Chair's Letter

My fellow Shareholder,

On behalf of the Directors of AMA Group Limited (**AMA Group**), I am pleased to invite you to participate in a 1 for 0.82 accelerated pro-rata renounceable entitlement offer of new fully paid ordinary shares in AMA Group (**New Shares**) at an offer price of \$0.042 (**Offer Price**) per New Share.

On Thursday, 18 July 2024, AMA Group announced its intention to raise \$125 million through a fully underwritten:

- accelerated pro-rata renounceable entitlement offer of New Shares at the Offer Price to raise approximately \$92.5 million (**Entitlement Offer**); and
- an institutional placement of New Shares at the Offer Price to eligible sophisticated and professional investors to raise approximately \$32.5 million (**Placement**)

(together, the **Offer**).

The Offer is being fully underwritten by the lead managers, Bell Potter Securities Limited, Morgans Corporate Limited and Canaccord Genuity (Australia) Limited (the **Underwriters** or the **Joint Lead Managers**). Further details of this underwriting, including the significant events which may lead to its termination, are contained in AMA Group's ASX announcement dated Thursday, 18 July 2024, a copy of which is included in this Offer Booklet.

The proceeds from the Offer will be used to repay a proportion of senior bank debt, settle the convertible notes, debt servicing costs, pay the costs of the Offer and provide further working capital to AMA Group, as detailed in AMA Group's Investor Presentation of Thursday, 18 July 2024.

The Entitlement Offer has an accelerated institutional component (the **Institutional Entitlement Offer**) and a retail component (the **Retail Entitlement Offer**). This Offer Booklet relates to the Retail Entitlement Offer.

As announced by AMA Group on Monday, 22 July 2024, the Institutional Entitlement Offer and the Placement (together, the **Institutional Offer**) was successfully completed. The Institutional Offer raised approximately \$83.9.

The Retail Entitlement Offer is expected to raise up to approximately \$41.0 million.

Retail Entitlement Offer

Under the Retail Entitlement Offer, Eligible Retail Shareholders with a registered address in Australia or New Zealand are entitled to subscribe for 1 New Share for every 0.82 existing fully paid ordinary shares in AMA Group (**Shares**) held at 7.00pm (Sydney time) on Monday, 22 July 2024 (**Record Date**), at the Offer Price of \$0.042 per New Share. This is the same price which was offered to investors who participated in the Institutional Offer. The Offer Price represents a discount of:

- 19.2% discount to the last traded price of \$0.052 on Wednesday, 17 July 2024;
- 17.7% discount to the 10-day VWAP of \$0.051; and
- 8.3% discount to the TERP of \$0.0458 per Share.¹

New Shares will be issued on a fully paid basis and will rank equally with existing Shares on issue.

¹ TERP is a theoretical price at which AMA Group's shares trade immediately after the ex-date for the Entitlement Offer assuming 100% take-up of the Entitlement Offer. The TERP is a theoretical calculation only and the actual price at which AMA Group shares trade immediately after the ex-date for the Entitlement Offer will depend on many factors and may not be equal to TERP. TERP includes the New Shares issued under the Placement.

Further Information and Application Instructions

The number of New Shares that you are entitled to subscribe for under the Retail Entitlement Offer (**Entitlement**) is set out in your personalised Entitlement and Acceptance Form available online or by request. It is important that you determine whether to take up all or part of your Entitlement, or do nothing in respect of your Entitlement.

The Retail Entitlement Offer is renounceable, and New Shares not taken up by eligible retail shareholders and New Shares that would have been offered to ineligible retail shareholders had they been entitled to participate in the Entitlement Offer, will be sold through a bookbuild process to certain institutional investors to be conducted at the close of the Retail Entitlement Offer (**Retail Shortfall Bookbuild**). It is expected that the Retail Shortfall Bookbuild will be conducted on Friday, 9 August 2024. If the amount per New Share realised in the Retail Shortfall Bookbuild exceeds the Offer Price, the excess will be paid (net of expenses and any applicable withholding tax) on a pro-rata basis to ineligible retail shareholders and eligible retail shareholders with respect to any Entitlements they did not accept under the Retail Entitlement Offer.

The AMA Group Board encourages you to read this Offer Booklet carefully (in particular, the “Key Risks” section set out in the Investor Presentation, which contains a number of key risks associated with an investment in AMA Group). You should also consult your stockbroker, solicitor, accountant or other professional adviser to evaluate whether or not to participate in the Retail Entitlement Offer.

The Retail Entitlement Offer closes at 5.00pm (Sydney time) on Tuesday, 6 August 2024 (unless otherwise extended by AMA Group).

On behalf of the AMA Group Board, I encourage you to consider this investment opportunity and thank you for your ongoing support of AMA Group.

Yours sincerely

Brian Austin

1. Summary of options available to you

If you are an Eligible Retail Shareholder (as defined in Section 5.1 (Important Information)) you may take one of the following actions:

- take up all or part of your Entitlement (and renounce the balance); or
- do nothing, in which case you will be deemed to have renounced your Entitlement (and those renounced Entitlements will be transferred and potentially offered for sale in the Retail Shortfall Bookbuild on your behalf).

If you are a shareholder that is not an Eligible Retail Shareholder, you are an **Ineligible Shareholder**. Ineligible Shareholders are not entitled to participate in the Retail Entitlement Offer.

Options available to you Key considerations

Option 1: Take up all or part of your Entitlement

- You may elect to purchase New Shares at the Offer Price (see Section 2 (How to Apply) for instructions on how to take up your Entitlement).
- The New Shares will be fully paid and rank equally in all respects with existing Shares from the date of their issue.
- The Retail Entitlement Offer closes at 5.00pm (Sydney time) on Tuesday, 6 August 2024.
- You will be deemed to have renounced any part of your Entitlement that you have not taken up. Renounced Entitlements will be transferred and potentially offered for sale in the Retail Shortfall Bookbuild on behalf of Renouncing Shareholders.
- If you do not take up your Entitlement in full, you will have your percentage holding in AMA Group reduced as a result of dilution by the New Shares issued under the Entitlement Offer.
- Eligible Retail Shareholders are not able to apply for New Shares in excess of their Entitlements as set out in their personalised Entitlement and Acceptance Form.

Option 2: Do nothing in which case you will have deemed to have renounced your Entitlement

- As the Entitlement Offer is renounceable, you will be deemed to have renounced any part of your Entitlement that you have not taken up or sold prior to the Closing Date.
- Renounced Entitlements will be transferred and potentially offered for sale in the Retail Shortfall Bookbuild on behalf of Renouncing Shareholders.
- To the extent you do not take up your Entitlement, your Entitlement will be sold through the Retail Shortfall Bookbuild to be conducted on Friday, 9 August 2024 following the close of the Retail Entitlement Offer. If the amount per New Share

Options available to you Key considerations

realised in the Retail Shortfall Bookbuild exceeds the Offer Price, the excess will be paid (net of expenses and any applicable withholding tax) on a pro-rata basis to ineligible retail shareholders and eligible retail shareholders with respect to any Entitlements they did not accept under the Retail Entitlement Offer.

If you have any doubt about how you should deal with your Entitlements, you should seek professional advice from an adviser who is licensed by ASIC to give that advice before making any investment decision.

You should carefully read the “Key Risks” section of the Investor Presentation included in Section 3 of this Offer Booklet.

2. How to Apply

2.1 Your Entitlement

Your Entitlement is set out on your personalised Entitlement and Acceptance Form and has been calculated as 1 New Share for every 0.82 Shares you held as at the Record Date of 7.00pm (Sydney time) on Monday, 22 July 2024. Where fractions arise in the calculation of Entitlements, they will be rounded up to the nearest whole number of New Shares.

If you have more than one registered holding of Shares, you will be sent more than one personalised Entitlement and Acceptance Form and you will have separate Entitlements for each separate holding.

New Shares issued pursuant to the Retail Entitlement Offer will be fully paid and rank equally with existing AMA Group Shares on issue.

The Entitlement stated on your personalised Entitlement and Acceptance Form may be in excess of the actual Entitlement you may be permitted to take up where, for example, you are holding Shares on behalf of a person in the United States (see definition of Eligible Retail Shareholder in Section 5.1 (Important Information)).

Nominees and custodians

The Retail Entitlement Offer is being made to all Eligible Retail Shareholders (as defined in Section 5.1 (Important Information)) on the register of AMA Group at 7.00pm (Sydney time) on the Record Date. AMA Group does not undertake to determine whether or not any registered holder is acting as a nominee or custodian or the identity or residence of any beneficial owners of Shares.

