ASX Announcement | 1 September 2023
X2M Connect Limited (ASX:X2M)

X2M to hold investor webinar and Q&A session for FY23 results

Australian Internet of Things (IoT) technology company X2M Connect Limited (ASX:X2M) ("X2M" or "the Company") advises that it will hold an investor webinar on Wednesday, 6 September 2023 at 10am AEST.

In the webinar, X2M CEO Mohan Jesudason will provide an overview of the Company's full year results as well as a general update on its operations.

The webinar is expected to run for approximately 30 minutes. The presentation will be followed by a Q&A session.

Investors are encouraged to send their questions to investor.relations@x2mconnect.com prior to the webinar. They can also submit questions during the Company's presentation via the chat function. Registration is required to attend the webinar.

About X2M Connect Limited

X2M Connect Limited (ASX:X2M) is an Australian technology company that has developed and commercialised a patented proprietary Internet of Things (IoT) solution which delivers productivity improvements, cost savings and improved public safety to enterprise and government clients in the utilities sector.

X2M's technology connects devices such as water, gas and electricity meters and other utility sensors

to the internet, enabling data exchange and the remote control of these devices. The Company generates revenue from the sale of hardware and monthly subscription fees under Software as a Service arrangements.

X2M now has more than 430,000 devices connected to its IoT platform and distributed intelligence solution, providing real-time information and control to a steadily increasing customer base operating over multiple radio technologies.

X2M's current focus is on servicing the utility sector in the Asia-Pacific region, where it has a significant number of government and enterprise customer relationships already in place. Going forward, X2M will look to continue its global expansion, with subsidiaries already operating in Japan, South Korea, Taiwan and, most recently, China.
