Schedule 1

1 Effect on BEN of the offer of Subordinated Notes and the issue of the Ordinary Shares if the Subordinated Notes are converted

The issue of the Subordinated Notes raises Tier 2 Capital to satisfy BEN's regulatory requirements and to maintain the diversity of BEN's types of capital funding.

BEN expects that the proceeds of the issue will increase BEN's total capital adequacy ratio on a Level 2 basis by approximately 0.79% as at 30 September 2023.

The issue of the Subordinated Notes by BEN will not have a material impact on BEN's financial position. If a Non-Viability Trigger Event occurs and BEN converts the Subordinated Notes and issues Ordinary Shares to Subordinated Noteholders, the effect of Conversion on BEN would be to reduce Tier 2 Capital by the principal amount, less any unamortised costs of the issue, of the Subordinated Notes being converted and increase BEN's shareholders' equity (ordinary share capital) by a corresponding amount. APRA has not provided any specific guidance on how or when it would determine whether a Non-Viability Trigger Event has occurred. If the subordinated debt is converted into ordinary shares of BEN, the holdings of current shareholders in BEN would be diluted.

The number of Ordinary Shares received on Conversion will be fixed by reference to a formula based on a nominal amount (equal to the face value of the Subordinated Notes – \$10,000) divided by 99% of the daily volume weighted average sale prices of Ordinary Shares sold on ASX during the five Business Days on which trading in Ordinary Shares took place immediately preceding the Conversion Date. The number of Ordinary Shares issued on Conversion is limited to the Maximum Conversion Number. The Maximum Conversion Number is 5,611.6723 Ordinary Shares per Subordinated Note (with a nominal value of \$10,000), based on the Issue Date VWAP of \$8.91 per Ordinary Share.

2 Rights and liabilities attaching to the Subordinated Notes

The rights and liabilities attaching to the Subordinated Notes are set out in the Terms and Conditions and the Pricing Supplement, set out in Schedules 2 and 3.

3 Rights and liabilities attaching to the Ordinary Shares

Ordinary Shares may be issued to Subordinated Noteholders by way of Conversion. Ordinary Shares may also be issued to a nominee to hold for sale for the benefit of a Subordinated Noteholder if Conversion occurs and the Subordinated Noteholder has notified BEN that they do not wish to receive Ordinary Shares, the Subordinated Noteholder is an Ineligible Subordinated Holder, or if for any reason BEN has not received any information required by it in accordance with the terms of issue so as to impede it from issuing the Ordinary Shares to a Noteholder on the Conversion Date.

The rights and liabilities attaching to the Ordinary Shares are set out in the constitution of BEN (as amended from time to time) (**Constitution**) and are also regulated by the Corporations Act, ASX Listing Rules and the general law. Ordinary Shares are admitted to trading on ASX. Investors who wish to inspect the Constitution may do so at the registered office of BEN during normal office hours, or may obtain a copy as provided under section 4 below or by visiting the BEN website at <https://www.bendigoadelaide.com.au/esg/governance/#otherdocuments>.

This section 3 briefly summarises the key rights attaching to the Ordinary Shares. It is not intended to be an exhaustive summary of the rights and obligations of Ordinary Shareholders.

3.1 Voting rights

Subject to any rights or restrictions attached to any shares or class of shares, each Ordinary Shareholder is entitled to attend and vote at a general meeting of BEN. Any resolution being considered at a general meeting is to be decided on a show of hands unless a poll is demanded. On a show of hands, each Ordinary Shareholder present has one vote. On a poll, each Ordinary Shareholder has one vote for each fully paid Ordinary Share held. Partly paid shares confer that fraction of a vote which is equal to the proportion which the amount paid bears to the total issue price of the share.

In the case of an equality of votes, the Chairman has, both on a show of hands and at a poll, a casting vote in addition to the vote or votes to which the Chairman may be entitled as an Ordinary Shareholder or as a proxy, attorney or duly appointed representative of an Ordinary Shareholder.

3.2 General meetings

Subject to the Corporations Act and ASX Listing Rules, each holder of Ordinary Shares is entitled to receive notice of general meetings of BEN and to receive all notices, accounts and other documents required to be sent to Ordinary Shareholders under BEN's Constitution, the Corporations Act or ASX Listing Rules. BEN may give notice to any Ordinary Shareholder personally by leaving it at the Ordinary Shareholder's registered address or by sending it by prepaid post, facsimile transmission or electronically to the Ordinary Shareholder's registered address, fax number or electronic mail address.

3.3 Dividend entitlement

Subject to the Corporations Act, the Constitution and the terms of issue of Ordinary Shares, the directors of BEN, acting as a board (**Board**) may resolve to pay dividends on Ordinary Shares which are considered by the Board to be appropriate, in proportion to the capital paid up on the Ordinary Shares held by each Ordinary Shareholder (subject to the rights of holders of shares carrying preferred rights). When declaring a dividend the Board may determine that payment of the dividend be effected wholly or in part by the distribution of specific assets or documents of title and in particular by the issue or transfer of paid up shares, debentures, debenture stock or grant of options of BEN or any other corporation.

3.4 Dividend reinvestment plan

The Board may establish and maintain one or more dividend plans under which Ordinary Shareholders may, among other alternatives, elect with respect to some or all of their Ordinary Shares to reinvest the dividend by subscribing for new Ordinary Shares in BEN.

3.5 Rights of Ordinary Shareholders on a winding up of BEN

If BEN is wound up, the liquidator may divide among all or any of the contributories as the liquidator thinks fit, in specie or in kind, any part of the assets of BEN, and may vest any part of the assets of BEN in trustees on any trusts for the benefit of all or any of the contributories as the liquidator thinks fit. Depositors and other creditors will be paid out in priority to holders of Ordinary Shares. Any surplus available will be distributed among Ordinary Shareholders in accordance with the Corporations Act.

3.6 Transfer of Ordinary Shares

BEN Ordinary Shares, when quoted on ASX, are transferable by:

- a written transfer in the usual or common form or in any form the Board may prescribe or in a particular case accept, duly stamped (if necessary) being delivered to BEN;

- a proper ASX Settlement Pty Ltd (ABN 49 008 504 532) transfer, which is to be in the form required or permitted by the Corporations Act or the settlement rules of ASX Settlement Pty Ltd; or
- any other electronic system established or recognised by the ASX Listing Rules in which BEN participates in accordance with the rules of that system.

The Board may, subject to the requirements of the Corporations Act and ASX Listing Rules, refuse to register any transfer of shares in BEN if the registration would infringe an applicable law or ASX Listing Rule, or if the transfer concerns securities over which BEN has a lien or which are subject to forfeiture, or if it is permitted to do so under the ASX Listing Rules.

3.7 Issues of further shares

Subject to the Constitution, the Corporations Act and the ASX Listing Rules, the Board may issue, or grant options in respect of, shares on such terms as the Board decides. In particular, the Board may issue preference shares, including redeemable preference shares, with preferred, deferred or special rights or restrictions in relation to dividends, voting, return of capital and participation in surplus on a winding up of BEN.

3.8 Variation of rights

BEN may only modify or vary the rights attaching to any class of shares with the prior approval, by a special resolution, of the holders of shares in that class at a meeting of those holders, or with the written consent of the holders of at least 75% of the issued shares of that class. Subject to the terms of issue, the rights attached to a class of shares are not treated as varied by the issue of further shares which rank equally with that existing class for participation in profits and assets of BEN.

3.9 Variation of the Constitution

The Constitution can only be modified by a special resolution in accordance with the Corporations Act. Under the Corporations Act, for a resolution to be passed as a special resolution it must be passed by at least 75% of the votes cast by members entitled to vote on the resolution.

4 Additional Information

BEN is a disclosing entity for the purposes of the Act and, as a result, is subject to regular reporting and disclosing obligations under the Act and the ASX Listing Rules. In addition, BEN must notify ASX immediately (subject to certain exceptions) if it becomes aware of information about BEN that a reasonable person would expect to have a material effect on the price or value of Ordinary Shares.

Copies of documents lodged with ASIC in relation to BEN can be obtained from, or inspected at, an ASIC office and BEN's ASX announcements may be viewed on www.asx.com.au.

shall rank prior to, and senior in right of payment to, the obligations of the Issuer to the holders of Ordinary Shares and other Junior Ranking Capital Instruments,

provided that until the Senior Creditors have been paid in full, the Subordinated Noteholder must not claim in the Winding Up in competition with the Senior Creditors so as to diminish any distribution, dividend or payment which, but for that claim, the Senior Creditors would have been entitled to receive.

In a Winding-Up of the Issuer, the Subordinated Noteholders shall only be entitled to prove for any sums payable in respect of their Subordinated Notes as a debt which is subject to prior payment in full of Senior Creditors. Subordinated Noteholders waive, to the fullest extent permitted by law, any right to prove in any such Winding-Up as a creditor ranking for payment in any other manner;

(b)

prior to the commencement of the Winding Up of the Issuer (other than under or in connection with a scheme of amalgamation or reconstruction not involving bankruptcy or insolvency):

(i)

the obligations of the Issuer to make payments of interest and any other payments including additional amounts in respect of the Subordinated Notes will be conditional on the Issuer being Solvent at the time of the payment; and

(ii)

no payment of interest or any other payment including additional amounts in respect of the Subordinated Notes shall be made unless the Issuer is Solvent immediately after making the payment,

and if as a result the Issuer fails to make any payment of interest or any other payment of any other amount on any Subordinated Note when due, such failure will not constitute an Event of Default for the purposes of Condition 7.4.

For the avoidance of doubt, any amount not paid due to Condition 4.5(b) accumulates and remains a debt owing to the Subordinated Noteholder by the Issuer until paid. Any interest that is payable on any principal amount not paid due to Condition 4.5(b) will accrue at the interest rate payable on the Subordinated Note that is specified in the applicable Pricing Supplement. Any interest not paid due to Condition 4.5(b)

44

Principal Amount at the fixed coupon rate or the fixed rate or rates per annum specified in the relevant Pricing Supplement from the Issue Date of the Notes. Interest will be payable in arrear on the Interest Payment Dates specified in the relevant Pricing Supplement. Interest which is required to be calculated for a period of other than a full year will be calculated on such basis as is specified as the Day Count Fraction in the relevant Pricing Supplement.

