About Whispir

Whispir is a global scale SaaS company, founded in 2001 to provide a communications workflow platform that automates interactions between organisations and people.

Our products enable organisations to improve their communications through automated workflows to ensure stakeholders receive accurate, timely, useful and actionable insights in a manner that is sensitive to individual contexts and preferences. Our customers use Whispir's software to create interactive, multi-party and omnichannel communications from templates, solving simple to complex communications workflow tasks.

Whispir operates across three key regions of ANZ, Asia and North America. More information
