

ASX ANNOUNCEMENT

CANVIEW SERVICES AGREEMENT NOT TO BE EXTENDED

27 DECEMBER 2023

Melbourne, Australia - Vitura Health Limited (ASX:VIT) (Vitura or Company) announces that Code4 Cannabis Pty Ltd (C4C) has notified Vitura's wholly-owned subsidiary Canview Pty Ltd that C4C does not intend to extend the Services Agreement pursuant to which Vitura exclusively licenses software used as part of the CanView platform (Software) beyond its expiry date of 10 August 2024.

The notification follows Vitura raising a number of issues with C4C in relation to their conduct.

Vitura has exercised its right under the Services Agreement to enact a 15 month transitional period from 10 August 2024. Vitura (through Canview Pty Ltd) will continue to be the exclusive licensee of the Software until 10 November 2025.

Vitura will assess its options with respect to the CanView ecosystem, which may include implementing alternate software prior to 10 November 2025 or exercising its option under the Services Agreement to acquire C4C.

Furthermore, under the Services Agreement, C4C will be prohibited from licensing the Software to any third party for a further 12 months following the end of the transitional period.

About Vitura Health Limited (ASX:VIT)

www.vitura.com.au

Vitura Health Limited is diversified digital health business listed on the ASX (ASX:VIT) and, via its wholly owned subsidiaries, operates the following businesses:

- www.burleighheadscannabis.com
Burleigh Heads Cannabis - operates the market leading prescriber, patient, pharmacy and supplier online platform, CanView, which sells and distributes 260+ product SKUs within Australia from 39 international and domestic medicinal cannabis brands.
- www.canview.com.au
CanView is being developed to be a complete end-to-end healthcare ecosystem designed to provide doctors, pharmacists and patients with a simple and cost-effective way to facilitate the treatment of patients with increased efficiency and compliance. The CanView system is based on a medicines wholesaling platform which seamlessly brings together a number of disparate SAAS (software-as-a-service) providers including inventory control, invoicing, customer management, reporting and analytics, all linked together through customised integration from third party providers. Underpinning the suite of SAAS elements are a number of bespoke, internally-generated operating procedures and intellectual property assets, supported by the CanView customer support and infield customer engagement teams. Through the integration of the different elements which together make up CanView, the platform provides the best user experience in the industry.

Through the Company's relationships with third party integrators, CanView provides Australian doctors with the ability to integrate their patient management systems directly with the platform and to use their patient information to generate electronic prescriptions within the CanView platform, without the need to input the patient's details. Prescriptions are then sent directly to the CanView patient app where patients can manage their treatment and submit the prescription and subsequent repeats to one of the 3,600+ Australian pharmacies with accounts on CanView for dispensing.

While the Company's current operations focus on the sale and distribution of medicinal cannabis products, Vitura is fully licensed and equipped, via its two state-of-the-art distribution centres in Melbourne and the Gold Coast, to distribute all products under Schedules 2, 3, 4, 8 and 9. The establishment during the year of the Company's joint venture to distribute psychedelic products, including MDMA and Psilocybin, is a timely example of the many opportunities that the Company believes can be seamlessly integrated into its existing digital health platform business.

- www.doctorsondemand.com.au
The Company owns Doctors on Demand Pty Ltd, a nationwide 24/7 x 365 telehealth platform business that provide innovative primary health solutions to hundreds of thousands of B2C and B2B patients annually. Services include general medical consults, urgent care, medical certificates, pathology referrals, specialist referrals, men's health, women's health, medicated weight loss and smoking cessation.
- www.cortexa.com.au
The Company owns 50% of Cortexa Pty Ltd, an incorporated joint venture with Canadian-based PharmAla Biotech (CSE:MDMA). Cortexa aims to be the leading supplier of psychedelics, GMP MDMA and GMP psilocybin, for research and therapeutic use in Australia.
- www.cdaclinics.com.au
The Company owns CDA Clinics that undertakes nationwide telehealth consultations with patients seeking access to medicinal cannabis.

- www.cannadoc.com.au

The Company owns 75.5% of Cannadoc Health Pty Ltd, a medicinal cannabis clinic business that undertakes nationwide telehealth consultations with patients seeking access to medicinal cannabis.
