Weebit Nano retail investor briefings

17 July 2023

Weebit Nano Limited (ASX:WBT), a leading developer of advanced memory technologies for the global semiconductor industry, is pleased to announce that CEO Coby Hanoch will be in Australia in August, and will be hosting retail investor briefings in Sydney, Melbourne, and Perth.

The briefings will provide an opportunity for Coby to give an update on the business and its outlook, as well as take questions from attendees.

Details of the events are listed below:

Sydney briefing (in-person and virtual)

- In-person details
    - Date: Tuesday 1 August
    - Time: 9:00-10:00am (AEST)
    - Location: Level 61, Governor Phillip Tower, 1 Farrer Place, Sydney
- Virtual registration link: https://aukwm.zoom.us/meeting/register/tZIuc--hqD4uG9Xapn4lry4zFeetS_HX3pcp

Melbourne briefing (in-person)

- Date: Wednesday 2 August
- Time: 12:00-1:00pm (AEST)
- Location: Level 27, Collins Arch, 447 Collins Street, Melbourne

Perth briefing (in-person)

- Date: Thursday 3 August
- Time: 12:30-1:30pm (AWST)
- Location: The Vault @Riff, 45 St Georges Terrace, Perth

In order to attend, you must RSVP to Clare Elsworth at: clare.elsworth@automicgroup.com.au. Places are limited.

Approved for release by the CEO of Weebit Nano Limited.

About Weebit Nano Limited

Weebit Nano Ltd. is a leading developer of advanced semiconductor memory technology. The company's ground-breaking Resistive RAM (ReRAM) addresses the growing need for significantly higher performance and lower power memory solutions in a range of new electronic products such as Internet of Things (IoT) devices, smartphones, robotics, autonomous vehicles, 5G communications and artificial intelligence.

Weebit's ReRAM allows semiconductor memory elements to be significantly faster, less expensive, more reliable and more energy efficient than those using existing Flash memory solutions. As it is based on fab-friendly materials, Weebit ReRAM can be integrated within existing flows and processes faster and easier than other emerging technologies, without requiring special equipment or large investments.
