

2024 AGM MANAGING DIRECTOR'S ADDRESS (AMENDED)

Aureka Limited (**ASX: AKA**) (**Aureka** or **the Company**) attaches an amended version of the 2024 AGM Managing Director's Address announcement announced on the 13 December 2024.

The following changes have been made:

1. Consent Statement included on slide 2,
2. Cautionary statement with regards to the Exploration Target included on slides 3, 6, 10, 14 and 16,
3. Updated slide 10 to include 'Mineral Resource Estimate' after 304Koz Inferred, and
4. Added 'Inferred' in point one under heading 'Irvine Basalt Dome' on slide 11.

There are no other material changes to the original announcement.

This announcement has been approved for release by the Company Secretary.

Mathew Watkins

Company Secretary

The Company's new website can be accessed at www.aureka.com.au.

This announcement has been approved for release by the Board of Directors.

For further information, please visit www.aureka.com.au, or contact:

James.Gurry@aureka.com.au

Ph: (03) 9692 7222

The background of the slide features a large, stylized Aureka logo in a dark teal color. The logo is composed of a large 'A' and a large 'K' that overlap. The 'A' has a blue-to-white gradient at the top, while the 'K' is solid teal. The background image shows a landscape with tall grass and a sunset or sunrise sky, with a white truck visible on the right side. The Aureka logo is overlaid on this image. The text 'AUREKA' is written in a large, white, serif font, with the 'A' having a small star-like symbol above it. The text 'AGM Investor Presentation' is written in a smaller, white, sans-serif font. The text 'BRINGING VICTORIA'S GOLD TO LIFE' is written in a teal, sans-serif font. The text 'ASX:AKA' is written in a yellow, sans-serif font. The text '13 December 2024' is written in a yellow, sans-serif font. The text 'aureka.com.au' is written in a yellow, sans-serif font.

Forward Looking Statement

This presentation has been prepared by Aureka Limited (Aureka or the Company) – the Company was previously known as Navarre Minerals Limited. It contains general information about the Company's activities current as at the date of the presentation. The information is provided in summary form and does not purport to be complete. This presentation is not to be distributed (nor taken to have been distributed) to any persons in any jurisdictions to whom an offer or solicitation to buy shares in the Company would be unlawful. Any recipient of the presentation should observe any such restrictions on the distribution of this presentation and warrants to the Company that the receipt of the presentation is not unlawful. It should not be considered as an offer or invitation to subscribe for or purchase any securities in the Company or as an inducement to make an offer or invitation with respect to those securities. No agreement to subscribe for securities in the Company will be entered into on the basis of this presentation or any information, opinions or conclusions expressed in the course of this presentation. This presentation is not a prospectus, product disclosure document or other offering document under Australian law or under any other law. It has been prepared for information purposes only and is not a recommendation as to whether to invest in Aureka shares. The information contained in this presentation is not investment or financial product advice and is not intended to be used as the basis for making an investment decision. The presentation has been prepared without taking into account the investment objectives, financial situation or particular needs of any particular person. Unless otherwise specified, data and tables set out in this presentation are based on Aureka management estimates.

This presentation does not include all available information on Aureka, and any potential investor should also refer to Aureka's Annual Reports and ASX releases and take independent professional advice before considering investing in Aureka. For more information about Aureka Limited, visit the website at www.aureka.com.au.

No representation or warranty, express or implied, is made as to the fairness, accuracy, completeness or correctness of the information, opinions and conclusions contained in this presentation. To the maximum extent permitted by law, none of Aureka or its directors, or any of their employees or agents, nor any other person accepts any liability, including, without limitation, any liability arising out of fault of negligence, for any loss arising from the use of the information contained in this presentation. In particular, no representation or warranty, express or implied is given as to the accuracy, completeness or correctness, likelihood of achievement or reasonableness or any forecasts, projections, prospects or returns contained in this presentation nor is any obligation assumed to update such information. Such forecasts, prospects or returns are by their nature subject to significant uncertainties and contingencies. Past performance is no guarantee of future performance.

