ASX Announcement

FY23 Results Presentation

PolyNovo's FY23 results presentation will be live streamed on Wednesday 23 August at 2.00pm AEST.

To access the webcast, shareholders will need to register at the following website prior to the presentation:

[Early Registration | PolyNovo - FY23 Results Briefing \(choruscall.com\)](https://choruscall.com)

Shareholders who would like to ask a question are asked to email their question to jan.g@polynovo.com in advance of the event and we will endeavour to answer your question prior to or during the webcast.

Alternatively, shareholders can ask questions during the live webcast by submitting their questions via the webcast platform.

Broker analysts who cover the company have the opportunity to ask questions live.

This announcement has been authorised by PolyNovo Company Secretary Jan-Marcel Gielen.

About PolyNovo®

PolyNovo is a disruptive medical device company, focused on Advanced Wound Care. PolyNovo is an Australian based medical device company that designs, develops, and manufactures dermal regeneration solutions (NovoSorb BTM, NovoSorb MTX) using its patented NovoSorb biodegradable polymer technology. Our development program covers Breast Sling, Hernia, and Orthopaedic applications. For further information see polynovo.com

About NovoSorb®

NovoSorb® BTM is a dermal scaffold for the regeneration of the dermis when lost through extensive surgery, trauma or burn. NovoSorb® is a novel range of bio-resorbable polymers that can be produced in many formats including film, fibre, foam, and coatings. NovoSorb's unique properties provide excellent biocompatibility, control over physical properties, and a programmable bio-resorption profile.
