# Chair Report

Dear Shareholders,

I am pleased to present this report of WCM Global Growth Limited (**WQG** or the **Company**) for the year ended 30 June 2024 (**FY2024**).

## Results and Performance

The Company achieved a net operating profit after tax for FY2024 of \$45,341,000 (30 June 2023: \$37,184,000). The increase in after-tax profit for the year is primarily attributed to an increase in the value of the Company's investment portfolio and the investment performance of the Company's investment advisor, WCM Investment Management, LLC (**WCM**).

For FY2024, the pre-tax net tangible asset (**NTA**) value per share of the Company increased from \$1.465 as at 30 June 2023 to \$1.744 as at 30 June 2024, representing a 19% increase. The Company's after-tax NTA per share increased by 14% from \$1.375 to \$1.565 over the same period. The higher NTA was after the payment of four quarterly dividends during the financial year totalling 6.8 cents per share (**cps**).

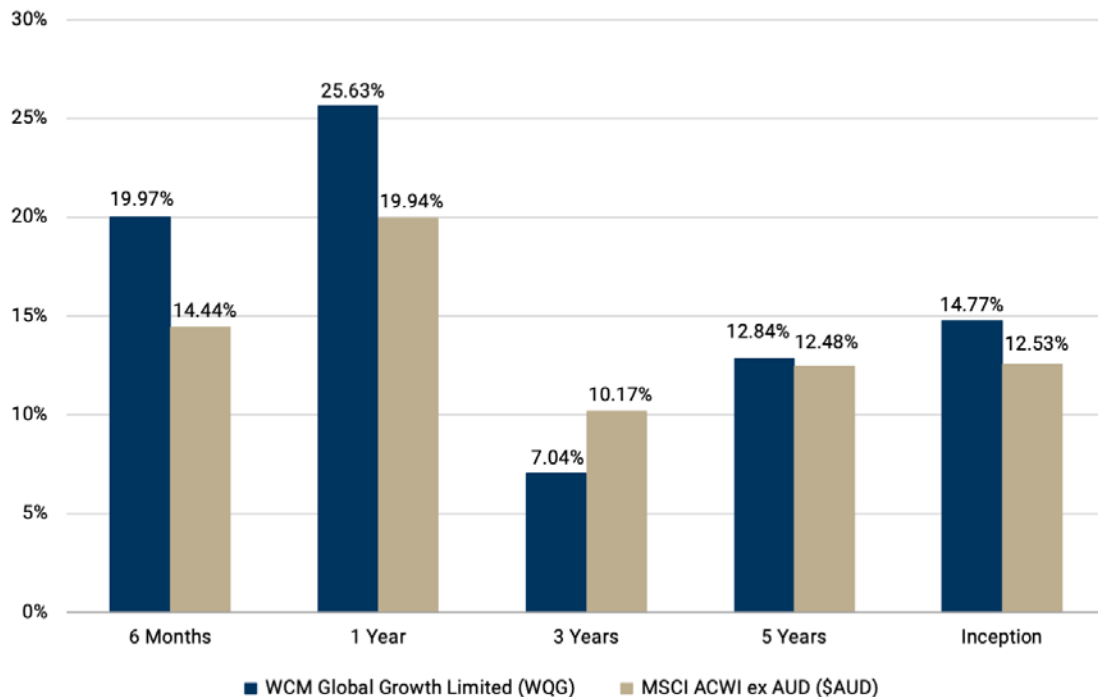

## Investment Performance

Global equity markets rallied strongly in FY2024, with several major indices reaching all-time highs. After several challenging economic hurdles in the previous financial year, including soaring inflation and rising investment rates, FY2024 saw better-than-expected outcomes for several major economies, primarily led by the outlook for interest rates. The buoyancy in markets was driven by a combination of growing optimism of a soft landing for the global economy plus the expectations of lower interest rates by the end of calendar year 2024. These improved market conditions contributed to strong investment returns for the Company in FY2024.

For FY2024, the Company's portfolio achieved a return of 25.63%, outperforming the MSCI All-Country World Index (ex-Australia) (**Benchmark**) by 5.69%, which delivered a return of 19.94%.

It is pleasing to see that the portfolio has delivered returns in excess of the Benchmark over six months, one and five years, and since inception.

Historical returns of the WQG Portfolio versus its Benchmark are shown below to 30 June 2024:

NB: Data as at 30 June 2024 in AUD. Performance presented is net of fees and includes the reinvestment of all dividends and income. Past performance is not indicative of future results. Inception date of WCM Global Growth Limited is 21 June 2017.

The long-term performance of the Company's investment portfolio remains strong. Since inception in June 2017, the WQG portfolio has returned 14.77% per annum after all fees compared with the Benchmark of 12.53%. This is consistent with the longer-term performance of the WCM Quality Global Growth Strategy Composite, on which WQG's portfolio is based, which has returned 14.59% per annum since inception in 2008.

As at 30 June 2024, the total portfolio value of a \$10,000 investment in the Company's initial public offer in June 2017 had grown to \$26,231 as shown in the chart below.

NB: Data as at 30 June 2024 in AUD. Value presented based on the portfolio return in AUD and calculated before expenses and taxes and after investment management and performance fees. Portfolio value includes the reinvestment of dividends and income. Past performance is not indicative of future results.

The continued strong investment performance since inception is a direct reflection of both the quality and expertise of WCM and its unique investment strategy: WCM believes the direction of a company's economic moat is of more importance than its absolute width or size, and corporate culture is the biggest influence on a company's ability to grow its competitive advantage or 'moat'.

