About Amaero

Amaero International Limited (ASX:3DA) is an ASX-listed company with manufacturing and corporate headquarters located in Tennessee, USA. Amaero is a leading U.S. domestic producer of high-value C103, refractory alloy, and titanium powders for additive and advanced manufacturing of components utilized by the defense, space, and aviation industries. The technical and manufacturing team brings decades of experience and know-how with pioneering work in gas atomization of refractory and titanium alloys. The company has commissioned advanced gas atomization technology with an industry leading yield of AM powder. The company is also a leader in Isostatic Powder Processing (IPP) manufacturing of large near-net-shape powder metallurgy parts with forged-equivalent material properties and microstructure for a variety of alloys. IPP is helping alleviate the strained domestic supply chain for large scale castings and forgings.