Where any holder is acting as a nominee or custodian for a person, that holder, in dealing with its beneficiary, will need to assess whether indirect participation by the beneficiary in the Retail Entitlement Offer is permitted under the terms of the Retail Entitlement Offer.

Any person (such as a nominee or custodian) that is or is acting for the account or benefit of a person in the United States may not participate in the Retail Entitlement Offer on behalf of such persons in the United States and may not send this Offer Booklet or any other materials into the United States.

Please see Section 5.9 (Notice to nominees and custodians) for further information.

AMA Group does not undertake to advise you on any applicable laws or of how the restrictions apply to you.

2.2 Options available to you

If you are an Eligible Retail Shareholder, you may do any one of the following:

- take up all or part of your Entitlement (refer to Section 2.3); or
- do nothing in which case you will have deemed to have renounced your Entitlement (refer to Section 2.4).

Ineligible Shareholders do not have any entitlement to participate in the Retail Entitlement Offer. Eligible Retail Shareholders who do not participate in the Retail Entitlement Offer will have their percentage holding in AMA Group reduced. Eligible Retail Shareholders who participate in the Retail Entitlement Offer will see their percentage holding in AMA Group stay the same if they take up all of their Entitlement or reduce if they take up only part of their Entitlement.

The closing date for the acceptance of the Retail Entitlement Offer is **5.00pm (Sydney time) on Tuesday, 6 August 2024** (however, that date may be varied by AMA Group, in accordance with the ASX Listing Rules and the Underwriting Agreement).

2.3 Take up all or part of your Entitlement

If you decide to take up all or part of your Entitlement, you will need to submit your Application and pay your Application Monies in accordance with the instructions set out on your personalised Entitlement and Acceptance Form (refer to Section 2.6 for the available payment options). **Payment must be received by the Share Registry by no later than 5.00pm (Sydney time) on Tuesday, 6 August 2024.**

If you take up all or part of your Entitlement you will be issued your New Shares on or about Thursday, 15 August 2024. AMA Group's decision on the number of New Shares to be issued to you will be final. If AMA Group receives an amount that is less than the Offer Price multiplied by your Entitlement, your payment will be treated as an Application for as many New Shares as your payment will pay for in full.

AMA Group also reserves the right (in its absolute discretion) to reduce the number of New Shares issued to Eligible Retail Shareholders, or persons claiming to be Eligible Retail Shareholders, if AMA Group believes their claims to be overstated or if they or their nominees fail to provide information to substantiate their claims to AMA Group's satisfaction.

Refund amounts (only where the amount is A\$2.00 or greater) will be paid in Australian dollars. You will be paid either by direct credit to the nominated bank account as noted on the share register as at the Closing Date or by cheque sent by ordinary post to your address as recorded on the share register (the registered address of the first-named in the case of joint holders). No interest will be paid on refunded amounts.

Eligible Retail Shareholders are not able to apply for New Shares in excess of their Entitlement as set out in their personalised Entitlement and Acceptance Form.

Eligible Retail Shareholders who do not participate fully in the Retail Entitlement Offer will have their percentage holding in AMA Group reduced.

2.4 Do nothing in which case you will be deemed to have renounced your Entitlement

As the Entitlement Offer is renounceable, you will be deemed to have renounced any part of your Entitlement that you have not taken up or sold prior to the Closing Date.

Renounced Entitlements will be transferred and potentially offered for sale in the Retail Shortfall Bookbuild on behalf of Renouncing Shareholders.

To the extent you do not take up your Entitlement, your Entitlement will be sold through the Retail Shortfall Bookbuild to be conducted on Friday, 9 August 2024 following the close of the Retail Entitlement Offer. If the amount per New Share realised in the Retail Shortfall Bookbuild exceeds the Offer Price, the excess will be paid (net of expenses and any applicable withholding tax) on a pro-rata basis to ineligible retail shareholders and eligible retail shareholders with respect to any Entitlements they did not accept under the Retail Entitlement Offer.

2.5 Consequences of not accepting all or part of your Entitlement

By allowing part or all of your Entitlement to lapse, you will forgo any exposure to increases or decreases in the value of the New Shares had you taken up your Entitlement in full and you will not receive any value for any part of your Entitlement which lapses. Your interest in AMA Group will also be diluted.

2.6 Payment

2.6.1 Payment by BPAY®

Payment of Application Monies must be made by BPAY®. Cheque, bank draft, money order and cash payments will not be accepted.

Please follow the instructions on the personalised Entitlement and Acceptance Form (which includes the Biller Code and your unique Reference Number). You can only make a payment via BPAY® if you are the holder of an account with an Australian financial institution that supports BPAY® transactions.

Please note that when paying via BPAY®:

- you do not need to submit the personalised Entitlement and Acceptance Form but are taken to have made the declarations, representations and warranties on that personalised Entitlement and Acceptance Form and in the Important Information Section of this Offer Booklet; and
- if you do not pay for your full Entitlement, you are deemed to have taken up your Entitlement in respect of such whole number of New Shares which is covered in full by your Application Monies.

It is your responsibility to ensure that your BPAY® payment is received by the Share Registry by no later than 5.00pm (Sydney time) on Tuesday, 6 August 2024 (subject to variation). You should be aware that your financial institution may implement earlier cut-off times with regard to electronic payment and you should therefore take this into consideration when making payment. Receipts for payment will not be issued.

Please make sure you use the specific Biller Code and your unique Customer Reference Number (**CRN**) on your personalised Entitlement and Acceptance Form. If you have more than one holding of Shares, you will be sent more than one personalised Entitlement and Acceptance Form and you will have separate Entitlements for each separate holding. If you receive more than one personalised Entitlement and Acceptance Form, please only use the CRN specific to the Entitlement on that Entitlement and Acceptance Form.

AMA Group to Raise \$125.0 million to Provide Funding Certainty to Focus on Profitable Growth

AMA Group Limited (ASX:AMA) (**AMA Group**, the **Group**) today announces a fully underwritten \$125.0 million equity raising.

Highlights

- AMA Group has launched a fully underwritten \$125.0 million equity raising via:
 - Fully underwritten institutional placement to institutional and sophisticated investors to raise \$32.5 million (**Placement**); and
 - Fully underwritten 1 for 0.82 pro rata accelerated renounceable entitlement offer to raise approximately \$92.5 million (**Entitlement Offer**), (together with the **Placement**, the **Equity Raising**).
- Existing syndicated debt facilities extended to 31 December 2025.
- Funds raised under the Equity Raising will be used to repay \$50.0 million of existing senior bank debt with an additional \$50.0 million to be held in a locked account to settle expected redemptions on the convertible note put option (expected in March 2025). The remaining net proceeds will be put towards future debt amortisation payments (\$5.0 million in each of June 2025 and September 2025), repayment of accrued PIK interest on senior debt (\$3.8 million), transaction costs, future working capital, and growth requirements.
- Unaudited normalised¹ FY24 pre-AASB 16 EBITDA of \$49.0^{2,3} million, up 125.1% on FY23 (including ACM Parts FY24 pre-AASB 16 EBITDA of \$45.3 million).
- Provides an improved liquidity position with pro forma FY24 net total leverage ratio of 0.59x⁴ down from 3.18x pre-raising⁵.
- Refinancing in advance of the extended December 2025 maturity expected to result in a facility of \$80 – 100 million including \$25 – 35 million of bank guarantees and working capital facilities.

AMA Group CEO, Mathew Cooper said, “The last nine months has seen strong operational performance across AMA Group. This Equity Raising repositions the balance sheet to allow the business to focus on profitable growth as a dedicated collision repairer.”

¹ Normalised EBITDA is Earnings before interest, tax, depreciation, amortisation, impairment, and fair value adjustments on contingent vendor consideration, excluding the impact of normalisations.

Funding, Liquidity and Growth Optionality

The Group has received an extension on the senior debt facilities for a new maturity date of 31 December 2025, providing sufficient time for AMA Group to complete refinancing of the lower residual debt following the completion of the equity raising and proposed sale of ACM Parts. As a condition of the extension, AMA Group will make a repayment \$50.0 million of principal plus accrued PIK interest of ~\$3.8 million from net proceeds of the Equity Raising. Additionally, \$50.0 million of proceeds of the equity raising will be held in a locked account held by senior lenders to settle any redemption of the convertible notes (expected put date in March 2025). The balance of the funds will be applied to future debt amortisation payments (\$5.0 million in each of June 2025 and September 2025), transaction costs, future working capital and to allow the Group to return the focus on delivering on the growth strategy. Based on the unaudited normalised⁶ FY24 pre-AASB 16 EBITDA of \$49.0^{7,8} million, the Group's pro forma net total leverage ratio is projected to decrease to 0.59x⁹ down from 3.18x pre-raising¹⁰, with the residual senior debt facility reducing to \$80 million.