### Increased Fully Franked Quarterly Dividend in Accordance with Progressive Dividend Policy

The Board had previously advised of its intention to pay a fully franked final dividend with respect to FY2024 of 1.76 cps in line with the Company's progressive quarterly dividend policy.

However, based on the strong financial results of the Company over the past two years and its dividend reserves and accumulated franking credits, **the Board is pleased to announce an increased final dividend for the quarter ended 30 June 2024 (Q4 FY2024) of 1.81 cps, fully franked at a 30% tax rate.** The final dividend will be paid on 30 September 2024, with a record date of 13 September 2024.

**The Company's strong financial position has also enabled the Board to revise upwards its previously announced future dividend intentions.**

Following payment of the increased FY2024 final dividend of 1.81 cps on 30 September 2024, the Board's present intention is to pay the following quarterly dividends, fully franked at a 30% tax rate<sup>1</sup>:

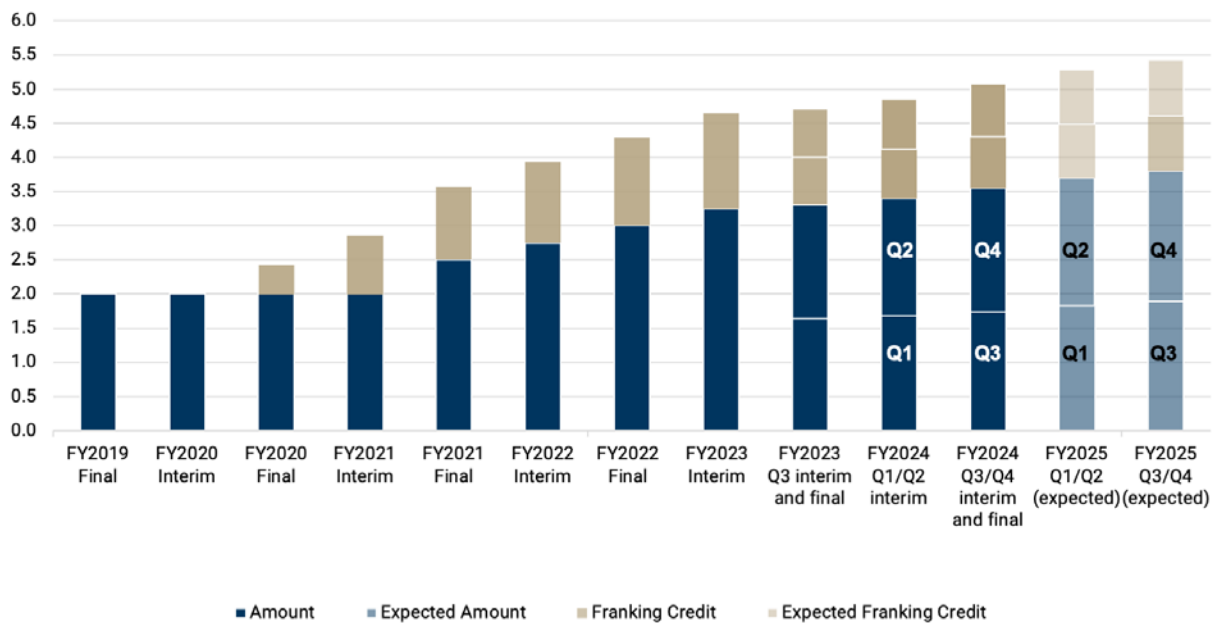

- 1.83 cps for the quarter ending 30 September 2024, to be paid in December 2024;
- 1.87 cps for the quarter ending 31 December 2024, to be paid in March 2025;
- 1.89 cps for the quarter ending 31 March 2025, to be paid in June 2025; and
- 1.91 cps for the quarter ending 30 June 2025, to be paid in September 2025.

<sup>1</sup> Future dividends are subject to having sufficient profit reserves and franking credits and corporate, legal and regulatory considerations.

The Company provides investors with a unique opportunity to access a fully franked income stream from a portfolio of quality global companies.

The chart below shows the increasing dividend payments and forecast dividends in line with the Company's progressive dividend policy.

(cents per share)

### Attractive 3% DRP Issue Price Discount

The Company's Dividend Reinvestment Plan (**DRP**) will be in operation for the fully franked FY2024 final dividend of 1.81 cps. Shares issued under the DRP for the final dividend will be issued at a 3% discount to the volume weighted average price in accordance with the DRP Rules.

Participation in the DRP provides shareholders with the opportunity to increase their investment in the Company on attractive terms. All of the Directors intend to participate in the DRP for the interim dividend with respect to their own shareholdings and the Board encourages you to consider this opportunity carefully<sup>2</sup>.

### WQG On-market Buy-back

The Company continued to operate actively its on-market share buy-back during FY2024, purchasing a total of 12.3 million shares with a total value of approximately \$16.3 million. The buy-back remains in place until 26 June 2025 and continues to be an important capital management initiative which enhances shareholder value by improving returns and increasing NTA per share.

<sup>2</sup> The information in this report is not investment, financial product, legal, taxation or other advice and has been prepared without taking into account your particular objectives, financial situation and needs as an investor.

## Outlook

The Board is pleased with the strong investment performance of the Company in FY2024 which exceeded its Benchmark return. The Company's investment approach remains sound and the portfolio remains well placed for continued long-term growth.

We thank shareholders for their ongoing investment in the Company.

