None of the Company, the Joint Brokers or any of their respective affiliates or any of their respective Representatives undertakes any obligation to verify, update, complete, correct, revise or amend the Materials or to provide recipients with access to any additional information that may arise in connection with it. Prospective investors are advised to conduct their own due diligence.

Important Notice & Disclaimer

Strand and Orana are authorised and regulated in the United Kingdom by the FCA and are acting exclusively for the Company and for no one else in connection with the Admission and will not regard any other person (whether or not a recipient of the Materials) as a client in relation to the Admission or any transaction, arrangement or other matter referred to in the Materials and will not be responsible to anyone other than the Company for providing the protections afforded to its clients or for giving advice in relation to the Admission or any transaction, arrangement or other matter referred to in the Materials.

No representation, warranty, undertaking or other assurance, express or implied, is or will be made or given and no responsibility or liability is or will be accepted by the Company, the Joint Brokers (apart from any responsibilities or liabilities that may be imposed by FSMA, or the regulatory regime established thereunder) or any of their respective affiliates or any of their respective Representatives in relation to the adequacy, accuracy, fairness or completeness of the information and opinions contained in, or the use of, the Materials, or as to any such information or opinions remaining unchanged after the Materials are issued (and no-one is authorised to do so on behalf of any of them). The Company, the Joint Brokers, their respective affiliates and their respective Representatives expressly disclaim, to the maximum extent permitted by law, any responsibility or liability, whether express or implied, arising in tort, contract or otherwise, for the Materials and any information and opinions contained therein, and for any errors, omissions or misstatements contained in the Materials.

Certain statements contained in the Materials contain (or may contain) certain forward-looking statements with respect to the Company's current expectations, beliefs, intentions, estimates and projections about future events, strategic initiatives and the Company's future financial condition and performance. These statements sometimes use words such as "aim", "believes", "estimates", "may", "will", "should", "plans", "anticipates", "could", "potential", "expects", "anticipates", "plans", "intends", "projects", "indicates" and words or terms of similar meaning (or the negative thereof). By their nature, forward-looking statements are inherently predictive, speculative and involve risks, uncertainties and assumptions that could cause actual results, financial condition, performance, developments or achievements to differ materially from those expressed or implied by the forward-looking statements. Many of these risks, uncertainties and assumptions relate to factors that are beyond the Company's ability to control or estimate precisely, such as changes in taxation or fiscal policy, future market conditions, currency fluctuations, the behaviour of other market participants, the actions of governments or governmental regulators, or other risk factors, such as changes in the political, social and regulatory framework in which the Company operates or in economic or technological trends or conditions, including inflation, recession and consumer confidence, on a global, regional or national basis. These forward-looking statements speak only as of the date of the relevant Materials. Undue reliance should not be placed on these forward-looking statements. In particular, but without prejudice to the generality of the above, no representation or warranty is given, and no responsibility or liability is accepted, either as to the achievement or reasonableness of any future projections, forecasts, estimates or statements as to any prospects or future returns contained or referred to in the Materials or in relation to the basis or assumptions underlying such projections, forecasts, estimates or statements. Except as required by applicable law or regulation, each of the Company and the Joint Brokers expressly disclaims any obligation or undertaking to release any updates or revisions to these forward-looking statements whether as a result of new information, future events or otherwise.

The Company has included non-IFRS financial measures in the Materials. These measurements may not be comparable to those of other companies. Reference to these non-IFRS financial measures should be considered in addition to IFRS financial measures, but should not be considered a substitute for results that are presented in accordance with IFRS.

No statement in the Materials is or is intended to be a profit forecast or profit estimate or to imply that the earnings of the Company for the current or future financial periods will necessarily match or exceed the historical or published earnings of the Company and/or its subsidiaries. No statement of a financial metric should be interpreted to mean that any financial metric for the current or future financial years would necessarily match or exceed the historical published position of the Company and/or its subsidiaries. The estimates set out in the Materials have been prepared based on numerous assumptions and forecasts, including those set out in the Materials, some of which are outside of the Company's influence and/or control, and are therefore inherently uncertain. The estimates have not been audited, reviewed, verified or subject to any procedures by the Company's auditors. You should not place undue reliance on them and there can be no guarantee or assurance that they will be correct.

Certain figures contained in the Materials may have been subject to rounding adjustments. Accordingly, the actual arithmetic total of numbers may not conform exactly to the total figures and percentages may not conform exactly to percentages that would be derived if calculations were based on rounded numbers.

The price of the Shares and any income from them may go down as well as up and investors may not get back the full amount invested on disposal of such Shares. None of the Company, the Joint Brokers, any of their respective affiliates, or any of their respective Representatives, shall be liable for any direct, indirect or consequential loss or damage (including, without limitation, loss of profit) suffered by any person as a result of relying on any statement or omission in any information contained in the Materials or any future communication, written or oral, in connection with the Materials or the Admission.