The first payment of interest will be made on the Interest Payment Date next following the Interest Commencement Date and, if the first anniversary of the Interest Commencement Date is not an Interest Payment Date, will amount to the Initial Broken Amount (as defined in the Pricing Supplement).

If the Maturity Date is not an Interest Payment Date, interest from (and including) the preceding Interest Payment Date (or the Interest Commencement Date, as the case may be) to (but excluding) the Maturity Date will amount to the Final Broken Amount (as defined in the Pricing Supplement).

5.3

Interest - floating rate

(a)

Accrual of interest
Notes in relation to which this Condition 5.3 is specified in the relevant Pricing Supplement as being applicable (*Floating Rate Notes*) will bear interest in respect of each Interest Period at the rate or rates per annum determined in accordance with this Condition 5.3.

Each Floating Rate Note will bear interest on its Outstanding Principal Amount at the Interest Rate (as defined below) from the Interest Commencement Date.

Interest will be payable in arrear on each Interest Payment Date. If any Interest Payment Date in respect of a Floating Rate Note would otherwise fall on a day which is not a Business Day, such Interest Payment Date shall be determined in accordance with the Business Day Convention specified in the Pricing Supplement.

(b)

Interest Rate
The Interest Rate payable in respect of Floating Rate Notes shall be determined by the Calculation Agent as specified in the relevant Pricing Supplement. Unless otherwise specified in the relevant Pricing Supplement, if in respect of an Interest Period, the Calculation Agent is unable to determine a rate in accordance with this Condition, the Interest Rate applicable in respect of the Floating Rate Notes during that Interest Period will be the Interest Rate applicable to the Floating Rate Notes during the immediately preceding Interest Period.

(c)

Calculation of interest amount payable
The Calculation Agent will, as soon as practicable on or after determining the Interest Rate in relation to each Interest Period, calculate the amount of interest payable for the relevant Interest Period in respect of the Outstanding Principal Amount of each Note. The amount of interest payable will be calculated by multiplying the product of the Interest Rate for such Interest Period and the Outstanding Principal Amount by the applicable Day Count Fraction and rounding the resultant figure to the nearest cent (with halves being rounded upwards).

5.4

Interest - other rates

Notes in relation to which this Condition 5.4 is specified in the relevant Pricing Supplement as being applicable will bear interest at the rate or rates calculated on the basis specified in, and

43

accumulates and remains a debt owing to the Subordinated Noteholder by the Issuer until paid.

A certificate signed by the Issuer, two authorised signatories or an auditor of the Issuer or, if the Issuer is being wound up, its liquidator as to whether the Issuer is Solvent at any time is (in the absence of wilful default, bad faith or manifest error) conclusive evidence of the information contained in the certificate and will be binding on the Subordinated Noteholders. In the absence of any such certificate, the Subordinated Noteholders are entitled to assume (unless the contrary is proved) that the Issuer is Solvent at the time of and will be Solvent immediately after, any payment.

(c)

there is no limit on the amount of debt or other obligations which rank equally or ahead of the Subordinated Notes that may be incurred or assumed by the Issuer;

(d)

the Subordinated Notes are not subject to netting and, without limitation;

(i)

a Subordinated Noteholder does not have any right to set-off any amounts owing to it by the Issuer in respect of a Subordinated Note against any amount owing by that Subordinated Note holder to the Issuer on any account; and

(ii)

the Issuer does not have any right to set-off any amounts owing to it by a Subordinated Noteholder on any account against any amount owing by the Issuer to that Subordinated Noteholder in respect of a Subordinated Note;

(e)

Condition 6 (Redemption and purchase) is applicable to Subordinated Notes subject to:

(i)

this Condition 4;

(ii)

where required, the Pricing Supplement specifying that the relevant provisions are applicable; and

(iii)

the Issuer obtaining the prior written approval of APRA to the proposed purchase or redemption;

(f)

each Subordinated Noteholder must not exercise its voting rights as an unsecured creditor in the Winding Up or administration of the Issuer to defeat the subordination in this Condition 4; and

(g)

each Noteholder agrees that this Condition 4 is a debt subordination for the purposes of section 563C of the Corporations Act.

5 Interest

5.1 General

Notes may be either interest-bearing or (other than a Subordinated Note) non interest-bearing, as specified in the relevant Pricing Supplement. Interest-bearing Notes may bear interest at either a fixed rate or a floating rate. In relation to any Tranche of Notes, the relevant Pricing Supplement may specify actual amounts of interest payable (Interest Amounts) rather than, or in addition to, a rate or rates at which interest accrues.

The Pricing Supplement in relation to each Tranche of interest-bearing Notes will specify which of Conditions 5.2, 5.3and 5.4 will be applicable to the Notes.

Condition 5.5 will be applicable to each Tranche of interest-bearing Notes save to the extent of any inconsistency with the relevant Pricing Supplement.

5.2 Interest - fixed rate

Each Note in relation to which this Condition 5.2 is specified in the relevant Pricing Supplement as being applicable (*Fixed Rate Notes*) will bear interest on its Outstanding

45

be payable in the amounts and in the manner determined in accordance with, the relevant Pricing Supplement.

5.5

Interest - supplemental provisions

(a)

Interest Payment Dates

Interest on each Note will be payable in arrear at such intervals and on such Interest Payment Dates as are specified in the relevant Pricing Supplement and on the Maturity Date.

(b)

Notification of Interest Rate, interest payable and other items

The Calculation Agent will cause each Interest Rate, the amount of interest payable and each other amount, item or date, as the case may be, determined or calculated by it to be notified to the Issuer, the Registrar and to be notified to Noteholders in accordance with Condition 12 as soon as practicable after such determination or calculation but in any event not later than the fourth Business Day thereafter. The Calculation Agent will be entitled to amend any such amount, item or date (or to make appropriate alternative arrangements by way of adjustment) without prior notice in the event of the extension or abbreviation of any relevant Interest Period or calculation period and such amendment will be notified in accordance with the previous sentence.

(c)

Determination final

The determination by the Calculation Agent of all amounts, rates and dates falling to be determined by it pursuant to these Conditions (including, without limitation, the Interest Rate for any Interest Period and the amount of interest payable for any Interest Period in respect of any Note) is, in the absence of manifest error, final and binding on the Issuer, each Noteholder, the Registrar, and the Calculation Agent.

(d)

Accrual of interest

Interest accrues on the Outstanding Principal Amount of each Note or as otherwise indicated in the relevant Pricing Supplement. Interest ceases to accrue as from the due date for redemption of a Note unless the relevant payment is not made in which case interest will continue to accrue thereon (as well after as before any demand or judgement) at the rate then applicable to the Outstanding Principal Amount of the Note or such other default rate (if any) as may be specified in the relevant Pricing Supplement until the date on which the relevant payment is made or, if earlier, the seventh day after the date on which the Registrar receives the funds required to make such payment (provided that notice of such circumstance is given to the Noteholders in accordance with Condition 12) except to the extent that there is failure in the subsequent payment thereof to the relevant Noteholders.

The Pricing Supplement for any Series of Subordinated Notes will state that no default rate of interest will apply to such Series of Subordinated Notes.

5.6

Zero Coupon Notes

If the amount due and payable in respect of a non-interest bearing Note (*Zero Coupon Note*) on the redemption date is not paid when due, the Interest Rate for any such overdue principal is a rate per annum (expressed as a percentage) equal to the Amortisation Yield specified in the relevant Pricing Supplement.

This Condition 5.6 does not apply to Subordinated Notes, and Subordinated Notes will not be Zero Coupon Notes.

5.7 Calculations and adjustments

The amount of interest payable in respect of any Note for any period of less than one year is calculated by multiplying the product of the Interest Rate and the Outstanding Principal Amount by the Day Count Fraction, save that if the Pricing Supplement specifies an amount in respect of such period, the amount of interest payable in respect of such Note for such period is equal to such specified amount. Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable in respect of such Interest Period is the sum of the amounts of interest payable in respect of each of those Interest Accrual Periods.

If any Maximum Interest Rate or Minimum Interest Rate is specified in the Pricing Supplement, then the Interest Rate will not in any event exceed the maximum or be less than the minimum so specified. A Maximum Interest Rate or Minimum Interest Rate may not be specified in the Pricing Supplement as being applicable to Subordinated Notes.

For the purposes of any calculations referred to in these terms and conditions and unless otherwise specified in these terms and conditions or the Pricing Supplement:

- (a) all percentages resulting from such calculations will be rounded, if necessary, to the nearest fifth decimal place (with 0.000005% being rounded to 0.00001%); and
- (b) all Australian dollar amounts used in or resulting from such calculations will be rounded to the nearest cent (with one half cent being rounded up).

5.8 Calculation Agent

As soon as practicable after the relevant time on such date as these terms and conditions or the Pricing Supplement may require:

- (a) any Amortised Face Amount, Early Termination Amount, Maturity Redemption Amount or any other amount to be calculated; or
 - (b) any quote to be obtained or any determination or calculation to be made by the Calculation Agent,
- the Calculation Agent will be required to:
- (c) determine the Interest Rate in respect of each Series of the Notes for the relevant Interest Accrual Period, Interest Period or Interest Payment Date;
 - (d) calculate the Amortised Face Amount, Early Termination Amount,

Maturity Redemption Amount or other amount; or

- (e) obtain such quote or make such determination or calculation, and cause the Interest Rate for each Interest Accrual Period, Interest Period or Interest Payment Date and, if required to be calculated, any Amortised Face Amount, Early Termination Amount, Maturity Redemption Amount or other amount, to be notified to the Registrar and the Issuer as soon as possible after their determination but in no event later than 5.00pm on the Business Day on which such calculation is made.

The Calculation Agent must obtain relevant quotes from appropriate banks or reference agents or obtain information from such other sources as are specified in these terms and conditions or the Pricing Supplement or, failing which, as the Calculation Agent deems appropriate.

The calculations and determinations made by the Calculation Agent shall, in the absence of manifest error, be final and binding on the parties.