Yours faithfully,

**Valentina Stojanovska Cal**

Mark holds a Bachelor of Business degree in accounting, a Graduate Diploma in Governance and is a Fellow of the Chartered Governance Institute, the Governance Institute of Australia and the Australian Institute of Company Directors.

## Company Overview and Principal Activities

The principal activity of the Company during the financial year was investment into a diversified portfolio of globally listed quality high growth companies sourced from developed and emerging markets outside of Australia, with the primary objective of providing long-term capital growth.

## Results

The Company's net operating profit after tax for FY2024 was \$45,341,000 (30 June 2023: \$37,184,000). Basic earnings per share amounted to 25.1 cents per share for FY2024 (30 June 2023: Basic earnings of 20.0 cents per share).

## Review of Operations

The net operating profit after tax is primarily attributed to an increase in value of the Company's investment portfolio.

The Company continued to invest funds in accordance with its stated investment strategy and in accordance with the provisions of its Constitution.

The Company's policy is to maintain an unhedged portfolio, that is, its value is exposed to foreign currency movements. A rise in the Australian dollar detracts from the portfolio's value and a fall increases the value in Australian dollar terms.

For FY2024, the pre-tax net tangible asset (**NTA**) value per share of the Company has increased from \$1.47 as at 30 June 2023 to \$1.74 as at 30 June 2024. The increase in NTA was after the payment of a 1.66 cents per share final dividend (100% franked) for FY2023 on 29 September 2023, a 1.68 cents per share interim dividend (100% franked) for FY2024 paid on 29 December 2023, a 1.72 cents per share interim dividend (100% franked) for FY2024 paid on 28 March 2024 and a 1.74 cents per share interim dividend (100% franked) for FY2024 paid on 28 June 2024.

Refer to the Chair's Report on page 3 for further information on the Company's results, strategy and future outlook.

## Significant Changes in the State of Affairs

There have been no significant changes in the state of affairs of the Company that occurred during the year under review other than as noted in the Chair's Report and this report.

## Dividends Paid, Recommended and Declared

The final dividend for FY2023 of 1.66 cents per share (100% franked at the corporate tax rate of 30%) was paid on 29 September 2023, with a Record Date of 15 September 2023.

An interim dividend of 1.68 cents per share (100% franked at the corporate tax rate of 30%) was paid on 29 December 2023, with a Record Date of 15 December 2023.

An interim dividend of 1.72 cents per share (100% franked at the corporate tax rate of 30%) was paid on 28 March 2024, with a Record Date of 15 March 2024.

An interim dividend of 1.74 cents per share (100% franked at the corporate tax rate of 30%) was paid on 28 June 2024, with a Record Date of 14 June 2024.

On 15 August 2024, the Board of WCM Global Growth Limited declared a final dividend of 1.81 cents per share (100% franked at the corporate tax rate of 30%). The dividend is to be paid on 30 September 2024.

Refer to Note 6 for further information on dividends.

## Events After the Reporting Date

On 13 August 2024, the Company advised the ASX that its pre-tax and post-tax NTA per share was \$1.708 and \$1.541 respectively as at 9 August 2024.

Other than as disclosed elsewhere in this report, no other matters or circumstances have arisen since the end of the financial year that have significantly affected or may significantly affect the operations of the Company, the results of those operations, or the state of affairs of the Company in future years.

## Likely Developments

The Company will continue to pursue its operating strategy to create shareholder value by investing in companies listed on global stock exchanges.

## Environmental Regulation

The Company's operations are not subject to any significant environmental regulations under a law of the Commonwealth or of a state or territory of Australia.

## Indemnification and Insurance of Directors, Officers and Auditors

During the financial year, the Company has paid insurance premiums insuring all the Directors and the officers which indemnifies them against any claim made against them subject to the conditions contained within the insurance policy. Further disclosure required under section 300(9) of the *Corporations Act 2001* is prohibited under the policy terms. To the extent permitted by law and professional regulations, the Company has agreed to indemnify its auditor, Ernst & Young (**EY**), as part of the terms of its engagement against claims by third parties arising from the audit (for an unspecified amount). No payment has been made by the Company to EY in this respect during or since the financial year ended 30 June 2024.

## Proceedings on Behalf of the Company

No person has applied for leave of court to bring proceedings on behalf of the Company.

## Auditor's Independence Declaration

A copy of the auditor's independence declaration as required under section 307C of the *Corporations Act 2001* in relation to the audit for the financial year is provided with this report.

## Non-Audit and Other Assurance Services Provided by Auditor

The Company's auditor is EY (2023: EY). Non-audit services are approved by the Audit and Risk Committee.

The Board of Directors, in accordance with advice from the Audit and Risk Committee, is satisfied that the provision of non-audit services during the year is compatible with the general standard of independence for auditors imposed by the *Corporations Act 2001*. The Directors are satisfied that the services disclosed in Note 16 did not compromise the external auditor's independence for the following reasons:

- all non-audit services are reviewed and approved to ensure they do not adversely affect the integrity and objectivity of the auditor; and
- the nature of the services provided does not compromise the general principles relating to auditor independence in accordance with APES 110: Code of Ethics for Professional Accountants set by the Accounting Professional and Ethical Standards Board, including reviewing or auditing the auditor's own work, acting in a management or decision-making capacity for the Company, acting as advocate for the Company or jointly sharing economic risks and rewards.

## Rounding of amounts to the nearest thousand dollars

In accordance with ASIC *Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191*, the amounts in the Directors' Report and in the financial statements have been rounded to the nearest thousand dollars (\$000's), or in certain cases, to the nearest dollar (where indicated).

