About Respiri Limited – An RPM Business Augmented by R&D

Respiri Limited (ASX:RSH, OTCQB:RSHUF) is a pioneering presence in the Remote Patient Monitoring (RPM) and MedTech sectors. The company uses its innovative respiratory technology with a disruptive business model as an RPM provider to offer the only RPM program for respiratory disorders. As a differentiated RPM provider, Respiri's mission is to improve health outcomes for patients with chronic diseases from cardiovascular, diabetes, obesity and, exclusively, respiratory disease. Respiri's globally unique medical device and its Remote Patient Monitoring services empower healthcare organisations to take action from patient data when needed, not only when scheduled. Respiri is strategically positioned to revolutionise chronic disease management globally and is focused on the US market, where RPM services are reimbursed by Current Procedural Terminology (CPT) Code reimbursement. About Access Telehealth

Access Telehealth, a Respiri Limited subsidiary, is reshaping chronic care management in the US through best-in-class, patient-centric, reimbursed Remote Patient Monitoring (RPM) solutions. Our clinical team and software platform enable remote care delivery to patients with chronic diseases. The company provides a seamless and timely connection between patients and healthcare providers for better, cost-effective health outcomes. Discover more at www.accessrpm.com

About the wheezo® Medical Device

wheezo®, a world-first FDA-approved Class II medical device, is the sole WheezeRate detector capable of integrating into RPM programs. Developed by Respiri, wheezo® utilises innovative technology to analyse breath sounds for wheeze. The device works with the user-friendly respiri™ app, enabling users

to log symptoms and triggers. The wheezo® system creates a comprehensive and individualised patient profile, fostering informed dialogues between patients and physicians. For details on our US offerings, including wheezo®, visit www.respiri.co/us