- Recommended Rate is required will be the last rate provided or published by the Administrator of the RBA Recommended Rate (or if no such rate has been so provided or published, the last provided or published level of AONIA);
- (f) where BBSW Rate is the Applicable Reference Rate, if a Permanent Discontinuation Trigger has occurred with respect to the BBSW Rate, the rate for any day for which the BBSW Rate is required on or after the Permanent Fallback Effective Date will be the first rate available in the following order of precedence:
 - (i) first, if at the time of the BBSW Rate Permanent Fallback Effective Date, no AONIA Permanent Fallback Effective Date has occurred, the AONIA Rate;
 - (ii) then, if at the time of the BBSW Rate Permanent Fallback Effective Date, an AONIA Permanent Fallback Effective Date has occurred, an RBA Recommended Rate has been created but no RBA Recommended Rate Permanent Fallback Effective Date has occurred, the RBA Recommended Fallback Rate; and
 - (iii) lastly, if neither paragraph (i) nor paragraph (ii) above apply, the Final Fallback Rate;
 - (g) where AONIA is the Applicable Reference Rate or a determination of the AONIA Rate is required for the purposes of paragraph 5.10(f)(i) above, if a Permanent Discontinuation Trigger has occurred with respect to AONIA, the rate for any day for which AONIA is required on or after the AONIA Permanent Fallback Effective Date will be the first rate available in the following order of precedence:
 - (i) first, if at the time of the AONIA Permanent Fallback Effective Date, an RBA Recommended Rate has been created but no RBA Recommended Rate Permanent Fallback Effective Date has occurred, the RBA Recommended Rate; and
 - (ii) lastly, if paragraph (i) above does not apply, the Final Fallback Rate; and
 - (h) where a determination of the RBA Recommended Rate is required for the purposes of paragraph (f) or (g) above, respectively, if a Permanent Discontinuation Trigger has occurred with respect to the RBA Recommended Rate, the rate for any day for which the RBA Recommended Rate is required on or after that Permanent Fallback Effective Date will be the Final Fallback Rate.

When calculating an amount of interest in circumstances where a Fallback Rate other than the Final Fallback Rate applies, that interest will be calculated as if references to the BBSW Rate or AONIA Rate (as applicable) were references to that Fallback Rate. When calculating interest in circumstances where the Final Fallback Rate applies, the amount of interest will be calculated on the same basis as if the Applicable Benchmark Rate in effect immediately prior to the application of that Final Fallback Rate remained in effect but with necessary adjustments to substitute all references to that Applicable Benchmark Rate with corresponding references to the Final Fallback Rate.

5.9 BBSW Rate adjustments

- (a) Each Noteholder shall be deemed to acknowledge, accept and agree to be bound by, and consents to, the determination of, substitution for and any adjustments made to the BBSW Rate or the AONIA Rate, as applicable, in each case as described in this Condition 5.9 (*BBSW Rate adjustments*) and in Condition 5.10 (*Fallbacks for Floating Rate Notes*) below (in all cases without the need for any Noteholder consent). Any determination, decision or election (including a decision to take or refrain from taking any action or as to the occurrence or non-occurrence of any event or circumstance), and any substitution for and adjustments made to, the BBSW Rate or the AONIA Rate, as applicable, and in each case made in accordance with this Condition 5.9 (*BBSW Rate adjustments*) and Condition 5.10 (*Fallbacks for Floating Rate Notes*) will, in the absence of manifest or proven error, be conclusive and binding on the Issuer, the Noteholder and the Calculation Agent and, notwithstanding anything to the contrary in these Conditions or other documentation relating to the Notes, shall become effective without the consent of any person.
- (b) If the Calculation Agent is unwilling or unable to determine a necessary rate, adjustment, quantum, formula, methodology or other variable in order to calculate the applicable Interest Rate, such rate, adjustment, quantum, formula, methodology or other variable will be determined by the Issuer (acting in good faith and in a commercially reasonable manner) or, an alternate financial institution (acting in good faith and in a commercially reasonable manner) appointed by the Issuer (in its sole discretion) to so determine.

5.10 Fallbacks for Floating Rate Notes

Subordinated Noteholders should note that APRA's approval may not be given for any BBSW Rate fallback (or related adjustments) that APRA considers to have the effect of increasing the Interest Rate contrary to applicable Prudential Standards.

If:

- (a) a Temporary Disruption Trigger has occurred; or
- (b) a Permanent Discontinuation Trigger has occurred,

then, subject to APRA's prior written approval in the case of Subordinated Notes, the Reference Rate for an Interest Period, whilst such Temporary Disruption Trigger is continuing or after a Permanent Discontinuation Trigger has occurred, means (in the following order of application and precedence):

- (c) where BBSW Rate is the Applicable Reference Rate, if a Temporary Disruption Trigger has occurred with respect to the BBSW Rate, in the following order of precedence:
 - (i) first, the Administrator Recommended Rate;
 - (ii) then the Supervisor Recommended Rate; and
 - (iii) lastly, the Final Fallback Rate;
- (d) where AONIA is the Applicable Reference Rate or a determination of the AONIA Rate is required for the purposes of paragraph (c) above, if a Temporary Disruption Trigger has occurred with respect to AONIA, the rate for any day for which AONIA is required will be the last provided or published level of AONIA;
- (e) where a determination of the RBA Recommended Rate is required for the purposes of paragraph (c) or (d) above, if a Temporary Disruption Trigger has occurred with respect to the RBA Recommended Rate, the rate for any day for which the RBA

6 Redemption and purchase

6.1 Redemption on maturity

Unless previously redeemed, or purchased and cancelled (or, in the case of a Subordinated Note, Converted or Written-Off) or unless such Note is stated in the Pricing Supplement as having no fixed maturity date, each Note shall be redeemed on maturity at its Maturity Redemption Amount.

6.2 Purchase of Notes

The Issuer, any of its Subsidiaries or any Related Entity may at any time purchase Notes in the open market or otherwise and at any price, and in respect of Subordinated Notes, subject to prior written approval having been obtained from APRA, and provided that such Subordinated Notes are not acquired by a Subsidiary of the Issuer or any Related Entity that is not a tax resident of Australia unless such Subordinated Notes are acquired by it as part of a business carried on by it through a permanent establishment located within Australia. All unmatured Notes purchased in accordance with this condition may be held, resold or cancelled at the discretion of the Issuer, subject to compliance with all legal and regulatory requirements.

6.3 Redemption for taxation reasons

If, in respect of the Notes of any Series, the Issuer determines (supported by an opinion as to such determination from tax advisers of recognised standing in Australia provided to the Registrar) that:

- (a) on the occasion of the next payment due in respect of the Notes, the Issuer would be required to make payment of any Additional Amount (as defined in Condition 9.6); or
 - (b) prior to the Maturity Date that interest payable on the Notes is not or may not be allowed as a deduction for the purposes of Australian income tax,
- in each case, by reason of an Administrative Action (other than an Administrative Action that was expected by the Issuer as at the Issue Date) (a *Tax Event*), then the Issuer may give not more than 60 nor less than 30 days' notice to the Registrar and the Noteholders in accordance with Condition 12, and upon expiry of such notice shall redeem all (but not some only) of the Notes at their early redemption amount applicable for tax redemptions (*Early Redemption Amount (Tax)*) (which is their Outstanding Principal Amount or such other Early Redemption Amount (Tax) as is specified in the Pricing Supplement) together with (unless otherwise specified in the Pricing Supplement) accrued interest (if any) thereon.

Prior to publication of any such notice of redemption, the Issuer shall deliver to the Registrar a certificate signed by an authorised person of the Issuer showing that the conditions precedent to the right of the Issuer so to redeem have occurred and an opinion of legal advisers of recognised standing to the Issuer in its jurisdiction of incorporation to the effect that the circumstances identified in conditions 6.3(a) or 6.3(b) apply or will apply following the applicable Administrative Action.

The Issuer's right to exercise the option to redeem Subordinated Notes in accordance with this Condition 6.3 is subject to:

- (a) APRA giving its prior written approval; and
- (b) either:
 - (i) before or concurrently with redemption, the Issuer replacing the Subordinated Notes with a capital instrument which is of the same or better quality (for the purposes of the prudential standards and guidelines published by APRA and

- applicable to the Issuer from time to time) than the Subordinated Notes and the replacement of the Subordinated Notes is done under conditions that are sustainable for the income capacity of the Issuer, and the Issuer and its Subsidiaries taken as a whole; or
- (ii) the Issuer obtaining confirmation from APRA that APRA is satisfied, having regard to the capital position of the Issuer, and the Issuer and its Subsidiaries taken as a whole, that the Issuer does not have to replace the Subordinated Notes.

6.4 Early redemption at the option of the Issuer

If this Condition 6.4 is specified in the relevant Pricing Supplement as being applicable then the Issuer, having given at least the minimum period (if any) (but not more than the maximum period (if any)) of notice specified in the relevant Pricing Supplement to Noteholders in accordance with Condition 12 (which notice must comply with the following paragraph and shall be irrevocable) and subject to satisfaction of any relevant conditions specified in the relevant Pricing Supplement, may redeem all (but not, unless and to the extent that the relevant Pricing Supplement specifies otherwise, some only) of the Notes on any Business Day (being, in the case of interest-bearing Notes (unless otherwise specified in the relevant Pricing Supplement), an Interest Payment Date) at their early redemption amount applicable for calls by the Issuer (**Early Redemption Amount (Call)**) (which is their Outstanding Principal Amount or such other Early Redemption Amount (Call) as is specified in, or determined in accordance with, the relevant Pricing Supplement) together with (unless otherwise specified in the Pricing Supplement) accrued interest (if any) thereon.

The Issuer's right to exercise the option to redeem the Notes referred to in this Condition 6.4 in the case of Subordinated Notes, is subject to:

- (a) the date on which the Early Redemption Amount (Call) is payable by the Issuer is at least five years after the Issue Date of the Subordinated Notes;
- (b) APRA giving its prior written approval; and
- (c) either:
 - (i) before or concurrently with redemption, the Issuer replacing the Subordinated Notes with a capital instrument which is of the same or better quality (for the purposes of the prudential standards and guidelines published by APRA and applicable to the Issuer from time to time) than the Subordinated Notes and the replacement of the Subordinated Notes is done under conditions that are sustainable for the income capacity of the Issuer, and the Issuer and its Subsidiaries taken as a whole; or
 - (ii) the Issuer obtaining confirmation from APRA that APRA is satisfied, having regard to the capital position of the Issuer, and the Issuer and its Subsidiaries taken as a whole, that the Issuer does not have to replace the Subordinated Notes.

