# **About Bluechiip Limited**

Bluechiip understands that every biological sample – stem cells, blood, eggs, sperm and other biospecimens – is critical, so our objective is to manage each one with optimal quality in the most efficient way. Bluechiip's advanced sample management solution is the only one that provides sample temperature with ID in cryogenic environments, driving productivity and improving quality. Bluechiip's solution delivers confidence in every sample.

Bluechiip's unique patented technology is a MEMS-based wireless tracking solution that contains no electronics. It represents a generational change from current tracking methods such as labels (hand-written and pre-printed), barcodes (linear and 2D), and Radio Frequency Identification. Bluechiip tags are either embedded or manufactured into storage products such as vials or bags. Each product is easily identified and critical information, such as sample temperature, detected by readers and stored in the Bluechiip software. In addition to functioning in extreme temperatures, the Bluechiip® Advanced Sample management solution can survive autoclaving, gamma irradiation sterilization, humidification, centrifuging, cryogenic storage and frosting.

Date: 30 August 2024

Name of authorised officer authorising lodgement:

the Board of Directors

See notes 4 and 5 below for further instructions on how to complete this form.

<sup>&</sup>lt;sup>1</sup> "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

 $<sup>^2</sup>$  Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

<sup>&</sup>lt;sup>3</sup> Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes " $\underline{OR}$ " at the end of the selection and you delete the other options, you can also, if you wish, delete the " $\underline{OR}$ " at the end of the selection.

# **Corporate Governance Statement**

The Corporate Governance Statement (**Statement**) for Bluechiip Limited (**Bluechiip** or **Company**), has been adopted by the Board of directors (**Board**) of Bluechiip and is current as at 30 August 2024.

The Board is responsible for establishing the corporate governance framework of the Company having regard to the ASX Corporate Governance Council (**CGC**) published guidelines (4<sup>th</sup> edition) as well as its corporate governance principles and recommendations (**CGR**). The Board guides and monitors the business and affairs of Bluechiip Limited on behalf of the shareholders by whom they are elected and to whom they are accountable.

The Board is committed to conducting the Company's business in accordance with the highest standards of corporate governance to create and deliver value for Shareholders. The Board has established a corporate governance framework, including corporate governance policies, procedures and charters, to support this commitment. The framework is reviewed regularly and revised in response to changes in law, developments in corporate governance and changes in the business of the Company.

A copy of these charters, procedures and policies are available on the corporate governance page of the website (<u>https://www.bluechiip.com/corporate-folder/corporate-governance</u>) and are signposted throughout this document where relevant.

Bluechip has assessed its governance practices against the CGC guidelines, which set out recommended governance practices which are likely to achieve good governance outcomes for ASX listed entities in most situations. The ASX Principles are not mandatory, and where the Company has not adopted a recommendation, this statement will explain why.

Except as otherwise noted below, Bluechiip's corporate governance practices were in place throughout the year ending 30 June 2024. Various corporate governance practices are discussed within this statement. # 1. PRINCIPLE 1: LAY SOLID FOUNDATIONS FOR MANAGEMENT AND OVERSIGHT

#### **Recommendation 1.1 - Comply:**

A listed entity should have and disclose a board charter setting out:

- (a) the respective roles and responsibilities of its board and management; and
- (b) those matters expressly reserved to the board and those delegated to management.

#### Role of the Board and executive management

The Board is committed to creating Shareholder value within a framework that protects the rights and interests of Shareholders and ensures that Bluechiip is being properly managed.

The Board's role and responsibilities, its relationship with management, and the key responsibilities of the Board are set out in the Board Charter, along with delegations to senior management and certain committees.

The Board Charter specifies the matters expressly reserved to the Board, which include approving strategy, adopting an annual budget, monitoring financial controls, governance, work health and safety and overall risk management, establishing Committees and appointing, removing and reviewing the performance of senior management. The Board Charter is available at the governance page of the Company's website.

There is a clear division between the responsibility of the Board and management. The Board has delegated responsibility for day-to-day management to the Managing Director and senior management, who are required to work within specified authority limits and delegations.

The Board has overall responsibility for overseeing the effective management and control of the Company on behalf of shareholders and supervising executive management's conduct of the Company's affairs within a control and authority framework, which is designed to enable risk to be prudently and effectively assessed and monitored.

The roles of the Chair and executive management, led by the Managing Director and Chief Executive Officer (**Managing Director** or **Chief Executive Officer**), are separated and clearly defined:

- The Chair, is responsible for leadership of the Board, setting the Board's agenda, conducting Board meetings, facilitating effective communication with shareholders and the conduct of shareholder meetings.
- Executive management, led by the Managing Director and Chief Executive Officer, Andrew McLellan, has been delegated responsibility for the management of the Company within the control and authority framework referred to above. The levels of authority for management are periodically reviewed by the Board and are documented.
- The non-executive directors constructively challenge the development of strategy. They review the performance of management in meeting agreed objectives and monitor the reporting of performance. They have a prime role in appointing and where necessary, recommending the removal of, executive directors, and in their succession planning.

The Board is responsible for approving the Company's overall strategic objectives, facilitating the provision of appropriate financial and human resources to meet these objectives and reviewing executive management's performance.

