28 April 2023

Australian internet of things (IoT) and healthcare technology company, Oakridge International Limited (ASX: OAK) ("Oakridge" or the "Company") is pleased to provide the following business update alongside its Appendix 4C Quarterly Cash Flow Report for the quarter ended 31 March 2023 (the "Period").

During the Period, the Company:

- Continued to focus on increasing its healthcare sales activities, the delivery of customer projects and product development to further enhance our existing product offerings.
- Continued to engage industry leaders from government departments and private organisations.
- Completed a large Assistive Technology project with a leading disability accommodation developer.
- Updated the JCT Healthcare website to better communicate JCT's products, services and overall capabilities.

The Company continues to look for opportunities to expand its business and revenue base by exploring other emerging business in the technology sector focusing on renewable energy, energy storage solutions, new energy vehicles and energy saving materials. These activities remain at an exploratory stage which may require shareholders and/or regulatory approval but there is no guarantee that the Company will enter any of these sectors. We shall keep the shareholders and the market informed if we decide to pursue any new such business or opportunity, if at all. The IoT and Healthcare sectors remain the focus of the Company.

During the Period, related party payments of approximately \$60,873 relate to Director and Executive Officer fees.

#### **Healthcare Business**

JCT Healthcare ("JCT"), a wholly owned subsidiary of the Company, is a provider of innovative technology solutions for the healthcare sector. JCT develops and distributes its own range of nurse call hardware and software solutions for use across multiple healthcare sectors including hospitals, aged care, disability care and supported independent living.

During the Period, JCT continued to work towards the practical completion of several projects that feature JCT's 'nurse call' and 'assistive technology' solutions.

JCT successfully completed a large Assistive Technology project with a leading disability accommodation developer during the Period. The development showcased JCT's unique range of Assistive Technology, Security and Integration capabilities. JCT is pursuing further projects with the same developer which are expected to commence in the April to June 2023 quarter. JCT will increase its business development activities to similar developers and builders in the Disability Accommodation sector.

Practical completion of a new updated JCT website was achieved during the first quarter. The new website better communicates JCT's products, services and overall capabilities.

The outlook for JCT remains robust and JCT continues to pursue projects through new and existing clients Australia wide.

### **Others**

As announced on 2 January 2020, the Company completed a A\$250,000 share placement ("Placement Agreement") with Teko International Limited (Teko). On 28 July 2020, the Company held a discussion with Teko in respect to a potential claim asserted by Teko against the Company for allegedly misrepresenting the Company's unrecorded liabilities, including the Heuresy liability payment previously disclosed, by its then directors. The Board believes that there may be some exposure to the Company in respect to the representations made by the then Board members. If the Company were to be subject to legal action that could be taken by Teko, there could be no assurance as to the outcome or the costs required to defend any such action. The Company will continue to discuss the issue with our legal advisors and negotiate with Teko to seek the most desirable outcome for the Company and its shareholders.

This announcement has been approved by the Board.
