Commenting on the first half, CEO Dr Mary Beth Brinson said,

"It has been an exciting half for TALi Digital, with the recapitalization of the company we can now ramp up our commercial activities in the Health channel. Our new product, Ready, Attention, GO! is a new opportunity to showcase the TALi proprietary algorithm to our allied health professionals. The launch of the TALi Educate arm coupled with the new Genius partnership presents new opportunities for growth as well!"

Ready, Attention, GO! development

Significant feedback has been obtained from usage of the Train product over the past years. This feedback was received via formal marketing research and from individual parents and clinicians. While the feedback was very positive about the clinical outcome, the game graphics were ageing and there was a company desire to enlarge the age range. Ready, Attention, GO! Was developed and scheduled for launch early in the new calendar year. This product features the patented TALi attention algorithm.

Development of the Health commercial pathway

With the commencement of a Business Development role early in the financial year, TALi undertook activities to thoroughly map out the commercial pathway for the health channel in Australia, ensuring that our offering filled a need in this clinical market. Using in-depth interviews of clinical professional (primarily occupational therapists and psychologists), visiting their centres and talking to parents, TALi have a clear view on how to add value to and support the clinicians. This will enhance our ability to earn sustainable revenues.

Development of the Education pathway with the Sprint/Genius pre-school partnership

In December, TALi Digital entered into a strategic partnership with Genius Childcare, a wholly owned subsidiary of Sprint Capital Partners. Through the partnership, Genius Childcare is granted exclusive distribution rights throughout its network across Australia and the development of the TALi Educate vertical. Genius will support TALi to gain access to Kindergarten Funding Accreditation and, through the partnership, will pursue development of childcare technology platform. The agreement also enables in-market testing for TALi products to obtain data on the value of cognitive attention training.

Ensuring sufficient capital to enable commercial operations

In October 2022, two of TALi Digital Board members including the Chair resigned and Mr Mark Simari (Chair) and Mr Stephen Munday joined. Focus was placed on executing a successful capital raise to enable the new strategy proposed by the CEO, Dr Mary-Beth Brinson. In December 2022, TALi Digital Limited (ASX: TD1) successfully placed the Entitlement Offer Shortfall and has received commitments for a Conditional Placement which, when combined with the Company's Placement announced to the ASX on Monday, 21 November 2022, takes the total capital raise to \$4.1m before costs. Proceeds from this placement will be used to support TALi's continue commercialisation of TALi's products and the advancement of global and domestic partnership initiatives.

Financial update

TALi recorded a loss of \$1.0m for the six months ending 31 December 2022 (31 December 2021: \$2.6m). TALi's net operating cash outflows for the six-month period was \$0.9m (31 December 2021: \$1.7m) and reported closing cash of \$1,.9m at 31 December 2022 (30 June 2022: \$1.8m) with further funds from the capital raise received in the March 2023 quarter.

Outlook

With expectation of continued growth in revenues in the health and education channels along with reductions in operating losses driven by the revised strategy, the Genius Childcare strategic partnership and the plans for success in the Health channel with Ready, Attention, GO!, TALi now has the fundamentals to deliver improved business outcomes.

The successful capital raise will allow the new strategies around commercialisation of TALi's products through existing and new partnerships to be implemented at an increasing pace into the future.

The increase in activity in the exogenous environment (healthcare and education) in the understanding of cognition, drive for better diagnostics and treatment of neurodiverse children is also a driver of the positive outlook for TALi Digital.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report. We are independent of the Company in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of TALi Digital Limited, would be in the same terms if given to the directors as at the time of this auditor's report.

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the Corporations Act 2001 including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2022 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
