

ASX Market Announcement

Extension of Entitlement Offer closing date and voluntary suspension

Melbourne Australia, 1 November, 2024: Genetic Technologies Limited (ASX: GTG; NASDAQ: GENE, “Company”, “GTG”), a global leader in genomics-based tests in health, wellness and serious disease and the parent company of geneType™, today announced that it is extending the closing date of all offers under the Entitlement Offer Prospectus to Monday, 2 December 2024.

Further, the Company also advises that it is extending the voluntary suspension of its securities until the commencement of trade on Monday, 2 December 2024 or such earlier time that the Company makes an announcement to update the market.

GTG originally made a request, which was granted, for a voluntary suspension of its securities in accordance with Listing Rule 17.2 on Monday, 21 October 2024 which was further extended to 2 November 2024 in its ASX announcement dated 24 October 2024.

The reason for the voluntary suspension is that GTG requires additional time to execute final agreements to secure funding to finalise its Entitlement Offer and secure a strategic distribution partnership, investment and minimum orders.

EasyDNA is a pioneering provider of genetic testing services, dedicated to delivering accurate and confidential results to individuals and organizations worldwide.

Forward Looking Statements

This announcement may contain forward-looking statements about the Company's expectations, beliefs or intentions regarding, among other things, statements regarding the expected use of proceeds. In addition, from time to time, the Company or its representatives have made or may make forward-looking statements, orally or in writing. Forward-looking statements can be identified by the use of forward-looking words such as "believe," "expect," "intend," "plan," "may," "should" or "anticipate" or their negatives or other variations of these words or other comparable words or by the fact that these statements do not relate strictly to historical or current matters. These forward-looking statements may be included in, but are not limited to, various filings made by the Company with the U.S. Securities and Exchange Commission, press releases or oral statements made by or with the approval of one of the Company's authorized executive officers. Forward-looking statements relate to anticipated or expected events, activities, trends or results as of the date they are made. As forward-looking statements relate to matters that have not yet occurred, these statements are inherently subject to risks and uncertainties that could cause the Company's actual results to differ materially from any future results expressed or implied by the forward-looking statements. Many factors could cause the Company's actual activities or results to differ materially from the activities and results anticipated in such forward-looking statements as detailed in the Company's filings with the Securities and Exchange Commission and in its periodic filings with the ASX in Australia and the risks and risk factors included therein. In addition, the Company operates in an industry sector where securities values are highly volatile and may be influenced by economic and other factors beyond its control. The Company does not undertake any obligation to publicly update these forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law.
