Vista Group to hold 2023 US Investor Day in Hollywood

Vista Group International Limited (NZX & ASX: VGL) is pleased to announce that it will hold a US Investor Day on Wednesday, 13 September 2023 in Los Angeles, California.

The event will run from 8:00am to 10:30am (Pacific Standard Time) and will open with an introduction from key industry figures from cinema, studio and distribution participants. Vista Group's CEO, Stuart Dickinson, will also update investors on progress against the Group's strategy. Key Vista Group management will also attend.

Dickinson said: "Vista Group's vision is to be the world leader in film and cinema technology. So, I am delighted to have the opportunity to expand on Vista Group's strategic priorities from Hollywood, the beating heart of the industry that we serve. The US Domestic market has the largest box office globally, Hollywood studios continue to account for the vast majority of blockbuster content, and over 50% of enterprise cinemas in the US use Vista Group's technology – so the US and Hollywood remain vitally important to our journey. This will be an excellent opportunity for our investors and analysts to hear from some of our US clients and partners as they share their thoughts on the future of film and cinema and the part that Vista Group plays, and will continue to play, in that."
