO and the CFO in relation to the Company's financial reporting processes.

In respect of the financial statements for the half year ended 2 January 2022 and the full year ended 26 June 2022, the CEO and the CFO declared that:

- in their opinion, the financial records have been properly maintained and that the financial statements comply with the appropriate accounting standards and give a true and fair view of the Group's financial position and performance; and
- their opinion has been formed based on a sound system of risk management and internal control which is operating effectively.

Integrity in financial reporting

The Audit and Risk Committee assists the Board in fulfilling its responsibilities in overseeing the Group's processes which ensure the integrity of financial statements and reporting, compliance with legal and regulatory requirements, review of material changes in accounting or reporting requirements and assessment of subsequent effects on the Group's policies and practices.

The Company's external auditor is responsible for auditing Coles' Financial Report and the Remuneration Report included in the annual Directors' Report. Coles' half year Financial Report is also reviewed by the external auditor.

For periodic corporate reports released to the market which are not audited or reviewed by the Company's external auditor, management has developed practices and guidance material that are intended to ensure the integrity of the information disclosed to the market. As part of the Company's processes, the reports are prepared by, or under the supervision of, subject-matter experts. Material statements in the reports are reviewed for accuracy and are subject to internal verification and sign off processes. Confirmation of the verification processes are then provided to the Audit and Risk Committee and/or the Board or relevant Board Sub-Committee.

Diversity and inclusion

We are all different and, at Coles, we know that is a good thing. Just as we have for over a century, we are making Coles somewhere everyone feels like they belong. So that we can all live healthier and happier lives.

Diversity and Inclusion Policy and framework

The Board is responsible for the review and oversight of Coles' Diversity and Inclusion Policy. The Policy requires the Board to set measurable objectives for achieving gender equity and to assess annually both the objectives and the Group's progress in achieving them. In FY22, under the guidance of the Better Together Council, which supports the delivery of Coles' diversity and inclusion agenda, we have continued to make progress against our 15 commitments in five focus areas – Belonging, Accessibility, Gender equity, Pride and Indigenous engagement.

The Board continues to provide strong leadership supporting management to achieve our ambition for 'A team that is better together', which acknowledges that our differences, backgrounds, experiences and perspectives are what set us apart and also bring us together. Our differences help spark ideas, create connections, and discover commonality, which help us to foster understanding, show empathy and build communities.

In FY23, new commitments will be set for beyond 2023 for 'A team that is better together'.

Belonging

A team that is better together

During FY22, Coles continued to make progress against each of the five focus areas. Progress against our Gender equity objectives is set out below. Details of our progress against the Belonging, Accessibility, Pride and Indigenous engagement focus areas can be found in our 2022 Sustainability Report.

FY22 Gender equity objectives

Coles' continued progress against its FY22 Gender equity objectives is detailed below.

1. Board composition to be not less than 30% of each gender

In FY22, the percentage of female Board members was 37.5%, which is consistent with FY21.

2. To be recognised as a WGEA Employer of Choice for Gender Equality enabling us to attract and retain the best talent at Coles

In FY22, Coles continued to work towards becoming an Employer of Choice (EOC) for Gender Equality. As part of the focus on gender balance across the organisation, Coles continued to build female representation in leadership and management roles. During FY22, Coles continued to focus on functions with traditionally less gender balance, including Technology, Operations and Supply Chain as well as functions with high growth (i.e. eCommerce). To support increased gender balance in all areas, Coles:

- ensured gender equity was a key consideration in recruitment, talent and promotion processes;
- extended gender balance principles across talent acquisition, internal promotion and restructuring processes;
- offered innovative talent programs to recruit and advance talented women such as ChangeUp (Leading for Gender Equity), Store Manager Accelerator Program (now in its second year) and Relauncher (Technology 'returnship' program);
- extended our impact beyond the workplace through key partnerships working to advance gender equity, for example Mentor Walks and Fitted for Work; and
- established a Sustainability Linked Loan, which links margin adjustments with targets aligned to gender equity until FY25.

3. Reach 40% women in leadership roles at an organisational level. Improve male and female representation in each function to 30% of each gender.

Coles continues to strive towards achieving these targets as set out in the table below:

Population*	Executive Leadership Team ¹	Senior Executives ²	All leadership roles ³
Target	40% women in leadership positions		
FY21 female representation	35.7%	42.3%	36.5%
FY22 female representation	35.7%	43.0%	39.4%

* All population categories are reported as at 29 June 2022 and on the same basis as Coles' 2021 Corporate Governance Statement

1 Includes CEO

2 Senior Executives comprises Executive Leadership Team and General Managers

3 All leadership roles comprise team members pay grade eight (being middle managers and specialist roles) and above, and Supermarket store managers

The percentage of women in all leadership roles increased from 36.5% in FY21 to 39.4% in FY22. In the Executive Leadership Team, the female proportion in this group has remained consistent at 35.7%. The percentage of women Senior Executives (which comprises the Executive Leadership Team and General Managers) increased from 42.3% in FY21 to 43.0% in FY22. The increase in the overall percentage of women in all leadership roles reflected the concerted effort across all functions where gender was not balanced, with a continued focus on Technology, Operations and eCommerce.

Looking more broadly at women in management – a category which includes leadership as well as other key leader roles including Coles Liquor store managers, Coles Express site managers, Coles Supermarket department managers, Coles Services area managers and team leaders and people leaders in the distribution centres – the percentage increased from 43.8% in FY21 to 45.1% in FY22.

Across all roles, women represent 50.0% of team members.

Pictured are Coles team members Jenna and Alyssia taking part in Mentor Walks in Melbourne with Josie Fakira, Coles General Manager Organisational Effectiveness (far left) and Genevieve Hawkins, Coles Liquor General Manager Transformation & Supply Chain (far right).

4. Achieve pay parity to support the achievement of gender equality

In FY22, we continued to make progress on pay parity, with a reduction in the gender pay gap from 1.3% in FY21 to 1.1%. This is a result of investment, improved education, application of pay parity principles for new appointments and annual remuneration review adjustments.

Coles is committed to achieving pay parity by December 2023 by having the right policies, practices and governance in place to achieve balance and offer the same opportunities to all team members to build great careers at Coles.

Our reframed commitment provides a stronger objective to achieve pay parity and demonstrate our resolve to reduce the gender pay gap across our organisation.
