Sustainable and eco-friendly bioplastics developer SECOS Group Limited (ASX: SES) ("SECOS" or the "Company") is pleased to announce that it has received firm commitments from institutions and sophisticated investors qualifying under s708 of the Corporations Act 2001 (Cth) to subscribe for a placement of 46.46 million fully paid ordinary shares ("Shares") in the Company at an issue price of \$0.065 per Share to raise gross proceeds of \$3.02 million ("Placement"). Investors will also receive one free attaching option for every one share subscribed.

The Placement received strong support from existing shareholders and attracted new investors. The Placement Shares will be issued in a single tranche using the Company's existing capacity under ASX Listing Rules 7.1 and 7.1A and will not require general shareholder approval. Director Don Haller Jr. has subscribed for US\$137,500 (A\$203,408) in the Placement which will be subject to shareholder approval at the Company's Annual General Meeting.

SECOS' CEO and Executive Director, Richard Tegoni, said: *"This well-supported Placement will allow SECOS to hit the ground running for the rest of FY23 and beyond to deliver on significant opportunities to increase sales of the Company's compostable and biodegradable products. It continues the momentum from the Company's recent announcements of entering into 770 stores in Coles in Australia and the exclusive sales agreement with NASDAQ listed Jewett-Cameron Trading Company in the US."*

Placement

Under the Placement, SECOS will issue 46,461,929 new shares at the Placement Price of A\$0.065 per share which represents a 7.1% discount to the last traded price of the Company's shares on 3 March 2023, and a 9.6% discount to the 5-day volume weighted average price of SECOS shares prior to undertaking the Placement. New Shares issued under the Placement will rank equally with existing ordinary shares from the date of issue.

Investors in the Placement will also receive one free attaching option for every one share subscribed. The options will be unlisted, with an exercise price of \$0.10 per share, exercisable within a two-year term.