## Consolidated Entity Statement

Disclosure of subsidiaries and their country of tax residence, as required by section 295(3A) of the *Corporations Act 2001* (Cth) does not apply to the Company, as the Company is not required by Australian Accounting Standards to prepare consolidated financial statements.

## ASX Corporate Governance Statement

The Board of Directors of the Company is responsible for corporate governance. The Board has chosen to prepare the Corporate Governance Statement (**CGS**) in accordance with the fourth edition of the ASX Corporate Governance Council's Principles and Recommendations under which the CGS may be made available on the Company's website.

Accordingly, a copy of the Company's CGS is available on the AGP website at:  
[www.associateglobal.com/funds/wqg](http://www.associateglobal.com/funds/wqg).

# Remuneration Report (Audited)

The Directors present the Company's remuneration report for FY2024 which details the remuneration information for Directors.

The Company does not have a Remuneration or Nomination Committee. These functions are performed by the full Board.

On appointment to the Board, all Non-executive Directors enter into a service agreement with the Company in the form of a letter of appointment. The letter summarises the Board policies and terms, including remuneration, relevant to the office of Director.

The amount paid to Ms Valentina Stojanovska Cal, Mr Michael Liu, Mr Stephen Merlicek and Mr Paul Rickard is fixed at a set amount each year and is not related to the performance of the Company.

The other Director, Mr Martin Switzer, is the Chief Executive Officer and Managing Director of Associate Global Partners Limited (**AGP**), the parent entity of the Company's investment manager AGP International Management Pty Ltd (**Investment Manager**). The Company pays management fees to the Investment Manager. Mr Martin Switzer is directly remunerated by the parent entity, AGP. The amount of fees paid by the Company to the Investment Manager was not directly linked to the remuneration paid to Mr Martin Switzer.

A remuneration consultant has not been engaged by the Company to provide recommendations in respect of this report.

For FY2024, the amounts paid (excluding GST) as short-term compensation and post-employment benefits are outlined below. Short-term compensation includes only fixed fees and post-employment benefits include only superannuation contributions.

## Note 1 Statement of Significant Accounting Policies

The following is a summary of material accounting policies adopted by the Company in the preparation and presentation of the financial report. The accounting policies have been consistently applied, unless otherwise stated.

### (a) Basis of preparation of the financial report

This financial report is a general purpose financial report that has been prepared in accordance with Australian Accounting Standards, Interpretations and other authoritative pronouncements of the Australian Accounting Standards Board and the *Corporations Act 2001*.

The financial report covers the activities of WCM Global Growth Limited. The Company is limited by shares, incorporated and domiciled in Australia. The Company is a for-profit entity for the purpose of preparing the financial statements.

The financial report was authorised for issue by the Directors on 15 August 2024.

#### i. Compliance with IFRS

The financial statements of WCM Global Growth Limited also comply with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB).

#### ii. Historical cost convention

The financial report has been prepared under the historical cost convention, as modified by revaluations to fair value for certain classes of assets as described in the accounting policies.

The Statement of Financial Position has been presented in order of liquidity. The financial report is presented in Australian Dollars which is the functional currency of the Company.

#### iii. Critical accounting estimates

The preparation of the financial report requires the use of certain estimates and judgements in applying the entity's accounting policies. Those estimates and judgements significant to the financial report are disclosed in Note 2.

### (b) Accounting for profits and losses

At the conclusion of each calendar month, the Company records profits earned to Retained Earnings with the intention of transferring undistributed Retained Earnings to a Dividend Reserve subject to Board approval.

Losses incurred at the end of each calendar month must be recouped before a transfer to the Dividend Reserve can occur. Losses incurred at the end of each financial year are transferred to Accumulated Losses. The above process enables the Directors to declare or determine to pay dividends from the Dividend Reserve to shareholders at a future date.

### (c) Going concern basis

This financial report has been prepared on a going concern basis.

### (d) Revenue

Dividend income is recognised on the ex-dividend date with any related withholding tax recorded as an expense.

Interest income is recognised in the Statement of Profit or Loss and Other Comprehensive Income using the effective interest method for all financial instruments that are not held at fair value through profit or loss.

Net gains/(losses) on financial assets and financial liabilities held at fair value through profit or loss arising on a change in fair value are calculated as the difference between the fair value at the end of the reporting period and the fair value at the previous valuation point. Net gains/(losses) do not include interest or dividend income.

All revenue is stated net of the amount of goods and services tax (GST).

### (e) Expenses

All expenses, including the Investment Manager's fees, are recognised in the Statement of Profit or Loss and Other Comprehensive Income on an accruals basis.

### (f) Trade and other receivables

Trade and other receivables may include amounts for dividends, interest and amounts due from brokers. Dividends are accrued when the right to receive payment is established in accordance with the policy set out in Note 1(d) above. Interest is accrued at the reporting date from the time of last payment in accordance with the policy set out in Note 1(d) above. Trade and other receivables also include such items as Reduced Input Tax Credits (RITC).

**(g) Trade and other payables**

Trade and other payables are recognised when the Company becomes obliged to make future payments resulting from the purchase of goods and services. Payables include liabilities, amounts due to brokers and accrued expenses owed by the Company which are unpaid as at the end of the reporting period.

