

22 February 2024

**ASX RELEASE**

**Results of the BYE Minimum Holding Share Buy Back**

Byron Energy Limited (ASX: **BYE**) (**Byron** or **the Company**) is pleased to advise that it has completed the minimum holding share-buy-back offer (Unmarketable Parcel Buy-Back) as announced to the ASX on 5 January 2024. The Company offered the Unmarketable Parcel Buy-Back to shareholders holding less than a marketable parcel of Byron shares as at the Record Date of 2 January 2024 (Eligible Shareholders).

The Company provided the Unmarketable Parcel Buy-Back to Eligible Shareholders to facilitate the sale of their shares without incurring any brokerage or handling costs at a price of \$0.103 per share being the 10-day Volume Weighted Average Price (VWAP) of BYE shares at the close of trading on the Record Date. A holding of less than 4,855 shares constituted an Unmarketable Parcel of \$500, making 2,047 shareholders eligible to participate in the Unmarketable Parcel Buy-back.

The final number of shares bought back under the Unmarketable Parcel Buy-back was 2,609,623 ordinary shares comprising 1,775 shareholders, which represents approximately 87% of Eligible Shareholders. This reduces the number of Byron shareholders to approximately 3,020 and decreases administration costs associated with maintaining a large number of relatively small holdings on its share register.

The shares bought back under the Unmarketable Parcel Buy-back will cost Byron approximately A\$269,000. Payment of the proceeds will be dispatched to participating shareholders in the coming days to the bank account registered with the share registry or otherwise by cheque.