The refinancing of the residual debt in advance of the extended December 2025 maturity expected to result in a facility of \$80 – 100 million including \$25 – 35 million of bank guarantees and working capital facilities.

Equity Raising

The Equity Raising consists of a fully underwritten Placement to raise ~A\$32.5 million via the issue of 773.3 million shares and a fully underwritten Entitlement Offer to raise ~A\$92.5 million via the issue of 2,202.9 million shares.

A total of approximately 2,976.2 million new AMA Group shares will be issued under the Equity Raising (**New Shares**). New Shares will rank equally with existing AMA Group shares and AMA Group will, upon issue of those shares, seek quotation of the shares on ASX.

Under the Entitlement Offer, eligible shareholders are invited to subscribe for 1 New Share for every 0.82 existing AMA Group shares (**Entitlements**) held as at 7:00pm (Sydney time) on Monday, 22 July 2024.

All New Shares offered under the Equity Raising will be issued at a price of A\$0.042 per New Shares (**Offer Price**), which represents a:

- 19.2% discount to last traded price of A\$0.052 on Thursday, 17 July 2024;
- 17.7% discount to the 10-day VWAP of A\$0.051; and
- 8.3% discount to the theoretical ex-rights price (TERP) of A\$0.0458 per AMA Group share.¹¹

Canaccord Genuity, Bell Potter and Morgans Corporate Limited (together, the **Underwriters**) are acting as joint lead managers, joint underwriters and joint bookrunners to the Equity Raising. Gilbert + Tobin is acting as Legal Counsel to the Equity Raising.

Director Participation

Chairman, Brian Austin, has committed to sub-underwrite the Entitlement Offer up to \$7.8 million (in addition to taking up his full Entitlements of \$1.6 million).

Director, Raymond Smith-Roberts, has committed to sub-underwrite the Entitlement Offer up to \$0.1 million (in addition to taking up his full Entitlements of \$0.1 million).

Director, Joanne Dawson, has committed to sub-underwrite the Entitlement Offer up to \$0.2 million (noting Ms Dawson does not currently hold any Entitlements).

⁶ Normalised EBITDA is Earnings before interest, tax, depreciation, amortisation, impairment, and fair value adjustments on contingent vendor consideration, excluding the impact of normalisations.

⁷ FY24 normalised EBITDA is unaudited and includes professional services costs on earn outs and investigations, closed and hibernated site costs, restructuring costs and insurance claim costs.

⁸ Excludes ACM Parts, which is now classified as held for sale. Unaudited normalised FY24 pre-AASB 16 EBITDA including ACM Parts is \$45.3 million vs. guidance range of \$44 – 49 million including ACM Parts.

⁹ Post-raising or pro-forma net leverage ratio calculated as unaudited Net Debt (post-raise) including \$50 million convertible notes / unaudited FY24 pre-AASB 16 EBITDA (excluding lease liabilities and occupancy expenses).

¹⁰ Pre-raising net leverage ratio calculated as unaudited Net Debt (pre-raise) including \$50 million convertible notes / normalised unaudited FY24 pre-AASB 16 EBITDA (excluding lease liabilities and occupancy expenses).

¹¹ The TERP is the theoretical price at which AMA Group shares should trade immediately after the ex-date for the Entitlement Offer assuming 100% take-up of the Entitlement Offer. The TERP is a theoretical calculation only and the actual price at which New Shares trade immediately after the ex-date for the Entitlement Offer will depend on many factors and may not be equal to the TERP. The TERP includes the New Shares issued under the Placement.

Nil fees are payable to these directors as sub-underwriters and there are no significant events that could lead to the sub-underwriting arrangements with the directors being terminated, other than termination of the underwriting agreement between AMA Group and the Underwriters (Underwriting Agreement) (see a summary of these termination events set out on the “Underwriting Agreement” slides of the Investor Presentation for the Equity Raising released to ASX today).

Placement

Up to approximately 773.3 million New Shares are expected to be issued to new institutional investors and existing institutional shareholders under the Placement at the Offer Price to raise approximately \$32.5 million.

The Placement will be conducted concurrently with the Institutional Entitlement Offer (as described below) in reliance on part of the Group’s ASX Listing Rule 7.1 (upsized by an ASX “super size” waiver) and Listing Rule 7.1A placement capacity.

New Shares issued under the Placement will not be eligible to participate in the Entitlement Offer.

Institutional Entitlement Offer

Eligible institutional shareholders will be invited to participate in the institutional component of the Entitlement Offer (**Institutional Entitlement Offer**), which is being conducted on Thursday, 18 July and Friday, 19 July 2024.

Eligible institutional shareholders can choose to take up all, part or none of their Entitlements. Institutional Entitlements cannot be traded on ASX or transferred.

Institutional Entitlements that eligible institutional shareholders do not take up by the close of the Institutional Entitlement Offer, and institutional Entitlements that would otherwise have been offered to ineligible institutional shareholders, will be sold through a bookbuild process to certain institutional investors to be conducted at the close of the Institutional Entitlement Offer (**Institutional Shortfall Bookbuild**). It is expected that the Institutional Shortfall Bookbuild will be conducted on Friday, 19 July 2024. If the amount per New Share realised in the Institutional Shortfall Bookbuild exceeds the Offer Price, the excess will be paid (net of expenses and any applicable withholding tax) on a pro-rata basis to ineligible shareholders and eligible institutional shareholders with respect to any Entitlements they did not accept under the institutional Entitlement Offer.

AMA Group’s shares will remain in trading halt pending completion of the Placement, the Institutional Entitlement Offer and Institutional Shortfall Bookbuild.

Retail Entitlement Offer

Eligible retail shareholders in Australia and New Zealand will be invited to participate in the retail component of the Entitlement Offer (**Retail Entitlement Offer**) at the same Offer Price and offer ratio as the Institutional Entitlement Offer. The Retail Entitlement Offer will open on Thursday, 25 July 2024 and close at 5:00pm (Sydney time) on Tuesday, 6 August 2024.

Eligible retail shareholders can choose to take up all, part or none of their Entitlements. Retail Entitlements cannot be traded on ASX or transferred.

Further details about the Retail Entitlement Offer will be set out in the Retail Entitlement Offer information booklet (**Retail Offer Booklet**), which AMA Group expects to lodge with ASX and dispatch to eligible retail shareholders on Thursday, 25 July 2024. The Retail Offer Booklet will also enclose personalised entitlement and acceptance forms.

The Retail Entitlement Offer is renounceable, and New Shares not taken up by eligible retail shareholders and New Shares that would have been offered to ineligible retail shareholders had they been entitled to participate in the Entitlement Offer, will be sold through a bookbuild process to certain institutional investors to be conducted at the close of the Retail Entitlement Offer (**Retail Shortfall Bookbuild**). It is expected that the Retail Shortfall Bookbuild will be conducted on Friday, 9 August 2024. If the amount per New Share realised in the Shortfall Bookbuild exceeds the Offer Price, the excess will be paid (net of expenses and any applicable withholding tax) on a pro-rata basis to ineligible retail shareholders and eligible retail shareholders with respect to any Entitlements they did not accept under the Retail Entitlement Offer.

