7F.2 Any other information the entity wishes to provide about the proposed issue

1. The proposed issue to which the disclosures in this Appendix 3B relate is AVH's proposed issue of shares of common stock in AVH on The Nasdaq Stock Market LLC under an 'at-the-market' offering in the United States ("ATM Offering"). Under the ATM Offering, AVH will advise its broker, Cowen and Company, LLC, to place a certain number of shares of common stock, subject to certain parameters (including a minimum price at which those shares of common stock must be offered). Cowen and Company, LLC will then proceed to offer those shares into the United States market and seek to sell those shares based on AVH's instructions. Further details regarding the ATM Offering are set out in the Form S-3, Sales Agreement and prospectus lodged by AVH with ASX on the date of this Appendix 3B.
2. The proposed issue date for shares of common stock to be issued under the ATM Offering is not currently known. The "proposed issue date" of 29 December 2023 that is stated in this Appendix 3B has been provided only because it is a requirement of this Appendix 3B and it is not indicative of the actual issue date of shares of common stock to be issued under the ATM Offering, which may occur on multiple dates between the date of the Sales Agreement between AVH and Cowen and Company, LLC and the date on which the Sales Agreement is terminated in accordance with its terms.
3. Under the ATM Offering, AVH will issue a maximum of 3,799,164 shares of common stock. There is no minimum number of shares of common stock to be offered under the ATM Offering.
4. The "issue price per security" referred to in this Appendix 3B (in both USD and AUD) is an estimate only based on the closing price of AVH's shares of common stock on The Nasdaq Stock Market LLC on Friday, 14 April 2023 (US time) (Saturday, 15 April 2023 in Australia), being the last closing price of AVH's shares of common stock before this Appendix 3B was lodged. However, the actual price for the shares of common stock to be issued under the ATM Offering is not currently known, and will change throughout the ATM Offering depending on the market conditions at the relevant time that each respective offer of shares of common stock is made under the ATM offering.
5. The shares of common stock actually issued by AVH under the ATM Offering, and the price payable per share of common stock issued, will be disclosed to the ASX at the relevant times in the form of an Appendix 3G.
