ASX Announcement (ASX: DXN)

## Appointment of Interim Chief Financial Officer

Prefabricated modular data centre specialist, DXN Limited (DXN or the Company), is pleased to announce that Ms Laila Green has been appointed as interim Chief Financial Officer (CFO) of the company effective immediately.

Laila Green, BBus (EcoFin), CPA, GAICD, joined DXN as the interim Chief Financial Officer, bringing over 30 years of extensive experience. Her expertise lies in financial management, corporate governance, business growth, and organizational leadership.

With a diverse background, Laila has held executive roles in ASX-listed companies, not-for-profit organizations, private enterprises, and multinational matrix structures. She has worked across various industries, including mining, manufacturing, franchising, digital media, publishing, distribution, and direct marketing. Laila's experience also includes serving as a Company secretary, Non-Executive and Executive Board Director.

Throughout her career, Laila has demonstrated a strong track record in business transformation, setting and executing strategic objectives, prioritizing risk management, and delivering tangible results in dynamic and challenging environments. She is committed to leveraging her expertise to drive financial strategies and uphold the highest standards of corporate governance as a valuable member of DXN.

Shalini Lagrutta, CEO and Managing Director said "The board and I are delighted to welcome Laila to the DXN executive team. Her experience will be an invaluable addition to driving DXN's strategic growth plans going forward."

ASX Release authorised by the Board

### About DXN Limited

DXN Limited designs, builds, owns and operates data centres. Offering integrated, customised and tailored solutions to clients, DXN provides businesses with the option of delivering solutions to site through containerised modules, or space in DXN's modular colocation facilities to suit technical specifications and operational requirements. From a single rack in the colocation facilities through to fully customised Edge Infrastructure, DXN can deliver a range of solutions to meet modern data centre requirements. DXN has achieved an industry first and become the first modular data centre developer in the world to receive both Uptime Institute Tier-Ready III and Tier-Ready IV design review awards.
