Light & Wonder Announces Authorization of New \$1 Billion Share Repurchase Program

LAS VEGAS – June 13, 2024 – Light & Wonder, Inc. (NASDAQ and ASX: LNW) (together with its subsidiaries, “Light & Wonder,” “L&W” or the “Company”) today announced that its Board of Directors has approved a new three-year share repurchase program for the repurchase of up to \$1 billion in the Company’s outstanding common stock through June 12, 2027.

The prior share repurchase program authorized the Company to repurchase up to \$750 million of its common shares and was set to expire on February 26, 2025.

As of June 13, 2024, the Company has exhausted the full \$750 million share repurchase authorization and purchased 11.2 million common shares, or 11.5% of shares outstanding at the inception of the program. The average purchase price of \$66.72 per share represents a 28% discount to today’s closing price of \$92.35.

Matt Wilson, Chief Executive Officer of Light & Wonder, said, “I am pleased to announce that the Board has approved a new, upsized share repurchase program as we continue to successfully execute our growth strategy and return meaningful capital to our shareholders. With strong operating performance continuing across the business, we remain on track to achieve our \$1.4 billion Consolidated AEBITDA⁽¹⁾ target for 2025 while continuing to invest for the future.”

Oliver Chow, Chief Financial Officer of Light & Wonder, said, “Given the continued momentum in the business, and our March 31, 2024 net debt leverage ratio⁽¹⁾ at the middle of our target range of 2.5 - 3.5x, we have significant optionality with regards to capital allocation. Our prior program was an effective value creation tool and moving forward the new program will allow us to deliver further value to our shareholders while underscoring our commitment to driving profitable growth and upside beyond 2025.”

The timing and amount of repurchases under the Company’s share repurchase program will be determined by the Company from time to time at its discretion based on its evaluation of market conditions, share price, and other factors including potential accretive opportunities for inorganic growth. Repurchases may be made in the open market or through private transactions, including under Rule 10b5-1 plans, subject to market conditions and applicable legal requirements. Light & Wonder has no obligation to repurchase shares, and the share repurchase program may be suspended or discontinued by the Company at any time.

(1) Denotes a non-GAAP financial measure, which is defined and reconciled to the most directly comparable GAAP measure in our earnings release furnished to the U.S. Securities and Exchange Commission on May 8, 2024. We are not providing a forward-looking quantitative reconciliation of targeted Consolidated AEBITDA or targeted net debt leverage ratio to the most directly comparable GAAP measure because we are unable to do so without unreasonable efforts or to reasonably estimate the projected outcome of certain significant items. These items are uncertain, depend on various factors out of our control and could have a material impact on the corresponding measures calculated in accordance with GAAP.