The notice referred to above shall specify:

- (a) the Series of Notes subject to redemption;
- (b) subject to the Pricing Supplement specifying that a partial redemption is permissible, whether such Series is to be redeemed in whole or in part only and, if in part only, the aggregate principal amount of the Notes of the relevant Series which are to be redeemed;
- (c) the due date for redemption;

(a **Regulatory Event**).

If the Issuer becomes entitled to redeem the Subordinated Notes under this Condition 6.7, the Issuer may do so by giving not more than 45 Business Days' nor less than 15 Business Days' notice to the Registrar and the Subordinated Noteholders in accordance with Condition 12 and to the ASX of any early redemption of Subordinated Notes in accordance with this Condition 6.7 and upon expiry of such notice will redeem all (but not some only) of the Subordinated Notes for their Outstanding Principal Amount together with accrued interest (if any) on the relevant Interest Payment Date.

The Issuer's right to exercise the option to redeem Subordinated Notes in accordance with this Condition 6.7 is subject to:

- (c) APRA giving its prior written approval; and
- (d) either:
 - (i) before or concurrently with redemption, the Issuer replacing the Subordinated Notes with a capital instrument which is of the same or better quality (for the purposes of the prudential standards and guidelines published by APRA and applicable to the Issuer from time to time) than the Subordinated Notes and the replacement of the Subordinated Notes is done under conditions that are sustainable for the income capacity of the Issuer, and the Issuer and its Subsidiaries taken as a whole; or
 - (ii) the Issuer obtaining confirmation from APRA that APRA is satisfied, having regard to the capital position of the Issuer, and the Issuer and its Subsidiaries taken as a whole, that the Issuer does not have to replace the Subordinated Notes.

Prior to publication of a notice of redemption described in this Condition 6.7, the Issuer must have received an opinion of legal advisers of recognised standing in Australia in relation to the Regulatory Event.

6.8 Approval at the sole discretion of APRA

Any reference to APRA giving its approval to a redemption, call or purchase of an instrument in Condition 6 is at the sole discretion of APRA and such approval may or may not be forthcoming.

6.9 Condition 4.5(e)

This Condition 6 is subject to Condition 4.5(e).

6.10 Notices of Redemption

Any redemption notice given under Conditions 6.3, 6.4 or 6.7 is irrevocable and obliges the Issuer to redeem the Notes at the time and in the manner specified in the notice, provided that any such notice given in respect of Subordinated Notes shall be of no effect following the occurrence of a Non-Viability Trigger Event with respect to any Subordinated Note which is to be Converted or Written-Off on the applicable Conversion Date in accordance with Condition 8.

7 Events of Default

7.1 Events of Default - Senior Notes

An Event of Default occurs in relation to a Senior Note of any Series if:

- (a) (**payment default**) the Issuer fails to pay any principal or any interest in respect of the Senior Notes within 5 days of the relevant due date;

- (d) the Early Redemption Amount (Call) at which such Notes are to be redeemed; and
- (e) whether or not accrued interest is to be paid upon redemption and, if so, the amount thereof or the basis or method of calculation thereof, all as provided in the relevant Pricing Supplement.

In the case of a partial redemption of Notes, the Notes to be redeemed will be selected by the Registrar, and notice of the Notes selected for redemption will be given in accordance with Condition 12 not less than 15 days prior to the date fixed for redemption.

6.5 Redemption at the option of Noteholders

If this Condition 6.5 is specified in the relevant Pricing Supplement as being applicable then, at the option of the Noteholder and provided that any conditions to the exercise of such option as are specified in the relevant Pricing Supplement have been satisfied, the Issuer will redeem the Note on any day (being, in the case of an interest-bearing Note (unless otherwise specified in the relevant Pricing Supplement) an Interest Payment Date) at its early redemption amount applicable for puts (**Early Redemption Amount (Put)**) (which is its Outstanding Principal Amount or such other Early Redemption Amount (Put) as is specified in, or determined in accordance with, the relevant Pricing Supplement) together with (unless otherwise specified in the Pricing Supplement) accrued interest (if any) thereon.

To exercise such option, the Noteholder must complete, sign and deliver to the specified office of the Registrar not less than 45 days before the redemption date (or such other period as may be specified in the relevant Pricing Supplement), a redemption notice (in the form obtainable from the Registrar) together with the relevant extract for the Notes.

This Condition 6.5 does not apply to any Subordinated Notes.

6.6 Zero Coupon Notes

In the case of a Zero Coupon Note (unless otherwise specified in the Pricing Supplement), the Early Termination Amount is the Amortised Face Amount or such other amount specified in the Pricing Supplement.

This Condition 6.6 does not apply to any Subordinated Notes.

6.7 Early redemption for regulatory reasons

In respect of any Series of Subordinated Notes, the Issuer may redeem all (but not some only) of the Subordinated Notes for their Outstanding Principal Amount, together with accrued interest (if any) on an Interest Payment Date in accordance with this Condition 6.7 and subject to Condition 4.5(b), if:

- (a) after the Issue Date, as a result of an Administrative Action or any amendment to, clarification of, or change (including any announcement of a change) in the law or an Administrative Action, in each case by a Government Agency in the Commonwealth of Australia and in each case, not expected by the Issuer as at the Issue Date:
 - (i) additional requirements (which are more than *de minimis*) would be imposed on the Issuer and its Subsidiaries taken as a whole in relation to the Subordinated Notes; or
 - (ii) there would be a negative impact on the eligibility of the Subordinated Notes as Tier 2 Capital Instruments,which the Issuer determines, in its sole discretion, to be unacceptable; or
- (b) the Issuer determines that all, some or a proportion of all or some Subordinated Notes are not, or will not be treated as Tier 2 Capital Instruments, other than as a result of a change of treatment expected by the Issuer as at the Issue Date,

- (b) (**other default**) the Issuer defaults in performance or observance of or compliance with any of its material obligations under the Senior Notes (other than an obligation for the payment of any amount due in respect of any of the Senior Notes), which default is incapable of remedy or, if capable of remedy, is not remedied within 14 days after notice requiring such default to be remedied has been given to the Issuer;
- (c) (**unlawfulness**) it is or will become unlawful for the Issuer to perform or comply with any one or more of its obligations under the Senior Notes;
- (d) (**insolvency**) the Issuer:
 - (i) becomes insolvent, is unable to pay its debts as they fall due or fails to comply with a statutory demand (which is still in effect) under Section 459F of the Corporations Act;
 - (ii) stops or suspends or threatens to stop or suspend payment of all or a material part of its debts, or appoints an administrator under Section 436A of the Corporations Act; or
 - (iii) begins negotiations or takes any proceeding or other step with a view to re-adjustment, rescheduling or deferral of all its indebtedness (or any part of its indebtedness which it will or
 - (iv) might otherwise be unable to pay when due) or proposes or makes a general assignment or an arrangement or composition with or for the benefit of its creditors, or a moratorium is agreed or declared in respect of or affecting indebtedness of the Issuer,except in any case referred to in (e)(iii) above for the purposes of a solvent reconstruction or amalgamation the terms of which have previously been approved by an Extraordinary Resolution of the Senior Noteholders;
- (e) (**winding up order**)
 - (i) an order is made or an effective resolution is passed for the Winding Up of the Issuer (except in any such case for the purposes of a solvent reconstruction or amalgamation the terms of which have previously been approved by an Extraordinary Resolution of Senior Noteholders); or
 - (ii) an administrator is appointed to the Issuer by a provisional liquidator of the Issuer under Section 436B of the Corporations Act; or
 - (iii) any event which occurs under the law of any relevant jurisdiction which has an analogous or equivalent effect to any of the events referred to in paragraphs (i) or (ii);
- (f) (**enforcement against assets**) a distress, attachment, execution or other legal process is levied, enforced or sued out against or on the Issuer or against all or a material part of the assets of the Issuer in respect of any Financial Indebtedness of the Issuer and is not stayed, satisfied or discharged within 14 days or otherwise contested in bona fide proceedings;
- (g) (**enforcement of security**) any present or future Security Interest(s) on or over the assets of the Issuer becomes enforceable and any step (including the taking of possession or the appointment of a receiver, manager or similar officer which is not vacated or discharged within 14 days or where the proceedings are being contested in good faith such longer period as may be agreed by an Extraordinary Resolution of the Senior Noteholders) is taken to enforce that Security Interest by reason of a default or event of default (howsoever described) having occurred.

Notwithstanding any provision of Condition 7.1, none of the Events of Default referred to in Condition 7.1 (other than Condition 7.1(e)(i)) will be deemed to have occurred solely as a result of any failure by the Issuer to perform or observe any of its obligations in relation to, or the agreement or declaration of any moratorium with respect to, or the taking of any proceeding in respect of, or the occurrence of any default (however described) under or in respect of any Regulatory Capital of the Issuer.

7.2 Consequences of an Event of Default - Senior Notes

Subject to Condition 7.3 if any Event of Default occurs in relation to Senior Notes of any Series or any of them, then a Senior Noteholder in that Series may by written notice to the Issuer (with a copy to the Registrar) declare the Early Termination Amount (together with all accrued interest (if any)) applicable to each Senior Note held by the Senior Noteholder to be due and payable immediately or on such other date specified in the notice.

7.3 Rectification

A Senior Noteholder's right under Condition 7.2 to declare Senior Notes due terminates if the situation giving cause to it has been cured before such right is exercised.

7.4 Event of Default - Subordinated Notes.

Subject to Condition 4.5(b), an Event of Default occurs in relation to a Subordinated Note of any Series if:

- (a) a Winding Up of the Issuer occurs and is continuing other than for the purposes of a consolidation, amalgamation, merger or reconstruction (the terms of which have been approved by the shareholders of the Issuer or by a court of competent jurisdiction) under which the continuing or resulting corporation effectively assumes the entire obligations of the Issuer under the Subordinated Notes; or
- (b) the Issuer does not pay an amount owing in connection with a Subordinated Note within 5 days of it falling due.

7.5 Consequences of an Event of Default - Subordinated Notes

If any Event of Default occurs in relation to Subordinated Notes of any Series or any of them, the Subordinated Noteholder:

- (a) has no right to declare each Subordinated Note held by it to be due and payable or to take other action on account of the Issuer not paying the amount, except as provided in this Condition 7.5; and
- (b) may take proceedings in a court of competent jurisdiction:
 - (i) to recover the amount, provided that the Issuer may only be compelled in those proceedings to pay that amount to the extent that it is, and after making the payment would be, Solvent; or
 - (ii) for the Winding Up of the Issuer.

