#### **About Imricor**

Imricor Medical Systems, Inc. (ASX:IMR) is a leading developer of innovative MRI-compatible medical devices which can be used to carry out real-time iCMR cardiac ablation procedures. Headquartered in the US, Imricor seeks to make a meaningful impact on patients, healthcare professionals, and healthcare facilities around the world by increasing the success rates and bringing down the overall costs of cardiac ablation procedures.

#### **Imricor's Products**

Imricor is a pioneer and leader in developing MRI-compatible products for cardiac catheter ablation procedures, and believes it is the first company in the world to bring commercially viable and safe MRI-compatible products to the cardiac catheter ablation market.

The Vision-MR Ablation Catheter is the Company's prime product offering, specifically designed to work under real-time MRI guidance, with the intent of enabling higher success rates along with a faster and safer treatment compared to conventional procedures using x-ray guided catheters. The Vision-MR Ablation Catheter has been approved in the European Union with an indication for treating type 1 atrial flutter. Imricor intends to seek approval for expanded indications in the future. The Company is also in the early stages of pursuing the required regulatory approvals to place its key products on the market in Australia and the U.S.

The Company has also obtained approval within the EU for the sale of the Advantage-MR EP Recorder/Stimulator System and its consumable product, the Vision-MR Dispersive Electrode.

Imricor sells its capital and consumable products to hospitals and clinics for use in Interventional Cardiac Magnetic Resonance Imaging (iCMR) labs, in which ablation procedures using the Vision-MR Ablation Catheter can be performed. An iCMR lab is an interventional lab that is fitted with MRI equipment for use in cardiac diagnostic and interventional procedures. The installation of iCMR labs is driven primarily by MRI equipment vendors working collaboratively with Imricor. Vendors such as Koninklijke Philips N.V. and Siemens Healthcare GmbH help to target certain sites and support the design and construction of iCMR labs for those sites.

#### **Forward-Looking Statements**

This announcement contains or may contain forward-looking statements that are based on the Company's management's beliefs, assumptions and expectations and on information currently available to management. All statements that address operating performance, events or developments that we expect or anticipate will occur in the future are forward-looking statements. These include, without limitation, EU commercial market acceptance and EU.

sales of our product as well as our expectations with respect to our ability to develop and commercialise new products. Management believes that these forward-looking statements are reasonable when made. You should not place undue reliance on forward-looking statements because they speak only as of the date when made. Imricor does not assume any obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. Imricor may not actually achieve the plans, projections or expectations disclosed in forward-looking statements. Actual results, developments or events could differ materially from those disclosed in the forward-looking statements.

### Resolutions proposed but not put to the meeting<sup>10</sup>

No <sup>1</sup>	Short description	Reason(s) for not putting the resolution to the meeting

Instructions:

1. The resolution numbers in the tables above should match the resolution numbers in the notice of meeting.
2. Insert "Passed" or "Not passed", as appropriate.
3. Insert "Poll" or "Show of hands", as appropriate.
4. Insert "1st strike", "2nd strike" or "N/A", as appropriate.
5. Complete this section if the resolution was decided by a poll. Ignore this section if the resolution was decided by a show of hands.
6. Complete this section for all resolutions, showing the number of valid proxies received and how the proxy was directed to vote on the resolution.
7. Calculate this percentage as the number of votes cast for the resolution, divided by the total number of votes cast on the resolution. When summed with the percentage voted against the resolution, this should add to 100%.
8. Calculate this percentage as the number of votes cast against the resolution, divided by the total number of votes cast on the resolution. When summed with the percentage voted for the resolution, this should add to 100%.
9. "Discretion" means the proxy could vote on the resolution in their discretion.
10. Delete this table if there were no resolutions proposed but not put to the meeting.
11. Add or remove rows from each table to accommodate the number of resolutions proposed in the notice of meeting.
12. Delete these instructions before submitting this form to ASX.
13. See Guidance Note 35 *Security Holder Resolutions* for further guidance.
