DomaCom is excited to announce a significant Board reorganisation as part of a strategy to set up for future growth.

Bricklet is a venture within the Lakeba Group, a business builder dedicated to conceiving, creating, and commercialising FinTech, AI, Cybersecurity, and Proptech ventures. As part of the Lakeba Group, Bricklet benefits from the Group's strategic investments and control over a portfolio of robust operating assets.

DomaCom obtains new loan; progresses a planned Capital Raise

The New Loan has an interest rate of 13% and a maturity date of 31 October 2025. The terms of the New Loan are set out in Appendix A. The New Loan is an extension of the Binding Term Sheet announced on 16 May 2024 under which \$0.5m has already been drawn (**Existing Loan**). The New Loan and Existing Loan combined with the \$1.5m drawn initial loan (**Initial Loan**) (ASX Announcement 4 March 2024) represent a total drawn facility of \$4.5m (**Facility**). The amounts drawn under the New Loan and Existing Loan are agreed to be converted into Ordinary Shares of DomaCom at a price of \$0.014 per share subject to compliance with ASX Listing Rules, the Corporations Act and shareholder approval. The conversion of the Existing Loan and the New Loan will result in the issue of 214,285,715 Ordinary Shares. The conversion is subject to shareholder

approvals under the ASX Listing Rules and the Corporations Act.

The 53,571,429 Unlisted Options announced on 16 May 2024 have not yet been issued and will not be issued. Instead, a bonus share (**Bonus Share**) will be issued for each share subscribed under the conversion of the New Loan and Existing Loan. As a result of the agreement to issue Bonus Shares, the conversion of the Existing Loan and the New Loan will result in the issue of a further 214,285,715 Ordinary Shares. The issue of Bonus Shares will be subject to shareholder approvals under the ASX Listing Rules and the Corporations Act.

DomaCom is also currently considering an opportunity to undertake an Entitlement Offer. Further details will be released once the terms have been agreed. As announced in the ASX Announcement on 16 May 2024, Bricklet has committed to underwrite \$2.0 million of the Entitlement Offer, if it proceeds. The underwriting would be subject to agreement of underwriting terms and would be subject to definitive agreements, any relevant shareholder approvals and not causing the breach of any ASX Listing Rule, ASIC Regulation or requirement of the Corporations Act. Bricklet has reconfirmed the commitment to underwrite \$2.0 million of the Entitlement Offer.

The capital raise will place the Company in the best possible position to continue its development and expansion. As part of the recapitalisation process, DomaCom will apply to be readmitted to quotation by the ASX. The ASX may or may not allow readmission to quotation to occur.

Strategic Alliance with Central Real Capital (CRC)

As an integral part of the company's recapitalisation and the renewal of the business focus and growth, DomaCom recognised the need to align itself with substantial market participants in the financial services sector. Central Real is a business founded by Mr Tony Denny, which has a substantial presence in the private credit, property and financial services sectors, as well as a strong knowledge of private equity investment. The executive team of DomaCom and Central Real identified the multiple synergistic opportunities and are exploring ways to work together to take advantage of these opportunities. As a consequence, DomaCom is in the process of negotiating an agreement with CRC which is currently being documented whereby it is proposed that CRC will:

-cooperate with DCL in the establishment of new sub-funds in the mortgage banking and private credit sector using the skills and experience of Central Real which DCL believes will to deliver strong recurrent underwritten returns to investors; and

- cooperate with DCL in the establishment of a new fund to utilise Superannuation Equity Release in a model developed by Super Bond Australia Pty Ltd to facilitate the growth of residential purchase opportunities; and
- cooperate with DCL with the establishment of marquee property asset funds with solid lease-based returns and strong capital growth prospects; and
- cooperate with DCL to explore the applications for monetisation of the secondary market opportunities available to DCL through its current AFSL licence permits and conditions; and
- work with DCL to finalise terms whereby CRC will provide a partial underwriting of the proposed entitlement issue or capital raise to assist DCL in achieving its expansion goals; and
- work with DCL to identify other potential underwriters and significant investors; and
- provide DCL with additional skills and resources which reside in Central Real; and
- CRC will also assist DCL with its strategy to secure favourable terms for the conversion of current debt instruments to strengthen and improve the balance sheet of DCL.

The final agreement terms have yet to be executed, but it is expected that this will occur in the coming weeks, and a supplementary announcement will be made. The board is confident that the final terms will indeed enhance the summary included in this announcement.

We would like to thank John Hewson for his commitment and drive during his time as Chairman. His knowledge and expertise have been invaluable as DomaCom has gone through a transitional period. We are sad to see him go and we wish him well in his future endeavours.