**(h) Foreign currency translation**

Transactions in foreign currencies are brought to account at the prevailing exchange rates at the date of the transaction. Foreign currency monetary items are translated at the exchange rate existing on reporting date. Non-monetary assets and liabilities carried at fair value that are denominated in foreign currencies are translated at the rates prevailing at the date when the fair value was determined. The differences arising from these foreign currency translations are recognised in profit/(loss) on the Statement of Profit or Loss and Other Comprehensive Income in the period in which they arise.

**(i) Cash and cash equivalents**

Cash and cash equivalents include cash on hand and at banks, short-term deposits with an original maturity of three months or less held at call with financial institutions and bank overdrafts.

**(j) Income tax**

Current income tax expense is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities.

***Deferred Tax Balances***

Deferred tax assets are recognised for deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are recognised for temporary differences at the applicable tax rates when the assets are expected to be recovered or liabilities are settled. No deferred tax asset or liability is recognised in relation to temporary differences if they arose in a transaction, other than a business combination, that at the time of the transaction did not affect either accounting profit or taxable profit or loss.

Current and deferred tax balances attributable to amounts recognised directly in equity are also recognised directly in equity.

**(k) New standards adopted as at 1 July 2023**

There are no standards, interpretations or amendments to existing standards that are effective for the first time for the financial year beginning 1 July 2023 that have a material impact on the amounts recognised in the prior periods or will affect the current or future periods.

**(l) Financial instruments****i. Classification and measurement*****Financial assets***

The Company classifies its investments based on its business model for managing those financial assets and the contractual cash flow characteristics of the financial assets.

For equity securities, the contractual cash flows of these instruments do not represent solely payments of principal and interest. Consequently, these investments are measured at fair value through profit or loss. The Company's portfolio of financial assets is managed and performance is evaluated on a fair value basis in accordance with the Company's documented investment strategy. The Company's policy is to evaluate the information about these financial assets on a fair value basis together with other related financial information.

A financial asset is measured at amortised cost only if both of the following conditions are met:

- the asset is held with a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortised cost are subsequently measured using effective interest rate (EIR) method and are subject to impairment.

**ii. Recognition/derecognition**

The Company recognises financial assets and financial liabilities on the date that it becomes party to the contractual agreement (trade date) and recognise changes in fair value of the financial assets or financial liabilities from this date.

Investments are derecognised when the right to receive cash flows from the investments have expired or the Company has transferred substantially all risks and rewards of ownership.

### iii. Impairment

Impairment of financial assets is recognised based on the lifetime expected credit loss which is determined when the credit risk on a financial asset has increased significantly since initial recognition. In order to determine whether there has been a significant increase in credit risk since initial recognition, the entity compares the risk of default as at the reporting date with the risk of default as at initial recognition using reasonable and supportable data, unless the financial asset is determined to have low credit risk at the reporting date.

For trade and other receivables, the simplified approach is used, which requires recognition of a loss allowance based on the lifetime expected credit losses. As a practical expedient, the Company uses a provision matrix based on historical information and adjusted for forward-looking estimates in order to determine the lifetime expected credit losses. See Note 3(c) for further details

Any change in expected credit losses between the previous reporting period and the current reporting period is recognised as an impairment gain or loss in profit or loss. There was no impairment during the year and as at 30 June 2024 (30 June 2023: Nil).

### (m) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the Statement of Financial Position are shown inclusive of GST.

Cash flows are presented in the Statement of Cash Flows on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

### (n) Rounding of amounts

In accordance with *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191*, the amounts in the Directors' Report and in the financial statements have been rounded to the nearest thousand dollars (\$000's), or in certain cases, to the nearest dollar (where indicated).

### (o) Standards issued but not effective

Certain new accounting standards and interpretations have been published that are not mandatory for the 30 June 2024 reporting period. The Directors have assessed that the implementation of these standards does not have a material impact on the financial report.

## Note 2 Significant Accounting Estimates and Judgements

Certain accounting estimates include assumptions concerning the future, which, by definition, will seldom represent actual results. Estimates and assumptions based on future events have a significant inherent risk, and where future events are not as anticipated there could be a material impact on the carrying amounts of the assets and liabilities discussed below:

### (a) Income tax

Deferred tax assets and liabilities are based on the assumption that no adverse change will occur in the income tax legislation and the anticipation that the Company will derive sufficient future assessable income to enable the benefit to be realised and comply with the conditions of deductibility imposed by the law.

Deferred tax assets are recognised for deductible temporary differences as management considers that it is probable that future taxable profits will be available to utilise those temporary differences.

### (b) Fair value measurements

Certain financial assets and liabilities are measured at fair value. Fair values have been determined in accordance with fair value measurement hierarchy. Refer to Note 3(e) for the details of the fair value measurement key assumptions and inputs.

## Note 3 Financial Risk Management

### (a) Objectives, strategies, policies and processes

The Company's activities may expose it to a variety of financial risks: market risk (including price risk, interest rate risk and currency risk), credit risk, liquidity risk and risk relating to fair value.

The Company's overall risk management programme focuses on ensuring compliance with the Company's Investment Management Agreement (**IMA**) and seeks to maximise the returns derived for the level of risk to which the Company is exposed. Financial risk management is carried out by an Investment Manager under policies approved by the Board of Directors of the Company.

The Company uses different methods to measure different types of risk to which it is exposed. These methods include sensitivity analysis in the case of interest rate and price risks, and ratings analysis for credit risk.

### (b) Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: price risk, interest rate risk and currency risk. Market risk is managed and monitored using sensitivity analysis and minimised through ensuring that all investment activities are undertaken in accordance with established mandates and investment strategies.