Matters reserved to the Board for approval include:

- setting overall financial goals for the Company;
- approving strategies, objectives and plans for the Company's businesses to achieve these goals;
- ensuring that business risks are identified and approving systems and controls to manage those risks and monitor compliance;
- approving the Company's major HR policies and overseeing the development strategies for senior executives;
- reviewing and considering monthly financial reports from management;
- approving Directors' Reports, Financial Reports, Annual Reports, Investors' Updates and any announcements for release to the ASX;
- reviewing and approving any proposed borrowings or commitments by the Company;
- approving financial plans and annual budgets;
- monitoring financial results on an on-going basis;
- monitoring executive management and business performance in the implementation and achievement of strategic and business objectives;
- approving key management recommendations (such as major expenditure, acquisitions, divestments, restructuring and funding);
- appointing and removing the Managing Director and ratifying the appointment and removal of executives reporting directly to the Managing Director (senior executives);
- reporting to shareholders on the Company's strategic direction and performance including constructive engagement in the development, execution and modification of the Company's strategies;
- overseeing the management of occupational health and safety and environmental performance;

- determining that satisfactory arrangements are in place for auditing the Company's financial affairs; and
- meeting statutory and regulatory requirements and overseeing the way in which business risks and the assets of the Company are managed.

The Board has delegated some of its functions to the Audit Committee and the Nomination and Remuneration Committee, although overall responsibility for those functions remains with the Board. The charters of the Board Committees also require certain matters to be approved by the Board including, among other matters, executive remuneration policy and the appointment of the external auditors.

#### **Recommendation 1.2 - Comply:**

A listed entity should:

- (a) undertake appropriate checks before appointing a director or senior executive or putting someone forward for election as a director; and
- (b) provide security holders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a director.

#### **Director selection**

The Nomination and Remuneration Committee (**RNC**) establishes the criteria for board membership and proposes director candidates for consideration by the Board. In proposing candidates, the RNC has regard to the desired composition of the Board and takes into account the skills required to both discharge the Board's duties and to augment any skill set desirable on the Board.

The Board aims to achieve a mix of skills and diversity in its members. Candidates recommended for appointment as new directors are considered by the Board as a whole. If it is necessary to appoint a new director to fill a vacancy on the Board or to complement the existing Board, a wide potential base of possible candidates is considered. The Board has established the following criteria for the appointment of directors of the Company:

- no actual or potential conflicts of interest at the time of appointment including other material directorships currently held by the candidate;
- no prior adverse history, including bankruptcy, conviction for an offence of dishonesty or any other serious criminal conviction, ASIC or APRA disqualification as well as other usual employment checks;

- able to work harmoniously with fellow directors and management; and
- skills, experience and knowledge which complement that of incumbent directors.

Under the Company's constitution the directors have the power to appoint directors to fill a vacancy or as an addition to the Board. Any director, except a managing director, appointed in this way must retire from office, and is eligible for re-election, at the next AGM following his or her appointment.

The Company provides shareholders with the following material information in its possession relevant to a decision on whether or not to elect or re-elect a director in its notice of meeting:

The letters set out the key terms and conditions of their engagement, including time commitments, corporate expectations and, if appropriate, any special duties or assignments. Deeds of Insurance, Access and Indemnity have also been entered into, on customary terms.

Senior executives (including the Managing Director) have employment contracts setting out, among other things, their term of office, rights, responsibilities and entitlements on termination, and job descriptions setting out their duties.

#### **Recommendation 1.4 - Comply:**

The Company Secretary of the Company should be accountable directly to the Board, through the Chair, on all matters to do with the proper functioning of the Board.

The Board is assisted by the Company Secretary who, under the direction of the Chair, is responsible for facilitating good information flows within the Board and its Committees and also between senior executives and non-executive directors, as well as the induction of new directors and the ongoing professional development of all directors.

The Company Secretary is responsible for monitoring compliance with the Board's procedures and for advising the Board, through the Chair, on all governance matters. All Directors have access to the advice and services of the Company Secretary, whose appointment and removal is a matter for the Board.

The Company Secretary was Chelsea Sheridan for the year ended 30 June 2024. However, Chelsea Sheridan resigned as Company Secretary on 4 July 2024, with Patricia Vanni being appointed as the new Company Secretary of the Company. Patricia's qualifications and experience are set out within the Annual Report.

Bluechiip recognises the benefits of diversity where people from different backgrounds can bring fresh ideas and perceptions which make the way work is done more efficient and products and services more valued.

Diversity includes, but is not limited to, gender, age, ethnicity, religion and cultural background. Diversity also encompasses the many ways people differ in terms of their education, life experience, job function, work experience, personality, location, marital status and carer responsibilities.

- <u>Safe Work Environment</u>: Bluechiip helps to build a safe work environment by taking action against inappropriate workplace and business behaviour that does not value diversity including discrimination, harassment, bullying, victimisation and vilification.
- <u>Development Programs</u>: Bluechilp is involved in programs such as in-house workplace development programs, mentoring programs, targeted training and development to improve the quality of decision-making, productivity and teamwork. Bluechilp is trying to enhance its customer service and market reputation through a workforce that respects and reflects the diversity of our customers.
- <u>Flexibility in the Workplace</u>: Bluechip has a culture which takes account of domestic responsibilities of its employees.

The Diversity Policy provides for the Board to develop an appointment process for future directors that takes diversity of background into account to fit and enhance the Board skills matrix.

The Board is committed to workplace diversity. While there is currently no gender diversity on the Board or amongst its senior executives, the Board is made up of individuals from various professions, cultures, and backgrounds. The Board has not determined to adopt a particular mix of skills and diversity for which the Board is looking to achieve by way of Board composition, instead preferring to have regard to:

- the need for independence;
- the strategic direction and progress of the Company; and
- the geographic spread and diversity of the Company's business.

The Company aims to achieve an appropriate mix of diversity on its Board, in senior management and throughout the organisation.

The Board has determined that no measurable objectives will be set until the number of employees and level of activities of the Company increases to a level sufficient to enable meaningful and achievable objectives to be developed.
