8.6 If item 8.5 is less than 2 quarters, please provide answers to the following questions:	
8.6.1 Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?	
<p>Answer: No. The level of net operating cash outflows will decrease. The net operating cash outflows for the quarter ended 31 March 2023 was \$755,000, \$712,000 greater than the \$43,000 net operating cash outflows for the quarter ended 31 December 2022. The main cause of the difference was due to lower fee revenue in the quarter ended 31 March 2023. In our opinion fee revenue will increase in line with the amounts earned in the first half of the financial year.</p>	

8.6.2 Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?

Answer: DomaCom will consider the need to raise further capital if fee revenue growth slows. Based on a strong sales pipeline, DomaCom is not currently planning to raise further capital in the short term. However, DomaCom continues to monitor the position closely.

8.6.3 Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Answer: Yes. DomaCom expects to be able to continue its operations and to meet its business objectives. DomaCom has grown fee revenue to \$1,902,000 for the 9 months ended 31 March 2023, representing a \$1,165,000 increase (158%) compared to the 9 months ended 31 March 2022. The growth has been driven by an increase in Funds Under Management of \$63m (47%) over the 9 months ended 31 March 2023. DomaCom has a strong sales pipeline that will allow the continued growth of the business.

Note: where item 8.5 is less than 2 quarters, all of questions 8.6.1, 8.6.2 and 8.6.3 above must be answered.