The sensitivity of the Company's equity and profit/(loss) before income tax to price risk is measured by the reasonably possible movements approach. This approach is determined based on management's best estimate, having regard to a number of factors, including historical levels of changes in interest rates, historical correlation of the Company's investments with the relevant benchmarks and market volatility. However, actual movements in the risk variables may be greater or less than anticipated due to a number of factors, including unusually large market shocks resulting from changes in the performance of the economies, markets and securities in which the Company invests. As a result, historic variations in the risk variables are not a definitive indicator of future variations in the risk variables.

### i. Price risk

Equity price risk is the risk that the fair value of equities will fluctuate because of changes in market prices, whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

Equity price risk exposure arises from the Company's investment portfolio. The investments are classified on the Statement of Financial Position at fair value through profit or loss. All securities investments present a risk of loss of capital.

The Investment Adviser mitigates this price risk through diversification and a careful selection of securities and other financial instruments within specified limits set by the Board.

The Company's overall market positions are monitored on a daily basis by the Company's Investment Manager and are reviewed on a monthly basis by the Board of Directors.

The Company's net assets include investments in equity securities.

At 30 June 2024, the overall market exposures were as follows:

	30 June 2024 \$'000	30 June 2023 \$'000
Securities designated at fair value through profit or loss	<b>296,336</b>	267,973

At 30 June 2024, the Company's market risk is affected by changes in market prices. If the exposure of financial assets and liabilities had increased by 10% with all other variables held constant, this would have increased net assets attributable to shareholders and net profit after tax by approximately \$20,744,000 (2023: \$18,758,000). Conversely, if the exposure of financial assets and liabilities at 30 June 2024 had decreased by 10% with all other variables held constant, this would have decreased net assets attributable to shareholders and net profit after tax by approximately \$20,744,000 (2023: \$18,758,000).

### ii. Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Company's interest-bearing financial assets and financial liabilities expose it to risks associated with the effects of fluctuations in the prevailing levels of market interest rates on its financial position and cash flows. The Company has established limits on investments in interest bearing assets, which are monitored on a daily basis.

In accordance with the Company's policy, the Company monitors the Company's overall interest sensitivity on a daily basis, and the Board of Directors reviews it on a quarterly basis. Compliance with the Company's policy is reported to the Board on a monthly basis.

At 30 June 2024, cash and cash equivalents to the value of \$10,327,000 (2023: \$5,214,000) are the only financial instrument subject to interest rate risk. The Company is not subject to significant amounts of interest rate risk due to fluctuations in the prevailing levels of market interest rates.

### iii. Currency risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. The Company invests in securities and other investments that are denominated in foreign currencies and other assets and liabilities denominated in foreign currencies recorded in the normal course of business.

The table below demonstrates the impact of a reasonably possible 5% movement in currency rate as at the end of each reporting period for non-hedged foreign currency denominated securities and cash.

Currency	Change in Currency Rate %	Effect on comprehensive Income (\$'000)			
		30 June 2024		30 June 2023	
USD	5/(5)	11,495	(11,495)	10,482	(10,482)
EUR	5/(5)	1,211	(1,211)	1,474	(1,474)
SEK	5/(5)	337	(337)	571	(571)
DKK	5/(5)	813	(813)	533	(533)
GBP	5/(5)	961	(961)	340	(340)

Foreign currency exposure related to non-hedged monetary items is made up predominantly of United States Dollar (**USD**) cash deposits which are held at call with a major financial institution.

The above analysis calculates the effect of a reasonably possible movement in the currencies for non-hedged foreign currency denominated securities and cash disclosed above against the Australian Dollar (**AUD**) on the Statement of Profit or Loss and Other Comprehensive Income and the Statement of Financial Position.

Notwithstanding that investments in non-monetary items do not give rise to currency risk under the accounting standards, the Company monitors its exposure to each currency with both monetary and non-monetary financial instruments as a percentage of net assets attributable to shareholders in order to ensure that its risk to adverse currency movements remains within its mandate limits.

The table below sets out the Company's exposures to foreign exchange rates at the reporting date:

Currency	% of Net Assets	
	30 June 2024	30 June 2023
USD	78	78
EUR	8	11
GBP	7	3
DKK	5	4
SEK	2	4
	100	100

### (c) Credit risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss to the other party by failing to discharge an obligation.

Credit risk arises from cash and cash equivalents, and deposits with banks and other financial institutions.

The Investment Manager manages credit risk by diversifying the exposure among counter parties and operating in liquid markets. The Company does not have any significant concentration of credit risk on an industry basis.

With respect to credit risk arising from the financial assets of the Company, the Company's exposure to credit risk arises from default of the counterparty, with the current exposure equal to the fair value of these investments as disclosed in the Statement of Financial Position. This does not represent the maximum risk exposure that could arise in the future as a result of changes in values, but best represents the current maximum exposure at the reporting date.

The Company holds no collateral as security or any other credit enhancements. There are no financial assets that are past due or impaired, or would otherwise be past due or impaired as at the reporting date and no amounts have been written off in the period.

### (d) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in raising funds to meet commitments associated with financial liabilities. This risk is controlled through the Company's investment in financial instruments, which under normal market conditions are readily convertible to cash. In addition, the Company maintains sufficient cash and cash equivalents to meet normal operating requirements.

In accordance with the Company's policy, the Investment Manager monitors the Company's liquidity position on a daily basis, and the Board reviews it on a quarterly basis.

