Titomic is expanding to the U.S. establishing operational HQ and manufacturing facility in Huntsville, Alabama

Titomic Limited (ASX: TTT) ("Titomic" or the "Company") the world's leading provider of cold spray solutions, announces that it will establish operational headquarters and manufacturing facilities in Huntsville, Alabama.

Titomic is seeing an acceleration of U.S. Government and defense OEM interest in its product portfolio both in relation to manufacturing of titanium parts for missiles and aerospace applications as well as for coating and repair solutions. To more effectively meet these growing needs and requirements, the Company is moving to become a U.S. manufacturer, establishing operating and manufacturing headquarters in Huntsville, Alabama, a leading aerospace and defense hub in the United States. This complements the already announced investment in and expansion of the Company's European operations in Holland.

"We are excited to announce that Titomic will establish U.S. operations in Alabama" said Stromme. "We look forward to working with Jim he leads Titomic in becoming a U.S. based manufacturing company with group operational headquarters in Huntsville, an epicenter for U.S. government, defense and aerospace activity. We would also like to thank the Huntsville community and Alabama delegation, both of which have been supportive and instrumental in helping Titomic make this decision."

Jim Simpson commented, *"The move to Huntsville and the establishment of our new operational headquarters underscores our commitment to expanding in the U.S. and aligning our capabilities with the needs of the aerospace and defense industries. I look forward to driving innovation and manufacturing excellence as we support our customers in achieving their critical missions."*

Representative Dale Strong, Alabama's 5th Congressional District, commented, *"I congratulate Titomic on its decision to establish a corporate presence in Alabama and join this amazing community of innovators and technology pioneers. North Alabama has a legacy of scientific innovation in support of securing our homeland and equipping our law enforcement, strengthening our national defense, and leading space exploration. Titomic's technology is a perfect fit for the Rocket City. We are proud to have Titomic join us as part of this great community."*

Titomic Limited (ASX: TTT) is an Australian public company specialising in large integrated solutions for industrial-scale metal additive manufacturing, using its patented cold spray additive manufacturing (Cold Spray AM) technology. Titomic provides Cold Spray AM solutions, OEM production and R&D services to the global Aerospace, Defence, Shipbuilding, Oil & Gas, Mining and Automotive industries. Titomic also offers global sales and support for all of its Cold Spray AM activities from its Melbourne Head Office, as well as through local presence in the USA and Europe. Titomic delivers competitive advantages in metal additive manufacturing at every stage in the product value chain. For more information, please visit www.titomic.com.

FORWARD LOOKING STATEMENTS

Certain statements made in this release are forward-looking statements and are based on Titomic's current expectations, estimates and projections. Words such as "anticipates", "expects", "intends", "plans", "believes", "seeks", "estimates", "guidance" and similar expressions are intended to identify forward-looking statements. Although Titomic believes the forward-looking statements are based on reasonable assumptions, they are subject to certain risks and uncertainties, some of which are beyond Titomic's control, including those risks or uncertainties inherent in the process of both developing and commercialising technology. As a result, actual results could materially differ from those expressed or forecasted in the forward-looking statements. The forward-looking statements made in this release relate only to events as of the date on which the statements are made. Titomic will not undertake any obligation to release publicly any revisions or updates to these forward-looking statements to reflect events, circumstances or unanticipated events occurring after the date of this release except as required by law or by any appropriate regulatory authority.