Capitalisation and Equity Raising

Key Risks

Key risks

(a) Key risks – Business risks

Risk	Summary
Impact of general economic conditions	<ul style="list-style-type: none"> AMA Group's operating and financial performance is affected by general economic conditions, including inflation, interest rates, unemployment rates, population movements and government fiscal, monetary and regulatory policies. Australia and other countries are currently experiencing increased inflation and inflationary pressures. There is no assurance that inflation will not continue to rise and, it may remain high for a sustained period. Higher inflation increases AMA Group's cost base – key inputs such as parts, paint, consumables, labour and other operating costs are all impacted by rising inflation. Interest rates could also increase to combat inflation which, in-turn, could result in greater debt servicing costs for AMA Group and increase AMA Group's costs of accessing debt finance. Where AMA Group cannot off-set cost increases through efficiency measures or where AMA Group cannot pass on costs increases to customers by way of price increases without losing those customers, its revenue and profitability will be reduced. A prolonged deterioration in general economic conditions would likely have a material adverse effect on AMA Group's business and financial condition.
Financing and liquidity risk	<ul style="list-style-type: none"> Although AMA Group monitors cashflow management and cashflow forecasts, in the event that AMA Group does not maintain sufficient cash reserves to meet the requirements of its business, there is a risk that it may breach its banking covenants, or fail to pay its suppliers and employers on time. AMA Group's ability to secure suppliers, employees and also new customers depends on maintaining a strong reputation for creditworthiness. If AMA Group were to breach any of its obligations under its finance facilities, or if there were a perception that it may be unable to do so, it could face actions that have an adverse impact on AMA Group's cashflow and ability to operate. AMA Group has agreed an extension to the maturity of its senior corporate syndicated facility to December 2025 (from October 2024), subject to a number of conditions including conducting the Equity Raising to repay \$50 million (plus ~\$3.8 million of PIK interest) of existing senior bank debt and setting aside in a locked account an additional \$50 million for repayment of AMA Group's convertible notes (should any note holders seek early redemption in March 2025). The balance of the remaining proceeds will be to fund transaction costs and meet operational requirements and debt amortisation payment obligations. There is no guarantee that the proceeds of the Equity Raising will be sufficient to meet AMA Group's future liquidity and working capital needs, as it is not possible to predict with certainty that trading conditions will stabilise. There is also a risk that failure to comply with a condition of the extension of the facilities could constitute a review event or an event of default and the lenders may be entitled to or demand full or partial repayment or cancel the facility provided by it. This includes a review event if AMA Group does not successfully complete a sale of ACM Parts by August 2025 and return a minimum required level of proceeds to senior lenders. In the event that cash flows do not meet expectations, AMA Group has a number of options which could include restructuring operations or the sale of further assets (in addition to the proposed sale of ACM Parts) to assist in meeting these conditions, if required. AMA Group might also need to raise further debt or equity capital in the future, and there is a risk that this will not be possible to achieve on acceptable terms or at all. The inability to obtain funding to finance current and future activities (including as part of any future refinancing of existing debt facilities) may result in reduced financial liquidity, which may adversely impact AMA Group's ability to fund its daily operations and new business initiatives.
Customer / insurer relationship risks	<ul style="list-style-type: none"> AMA Group's business model relies on the relationships it has with key insurance customers for vehicle repair volumes and the terms of agreement between AMA Group and the insurers, including pricing per repair and preferred repairer status. Accordingly, there may be material adverse impacts to AMA Group's financial performance and profitability if any insurance customer terminates or does not renew any existing agreement with AMA Group when these are up for renewal. Furthermore, there may be material adverse impacts to AMA Group's financial performance and profitability if AMA Group is unable to renegotiate acceptable financial and operating terms (including on pricing, volume, preferred repairer status) with these insurance customers.

Key risks

Risk	Summary
People risk and labour constraints	<ul style="list-style-type: none"> AMA Group is a highly focused customer service business and its team members and senior management are key to maintaining the level of operational service to its customers, as well as executing AMA Group's strategy and growing its business. Any significant turnover of team members or unplanned loss of key senior management, or the inability on the part of AMA Group to attract experienced personnel or effective replacements, has the potential to disrupt AMA Group's ability to develop and implement its business strategies, and may adversely impact AMA Group's financial performance and profitability. There is an ongoing shortage in Australia of skilled technicians to undertake collision repair work. Given these labour constraints and the high level of demand for skilled technicians, there is a risk that AMA Group will be unable to secure the staff that it requires, adversely impacting repair volume throughput and AMA Group's operational and financial performance.
Capital SMART relies heavily on its major customer	<ul style="list-style-type: none"> AMA Group and Suncorp are parties to the Motor Repair Services Agreement (MRSA) under which Suncorp acquires services from Capital S.M.A.R.T. The success of the Capital S.M.A.R.T. business is heavily influenced by the quality of the relationship with Suncorp given it is the largest customer of the business. Each year the MRSA is re-negotiated to set new pricing and other terms for the following financial year. There is an inherent risk that the quality of the financial contribution that Capital S.M.A.R.T can make to overall financial performance of the AMA Group will be influenced by the outcome of those annual negotiations and by the quality of the relationship with Suncorp.
Managing growth and integration risk	<ul style="list-style-type: none"> AMA Group intends to selectively pursue acquisitions to complement its organic growth. However, AMA Group may not be able to identify suitable acquisition candidates at acceptable prices or complete and integrate acquisitions successfully. The integration of acquired businesses and the strategy of growing the store network will require AMA Group to integrate these businesses and, where appropriate, upscale its operational and financial systems, procedures and controls and expand and retain, manage and train its team members. Even if successfully executed and integrated, there can be no guarantee of continued successful performance of those acquisitions. If AMA Group is not able to manage its expansion and growth efficiently and effectively, or if the performance of new stores or acquisitions does not meet expectations, this may materially adversely impact AMA Group's financial performance and profitability.
Competition	<ul style="list-style-type: none"> AMA Group operates in a competitive market environment. AMA Group's financial performance could be affected if competitors have or develop a competitive advantage over AMA Group, or have greater access to capital or other resources, or if new competitors enter the market or if current economic conditions lead to significant promotional activity by competitors in financial distress, particularly if AMA Group is unable to respond effectively to such activity or its response is delayed.

Key risks

Risk	Summary
Business relationships with suppliers	<ul style="list-style-type: none"> AMA Group's business model depends on having access to a wide range of automotive parts. An increase in pricing pressure from suppliers, a damaged relationship with a supplier on AMA Group's supply chain may increase the prices and/or delay the timing of delivery at which AMA Group procures parts or limit AMA Group's ability to procure parts from that supplier. If prices of parts increase, AMA Group may not be able to fully pass on the price increases, which may result in a decrease in profitability. Any prolonged delay in access to parts may adversely impact AMA Group's operational and financial performance. In addition, there is a risk that suppliers might impose stricter terms (eg lower credit limits and shorter payment terms) or even withhold supply if there is a perception that AMA Group has substantial outstanding liabilities, may breach its banking covenants or otherwise may be otherwise unable to pay its creditors on time.
Repair costs	<ul style="list-style-type: none"> AMA Group may from time to time provide fixed price quotes for collision repair jobs. If a repair job becomes more complex or requires additional parts and labour than initially estimated, it can lead to cost overruns. The additional expenses incurred to complete the repair can reduce AMA Group's profit margin and, should such cost overruns be persistent, adversely impact its financial position.
Unknown liabilities in connection with divestments (including sale of ACM Parts)	<ul style="list-style-type: none"> AMA Group has in the past disposed of or divested, and may in the future dispose of or divest, certain business lines for strategic reasons. Under those relevant sale agreements, AMA Group may be subject to risks associated with ongoing liabilities and indemnities through, for example, warranty and indemnity claims or claims in relation to earn out payments, which may adversely impact AMA Group's financial performance or position or cause reputational damage.
Business disruptions	<ul style="list-style-type: none"> A disruption in the systems and processes utilised in AMA Group's business can affect part availability and result in delays in the delivery of parts to AMA Group's stores and customers. Parts availability and delays in delivery can have the short-term effect of delays in performance of services, which could materially adversely impact AMA Group's financial performance and profitability.
Property Leases	<ul style="list-style-type: none"> AMA Group has a large number of leased premises. Accordingly, there may be adverse impacts to AMA Group's financial performance and ability to provide services for customers if AMA Group is unable to renegotiate acceptable lease terms for existing sites when leases are due to expire and to identify suitable sites and negotiate suitable leasing terms for new sites.
Workplace health and safety	<ul style="list-style-type: none"> While a strong emphasis is placed on the implementation of workplace health and safety standards, the risk of a serious injury or fatality remains possible. The occurrence of such events may have an adverse effect on the productivity, operations and reputation of AMA Group. AMA Group is focused on the safety of its staff, customers and contractors. Accidents could result in workers' compensation, related common law claims and potential penalties for AMA Group, which may adversely impact AMA Group's profitability and revenue.
Industrial action	<ul style="list-style-type: none"> Certain employees of AMA Group may be, or may in the future be, represented by unions. There is no guarantee that AMA Group will not experience industrial action in the future and its financial performance may suffer as a result.
Maintenance of standards and quality accreditations	<ul style="list-style-type: none"> Some of the operating companies of AMA Group are required to renew quality assurance accreditations important or essential for the maintenance of certain customer supply arrangements. Failure to maintain or to gain re-accreditation may have a material adverse impact on the financial performance of AMA Group.

