

ASX Announcement

11 April 2024

**Quarterly Activity Report and Appendix 4C
Quarter Ended 31 March 2024**

Traffic Technologies Ltd (ASX: TTI) ('Traffic Technologies' or the 'Company') is pleased to provide its Quarterly Activity Report and Appendix 4C Cash Flow Statement for the quarter ended 31 March 2024.

Highlights

- Net operating inflows were \$1.0m in the quarter.
- Net debt repayments were \$1.3m in the quarter and \$4.2m over the first 9 months of FY24.
- Order book is strong with term contracts visibility greater than 5 years.
- Outlook strong despite reduced operating revenue for the quarter.
- The Cost Reduction Program is continuing to deliver upon expectations with an estimated annualised saving of up to a \$2.5m for FY24.
- Consolidation of buildings and manufacturing completed with immediate positive impact in the quarter.
- Share placement completed during the quarter.
- Launched Share Purchase Plan to provide additional working capital, accelerate the Cost Reduction Program and assist in the reorganisation of production.

Trading Update

Revenue for the 9 months ended 31 March 2024 of \$26.5m, down 39% on the previous corresponding period. Operating revenue has been significantly affected by challenging supply chain issues, government delays on projects and capital constraints within the Company's existing working capital facilities. The outlook is however promising, with a strong order book and term contracts with visibility greater than 5 years.

Contracts and order wins were positive in the quarter including contracts to supply LED lighting across the Mornington Peninsula in Victoria, the supply of traffic controllers and software licences in China and LED traffic signalling equipment as part of the Gold Coast Light Rail in Queensland. Demand for the Company's products and services is well placed, with the increased infrastructure expenditure plans of government and municipal councils, due to our position as one of the largest, most established and proactively innovative traffic solutions provider in Australia.

The Company has developed a cost reduction program to reduce the Company's cost base and consolidate the operating footprint of its activities. The consolidation of properties occupied by the Company and the reorganisation of manufacturing has commenced and

started to deliver a positive impact in the quarter, with estimated annualised savings of up to \$2.5m through FY24.

The expansion into the Intelligent Transport sector has given the Company the ability to supply sophisticated "Smart City" ready electronics and software across Australia, whilst bolstering the Company's signage business which provides access to councils, road authorities and contractors across the country. The additional capability within the Company to undertake installation and maintenance work has opened new channels to market for our IoT devices and traffic management products and services.

Cash

March quarter (Q3) cash and deposits were \$1.5m, including pre-payments of \$0.4m in advance to overseas suppliers.

Net operating cash inflow was \$1.0m for the quarter (Q3). Receipts from customers for the quarter were \$7.5m. Cash flow continues to be impacted by the need to prepay overseas suppliers to secure priority in componentry and logistic deliveries to ensure the Company can meet these and other major customer delivery requirements.

Net investing cash outflow was \$0.3m for the quarter, including investment to expand and develop the Company's Smart City software and product portfolio.

Net financing cash outflow was \$0.6m for the quarter, including net repayment of borrowings of \$1.3m in Q3. The Company completed a share placement of \$700k in March 2024 and launched a Share Purchase Plan (SPP) to eligible shareholders with a closing date of 26 April 2024. The result of the SPP is expected to be announced on or around 3 May 2024.

Listing Rule 4.7C.3

In item 6.1 of the Appendix 4C Cash Flow Report for the quarter, payments to related parties were made of \$172,000 for fees to executive and non-executive directors.

This announcement was authorised for release to the market by the Board of Traffic Technologies Limited.

Notes

1. This quarterly cash flow report and the accompanying activity report provide a basis for informing the market about the entity's activities for the past quarter, how they have been financed and the effect this has had on its cash position. An entity that wishes to disclose additional information over and above the minimum required under the Listing Rules is encouraged to do so.
2. If this quarterly cash flow report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, *AASB 107: Statement of Cash Flows* apply to this report. If this quarterly cash flow report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standard applies to this report.
3. Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.
4. If this report has been authorised for release to the market by your board of directors, you can insert here: "By the board". If it has been authorised for release to the market by a committee of your board of directors, you can insert here: "By the [name of board committee – eg *Audit and Risk Committee*]". If it has been authorised for release to the market by a disclosure committee, you can insert here: "By the Disclosure Committee".
5. If this report has been authorised for release to the market by your board of directors and you wish to hold yourself out as complying with recommendation 4.2 of the ASX Corporate Governance Council's *Corporate Governance Principles and Recommendations*, the board should have received a declaration from its CEO and CFO that, in their opinion, the financial records of the entity have been properly maintained, that this report complies with the appropriate accounting standards and gives a true and fair view of the cash flows of the entity, and that their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.