Important Notice & Disclaimer

Solely for the purposes of the product governance requirements of Chapter 3 of the FCA Handbook Product Intervention and Product Governance Sourcebook (the **UK Product Governance Requirements**), and disclaiming all and any liability, whether arising in tort, contract or otherwise, which any “manufacturer” (for the purposes of the UK Product Governance Requirements) may otherwise have with respect thereto, the Shares have been subject to a product approval process, which has determined that the Shares are: (i) compatible with an end target market of retail investors and investors who meet the criteria of professional clients and eligible counterparties, each defined in paragraph 3 of the FCA Handbook Conduct of Business Sourcebook; and (ii) eligible for distribution through all permitted distribution channels (the **Target Market Assessment**). Notwithstanding the Target Market Assessment, “distributors” (for the purposes of the UK Product Governance Requirements) should note that: the price of the Shares may decline and investors could lose all or part of their investment; the Shares offer no guaranteed income and no capital protection; and an investment in the Shares is compatible only with investors who do not need a guaranteed income or capital protection, who (either alone or in conjunction with an appropriate financial or other adviser) are capable of evaluating the merits and risks of such an investment and who have sufficient resources to be able to bear any losses that may result therefrom. The Target Market Assessment is without prejudice to any contractual, legal or regulatory selling restrictions in relation to the Admission.

Furthermore, it is noted that, notwithstanding the Target Market Assessment, the Joint Brokers will only procure investors who meet the criteria of professional clients and eligible counterparties. For the avoidance of doubt, the Target Market Assessment does not constitute: (a) an assessment of suitability or appropriateness for the purposes of Chapters 9A or 10A respectively of the FCA Handbook Conduct of Business Sourcebook; or (b) a recommendation to any investor or group of investors to invest in, or purchase, or take any other action whatsoever with respect to the Shares. Each distributor is responsible for undertaking its own target market assessment in respect of the Shares and determining appropriate distribution channels.

By attending the Presentation or by otherwise accessing the Materials, you warrant, represent, undertake and acknowledge to each of the Company and the Joint Brokers that: (a) you have read, understood and agree to comply with the foregoing limitations and restrictions including, without limitation, the obligation to keep strictly confidential the information contained in the Materials or made available in connection with further enquiries to the extent such information is not made publicly available (otherwise than through a breach by you of this provision); (b) you are able to receive the Materials without contravention of any applicable legal or regulatory restrictions; (c) if you are in Australia, the Materials have been provided to you on the basis that you have confirmed your representation to the Company that you are either: (i) a “sophisticated investor” within the meaning of section 708(8) of the Australian Corporations Act 2001 and, if applicable, you have provided an accountant’s certificate in accordance with section 708(8)(c)(i) or (ii) of the Australian Corporations Act 2001 and related regulations to the Company before receiving the Materials; (ii) a “professional investor” within the meaning of section 708(11) of the Australian Corporations Act 2001; or (iii) a person associated with Constance under section 708(12) of the Australian Corporations Act 2001; (d) if you are in the European Economic Area, you are a Qualified Investor; (e) if you are in the United Kingdom, you are a “relevant person”; (f) you are either (i) a “qualified institutional buyer” as defined in Rule 144A under the US Securities Act or (ii) located outside of the United States; (g) you will not at any time have any discussion, correspondence or contact concerning the information in the Materials with any of the Representatives of the Company nor with any of its suppliers, nor any governmental or regulatory body, without the prior written consent of the Company; and (h) you will not deal in (or encourage any other person to deal in) the Shares or financial instruments of the Company or base any behaviour on any inside information you receive as part of the Materials until you have ceased to have such inside information.

Certain information contained in the Materials may constitute inside information for the purposes of the Criminal Justice Act 1993 and the EU Market Abuse Regulation (2014/596/EU) (as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018, as amended) (**UK MAR**). You agree and accept that you will not deal or encourage any other person to deal in the securities of the Company whilst you remain in possession of such inside information (i.e. until the transaction and other inside information described in the Materials is announced or until the Company or the Joint Brokers have confirmed to you that you are no longer in possession of inside information) and will not engage in behaviour which would amount to market abuse. Dealing in securities of the Company when in possession of inside information could result in liability under the insider dealing restrictions set out in the Criminal Justice Act 1993 or UK MAR. The Materials may contain information which is not generally available, but which, if available, would or would be likely to be regarded as relevant when deciding the terms on which transactions in the shares of the Company should be effected. Unreasonable behaviour based on such information could result in liability under the market abuse or insider dealing provisions of UK MAR or under other applicable laws and/or regulations in other jurisdictions.

The information contained in the Materials and any further information made available by, or on behalf of, the Company or the Joint Brokers relating to the Company or any of its subsidiaries or subsidiary undertakings will not form the basis of any contract, does not constitute or form part of, and should not be construed as, an offer, invitation, inducement, solicitation or recommendation for the taking of any action, the acquisition of any asset of, or securities in, the Company or any other entity or the making of any investment, commercial or financial decisions and does not otherwise constitute an agreement to provide investment services. The Materials or any part thereof, or the fact of their distribution, shall not form the basis of, or be relied upon in connection with, any contract or commitment by or with Singers or the Company, or their respective affiliates or Representatives, for any purpose.

These Materials are not, and should not be construed as, a prospectus and no prospectus or offering document will be made available in any jurisdiction in connection with the matters contained or referred to in the Materials or the Admission and no such prospectus is required to be published, in accordance with the Financial Services and Markets Act 2000, as amended (**FSMA**) or Regulation (EU) 2017/1129 (as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018, as amended).