If the Issuer is in Winding Up, a Subordinated Noteholder may by written notice to the Issuer (with a copy to the Registrar) declare each Subordinated Note held by it to be due and payable and, subject to Condition 4, may prove in the Winding Up for an amount equal to the Outstanding Principal Amount of the Subordinated Note (together with interest in accordance with the terms of the Subordinated Notes to the date on which the Winding Up is taken to have commenced).

Any amount not paid due to Condition 7.5(b)(i) remains a debt owing to the Subordinated Noteholder by the Issuer until it is paid.

In this Condition 7.5:

8.2 Conversion or Write-Off of Subordinated Notes

This Condition 8.2 applies only to Subordinated Notes issued by the Issuer. Schedule 3 of the Note Deed Poll (including the defined terms therein) shall be deemed to form part of, and be incorporated in, this Condition 8.2.

(a) Non-Viability Trigger Event

A Non-Viability Trigger Event occurs when APRA has provided a written determination (**Non-Viability Determination**) to the Issuer that:

- (i) the conversion or write-off of Relevant Capital Instruments of the Issuer is necessary because without the conversion or write-off APRA considers that the Issuer would become non-viable; or
- (ii) without a public sector injection of capital, or equivalent support, APRA determines that the Issuer will become non-viable.

A Non-Viability Determination provided in accordance with Condition 8.2(a)(i) may specify:

- (A) that all Relevant Capital Instruments then outstanding shall be converted or written-off (in such circumstances, the **Non-Viability Amount** shall be the aggregate face value of all Relevant Capital Instruments in respect of such Non-Viability Determination); or
- (B) that the Issuer must convert or write-off Relevant Capital Instruments having an aggregate face value determined by the Issuer to be at least sufficient to satisfy APRA that the Issuer would not become non-viable (the amount as so determined being the **Non-Viability Amount** in respect of such Non-Viability Determination).

In the case of a Non-Viability Determination provided in accordance with Condition 8.2(a)(ii), all Relevant Capital Instruments then outstanding shall be converted or written-off by the Issuer (and accordingly, in such circumstances, the **Non-Viability Amount** shall be the aggregate face value of all Relevant Capital Instruments).

(b) Relevant Tier 1 Capital Instruments to be converted or written-off first where permitted

On the date on which a Non-Viability Trigger Event occurs (the **Conversion Date**), the Issuer must convert or write-off Relevant Capital Instruments (including the Subordinated Notes in accordance with this Condition 8.2(b)), in accordance with the Non-Viability Determination.

Where the Non-Viability Determination is issued in accordance with Condition 8.2(a)(i), and the Non-Viability Amount as determined in accordance with such Non-Viability Determination is less than the aggregate nominal amount of Relevant Capital Instruments then outstanding:

- (i) before Relevant Tier 2 Capital Instruments (including the Subordinated Notes) are converted or written-off, the Issuer must convert or write-off all Relevant Tier 1 Capital Instruments;
- (ii) to the extent the Non-Viability Amount exceeds the aggregate nominal amount of Relevant Tier 1 Capital Instruments, the Issuer must convert or write-off Relevant Tier 2 Capital Instruments (including Subordinated Notes in accordance with either Condition 8.2(c) or Condition 8.2(j) (whichever is

Assets means, in respect of the Issuer, its total gross (non-consolidated) assets as shown by its latest published audited financial statements but adjusted for events subsequent to the date of such financial statements in such manner and to such extent as its directors, its auditors or its liquidator may determine to be appropriate.

Liabilities means, in respect of the Issuer, its total gross (non-consolidated) liabilities as shown by its latest published audited financial statements but adjusted for events subsequent to the date of such financial statements in such manner and to such extent as its directors, its auditors or its liquidator may determine to be appropriate.

Solvent means that each of the following is the case:

- (a) the Issuer is able to pay its debts as they fall due; and
- (b) its Assets exceed its Liabilities.

7.6 Notification

If an Event of Default occurs, the Issuer must promptly after becoming aware of it notify the Registrar of the occurrence of the Event of Default (specifying details of it) and procure that the Registrar promptly notifies the relevant Noteholders of the occurrence of the Event of Default by registered post to the address of the Noteholder recorded in the Register.

8 Subordination and Conversion or Write-Off of Subordinated Notes

8.1 Subordination

In the event of the Winding Up of the Issuer constituting an Event of Default with respect to the Subordinated Notes, there shall be payable with respect to the Subordinated Notes, subject to the subordination provisions discussed above (see Condition 4.5 (Terms of Subordination)), an amount equal to the Outstanding Principal Amount of the Subordinated Notes then outstanding, together with all accrued and unpaid interest thereon to the repayment date.

As a result of the subordination provisions, until the Senior Creditors have been paid in full, the Subordinated Noteholder must not claim in the Winding Up in competition with the Senior Creditors so as to diminish any distribution, dividend or payment which, but for that claim, the Senior Creditors would have been entitled to receive. By subscription for, or transfer of, Subordinated Notes to a Subordinated Noteholder, that Subordinated Noteholder will be taken to have agreed that no amount in respect of the Subordinated Notes will be repaid until all the claims of the Senior Creditors admitted in the winding up have been satisfied accordingly. Accordingly, if proceedings with respect to the winding up of the Issuer in Australia were to occur, the Subordinated Noteholders could recover less relative to the holders of deposit liabilities, the holders of Notes and the holders of prior ranking subordinated liabilities of the Issuer. For the avoidance of doubt, the Subordinated Notes do not constitute deposit liabilities in Australia or protected accounts for the purpose of, or otherwise benefit from a priority under the Banking Act 1959 or the Reserve Bank Act 1959.

If in any such winding up, the amount payable with respect to the Subordinated Notes and any claims ranking equally with the Subordinated Notes cannot be paid in full, the Subordinated Notes and other claims ranking equally with the Subordinated Notes will share relatively in any distribution of the Issuer's assets in a winding up in proportion to the respective amounts to which they are entitled.

In addition, because the Issuer is a holding company as well as an operating company, the rights of the Issuer, its creditors and of the Subordinated Noteholders to participate in the assets of any of the Issuer's subsidiaries upon the liquidation of such subsidiary will be subject to the prior claims of the subsidiary's creditors, except to the extent that the Issuer itself may be a creditor with recognised claims against that subsidiary.

applicable)), in an aggregate nominal amount equal to the amount of that excess; and

- (iii) immediately on receipt of the Non-Viability Determination, and where required having determined the Non-Viability Amount, the Issuer must determine:
 - (A) the aggregate nominal amount of the Subordinated Notes that will be Converted or be Written-Off in accordance with either Condition 8.2(c) or Condition 8.2(j) (whichever is applicable); and
 - (B) the aggregate nominal amount of other Relevant Tier 2 Capital Instruments which will convert or be written-off.

The Issuer must endeavour to treat Noteholders and holders of any other Relevant Tier 2 Capital Instruments on an approximately proportionate basis or such other basis as is consistent and reasonable and in each case, may discriminate to take account of the effect on marketable parcels and other logistical considerations and the need to effect the Conversion or Write-Off immediately. In determining the aggregate nominal amount of Subordinated Notes to be Converted or Written-off in accordance with Condition 8.2(b)(iii)(A) above, the Issuer must determine such an aggregate nominal amount which is a whole multiple of A\$10,000.

- (c) **Conversion of Subordinated Notes**
Unless "Write-Off – Applicable" is specified in the applicable Pricing Supplement, this Condition 8.2(c) and Conditions 8.2(d), 8.2(e), 8.2(f), 8.2(g), 8.2(h) and 8.2(i) shall apply to the Subordinated Notes.

Notwithstanding any other provision in these Conditions, on the Conversion Date:

- (i) if the Non-Viability Amount determined in accordance with Condition 8.2(a) is the aggregate face value of all Relevant Capital Instruments, then all of the Subordinated Notes will Convert immediately and irrevocably into Ordinary Shares; or
- (ii) if the Non-Viability Amount determined in accordance with Condition 8.2(a) is less than the aggregate face value of all Relevant Capital Instruments, then the relevant nominal amount (as determined under Condition 8.2(b)) of the Subordinated Notes will Convert immediately and irrevocably into Ordinary Shares.

In each such case, the conversion will occur in accordance with the terms set out in Schedule 3 of the Note Deed Poll (the **Conversion**).

Without limiting the above, Conversion under this Condition 8.2(c) takes priority over a redemption notice issued under Conditions 6.3, 6.4 or 6.7.

- (d) **Noteholder acknowledgements relating to Conversion and Write-Off**

Each Noteholder irrevocably:

- (i) consents to becoming a member of the Issuer upon the Conversion of Subordinated Notes as required by Condition 8.2(c) and agrees to be bound by the constitution of the Issuer, in each case in respect of the Ordinary Shares issued on Conversion;
- (ii) acknowledges and agrees that it is obliged to accept Ordinary Shares upon a Conversion notwithstanding anything that might otherwise affect a Conversion of the Subordinated Notes including:
 - (A) any change in the financial position of the Issuer since the issue of the Subordinated Notes;

