Conductive Coating  
Inductive Coating  
Radiation Shielding

# Titomic strengthens presence in USA with reseller ADS, Inc.

**Titomic Limited (ASX: TTT) ("Titomic" or "Company")** has further expanded into the United States by entering into a reseller agreement with ADS, Inc. ("ADS") - a tier-1 military supplier that provides tactical equipment, procurement, logistics, government contract management, and supply chain solutions. ADS is the largest supplier to the United States Department of Defense and Department of Energy.

Headquartered in Virginia, ADS will have the non-exclusive right to market and sell Titomic Kinetic Fusion Systems within the United States, including low-to-medium pressure cold spray systems such as the D523 and D623, automated Integrated Spray Booth units, and high-pressure Titomic Kinetic Fusion additive manufacturing systems. The extensive product range offers solutions for additive manufacturing, coating and repair, and research and development, which ADS will leverage.

ADS will enable Titomic to expand and accelerate its commercial efforts within the United States by offering significant commercial experience and capacity. ADS employs over 180 staff across the United States and a Board of Advisors comprised of seven senior, former military personnel.

The addition of ADS as a reseller complements the agreements with MSI Viking and Triton Systems, and the acquisition of Tri-D Dynamics. The agreement further demonstrates the growing use of Titomic Kinetic Fusion for commercial applications, and further supports Titomic's revenue goals and growth within key regions and sectors.

#### **Herbert Koeck, Managing Director of Titomic, commented:**

"Titomic welcomes ADS as a reseller. The commercial reach and deep expertise of ADS within established sectors such as defence and energy will be invaluable to Titomic's growth. Titomic can further scale its expansion in the USA through its US partnerships and quickly capitalise on the vast commercial opportunities that lay ahead in the region.

The support of ADS, a company with significant market presence, further demonstrates the growing support of Titomic's technology and bolsters our position as the leading cold spray solutions provider."

*This announcement has been authorised for release by the Board of Titomic Limited.*

## ABOUT TITOMIC LIMITED

Titomic Limited (ASX: TTT) is an Australian public company specialising in large integrated solutions for industrial-scale metal additive manufacturing, using its patented cold spray additive manufacturing (Cold Spray AM) technology. Titomic provides Cold Spray AM solutions, OEM production and R&D services to the global Aerospace, Defence, Shipbuilding, Oil & Gas, Mining and Automotive industries. Titomic also offers global sales and support for all of its Cold Spray AM activities from its Melbourne Head Office, as well as through local presence in the USA and Europe. Titomic delivers competitive advantages in metal additive manufacturing at every stage in the product value chain. For more information, please visit [www.titomic.com](http://www.titomic.com).

## FORWARD LOOKING STATEMENTS

Certain statements made in this release are forward-looking statements and are based on Titomic's current expectations, estimates and projections. Words such as "anticipates," "expects," "intends," "plans," "believes," "seeks," "estimates," "guidance" and similar expressions are intended to identify forward-looking statements. Although Titomic believes the forward-looking statements are based on reasonable assumptions, they are subject to certain risks and uncertainties, some of which are beyond Titomic's control, including those risks or uncertainties inherent in the process of both developing and commercialising technology. As a result, actual results could materially differ from those expressed or forecasted in the forward-looking statements. The forward-looking statements made in this release relate only to events as of the date on which the statements are made. Titomic will not undertake any obligation to release publicly any revisions or updates to these forward-looking statements to reflect events, circumstances or unanticipated events occurring after the date of this release except as required by law or by any appropriate regulatory authority.
