

VIRTUAL AGM USER GUIDE

Getting Started

As this year's meeting will be a webinar, you can participate online by using your mobile phone, tablets or computer.

By participating online, you will be able to listen to the live video and audio broadcast of the meeting, and registered shareholders will be able to ask questions and send in your votes real time.

However, if you have already sent your Proxy for this meeting, you do not need to vote again unless you want to change your vote.

Before the meeting

Depending on the device used, you will need to have **Zoom Mobile Apps** (for mobile phone) or **Zoom Client for Meetings** (for Windows/Mac) installed.

Once your details are verified, you will be sent a separate link to join the AGM. This will be sent to attendees who successfully pre-register two days prior to the AGM to the email address you specify.