- (B) any disruption to the market or potential market for the Ordinary Shares or to capital markets generally; or
 - (C) any breach by the Issuer of any obligation in connection with the Subordinated Notes;
 - (iii) acknowledges and agrees that where Condition 8.2(b) applies:
 - (A) there are no other conditions to a Non-Viability Trigger Event occurring as and when provided in Condition 8.2(a);
 - (B) Conversion or Write-Off must occur immediately on the Non-Viability Trigger Event and that may result in disruption or failures in trading or dealings in the Subordinated Notes or other loss to Noteholders;
 - (C) it will not have any rights to vote in respect of any Conversion or Write-Off; and
 - (D) the Ordinary Shares issued on Conversion may not be quoted at the time of issue, or at all;
 - (iv) acknowledges and agrees that where Condition 8.2(e) or Condition 8.2(j) applies, no other conditions or events will affect the operation of that Condition and the Noteholder will not have any rights to vote in respect of any Write-Off under that clause;
 - (v) acknowledges and agrees that a Noteholder has no right to request a Conversion or Write-Off of any Subordinated Notes or to determine whether (or in what circumstances) the Subordinated Notes are Converted or Written-Off;
 - (vi) acknowledges and agrees that none of the following shall prevent, impede or delay the Conversion or Write-Off of the Subordinated Notes:
 - (A) any failure to or delay in the conversion or write-off of Relevant Tier 1 Capital Instruments or other Relevant Tier 2 Capital Instruments;
 - (B) any failure or delay in giving a Non-Viability Trigger Event Conversion Notice;
 - (C) any failure or delay in quotation of the Ordinary Shares to be issued on Conversion;
 - (D) any requirement to select or adjust the amount of Subordinated Notes to be Converted in accordance with Condition 8.2(b)(iii); and
 - (vii) acknowledges and agrees that Conversion or Write-Off of the Subordinated Notes in accordance with Condition 8.2 is a fundamental term of the Subordinated Notes and is not subject to any other conditions other than those expressly provided for in Condition 8.2.
- (e) **Write-Off due to Inability Event**
- If a nominal amount of Subordinated Notes held by a Noteholder is required to Convert under Condition 8.2(c) and, on the Conversion Date, the Issuer is prevented by applicable law or order of any court or action of any government authority (including regarding the insolvency, winding-up or other external administration of the Issuer) or any other reason from Converting that nominal amount of Subordinated Notes or for any other reason Conversion of that nominal amount of Subordinated Notes fails to occur (an **Inability Event**) and Conversion has not been effected within five Business Days after the Conversion Date, to the extent the Inability Event prevents the Issuer from Converting the nominal amount of Subordinated Notes of the Noteholder which, but for this Condition 8.2(e), would be Converted, or for any other reason Conversion

- provided, however, that the sole right of the Noteholder in respect of such Subordinated Note is its right to be issued the Ordinary Shares (subject to its compliance with Condition 8.2(g)) and the remedy of a Noteholder in respect of the Issuer's failure to issue the Ordinary Shares is limited to seeking an order for specific performance of the Issuer's obligation to issue the Ordinary Shares.
- (i) **Issue to nominee**
- If any Subordinated Notes are required to be Converted under Condition 8.2(c) and:
- (i) the Noteholder has notified the Issuer that it does not wish to receive Ordinary Shares as a result of the Conversion (whether entirely or to the extent specified in the notice), which notice may be given at any time on or after the date on which the relevant Subordinated Note was issued and no less than 15 Business Days prior to the Conversion Date;
 - (ii) the Subordinated Notes are held by a person the Issuer believes in good faith may not be a resident of Australia (a Foreign Holder); or
 - (iii) if for any reason (whether or not due to the fault of a Noteholder) the Issuer has not received any information required by it in accordance with these Conditions in accordance with Condition 8.2(g) so as to impede the Issuer issuing the Ordinary Shares to a Noteholder on the Conversion Date;
- then, on the Conversion Date:
- (iv) where subparagraph (i) or (ii) applies, the Issuer is obliged to issue the Ordinary Shares to the Noteholder only to the extent (if at all) that:
 - (A) where subparagraph (i) applies, the Noteholder wishes to receive them;
 - (B) where subparagraph (ii) applies, the Issuer is satisfied that the laws of both Australia and the Foreign Holder's country of residence permit the issue of the Ordinary Shares to the Foreign Holder (but as to which the Issuer is not bound to enquire), either unconditionally or after compliance with conditions which the Issuer, in its absolute discretion, regards as acceptable and not unduly onerous;
- and to the extent the Issuer is not obliged to issue Ordinary Shares to the Noteholder, the Issuer will issue the balance of the Ordinary Shares to the nominee appointed by the Issuer in accordance with subparagraph (v) of this Condition 8.2(i);
- (v) otherwise, subject to applicable law, the Issuer will for no additional consideration issue the balance of Ordinary Shares in respect of that Noteholder to a nominee appointed by the Issuer (which nominee may not be the Issuer or a Related Entity of the Issuer) and who, subject to applicable law, will sell the Ordinary Shares it receives and pay a cash amount equal to the net proceeds received, after deducting any applicable brokerage, stamp duty and other taxes and charges (including the nominee's reasonable out of pocket costs, expenses and charges, in each case properly incurred in connection with such sale from the sale price of the Ordinary Shares) to the Noteholder. The issue of Ordinary Shares to such nominee will satisfy all obligations of the Issuer in connection with the Conversion, the Subordinated Notes will be deemed Converted and on and from the issue of Ordinary Shares the rights of a Noteholder the subject of this Condition 8.2(i) are limited to its rights in respect of the Ordinary Shares or their net cash proceeds as provided in this Condition 8.2(i); and

- of that nominal amount of Subordinated Notes fails to occur then, notwithstanding any other provisions of these Conditions or the applicable Pricing Supplement, Conversion on account of the Non-Viability Trigger Event will not occur and the rights of the Noteholder (including to the payment of any principal or interest) in relation to such nominal amount of Subordinated Notes are Written-Off, with any such Write-Off to be taken as having effect on and from the Conversion Date.
- (f) **Non-Viability Trigger Event Conversion Notice**
- As soon as practicable after the occurrence of a Non-Viability Trigger Event, the Issuer must give notice of the Non-Viability Trigger Event (a Non-Viability Trigger Event Conversion Notice) to the Noteholders which states the Conversion Date, the aggregate nominal amount of Subordinated Notes Converted or Written-Off and the aggregate nominal amount of Relevant Tier 2 Capital Instruments converted or written-off.
- That Non-Viability Trigger Event Conversion Notice and all calculations and determinations made by the Issuer in connection thereto are final and binding.
- (g) **Provision of information**
- (i) Where a nominal amount of Subordinated Notes held by a Noteholder is required to be Converted under Condition 8.2(c), a Noteholder wishing to receive Ordinary Shares must, no later than the Conversion Date, have provided to the Issuer:
 - (A) its name and address (or the name and address of any person in whose name it directs the Ordinary Shares to be issued) for entry into any register of title and receipt of any certificate or holding statement in respect of any Ordinary Shares;
 - (B) the Noteholder's security account details in CHESS or such other account to which the Ordinary Shares may be credited; and
 - (C) such other information as is reasonably requested by the Issuer for the purposes of enabling it to issue the Conversion Number of Ordinary Shares to the Noteholder.
 - (ii) If for any reason (whether or not due to the fault of a Noteholder) the Issuer has not received any information required to be provided by the Noteholder under this Condition 8.2(g) by the time such information is required in order for Ordinary Shares to be issued on the Conversion Date, the Issuer will issue the Ordinary Shares in respect of that Noteholder to a nominee in accordance with Condition 8.2(i) and the provisions of Condition 8.2(i) shall apply, mutatis mutandis, to such Ordinary Shares.
- (h) **Failure to Convert**
- Subject to Conditions 8.2(e), 8.2(i) and 8.2(g)(ii), if, in respect of a Conversion of a Subordinated Note, the Issuer fails to issue the Conversion Number of Ordinary Shares in respect of the nominal amount of such Subordinated Note to, or in accordance with the instructions of, the relevant Noteholder on the Conversion Date or a nominee where Condition 8.2(i) applies, the nominal amount of that Subordinated Note which would otherwise be subject to Conversion remains, for the purposes of these Conditions, on issue until the earlier of the date on which:
- (i) the Ordinary Shares are issued to, or in accordance with the instructions of, the Noteholder; or
 - (ii) the Subordinated Note is Written-Off as set out in Condition 8.2(e),

- (vi) nothing in this Condition 8.2(i) shall affect the Conversion of the Subordinated Notes of a Noteholder which is not a person to which any of subparagraphs (i) to (iii) (inclusive) applies.
- (j) **Write-Off of Subordinated Notes**
- If 'Write-Off - Applicable' is specified in the applicable Pricing Supplement, then this Condition 8.2(j) shall apply to the Subordinated Notes and, for the avoidance of doubt, Condition 8.2(c) and Conditions 8.2(d)(i), 8.2(d)(ii), 8.2(d)(iii)(D), 8.2(e), 8.2(g), 8.2(h) and 8.2(i) shall not apply to the Subordinated Notes.
- On the Conversion Date the rights of Noteholders (including to payment of any principal or interest) in relation to the nominal amount of the Subordinated Notes are Written-Off.
- (k) **Ordinary Shares issued upon Conversion**
- Each Ordinary Share issued to a relevant Noteholder upon Conversion will rank equally with all other fully paid Ordinary Shares from the date of such issue.
- (l) **No duty on sale**
- For the purposes of Conditions 8.2(g) and 8.2(i), the Issuer does not owe any obligations or duties to the Noteholders in relation to the price at which Ordinary Shares are sold and has no liability for any loss suffered by a Noteholder as a result of the sale of Ordinary Shares.

9 Payments

9.1 Payments of interest and principal

Payments of interest to Noteholders will be made according to the particulars recorded in the Register on the relevant Record Date. Payments of principal to Noteholders will be made according to the particulars recorded in the Register at 10:00am on the Payment Date.

9.2 Joint holders

When a Note is held jointly, payment will be made to the holders in their joint names unless requested otherwise.

9.3 Method of payments

Payments in respect of each Note will be made in Australian dollars and:

- (a) if the Notes are in the Austraclear System, by crediting on the relevant Payment Date the amount then due to the account of the Noteholder in accordance with the Austraclear Regulations; or
- (b) if the Notes are not in the Austraclear System, by crediting on the Payment Date the amount then due to an account previously notified by the registered owner of the Note to the Issuer and the Registrar. If the registered owner of the Note has not notified the Issuer and the Registrar of such an account by close of business on the relevant Record Date or upon application by the registered owner of the Note to the Issuer and the Registrar no later than close of business on the relevant Record Date, payments in respect of the relevant Note will be made by cheque, mailed on the Business Day immediately preceding the relevant Interest Payment Date in the case of payments of interest or on the due date for redemption or repayment, in the case of payments of principal, at the Noteholder's risk to the registered owner (or to the first named of joint registered owners) of such Note at the address appearing in the Register as at the Record Date. Cheques to be despatched to the nominated address of a Noteholder will in such cases be deemed to have been received by the Noteholder on the relevant Payment Date and no further amount will be payable by the Issuer in respect of the

	relevant Note as a result of payment not being received by the Noteholder on the due date.
9.4	Business Days All payments must be made in accordance with the Applicable Business Day Convention, provided that this clause shall not apply with respect to any payment provided for under Schedule 3 of the Note Deed Poll with respect to a Conversion of Subordinated Notes into Ordinary Shares.