Key risks

Risk	Summary
Information technology	<ul style="list-style-type: none"> All of AMA Group's business operations rely on information technology platforms. Although AMA Group's business units operate with a number of different operating systems, making it less likely that any unplanned downtime will occur across the entire business, any sustained unplanned downtime due to system failures, computer viruses, malware, cyber-attacks, including external malicious interventions such as hacking or denial of service attacks, or other disruptions including natural disasters, power outages or other similar events have the potential to have a material impact on the ability of AMA Group to service its customers which, in turn, may adversely impact AMA Group's financial performance and profitability.
Liability risk	<ul style="list-style-type: none"> AMA Group has taken up insurance policies for certain risks. However, if AMA Group's insurance arrangements are not adequate to protect it against liability for all losses (including but not limited to environmental losses, public liability, product liability or losses arising from business interruption) or should AMA Group experience losses in excess of the scope of its insurance cover, AMA Group's financial performance may be adversely affected.
Credit risk	<ul style="list-style-type: none"> AMA Group is required to comply with financial covenants under the terms of its borrowing facilities, including a senior secured net leverage ratio and a fixed charge cover ratio, both of which are tested on a quarterly basis. To the extent that AMA Group's operational or financial position does not improve or deteriorates, there is no assurance that it will be able to obtain further financial accommodation or relief from covenant testing from its financiers in the future. If AMA Group were to breach any of these financial covenants in future testing periods, the lenders could cancel the facilities and declare all outstanding amounts immediately due and payable. If that action were to be taken, it may have a material adverse effect on AMA Group's future financial position and there is no certainty that AMA Group would have access to sufficient cash to meet its repayment obligations or be able to refinance the existing debt on commercially acceptable terms. In those circumstances, AMA Group would need to seek waivers or other forms of accommodation. Alternatively, AMA Group would need to produce alternative financing arrangements to refinance the existing facilities. Further, any additional deterioration in the economic or business environment may impact AMA Group and this may also result in financiers requiring their loans to be repaid if such deterioration leads to an event of default under AMA Group's banking arrangements. There is a risk that AMA Group's existing lenders would withhold their consent to amendment or waiver of any non-compliance or, if such consent was to be given, that consent may be conditional on increased fees or interest and/or tight terms and conditions. If AMA Group were to breach these financial covenants and was otherwise unable to reach agreement with lenders or implement a capital restructure, AMA Group may not be able to continue its operations as a going concern and therefore may not be able to realise its assets and extinguish its liabilities in the ordinary course of operations and at the amounts stated in the financial statements.
Litigation	<ul style="list-style-type: none"> AMA Group is subject to the usual business risk that disputes or litigation may arise from time to time in the course of its business activities. There is a risk that any material or costly claim, dispute or litigation could have a material adverse impact on AMA Group's reputation, operations, financial performance and profitability. Any finding or determination against AMA Group may have an impact on AMA Group's reputation, financial performance and profitability.
Asset impairment	<ul style="list-style-type: none"> Consistent with accounting standards, AMA Group is periodically required to assess the carrying value of its assets. Where the value of asset is assessed to be less than its carrying value, AMA Group is obliged to recognise an impairment charge in its profit and loss account and balance sheet. Impairment charges can be significant and operate to reduce the level of a company's profits and, potentially, its capacity to pay dividends. AMA Group undertakes business combinations on an annual basis and thus there are risks that these acquisitions may be impaired in the period thereafter if they materially underperform relative to their carrying value.

Key risks

Risk	Summary
Technology risks	<ul style="list-style-type: none">▪ AMA Group operates in the automobile space providing collision repair for vehicles involved in accidents. With continued technological advancements in the automobile industry including the evolution and successful adoption of Advanced Driver Assistance Systems (ADAS) in increasingly more vehicles, this can reduce the overall level of on road collisions due to its accident reducing technology, and therefore, reduce the volume of vehicle repairs in the medium to long term. This reduction in volume may negatively affect AMA Group's financial performance. This evolution has also resulted in a change to the profile of repairs, rendering them more technically challenging. As this evolution continues, there will be a continued shift in the types of parts required due to the nature of accidents that present themselves to repairer networks.
Climate change risk	<ul style="list-style-type: none">▪ AMA Group, its customers and external suppliers, may be adversely affected by the physical risks (including possibility of destruction or disruption to human life, physical and natural capital) and socioeconomic impacts (including impacts to liveability, food systems and infrastructure assets) of climate change. As average temperatures rise, there is the possibility of acute hazards, such as floods, storms, heat waves and the occurrence of fires increasing in frequency and severity, and chronic hazards such as droughts and increases in sea levels intensifying. These effects, whether acute or chronic in nature, may directly impact AMA Group and its customers through insurance risk (including an increase in premiums) and business disruption and may have an adverse impact on AMA Group's financial performance.

Key risks

(b) Key risks – General risks

Risk	Summary
Investment in equity capital	<ul style="list-style-type: none"> There are general risks associated with investments in equity capital. The trading price of AMA Group's ordinary shares on ASX may fluctuate with movements and limited liquidity in equity capital markets in Australia and internationally. This may result in the market price for the newly issued ordinary shares being less or more than the Offer Price. Generally applicable factors which may affect the market price of AMA Group's ordinary shares include: <ul style="list-style-type: none"> general movements in Australian and international stock markets, including market volatility; investor sentiment and the risk of contagion; Australian and international economic conditions and outlook, including changes in interest rates, the rate of inflation, exchange rates, commodity prices, employment levels and consumer demand; changes in Australian and foreign government regulation and fiscal, monetary and regulatory policies; loss of key personnel and delays in replacement; announcement of new technologies; geo-political instability, including international hostilities and acts of terrorism; natural disasters, extreme weather events and catastrophes, whether in global, regional or local scale; epidemics and pandemics; that the operating results of AMA Group may vary from expectations of securities analysts and investors; changes in the competitive landscape; and future issues of AMA Group's equity securities. It is also possible that new risks may emerge as a result of domestic or foreign markets experiencing extreme stress, or existing risks may evolve in ways that are not currently foreseeable. The equity capital markets have in the past and may in the future be subject to significant volatility. No assurances can be given that the newly issued ordinary shares will trade at or above the Offer Price. None of AMA Group, its Board, the Underwriters or any other person guarantees the market performance of the newly issued ordinary shares.
Exchange rate risk	<ul style="list-style-type: none"> AMA Group is subject to the risk that a change in foreign exchange rates may negatively impact AMA Group's cash flow or profitability given its exposure to foreign currency and foreign currency denominated obligations. AMA Group's exposure to foreign exchange risk arises from its future commercial transactions, and recognised assets and liabilities denominated in a currency that is not its functional currency. AMA Group is primarily exposed to changes in the US Dollar and NZ Dollar exchange rate. AMA Group does not employ foreign currency hedges and has no formal foreign currency policy.
Interest rate risk	<ul style="list-style-type: none"> AMA Group is subject to the risk of rising interest rates associated with bearing liabilities with variable interest rates where interest rate movements can impact AMA Group's cash flow exposures and may result in a decrease in AMA Group's profitability. AMA Group seeks to manage part of its exposure to adverse fluctuations in floating interest rates through fixing the interest rate on a portion of its borrowings through derivative financial instruments such as interest rate swaps. Such arrangements involve risk, such as the risk that counterparties may fail to honour their obligations under these arrangements, and that such arrangements may not be effective in reducing exposure to movements in interest rates. To the extent that AMA Group does not hedge effectively (or at all) against movements in interest rates, such interest rate movements may materially adversely impact AMA Group's financial performance and profitability.

