### **About InhaleRx Limited (ASX: IRX) – [www.inhalerx.com.au](http://www.inhalerx.com.au)**

InhaleRx Limited is an Australian healthcare company which is developing unique medicinal drug-device products to address unmet medical needs in pain management and mental health sectors.

The overarching goal is to pursue U.S. FDA approval and registration using rapid and cost-effective regulatory pathways, such as 505(b)(2).

There is a significant economic opportunity for IRX and the Company's shareholders, the first medical indications under investigation and Breakthrough Cancer Pain (BTcP) and Panic Disorder (PD), both of which currently have limited safe and effective treatment options.

IRX holds an innovation patent and provisional patents for the nominated indications and the Company plans to continue to strengthen this position.