#### *Maturity analysis for financial liabilities*

The table below analyses the Company's financial liabilities, excluding gross settled derivative financial liabilities, into relevant maturity groupings based on the remaining period at the Statement of Financial Position date to the contractual maturity date. The amounts in the table are the contractual undiscounted cash flows.

	Less than 1 month \$'000	1-3 months \$'000	3-12 months \$'000	12-60 months \$'000	Total \$'000
<b>At 30 June 2024</b>					
Payables	480	-	-	-	480
<b>Total financial liabilities</b>	<b>480</b>	<b>-</b>	<b>-</b>	<b>-</b>	<b>480</b>

	Less than 1 month \$'000	1-3 months \$'000	3-12 months \$'000	12-60 months \$'000	Total \$'000
<b>At 30 June 2023</b>					
Payables	435	-	-	-	435
<b>Total financial liabilities</b>	<b>435</b>	<b>-</b>	<b>-</b>	<b>-</b>	<b>435</b>

#### (e) Fair values of financial assets and financial liabilities

The amounts of the Company's investments in the Statement of Financial Position are carried at fair value.

For the years ended 30 June 2023 and 2024, the Company did not have any financial assets and financial liabilities that were determined using valuation techniques. The fair values of the Company's investments at fair value through profit or loss for the years then ended were determined directly, in full, by reference to quoted prices from the relevant overseas securities exchanges. The quoted market price used for financial assets and liabilities held by the Company is the current closing price at the balance date. Financial assets and liabilities measured and recognised at fair value have been determined by the following fair value measurement hierarchy:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Input other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Inputs for the asset or liability that are not based on observable market data.

The Company held \$296,336,000 Level 1 financial assets as at 30 June 2024 (2023: \$267,973,000). For all other financial assets and liabilities, the carrying value is an approximation of fair value, including cash and cash equivalents, trade and other receivables and trade and other payables due to their short-term nature.

### Note 4 Fair Value Gains/(Losses) on Financial Assets Through Profit or Loss

### (c) Rights of each type of share

Ordinary shares participate in dividends and the proceeds on winding up of the parent entity in proportion to the number of shares held. At shareholders' meetings each ordinary share gives entitlement to one vote when a poll is called.

### (d) Capital management

The Board of Directors is committed to prudent capital management and a conservative approach to protect shareholder value in all market conditions. The Company is not subject to any externally imposed capital requirements.

The Company's capital consists of issued capital, accumulated losses and a dividend reserve to preserve the Company's capacity to pay future dividends as per the dividend policy.

The Company recognises that market prices will fluctuate in accordance with market conditions which will impact on the capital position of the Company. To adjust the Company's capital structure, the Company may issue new shares or options from time to time, buy-back its own shares or vary the amount of dividends paid to shareholders.

On 13 June 2024 the Company announced an extension to the Company's on-market buy-back programme until 26 June 2025.

## Note 17 Related Party Disclosures

### (a) Investment Manager

The Company has appointed AGP International Management Pty Limited as the investment manager in respect of the Company's portfolio (**Investment Manager**), pursuant to the IMA.

The Investment Manager is a related party of the Company by reason that their respective Boards have common Directors. The Company and the Investment Manager have entered into an IMA which has been negotiated on arm's length terms.

### (b) Investment management fees and other fees

The Investment Manager is entitled to a management fee of 1.25% per annum (excluding GST) of the Company's portfolio value.

The Company has agreed to pay the Investment Manager a performance fee equal to 10% (excluding GST) of the portfolio's outperformance relative to the "Total Hurdle Amount" being the initial portfolio value adjusted for the benchmark return (being the MSCI All Country World Index ex-Australia with gross dividends reinvested reported in Australian Dollars and unhedged) plus the management fee over each financial year subject to full recoupment of any prior year underperformance. The maximum performance fee payable in any financial year is capped at 0.75% of the closing market value of the portfolio in each financial year.

For the 2024 financial year, the Company paid management fees of \$3,514,000 (excluding GST) to the Investment Manager (2023: \$3,264,000) and paid performance fees of \$Nil (excluding GST) to the Investment Advisor (2023: \$Nil). As at 30 June 2024, the management fee payable is \$346,000 (2023: \$302,000) and the performance fee payable is \$Nil (2023: \$Nil).

In addition, the Company has a Shared Services Agreement with 2735 CSM Holdings Pty Limited (**CSM**) to provide the use of premises and facilities, company secretarial, administrative, financial and accounting services. The Investment Manager is entitled to a Shared Services Agreement of 0.10% (excluding GST) of the Company's portfolio value. The Company paid service fees of \$295,000 (30 June 2023: \$248,000) to CSM during the 2024 financial year.

The Investment Manager and CSM are director associated entities. All of the above related party transactions are conducted on normal commercial terms and conditions.

### (c) Other transactions with the Company

In addition to these payments and as part of its normal payment of dividends on its shares, the Company made payments to Directors who held shares in WCM Global Growth Limited. All of the Directors participated in the DRP for the years ended 30 June 2024 and 30 June 2023.

During the year ended 30 June 2024, the Investment Manager did not hold any shares in the Company (2023: Nil).

## Note 18 Investment Advisor

The Investment Manager has appointed WCM Investment Management, LLC (**WCM**) as its investment adviser (**Investment Advisor**) in respect of the Company's portfolio and the Investment Manager pays on fees under the IMA to WCM. The Company is not required to pay any fees to WCM.