9.6	Taxation Unless this Condition 9.6 is specified in the Pricing Supplement as not being applicable or a withholding deduction is required by law or is permitted by Condition 9.6(a), all payments (whether in respect of principal redemption amount, interest or otherwise) in respect of the Notes will be made without set-off or counterclaim and free and clear of, and without deduction of or on account of any taxes, levies, duties, charges, deductions or withholding of any nature (together, Taxes) now or hereafter imposed, levied, collected, withheld or assessed by the Commonwealth of Australia or any political subdivision therein or thereof unless such withholding or deduction is required by law. In that event the Issuer will pay such additional amounts (Additional Amounts) as may be necessary in order that the net amount received by the Noteholders after such withholding or deduction equals the respective amounts which would otherwise have been receivable in respect of the Notes in the absence of such withholding or deduction, except that no Additional Amounts are payable in relation to any payments in respect of any Note: (a) to, or to a third party on behalf of, a Noteholder who is liable to such Taxes in respect of such Note by reason of the Noteholders having some connection with the Commonwealth of Australia (or any political subdivision therein or thereof) other than the mere holding of such Note or receipt of payment (whether in respect of principal, redemption amount, interest or otherwise) in respect of it; (b) to, or to a third party on behalf of, a Noteholder who could lawfully avoid (but has not so avoided) such deduction or withholding by complying or procuring that any third party complies with any statutory requirements or by making or procuring that any third party makes a declaration of non- residence or similar cause for exemption to any tax authority in the place where payment under the Note is made; (c) to, or to a third party on behalf of, a Noteholder who is liable to the Taxes in respect of the Note by reason of the Noteholder being an associate of the Issuer within the meaning of section 128F(9) of the Tax Act; (d) to, or on behalf of, a Noteholder where the withholding or deduction is required by reason of the Australian Commissioner of Taxation giving a notice under section 255 of the Tax Act or section 260-5 of Schedule One to the Taxation Administration Act 1953 of Australia; (e) to, or to a third party on behalf of an Australian resident Noteholder or a non-resident Noteholder carrying on business in Australia at or through a permanent establishment of the non-resident in Australia, if that person has not supplied an Australian business number, a tax file number or exemption details as may be necessary to enable the payment to be made without such withholding or deduction; or
11	Time limit for claims A claim against the Issuer for a payment under a Note is void unless such claim is made within 5 years from the Relevant Date of payment.
12	Notices
12.1	To the Issuer, and the Registrar A notice or other communication in connection with a Note to the Issuer, or the Registrar must be in writing and may be given by prepaid post or delivery to the address of the addressee or by facsimile to the facsimile number of the addressee specified: (a) in the Information Memorandum; or (b) as otherwise agreed between those parties from time to time and notified to the Noteholders.
12.2	To Noteholders A notice or other communication in connection with a Note to the Noteholder must be in writing and may be given by: (a) an advertisement published in The Australian Financial Review or any other newspaper or newspapers circulating in Australia generally; or (b) if an additional or alternate newspaper is specified in the Pricing Supplement, that newspaper; or (c) prepaid post (airmail if posted to or from a place outside Australia) or delivery to the address of each Noteholder or any relevant Noteholder as shown in the Register at the close of business 3 Business Days prior to the dispatch of the relevant notice or communication.

13	Meetings of Noteholders Meetings of Noteholders may be convened in accordance with the Meeting Provisions. Any such meeting may consider any matters affecting the interests of Noteholders, including, without limitation, the variation of the terms of the Notes by the Issuer and the granting of approvals, consents and waivers, and the declaration of an Event of Default.
14	Amendments
14.1	To cure ambiguities The Terms and Conditions and the applicable Pricing Supplement may be amended by the Issuer without the consent of any Noteholder for the purposes of curing any ambiguity, or correcting or supplementing any defective or inconsistent provisions therein and such amendment does not adversely affect the interests of the Noteholders, provided that in the case of Subordinated Notes, to the extent such amendments may affect the eligibility of the

(f)	in such other circumstances as may be specified in the Pricing Supplement.
9.6A	FATCA (a) The Issuer may withhold or make deductions from payments or from the issue of Ordinary Shares to a Noteholder where it is required to do so under or in connection with FATCA, or where it has reasonable grounds to suspect that the Noteholder or a beneficial owner of Notes may be subject to FATCA, and may deal with such payment, and any Ordinary Shares in accordance with FATCA. (b) If any withholding or deduction arises under or in connection with FATCA, the Issuer will not be required to pay any further amounts or issue any further Ordinary Shares on account of such withholding or deduction or otherwise reimburse or compensate, or make any payment to, a Noteholder or a beneficial owner of Notes for, or in respect of, any such withholding or deduction. (c) A dealing with such payment and any Ordinary Shares in accordance with FATCA satisfies the Issuer's obligations to that Noteholder to the extent of the amount of that payment or issue of Ordinary Shares.
9.7	Currency indemnity The Issuer waives any right it has in any jurisdiction to pay an amount other than in the currency in which it is due. However, if a Noteholder receives an amount in a currency other than that in which it is due: (a) it may convert the amount received into the due currency (even though it may be necessary to convert through a third currency to do so) on the day and at such rates (including spot rate, same day value rate or value tomorrow rate) as it reasonably considers appropriate. It may deduct its usual Costs in connection with the conversion; and (b) the Issuer satisfies its obligation to pay in the due currency only to the extent of the amount of the due currency obtained from the conversion after deducting the Costs of the conversion.
10	Further issues (a) The Issuer may from time to time, without the consent of any Noteholder, issue further Notes having the same terms and conditions as the Notes of any Series in all respects (or in all respects except for the first payment of interest, if any, on them and/or their denomination) so as to form a single Series with the Notes of that Series. References in these Terms and Conditions to the Notes include (unless the context requires otherwise) any other Notes issued under this Condition and forming a single Series with the Notes. (b) Each issue of Subordinated Notes must comply with standards set by the APRA as in force at the time of issue. If there is a change in those standards between the time of issue of a Series of Subordinated Notes and the time of issue of further Subordinated Notes, those further Subordinated Notes may not form a single Series. (d) Without limiting Condition 10(b), the Issuer may make a further issue of Subordinated Notes in accordance with this Condition 10 so as to form a single Series with Subordinated Notes of that Series, provided that as at the Issue Date of such further Subordinated Notes the Maturity Date of those Subordinated Notes must be at least 5 years after the Issue Date.
	Subordinated Notes as Tier 2 Capital Instruments, the Issuer has obtained the prior written approval of the APRA.
14.2	Approval by Noteholders The Terms and Conditions and the applicable Pricing Supplement may otherwise be amended by the Issuer with the approval of the Noteholders by Extraordinary Resolution, provided that, in the case of Subordinated Notes, to the extent such amendments may affect the eligibility of the Subordinated Notes as Tier 2 Capital Instruments, the Issuer has obtained the prior written approval of the APRA. No other amendment to the Terms and Conditions has effect in relation to the Noteholders who hold Notes at the date of any amending deed, unless they otherwise agree in writing. An amendment variation will take effect in relation to all subsequent Noteholders. An amendment variation which affects only a particular Series or Tranche of Notes may be approved solely by the Noteholders of such Series or Tranche (provided that in the case of Subordinated Notes to the extent such amendments may affect the eligibility of the Subordinated Notes as Tier 2 Capital Instruments, the Issuer has obtained the prior written approval of the APRA).

15.1	Role of the Registrar In acting under the Registry Services Agreement in connection with the Notes, the Registrar acts solely as agent of the Issuer and does not assume any obligations towards or relationship of agency or trust for or with any of the Noteholders save insofar as that any funds received by the Registrar in accordance with the Registry Services Agreement shall, pending their application in accordance with the Registry Services Agreement, be held by it in a segregated account for the persons entitled thereto.
15.2	Change of Registrar The Issuer reserves the right at any time to terminate the appointment of the Registrar in accordance with the Registry Services Agreement and to appoint a successor or additional registrars, provided, however, that the Issuer must at all times maintain the appointment of a registrar. Notice of any such termination of appointment will be given to the Noteholders in accordance with Condition 12.
15.3	Appointment of replacement Registrar If the then current Registrar ceases to be Registrar (whether as a result of termination under Condition 15.2, resignation as a result of the Notes ceasing to be lodged in the Austraclear System or otherwise), the Issuer must ensure that a replacement Registrar is appointed with effect from the relevant date.
16	Calculation Agent The Calculation Agent and its initial specified officers are as set out in the relevant Pricing Supplement for the Notes issued by the Issuer. The Issuer reserves the right at any time to terminate the appointment of the Calculation Agent or to appoint additional or other Calculation Agents, provided that it will ensure that at all times for so long as any Notes are outstanding the Calculation Agent acts in respect of Notes for which these Conditions require a Calculation Agent to make calculations.
17	Governing law and jurisdiction
17.1	Governing law The Notes are governed by the law in force in Victoria.

17.2 Jurisdiction

The Issuer irrevocably and unconditionally submits, and each Noteholder is taken to have submitted, to the non-exclusive jurisdiction of the courts of Victoria and courts of appeal from them. The Issuer waives any right it has to object to an action being brought in those courts including by claiming that the action has been brought in an inconvenient forum or that those courts do not have jurisdiction.

17.3 Serving documents

Without preventing any other method of service, any document in any action may be served on the Issuer by being delivered or left at its registered office or principal place of business.

18 Power of Attorney

- (a) Each Noteholder appoints each of the Issuer, its officers and any External Administrator of the Issuer (each an Attorney) severally to be the attorney of the Noteholder with power in the name and on behalf of the Noteholder to sign all documents and transfers and do any other thing as may be in the Attorney's opinion to be necessary or desirable to be done in order for the Noteholder to observe or perform the Noteholder's obligations under these Conditions, including effecting any Conversion or Write-Off of Subordinated Notes, making any entry in the Register or the register of any Ordinary Shares or exercising any voting power in relation to any consent or approval required for Conversion or Write-Off.

Schedule 4

Subordinated Note Conversion Mechanics

The Subordinated Note Conversion Mechanics are set out Schedule 3 to the Note Deed Poll dated 24 November 2000, as amended and restated from time to time, most recently on 27 October 2023 (a copy of which is attached).