Key risks

Risk	Summary
Major shareholder risk	<ul style="list-style-type: none"> AMA Group currently has a number of substantial shareholders on its share register. There is a risk that these shareholders, future substantial shareholders, or other large shareholders may sell their shares at a future date. This could cause the price of AMA Group shares to decline.
Regulatory risk and changes in law	<ul style="list-style-type: none"> Changes in the structure and regulation of the industry in which AMA Group operates in Australia and New Zealand materially affect AMA Group and its business. Changes to government policy, law or regulations, or the introduction of new regulatory regimes (for example, the incoming mandatory climate reporting regime), may lead to an increase in operational costs and could materially adversely impact AMA Group's financial performance and profitability. Failure to comply with applicable laws and regulations may result in enforcement actions, including orders issued by regulatory or judicial authorities causing operations to cease or be curtailed, and may include civil or criminal fines or penalties.
Taxation	<ul style="list-style-type: none"> Future changes in taxation law, including changes in interpretation or application of the law by the courts or taxation authorities, may affect taxation treatment of an investment in AMA Group shares or the holding and disposal of those shares. Further, changes in tax law, or changes in the way tax law is expected to be interpreted, in the various jurisdictions in which AMA Group operates, may impact the future tax liabilities and performance of AMA Group. Any changes to the current rates of income tax applying to individuals and trusts will similarly impact on shareholder returns.
Changes to accounting standards	<ul style="list-style-type: none"> The Australian Accounting Standards are set by the Australian Accounting Standards Board (AASB). Changes to accounting standards issued by AASB could materially adversely affect the financial position and performance reported in AMA Group's financial statements.
Dividends	<ul style="list-style-type: none"> AMA Group's potential payment of dividends in respect of AMA Group's shares is impacted by a number of factors, including AMA Group's profitability, retained earnings, availability of frank credits, capital requirements and available cashflow. Any future dividends will be determined by AMA Group's board having regard to these (and other) factors. There is no guarantee that any dividend will be paid by AMA Group or, if paid, paid at historical levels. From time to time, AMA Group's board may also cancel or defer previously announced dividends.
General economic conditions	<ul style="list-style-type: none"> Adverse changes in economic conditions such as interest rates, exchange rates, inflation, government policy, national and international economic conditions and employment rates amongst others are outside AMA Group's control and have the potential to have an adverse impact on AMA Group and its operations. There is considerable and continued uncertainty as to the ongoing impact of these factors on the Australian economy, global economy and share markets. It is also possible that new risks may emerge as a result of domestic or foreign markets experiencing extreme stress, or existing risks may evolve in ways that are not currently foreseeable. No assurance can be given that AMA Group's shares will trade at or above the offer price. None of AMA Group, its Board, the Underwriters, or any other person guarantees the market performance of AMA Group's shares.

Key risks

(c) Key risks – Transaction and Equity Raising risks

Risk	Summary
Underwriting risk	<ul style="list-style-type: none">▪ The Underwriters will be acting as underwriters, joint lead managers and bookrunners to the Equity Raising. AMA Group entered into an underwriting agreement with the Underwriters in respect of the Equity Raising ("Underwriting Agreement").▪ If certain conditions are not satisfied or certain events occur under the Underwriting Agreement, the Underwriters may terminate the Underwriting Agreement which may have an adverse impact on the amount of proceeds raised under the Equity Raising or result in the Equity Raising not proceeding at all. As noted in the risks above, AMA Group has agreed an extension to the maturity of its senior corporate syndicated facility to December 2025 (from October 2024), subject to a number of conditions including conducting the Equity Raising to repay \$50 million (plus ~\$3.9m of PIK interest) of existing senior bank debt and setting aside in a locked account an additional \$50 million for repayment of AMA Group's convertible notes (should any note holders seek early redemption in March 2025). Should the Equity Raising not complete or the Equity Raising does not raise the funds required, AMA Group would not be able to extend the maturity of its senior corporate syndicated facility. Failure to extend the maturity beyond October 2024 would result in AMA Group needing to refinance the outstanding balance under the facility. If AMA Group was unable to refinance by October 2024, AMA Group would be in a significantly adverse financial position given it would not be able to continue its operations as a going concern.▪ See the "Underwriting Agreement" section of this presentation for a summary of the events that may lead to a termination of the Underwriting Agreement.
Risk of dilution and fundraising risks	<ul style="list-style-type: none">▪ Entitlements cannot be traded on ASX and will be offered for sale during a bookbuilding process undertaken by the Joint Lead Managers. Eligible shareholders who do not take up all of their entitlements under the Entitlement Equity Raising will have their percentage shareholdings in AMA Group diluted and there is no guarantee that they will receive any value for their entitlements.▪ Shareholders may also have their investment diluted by future capital raisings by AMA Group including to meet obligations under its syndicated loan facility. While AMA Group will be subject to the constraints of ASX Listing Rules regarding the percentage of its capital it is able to issue within a 12-month period (other than where exceptions apply), shareholders may be diluted as a result of such fundraisings and may experience a loss in value of their equity as a result of such issues of shares and fundraisings.▪ There can be no assurance that such additional funding, if needed, will be available on terms attractive to AMA Group or at all. The ability of AMA Group to secure any required financing to sustain operations and refinancing obligations will depend in part upon general economic conditions, prevailing capital market conditions and the performance, reputation and financial strength of AMA Group.▪ AMA Group may issue new securities in the future under the Convertible Notes, to finance acquisitions or pay down debt, any of which may, under certain circumstances, dilute the value of an investor's interest.

Key risks

Risk	Summary
Convertible Notes	<ul style="list-style-type: none">▪ The Convertible Notes may be converted into ordinary shares under certain circumstances. The ordinary shares held by a Noteholder as a result of any conversion will, following conversion, rank equally with existing ordinary shares held by existing shareholders. Upon conversion into ordinary shares, the newly issued ordinary shares could dilute the interest of the existing shareholders and could substantially decrease the trading price of the ordinary shares. The Equity Raising will, as a result of anti-dilution protections under the terms of the Convertible Notes, have the effect of reducing the conversion price of the Convertible Notes from \$0.3887 to a price to be determined by the independent adviser, Conv-Ex, appointed by the Company pursuant to the terms of the Convertible Notes on and from completion of the institutional entitlement offer and placement on Monday 22 July 2024, which will increase the maximum number of ordinary shares into which the Convertible Notes would convert on conversion (see the Appendix 3B to be released by the Company upon finalisation of the calculation by the independent adviser on Monday, 22 July 2024 for further information). The issuance of a substantial number of ordinary shares on conversion of the Convertible Notes could depress the market price of the ordinary shares and impair AMA Group's ability to raise capital through the issuance of additional equity securities. AMA Group cannot predict the effect that future issuance of the ordinary shares would have on the market price of the ordinary shares held by existing shareholders. In addition, the price of ordinary shares could be affected by sales by investors who view the Convertible Notes as a more attractive means of obtaining equity participation in AMA Group and by hedging or engaging in arbitrage trading activity involving the Convertible Notes.▪ The Convertible Notes may be converted into or redeemed for cash under certain circumstances. The amount due to a Noteholder as a result of any redemption into cash will be a debt that AMA Group must discharge. Upon redemption, AMA Group will source the repayment funds from the proceeds of the Equity Raising.▪ Noteholders have the option to require AMA Group to redeem all or some of the Noteholder's notes on 22 March 2025 for an amount equal to 100% of the principal amount of the notes plus any accrued but unpaid interest. Any notes not converted will be redeemed on the maturity date, at the principal amount of the notes plus any accrued but unpaid interest. . As noted above and to mitigate such risk, one of the conditions to the extension to the maturity of its senior corporate syndicated facility is setting aside in a locked account \$50 million for repayment of the Convertible Notes upon early redemption, However, if for some reason the Equity Raising does not complete or the Equity Raising does not raise the funds required, AMA Group cannot assure shareholders that, it would have sufficient cash or other financial resources or would be able to arrange financing to redeem the Convertible Notes in cash. AMA Group cannot predict the effect that future redemption of the Convertible Notes would have on the financial position of AMA Group.

4. Australian Taxation Implications

4.1 General

Set out below is a general summary of the Australian income tax, Goods and Services Tax (**GST**) and stamp duty implications of the Retail Entitlement Offer and receiving New Shares for certain Eligible Retail Shareholders.

Neither AMA Group nor any of its officers or employees, nor its taxation or other advisers, accept any liability or responsibility in respect of any taxation consequences of the Retail Entitlement Offer or any associated statements made within this document.

The comments in this section cover the Australian taxation implications of the Retail Entitlement Offer only if you (referred to in this section as **Eligible Retail Shareholder, Shareholder** or **you**):

- are an Eligible Retail Shareholder;
- are an Australian resident for Australian income tax purposes; and
- hold your existing Shares and New Shares on capital account for Australian income tax purposes.

The comments do not apply to you if:

- you are a non-resident for Australian income tax purposes;
- your Shares are subject to the taxation of financial arrangements provisions contained in Division 230 of the *Income Tax Assessment Act 1997* (Cth);
- you hold your existing Shares as revenue assets or trading stock;
- you acquired your existing Shares in respect of which the Entitlements are issued under any employee share scheme;
- your existing Shares and the right to acquire New Shares are “traditional securities” (as defined in the *Income Tax Assessment Act 1997* (Cth));
- your existing Shares are convertible interests; or
- you are exempt from Australian income tax.

This taxation summary is necessarily general in nature and is not an authoritative or complete statement of all potential tax implications for each Eligible Retail Shareholder.

It is based on the Australian tax legislation and administrative practice in force as at the date of this Offer Booklet. It does not take into account of, or anticipate changes to, the Australian tax laws or future judicial or administrative interpretations of that law after this time. The comments also do not take into account the tax laws of any country other than Australia. The tax law and Australian tax authorities’ interpretation of it are subject to change, and such changes may be effective retrospectively and may affect the comments below.