## Note 19 Segment Information

The Company operates solely in the business of investment in companies listed on global share markets. Revenue, profit, net assets and other financial information reported to and monitored by the Chief Operating Decision Maker (**CODM**) for the single identified operating segment are the amounts reflected in the Statement of Profit or Loss and Other Comprehensive Income, Statement of Financial Position, Statement of Changes in Equity and Statement of Cash Flows. The CODM has been identified as the Board of Directors of the Company.

## Note 20 Commitments

As at 30 June 2024, the Company had no commitments (30 June 2023: Nil).

## Note 21 Contingencies

As at 30 June 2024, the Company had no contingent liabilities (30 June 2023: Nil).

## Note 22 Subsequent Events

On 13 August 2024, the Company advised the ASX that its pre-tax and post-tax NTA per share was \$1.708 and \$1.541 respectively as at 9 August 2024.

On 15 August 2024, the Board of WCM Global Growth Limited declared a final dividend of 1.81 cents per share (100% franked at the corporate tax rate of 30%). The dividend is to be paid on 30 September 2024.

No other matters or circumstances have arisen since the end of the financial year that have significantly affected or may significantly affect the operations of the Company, the results of those operations, or the state of affairs of the Company in future financial years.

# Directors' Declaration

In accordance with a resolution of the Directors of WCM Global Growth Limited (the **Company**), I state that:

In the opinion of the Directors:

- (a) the financial statements and notes of the Company are in accordance with the *Corporations Act 2001*, including:
  - (i) giving a true and fair view of the Company's financial position as at 30 June 2024 and of its performance for the year ended on that date; and
  - (ii) complying with International Financial Reporting Standards and the *Corporations Regulations 2001*; and
  - (iii) the consolidated entity disclosure statement required by section 295(3A) of the Corporations Act is true and correct;
- (b) the Managing Director and Chief Financial Officer have given the declarations required by Section 295A that:
  - (i) the financial records of the Company for the financial year have been properly maintained in accordance with section 286 of the *Corporations Act 2001*;
  - (ii) the financial statements and notes for the financial year comply with the Accounting Standards; and
  - (iii) the financial statements and notes for the financial year give a true and fair view; and
- (c) there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the Directors.

## Independent auditor's report to the members of WCM Global Growth Limited

### Report on the audit of the financial report

#### Opinion

We have audited the financial report of WCM Global Growth Limited (the Company), which comprises the statement of financial position as at 30 June 2024, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, notes to the financial statements, including material accounting policy information, the consolidated entity disclosure statement and the directors' declaration.

In our opinion, the accompanying financial report of the Company is in accordance with the *Corporations Act 2001*, including:

- a. Giving a true and fair view of the Company's financial position as at 30 June 2024 and of its financial performance for the year ended on that date; and
- b. Complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

#### Basis for opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial report of the current year. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, but we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the *Auditor's responsibilities for the audit of the financial report* section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the financial report. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying financial report.

### Existence and valuation of the investment portfolio

Why significant	How our audit addressed the key audit matter
<p>As at 30 June 2024 WCM Global Growth Limited's investment portfolio includes listed offshore equities with an investment balance totalling \$296,336,158 which represents 96.5% of total assets.</p> <p>As disclosed in the Company's accounting policy Note 1(l) of the financial report, these financial assets are recognised at fair value through profit or loss in accordance with the requirements of Australian Accounting Standards.</p> <p>Pricing, exchange rates and other market drivers can have a significant impact on the value of these financial assets and the financial report. Accordingly, existence and valuation of the investment portfolio was considered a key audit matter.</p>	<p>Our audit procedures included the following:</p> <p>Assessed the effectiveness of relevant controls relating to the recognition and valuation of investments.</p> <p>Obtained and assessed the assurance report on the controls of the Company's administrator and custodian in relation to the fund administration and custody services for the year ended 30 June 2024, and assessed the auditor's qualifications, competence and objectivity and the results of their procedures. We also assessed all investment holdings, including cash accounts, to third party confirmations as at 30 June 2024.</p> <p>Assessed the fair value of all investments in the portfolio held as at 30 June 2024 to independent market price sources.</p> <p>We also assessed the adequacy and appropriateness of the disclosures included in Note 4 and Note 9 to the financial report.</p>

### Information other than the financial report and auditor's report thereon

The directors are responsible for the other information. The other information comprises the information included in the Company's 2024 annual report, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon, with the exception of the Remuneration Report and our related assurance opinion.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### Responsibilities of the directors for the financial report

The directors of the Company are responsible for the preparation of:

- a. The financial report (other than the consolidated entity disclosure statement) that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001*; and;
- b. The consolidated entity disclosure statement that is true and correct in accordance with the *Corporations Act 2001*, and

for such internal control as the directors determine is necessary to enable the preparation of:

- i. The financial report (other than the consolidated entity disclosure statement) that gives a true and fair view and is free from material misstatement, whether due to fraud or error; and
- ii. The consolidated entity disclosure statement that is true and correct and is free of misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

### Auditor's responsibilities for the audit of the financial report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.

- ▶ Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- ▶ Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated to the directors, we determine those matters that were of most significance in the audit of the financial report of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## Report on the audit of the Remuneration Report

### Opinion on the Remuneration Report

We have audited the Remuneration Report included in pages 10 to 12 of the directors' report for the year ended 30 June 2024.

In our opinion, the Remuneration Report of WCM Global Growth Limited for the year ended 30 June 2024, complies with section 300A of the *Corporations Act 2001*.

### Responsibilities

The directors of the Company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.