Schedule 3

Subordinated Note Conversion Mechanics

1 Conversion

If the Issuer must Convert a nominal amount of Subordinated Notes in accordance with Condition 8.2(c) (each a **Relevant Subordinated Note**), then the following provisions shall apply:

- (a) on the Conversion Date, subject to Conditions 8.2(e), 8.2(i) and 8.2(j) the Issuer will, for each Relevant Subordinated Note held by the Noteholder, allot and issue that number of Ordinary Shares which is the lesser of:
 - (i) the Maximum Conversion Number; and
 - (ii) the number calculated according to the following formula:

$$\frac{\text{Nominal Amount}}{(1 - CD) \times \text{VWAP during the VWAP Period}}$$

(the **Conversion Number**),

where:

Nominal Amount means A\$10,000;

CD means 0.01;

Issue Date VWAP means the VWAP during the relevant VWAP Period, as adjusted in accordance with paragraphs 4 to 7 (inclusive) of this Schedule;

Issue Date VWAP Date means the first date on which Notes of the Tranches of which the Relevant Subordinated Notes forms part were issued;

Maximum Conversion Number means in respect of the Nominal Amount of a Relevant Subordinated Note the number calculated according to the following formula:

$$\frac{\text{Maximum Conversion Number Nominal Amount} = \text{Nominal Amount}}{\text{Issue Date VWAP} \times \text{Relevant Fraction}}$$

VWAP means, subject to any adjustments under paragraph 2 or 3 of this Schedule, the average of the daily volume weighted average sale prices (such average being rounded to the nearest full cent) of Ordinary Shares sold on the ASX during the relevant VWAP Period (subject to any adjustments made under this Schedule) but does not include any "Crossing" transacted outside the "Open Session State" or any "Special Crossing" transacted at any time, each as defined in the ASX Operating Rules, or any overseas trades or trades pursuant to the exercise of options over Ordinary Shares;

VWAP Period means:

- (A) when used in connection with the determination of the Issue Date VWAP – the period of 20 Business Days on which trading in Ordinary Shares took place immediately preceding (but not including) the Issue Date VWAP Date; and

ASX during the VWAP Period on the Business Days on which those entitlements were traded; or

- (iii) in the case of any other entitlement which is not traded on the ASX during the VWAP Period, the value of the entitlement as reasonably determined by the Directors; and
- (b) where, on some or all of the Business Days in the VWAP Period, Ordinary Shares have been quoted on the ASX as ex dividend or ex any other distribution or entitlement, and a nominal amount of Relevant Subordinated Notes will Convert into Ordinary Shares in respect of which the relevant dividend or other distribution or entitlement would be payable, the VWAP on the Business Days on which those Ordinary Shares have been quoted ex dividend or ex any other distribution or entitlement will be increased by the Cum Value.

3 Adjustments to VWAP for Reorganisations

Where during the relevant VWAP Period there is a change in the number of Ordinary Shares on issue as a result of a subdivision, consolidation or reclassification of the Issuer's share capital not involving any cash payment or other distribution to or by the holders of Ordinary Shares (**Reorganisation**), in calculating the VWAP for that VWAP Period the VWAP on each Business Day in the relevant VWAP Period which falls before the date on which trading in Ordinary Shares is conducted on a post-Reorganisation basis shall be adjusted by multiplying it by the following fraction:

$$\frac{A}{B}$$

where:

A means the aggregate number of Ordinary Shares immediately before the Reorganisation; and
B means the aggregate number of Ordinary Shares immediately after the Reorganisation.

4 Adjustments to Issue Date VWAP

For the purposes of determining the Issue Date VWAP in respect of a Relevant Subordinated Note, adjustments to the VWAP will be made in accordance with paragraphs 2 and 3 during the VWAP Period for the Issue Date VWAP. On and from the Issue Date VWAP Date, adjustments to the Issue Date VWAP:

- (a) may be made in accordance with paragraphs 5 to 7 (inclusive); and
- (b) if so made, will cause an adjustment to the Maximum Conversion Number by operation of the formula in paragraph 1(a).

5 Adjustments to Issue Date VWAP for bonus issues

- (a) Subject to paragraph 5(b), if after the Issue Date VWAP Date in respect of a Relevant Subordinated Note, the Issuer makes a pro rata bonus issue of Ordinary Shares to holders of Ordinary Shares generally, the Issue Date VWAP in respect of the Relevant Subordinated Notes will be adjusted immediately in accordance with the following formula:

- (B) when used otherwise – the latest period of five Business Days (or such other period specified in the applicable Pricing Supplement) on which trading in Ordinary Shares took place immediately preceding (but not including) the Conversion Date; and

Relevant Fraction means 0.2;

- (b) if the total number of additional Ordinary Shares to be allotted to a Noteholder in respect of the aggregate nominal amount of its holding of Relevant Subordinated Notes upon Conversion includes a fraction of an Ordinary Share, that fraction of an Ordinary Share will be disregarded;
- (c) on the Conversion Date the Issuer will:
 - (i) redeem the Nominal Amount of each Relevant Subordinated Note held by the Noteholder and the Noteholder's rights (including to payment of interest) in relation to each Relevant Subordinated Note will thereby be immediately and irrevocably satisfied and terminated;
 - (ii) apply the proceeds of the redemption of the Nominal Amount of each Relevant Subordinated Note on behalf of the Noteholder in subscription for the Conversion Number of Ordinary Shares; and
 - (iii) issue to the relevant Noteholder, in respect of the Nominal Amount of each Relevant Subordinated Note held by that Noteholder, a number of Ordinary Shares that is equal to the Conversion Number.

The Noteholder irrevocably directs the Issuer to take all such action in accordance with the above provisions as is necessary to immediately effect Conversion accordingly and the Issuer will take all steps, including updating any register, required to record the Conversion.

Nothing in this paragraph creates any obligation to pay or right to receive any amount in respect of the redemption of the Nominal Amount of any Relevant Subordinated Note except by way of paying the subscription price for the Conversion Number of Ordinary Shares.

2 Adjustments to VWAP

For the purposes of calculating the VWAP in this Schedule:

- (a) where, on some or all of the Business Days in the relevant VWAP Period, Ordinary Shares have been quoted on the ASX as cum dividend or cum any other distribution or entitlement and a nominal amount of Relevant Subordinated Notes will Convert into Ordinary Shares after that date and those Ordinary Shares no longer carry that dividend or any other distribution or entitlement, then the VWAP on the Business Days on which those Ordinary Shares have been quoted cum dividend or cum any other distribution or entitlement shall be reduced by an amount (the **Cum Value**) equal to:
 - (i) in the case of a dividend or other distribution, the amount of that dividend or other distribution including, if the dividend or other distribution is franked, the amount that would be included in the assessable income of a recipient of the dividend or other distribution who is both a resident of Australia and a natural person under the Income Tax Assessment Act 1936 (Cth) and the Income Tax Assessment Act 1997 (Cth);
 - (ii) in the case of any other entitlement that is not a dividend or other distribution under paragraph (a)(i) which is traded on the ASX on any of those Business Days, the volume weighted average sale price of all such entitlements sold on the

$$V = V_0 \times \frac{RD}{RD + RN}$$

where:

V means the Issue Date VWAP applicable to the Relevant Subordinated Notes immediately after the application of this formula;

V₀ means the Issue Date VWAP applicable to the Relevant Subordinated Notes immediately prior to the application of this formula;

RD means the number of Ordinary Shares on issue immediately prior to the allotment of new Ordinary Shares pursuant to the bonus issue; and

RN means the number of Ordinary Shares issued pursuant to the bonus issue.

- (b) Paragraph 5(a) does not apply to Ordinary Shares issued as part of a bonus share plan, employee or executive share plan, executive option plan, share top up plan, share purchase plan or a dividend reinvestment plan.
- (c) For the purpose of paragraph 5(a), an issue will be regarded as a pro rata bonus issue notwithstanding that the Issuer does not make offers to some or all holders of Ordinary Shares with registered addresses outside Australia, provided that in so doing the Issuer is not in contravention of the ASX Listing Rules.
- (d) No adjustments to the Issue Date VWAP will be made under this paragraph 5 for any offer of Ordinary Shares not covered by paragraph 5(a), including a rights issue or other essentially pro rata issue.
- (e) The fact that no adjustment is made for an issue of Ordinary Shares except as covered by paragraph 5(a) shall not in any way restrict the Issuer from issuing Ordinary Shares at any time on such terms as it sees fit nor be taken to constitute a modification or variation of rights or privileges of Noteholders or otherwise requiring any consent or concurrence.

6 Adjustment to Issue Date VWAP for Reorganisations

- (a) If at any time after the Issue Date VWAP Date in respect of the Relevant Subordinated Notes there is a change in the number of Ordinary Shares on issue as a result of a Reorganisation, the Issuer shall adjust the Issue Date VWAP applicable to the Relevant Subordinated Notes by multiplying the Issue Date VWAP applicable on the Business Day immediately before the date of any such Reorganisation by the following formula:

$$\frac{A}{B}$$

where:

A means the aggregate number of Ordinary Shares immediately before the Reorganisation; and

B means the aggregate number of Ordinary Shares immediately after the Reorganisation.

- (c)

Each Noteholder acknowledges that the Issuer may consolidate, divide or reclassify securities so that there is a lesser or greater number of Ordinary Shares at any time in its absolute discretion without any such action constituting a modification or variation of rights or privileges of Noteholders or otherwise requiring any consent or concurrence.
- 7

No adjustment to Issue Date VWAP in certain circumstances

Despite the provisions of paragraphs 5 and 6, no adjustment shall be made to the Issue Date VWAP where such adjustment (rounded if applicable) would be less than one per cent of the Issue Date VWAP then in effect.
- 8

Effect and announcement of adjustments

Any adjustment made by the Issuer to the VWAP or the Issue Date VWAP under this Schedule is effective and binding on the Noteholders and these Conditions will be construed accordingly. The Issuer will notify the Noteholders of any adjustment to the VWAP or the Issue Date VWAP under this Schedule within 10 Business Days of the Issuer determining the adjustment.
- 9

Listing Ordinary Shares issued on Conversion

The Issuer shall use all reasonable endeavours to procure a quotation of the Ordinary Shares issued upon Conversion of a nominal amount of Relevant Subordinated Notes on the ASX.
