**01 NOVEMBER 2023**

### **Orica update**

Orica is a joint plaintiff in a lawsuit filed in the United States on 21 October 2023 (US time) against CF Industries regarding contractual disputes under an ammonium nitrate purchase agreement for the supply of ammonium nitrate and related products for use by Orica's business across North America.

CF Industries filed a separate lawsuit in the United States regarding contractual disputes of this agreement on 22 October 2023 (US time). Orica is pursuing its claims and defending CF Industries' claims while continuing to fully comply with its contractual obligations.

Orica confirms there remains no impact to our product supply in North America during litigation, and our contractual arrangements with our customers in the region will continue to be met.

These lawsuits do not impact Orica's 2023 full year results scheduled to be released on 9 November 2023.