We welcome Alberto, Ray and Vinu to the Board. We have an absolute commitment to continue to develop our compliance capabilities and look forward to making use of their significant experience to enable future growth in a very strongly controlled compliance environment.”

Bricklet and Lakeba Group Chairman Giuseppe Porcelli commented, “We are pleased about our extended collaboration with DomaCom. Our shared vision for the future of fractionalised investments drives exciting plans. The proposed board appointments will contribute expertise in Real Estate, Fintech, Governance, and Compliance. We are thrilled to join forces with Tony Denny and Central Real Capital as we embark on this exciting new chapter of the DomaCom journey.”

CRC Founder and CEO Tony Denny said, “I am happy to work with the board of DomaCom to change the face of DCL so it becomes well placed both financially and strategically to provide a product line to investors which have strong income and/or capital returns prospects, and which have a very different risk profile to those products that DCL presently offers to the investors. I am confident that we can assist DCL with our financial capacity and sector skills to enable all stakeholders to derive benefit. We have already identified 4 fund opportunities in marquee property assets and financial products that will drive substantial returns and income to investors and DCL alike.”

Ross Landles Chairman of DomaCom said, “Central Real is exactly the profile of company we are looking to align ourselves with. We need to have a different product profile available for investors and one which is reliable and sustainable. The products we have identified with Central Real provide that reliability and this combined with additional financial support by CRC represent an outstanding opportunity for our company to undertake a transformative change. I look forward to working with Tony and his executive team whom I have come to know well to implement the plans.”

Matthew Fletcher, Managing Director of MSC Trustees commented, “As the Trustee for the DomaCom Fund (Fund), we are encouraged that DCL is pursuing a strategic alliance with CRC and we look forward to DCL and CRC reaching final terms which we expect will enhance the outlook for DCL considerably. The participation of the Lakeba Group expands the skills and experience that DCL can draw on as Manager of the Fund, and the combined vision of the major stakeholders will ultimately be of benefit to all investors in the Fund.”

If prior to an exercise of an Option, the Company makes an issue of Equity Securities by way of capitalisation of profits or out of its reserves (other than pursuant to a dividend reinvestment plan) pursuant to an offer of such Equity Securities to at least all the holders of Equity Securities resident in Australia, then on exercise of the Option, the number of Equity Securities over which an Option is exercisable shall be increased by the number of Equity Securities which the holder of the Option would have received if the Option had been exercised before the date on which entitlements to the issue were calculated.

2.4 Rights Issues

If prior to an exercise of an Option, any offer or invitation is made by the Company to at least all the holders of Equity Securities resident in Australia for the subscription for cash with respect to Equity Securities, options or other securities of the Company on a pro rata basis relative to those holders' Shareholding at the time of the offer, the Option Exercise Price shall be reduced as specified in the Listing Rules in relation to pro-rata issues (except bonus issues).

2.5 Reconstruction of Capital

In the event of a consolidation, subdivision or similar reconstruction of the issued capital of the Company, and subject to such changes as are necessary to comply with the Listing Rules applying to a reconstruction of capital at the time of the reconstruction:

- (a) the number of the Equity Securities to which each Option holder is entitled on exercise of the outstanding Options shall be reduced or increased in the same proportion as, and the nature of the Equity Securities shall be modified to the same extent that, the issued capital of the Company is consolidated, subdivided or reconstructed (subject to the same provisions with respect to rounding of entitlements as sanctioned by the meeting of shareholders approving the consolidation, subdivision or reconstruction); and

- (b) an appropriate adjustment shall be made to the Option Exercise Price of the outstanding Options, with the intent that the total amount payable on exercise of the Options shall not alter.

2.6 Cumulative Adjustments

Full effect shall be given to the provisions of clauses 1.3 to 1.5, as and when occasions of their application arise and in such manner that the effects of the successive applications of them are cumulative, the intention being that the adjustments they progressively effect will be such as to reflect, in relation to the Shares issuable on exercise of the Options outstanding, the adjustments which on the occasions in question are progressively effected in relation to Equity Securities already on issue.

2.7 Notice of Adjustments

Whenever the number of Shares over which an Option is exercisable, or the Option Exercise Price, is adjusted pursuant to this Agreement, the Company must give notice of the adjustment to all the Option holders, within ten (10) Business Days.

2.8 Rights Prior to Exercise

Prior to its exercise, an Option does not confer a right on the Option holder to participate in a new issue of securities by the Company.

2.9 Redemption

The Options shall not be redeemable by the Company.

2.10 Assignability and Transferability

The Options shall be freely assignable and transferable, subject to the provisions of Chapter 6D of the Corporations Act and the applicable law.