The summary does not take into account any financial objectives, tax positions or investment needs of Eligible Retail Shareholders. As the taxation implications of the Retail Entitlement Offer will vary depending upon your particular circumstances, you should seek and rely upon your own professional tax advice before concluding on the particular taxation treatment that will apply to you.

4.2 Australian tax considerations for Eligible Retail Shareholders

(a) *Issue of Entitlements*

The issue of the Entitlements should not, of itself, result in any amount being included in your assessable income.

(b) Exercise of Entitlements

You should not make a capital gain or loss, or derive assessable income, at the time of exercising your Entitlements under the Retail Entitlement Offer. If you take up all or part of your Entitlements, you will acquire New Shares. For Australian capital gains tax (**CGT**) purposes:

- Each New Share acquired upon exercising the Entitlement will comprise a CGT asset, being a share in AMA Group;
- Each New Share should be taken to have been acquired on the date the New Share is issued to you; and
- Each New Share should have a cost base (and reduced cost base) that is equal to the Offer Price payable for the New Share plus certain non-deductible incidental costs incurred in acquiring, holding and disposing of the New Share.

New Shares will be taken to have been acquired on the day you exercise the Entitlement for CGT purposes.

(c) Sale of Entitlements through the Retail Shortfall Bookbuild for Renouncing Shareholders

Eligible Retail Shareholders who do not take up their Entitlements will have their Entitlements sold on their behalf through the Retail Shortfall Bookbuild, and any Retail Premium. In respect of their Entitlements will be paid to them.

Eligible Retail Shareholders whose Entitlements are sold into the Retail Shortfall Bookbuild will make a capital gain where the capital proceeds for the disposal of their Entitlements exceed the cost base of those Entitlements.

Any Retail Premium paid to Eligible Retail Shareholders for the sale of their Entitlements into the Retail Shortfall Bookbuild should constitute the capital proceeds. This is consistent with the Commissioner's views in Taxation Ruling TR 2017/4 *"Income tax: taxation of rights and retail premiums under renounceable rights offers where shares held on capital account"* in which the Commissioner also confirmed that Retail Premiums paid to Eligible Retail Shareholders are not ordinary income, or a dividend, for income tax purposes, provided the shares are held on capital account.

As Entitlements are granted to Eligible Retail Shareholders for nil consideration, the cost base of the Entitlements should generally be limited to certain non-deductible incidental costs incurred in relation to the disposal of the Entitlements.

Eligible Retail Shareholders who are individuals, trustees or complying superannuation entities that have held their existing Shares for at least 12 months prior to the date of sale into the Retail Shortfall Bookbuild may be entitled to apply the applicable CGT discount to reduce the capital gain resulting from the sale of the Entitlements into the Retail Shortfall Bookbuild (after offsetting current year or carried forward capital losses).

The CGT discount is 50% for individuals and trustees and 33⅓% for complying superannuation entities, and the CGT discount is not available to Eligible Retail Shareholders that are companies.

(d) Distributions on New Shares

Any future distributions made in respect of the New Shares should be subject to the same income taxation treatment as distributions made in respect of existing Shares held in the same circumstances.

Any dividends paid by AMA Group on a New Share will constitute assessable income of an Eligible Retail Shareholder.

An Eligible Retail Shareholder should include the dividend in their assessable income in the year the dividend is paid, together with any franking credit attached to that dividend. Such an Eligible Retail Shareholder should be entitled to a tax offset equal to the franking credits attached to the dividend subject to satisfying the 'holding period' and 'related payment' rules

(refer to comments below) and provided the benefit of franking credits is not denied under various franking integrity rules. The tax offset can be applied to reduce the tax payable on the Eligible Retail Shareholder's taxable income. Where the tax offset exceeds the tax payable on the Eligible Retail Shareholder's taxable income and such Eligible Retail Shareholder is:

- an individual or complying superannuation entity – the Eligible Retail Shareholder should be entitled to a refund of the excess franking offsets;
- a company – the excess franking offsets may be carried forward to future income years as tax losses (provided certain loss utilisation tests are satisfied); or
- a trustee (other than a trustee of a complying superannuation entity) – the treatment of the excess franking offsets will depend upon the identity of the person liable to tax on the trust's net income.

Where a dividend paid by AMA Group is wholly or partly unfranked, the Eligible Retail Shareholder should include the unfranked amount in their assessable income and there will be no tax offset entitlement to that extent.

(e) New Shares held 'at risk'

In order to be eligible for the benefit of franking credits and tax offsets, an Eligible Retail Shareholder must satisfy both the 'holding period' and 'related payment' rules. This broadly requires that an Eligible Retail Shareholder holds the New Shares 'at risk' for at least 45 days continuously (not including the date of acquisition and disposal) during the holding period.

The holding period commences on the day after the Eligible Retail Shareholder acquires the New Shares and ends on the 45th day after the New Shares become ex-dividend.

Any day on which an Eligible Retail Shareholder has a materially diminished risk of loss or opportunity for gain in respect of the New Shares will not be counted as a day on which the Eligible Retail Shareholder held the shares 'at risk', but such days do not break the continuity of holding. Where the shares are funded by limited recourse loans, or there are options or other derivatives in respect of the shares, these may adversely affect the ability of a shareholder to satisfy the 'at risk' requirement.

Where these rules are not satisfied, the Eligible Retail Shareholder will not be able to include an amount for the franking credits in their assessable income and will not be entitled to a tax offset.

The holding period rule is subject to certain exceptions, including where the total franking offsets of an individual in a year of income do not exceed A\$5,000.

The related payment rule applies where the Eligible Retail Shareholder has made, or is under an obligation to make, a related payment (broadly, a payment whereby the benefit of the dividend is passed to another person) in relation to a dividend paid by AMA Group. The related payment rule requires the Eligible Retail Shareholder to have held the New Shares at risk for a period commencing on the 45th day before, and ending on the 45th day after, the day the New Shares become ex-dividend.

(f) Disposal of New Shares

The disposal of New Shares will constitute a disposal for CGT purposes.

On a disposal of New Shares, Eligible Retail Shareholders should make a capital gain if the capital proceeds on disposal exceed the total cost base of the New Shares, or a capital loss if the capital proceeds are less than the total reduced cost base of the New Shares.

In general, the capital proceeds will be the consideration received for the disposal, and the cost base (or reduced cost base) of each constituent Share will be broadly equal to the Offer Price payable (plus any non-deductible incidental costs the Eligible Retail Shareholder incurs in acquiring, holding and selling the New Shares).

Individuals, trustees or complying superannuation entities that have held New Shares for 12 months or more (excluding the date of acquisition and the date of disposal) at the time of

disposal may be entitled to apply the applicable CGT discount to reduce the capital gain (after offsetting current year or carried forward capital losses). The CGT discount is 50% for individuals and trustees and 33⅓% for complying superannuation entities, and the CGT discount is not available to Eligible Retail Shareholders that are companies.

The CGT discount is not available to companies, unless the Shares are held by the company in the capacity as a trustee.

New Shares should be treated for the purposes of the CGT discount as having been acquired when the Eligible Retail Shareholder exercised the Entitlement. Accordingly, in order to benefit from the CGT discount in respect of a disposal of those New Shares, they must have been held for at least 12 months after the date of exercise before the disposal occurs.

If you make a capital loss, you can only use that loss to offset other capital gains (i.e. the capital loss cannot be offset against assessable income). However, if the capital loss cannot be used in a particular income year, it can be carried forward for use in future income years, provided certain loss utilisation tests are satisfied.

(g) Withholding tax

Where a dividend paid by AMA Group is wholly or partly unfranked, AMA Group may be required to withhold an amount from the dividend and remit such amount to the Australian Taxation Office, unless the Eligible Retail Shareholder provides its Australian Business Number (**ABN**), Tax File Number (**TFN**), or informed AMA Group that it is exempt from quoting an ABN or TFN.

You are not required to provide your ABN or TFN to AMA Group, however you may choose to do so. If you have previously provided your ABN or TFN or have notified AMA Group that an exemption from quoting your ABN or TFN exists, that quotation or exemption will also apply in respect of any New Shares you acquire.

(h) Other Australian taxes

No GST should be payable by you in respect of the issue or exercise of Entitlements or the acquisition of New Shares.

To the extent you incur GST on costs that relate to the issue or exercise of Entitlements or the acquisition of New Shares, you may not be entitled to recover such GST as an input tax credit. In this regard, we recommend that you seek independent taxation advice in respect of your individual taxation affairs.

Stamp duty will not be payable in respect of the acquisition of the New Shares on the assumption that each Eligible Retail Shareholder will act independently of each other such shareholder in respect of its holding of such shares, and no Eligible Retail Shareholder and its "associates" will hold 90% or more of the total issued shares in AMA Group.

- did not receive an offer to participate (other than as nominee) or were otherwise ineligible to participate in the Institutional Entitlement Offer; and

- are eligible under all applicable securities laws to receive an offer under the Retail Entitlement Offer without any requirement for a prospectus or offer document to be lodged or registered (except to the extent AMA Group is in its absolute discretion willing to comply with such a requirement).

If you are a shareholder who does not satisfy each of the criteria listed above, you are an **"Ineligible Shareholder"**. AMA Group reserves the right to determine whether a shareholder is an Eligible Retail Shareholder or an Ineligible Shareholder.

By returning a completed personalised Entitlement and Acceptance Form or making a payment by BPAY®, you will be taken to have represented and warranted that you satisfy each of the criteria listed above to be an Eligible Retail Shareholder. Nominees, trustees or custodians are therefore advised to seek independent professional advice as to how to proceed.

AMA Group has decided that it is unreasonable to make offers under the Retail Entitlement Offer to Shareholders who have registered addresses outside Australia, New Zealand and certain other jurisdictions, having regard to the number of such holders in those places and the number and value of the New Shares that they would be offered, and the cost of complying with the relevant legal and regulatory requirements in those places. AMA Group may (in its absolute discretion) extend the Retail Entitlement Offer to shareholders who have registered addresses outside Australia and New Zealand (except the United States) in accordance with applicable law.

5.2 Ranking of New Shares

New Shares issued under the Retail Entitlement Offer will rank equally with existing Shares. New Shares will be entitled to any dividends on ordinary shares with a record date after the date of issue. The rights and liabilities attaching to the New Shares are set out in AMA Group's constitution, a copy of which is available at www.asx.com.au.

5.3 Issue, quotation and trading

AMA Group will apply to the ASX for official quotation of the New Shares in accordance with the ASX Listing Rule requirements. If ASX does not grant quotation of the New Shares, AMA Group will repay all Application Monies (without interest).

AMA Group disclaims all liability (to the maximum extent permitted by law) to persons who trade New Shares before the New Shares are listed on the Official List of ASX or before receiving their confirmation of holding, whether on the basis of confirmation of the allocation provided by AMA Group, the Share Registry or the Underwriters.

Subject to approval being granted, it is expected that the issue of New Shares under the Retail Entitlement Offer will take place on Friday, 16 August 2024 and that normal trading of New Shares allotted under the Retail Entitlement Offer will commence at 10.00am (Sydney time) on Friday, 16 August 2024. Application Monies will be held by AMA Group on trust for Applicants until the New Shares are issued. No interest will be paid on Application Monies.

5.4 Capital structure

After the issue of New Shares under the Retail Entitlement Offer, the capital structure of AMA Group is expected to be as follows (subject to reconciliations rounding of fractional Entitlements)²:

Shares on issue as at Record Date	1,806,403,551 ³
--	----------------------------

² This assumes that there is 100% take-up of entitlements under the Retail Entitlement Offer and that the Offer completes successfully without any termination of the Underwriting Agreement.

³ This includes both unquoted and quoted Shares in AMA Group as at the Record Date. There are 36,347,601 unquoted shares currently being held in an employee share trust on behalf of employees of AMA Group.

Shares issued under the Institutional Entitlement Offer	1,224,636,832
Shares issued under the Placement	773,259,316
Maximum number of New Shares to be issued under the Retail Entitlement Offer	978,294,328
Total Shares on issue on completion of the Offer	4,782,594,027

5.5 Reconciliation, Top-Up Shares and the rights of AMA Group and the Underwriter

The Retail Entitlement Offer is a complex process and in some instances investors may believe that they will own more Shares than they ultimately did as at the Record Date or are otherwise entitled to more New Shares than initially offered to them. If reconciliation is required, it is possible that AMA Group may need to issue additional New Shares (**Top-Up Shares**) to ensure that the relevant investors receive their appropriate allocation of New Shares. The price at which these New Shares would be issued, if required, is the same as the Offer Price.

AMA Group also reserves the right to reduce the size of an Entitlement or number of New Shares allocated to Eligible Retail Shareholders, or persons claiming to be Eligible Retail Shareholders or other applicable investors, if AMA Group believes in its complete discretion that their Entitlement claims are overstated or if they or their nominees fail to provide information requested to substantiate their claims. In that case, AMA Group may, in its discretion, require the relevant shareholder to transfer excess New Shares to the Underwriters at the Offer Price per New Share. If necessary, the relevant shareholder may need to transfer existing Shares held by them or to purchase additional Shares on-market to meet this obligation. The relevant shareholder will bear any and all losses caused by subscribing for New Shares in excess of their Entitlement and any actions they are required to take in this regard.

By applying under the Retail Entitlement Offer, those doing so irrevocably acknowledge and agree to do the above as required by AMA Group in its absolute discretion. Those applying acknowledge that there is no time limit on the ability of AMA Group or the Underwriters to require any of the actions set out above.

5.6 Sale of Entitlements

AMA Group will arrange for Entitlements which are not taken up by close of the Retail Entitlement Offer to be sold to certain institutional investors. AMA Group has engaged the Joint Lead Managers to assist in selling Entitlements (including Entitlements that would have been issued to Ineligible Retail Shareholders had they been eligible to participate in the Retail Entitlement Offer), through the Retail Shortfall Bookbuild. However, it is important to note that the Joint Lead Managers will be acting for and providing services to AMA Group in this process and will not be acting for or providing services to shareholders or any other investor. The engagement of the Joint Lead Managers by AMA Group is not intended to create any agency, fiduciary or other relationship between the Joint Lead Managers and the shareholders or any other investor.

5.7 No cooling off rights

Cooling off rights do not apply to an investment in New Shares. You cannot withdraw your Application once it has been accepted.

5.8 Risks

The Investor Presentation details important factors and key risks that could affect the financial and operating performance of AMA Group, a copy of which is included in Section 3 of this Offer Booklet. Please refer to the "Key Risks" section of the Investor Presentation for details. You should consider these risks carefully in light of your personal circumstances, including financial and taxation issues, before making an investment decision in connection with the Retail Entitlement Offer.

5.9 Notice to nominees and custodians

If AMA Group believes you hold Shares as a nominee or custodian you will have received, or will shortly receive, a letter in respect of the Retail Entitlement Offer. Nominees and custodians should carefully consider the contents of that letter and note that persons who hold Shares as a nominee or custodian must not purport to accept, or make an application under, the Retail Entitlement Offer in respect of:

- a) Beneficiaries on whose behalf they hold existing Shares who would not satisfy the criteria for an Eligible Retail Shareholder (if they were the registered holder of the Shares);
- b) any Shareholder that is in the United States, including any Shareholder in the United States for whom the nominee or custodian holds Shares or acts; or
- c) Shareholders who are not eligible under all applicable securities laws to receive an offer under the Retail Entitlement Offer.

Persons acting as nominees or custodians for other persons must not take up any Entitlements on behalf of, or send any documents related to the Retail Entitlement Offer to, any person who is an Ineligible Shareholder or any person in the United States or any person that is acting for the account or benefit of a person in the United States except that nominees may take up Entitlements on behalf of, and send documents related to the Retail Entitlement Offer to, Institutional Investors.

AMA Group is not required to determine whether or not any registered holder or investor is acting as a nominee or custodian or the identity or residence of any beneficial owners of existing Shares or Entitlements. Where any person is acting as a nominee or custodian for a foreign person, that person, in dealing with its beneficiary, will need to assess whether indirect participation in the Retail Entitlement Offer by the beneficiary, including following acquisition of Entitlements on ASX or otherwise, complies with applicable laws. AMA Group is not able to provide legal advice.

Nominees and custodians may not distribute any part of this Offer Booklet in the United States or in any other country outside Australia and New Zealand.

5.10 Continuous Disclosure

AMA Group is a "disclosing entity" under the Corporations Act and is subject to regular reporting and disclosure obligations under the Corporations Act and the ASX Listing Rules, including the preparation of annual reports and half yearly reports.

AMA Group is required to notify ASX of information about specific events and matters as they arise for the purposes of ASX making that information available to the stock markets conducted by ASX. You should also consider whether you need to seek appropriate advice, including financial, legal and taxation advice appropriate to your jurisdiction.