This presentation may contain "forward-looking statements" within the meaning of securities laws of applicable jurisdictions. Forward-looking statements can generally be identified by the use of forward-looking words such as "may", "will", "expect", "intend", "plan", "estimate", "anticipate", "believe", "continue", "objectives", "outlook", "guidance" or other similar words, and include statements regarding certain plans, strategies and objectives of management and expected financial performance. These forward-looking statements involve known and unknown risks, uncertainties and other factors, many of which are outside the control of Aureka and any of its officers, employees, agents or associates. Actual results, performance or achievements may vary materially from any projections and forward-looking statements and the assumptions on which those statements are based. Readers are cautioned not to place undue reliance on forward-looking statements and Aureka assumes no obligation to update such information

Competent Person Statement

The Mineral Resources and Ore Reserves statements and the Exploration Target potential statement are based on and fairly represents, information and supporting documentation prepared by the Competent Persons. The Mineral Resources, Exploration Targets and Ore Reserves statement has been approved by Mr Peter de Vries, who is both a Member of the Australian Institute of Geoscientists (MAIG) (#6129) and a Member of the Australasian Institute of Mining and Metallurgy (MAIMM) (#103264). Mr de Vries is the Principal consultant of Geological, Educational and Mining Services (G.E.M.S.) Pty Ltd, a consultant to Aureka Limited. Mr de Vries has sufficient experience that is relevant to the style of mineralisation and type of deposits under consideration and to the activity currently being undertaken to qualify as a Competent Person as defined in the 2012 Edition of the "Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves." Mr de Vries consents to the publishing of the information in this presentation in the form and context in which it appears.

The Company confirms that it is not aware of any new information or data that materially affects the information included in the relevant announcement and that all material assumptions and technical parameters underpinning the estimates in the relevant ASX announcement continue to apply and have not materially changed

Positioned for Growth

Advanced Exploration Projects

- All close to existing operating mines
- Tandarra ~50km from global giant Agnico Eagle's Fosterville
- 4 greenfield discoveries in Stawell Corridor

~304koz of defined JORC Resource from First Target

- **Stawell Corridor:** JORC Inferred Resource (304koz @ 2.43g/t)

280- 420koz Exploration Target*

- **Stawell Corridor:** JORC compliant E.T. (280-420koz at 2-3g/t)
- **Bendigo:** High grade gold system potential at the Tandarra JV w/ CYL

Clean Balance sheet & completely new team

- New Director and Executive team in place
- Exploration plan allows for 12-18 months of continuous drilling

Highly Attractive Valuation

- Previously peak ~\$150m Market Cap on these assets in 2020
- Low EV following recapitalisation

*The potential quantity and grade of this exploration target is conceptual in nature, there is currently insufficient exploration completed to support a mineral resource of this size and it is uncertain whether continued exploration will result in the estimation of a JORC resource. The exploration target has been prepared in accordance with the JORC Code (2012).

Jorc Resource & Exploration Target

Mineral Resource: Resolution & Adventure Prospects

Prospect	Cut-Off Gold (g/t)	Inferred		
		Tonnes	Gold Grade	Gold Ounces
Resolution OP	≥0.6	1,754,000	2.09	118,000
Adventure OP	≥0.6	680,000	1.85	40,300
Total OP	≥0.6	2,434,000	2.02	158,300
Resolution UG	MSO	1,455,000	3.12	146,000
Total	Variable	3,889,000	2.43	304,300

The preceding statements of Mineral Resources conforms to the Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves (JORC Code) 2012 Edition. All tonnages reported are dry metric tonnes. Minor discrepancies may occur due to rounding to appropriate significant figures.

Exploration Target*: Resolution and Adventure Prospects

Prospect	Exploration Target Range		
	Tonnes (Mt)	Gold Grade (g/t)	Gold Ounces (k Oz)
Resolution	2.4 - 3.6	2.0 - 3.0	200 - 300
Adventure	1.0 - 1.6	2.0 - 3.2	80 - 120
Total	3.4 - 5.2	2.0 - 3.0	280 - 420

*The potential quantity and grade of the Exploration Target is conceptual in nature and there has been insufficient exploration to estimate a Mineral Resource in relation to this Exploration Target. It is uncertain if further exploration will result in the estimation of a Mineral Resource in relation to these Exploration Targets

ASX Announcement - 30 March 2021

Unlocking Victoria's Golden Assets

OUR PROJECTS

Gold Resource Potential

304koz Inferred Mineral Resource Estimate

280 – 420koz Exploration Target*

3 Significant Gold
Exploration Projects

The largest undeveloped and advanced
mineral resource base in Victoria.

*The potential quantity and grade of this exploration target is conceptual in nature, there is currently insufficient exploration completed to support a mineral resource of this size and it is uncertain whether continued exploration will result in the estimation of a JORC resource. The exploration target has been prepared in accordance with the JORC Code (2012).

STAWELL CORRIDIOR GOLD PROJECT

Irvine Basalt Dome (Resolution & Adventure)

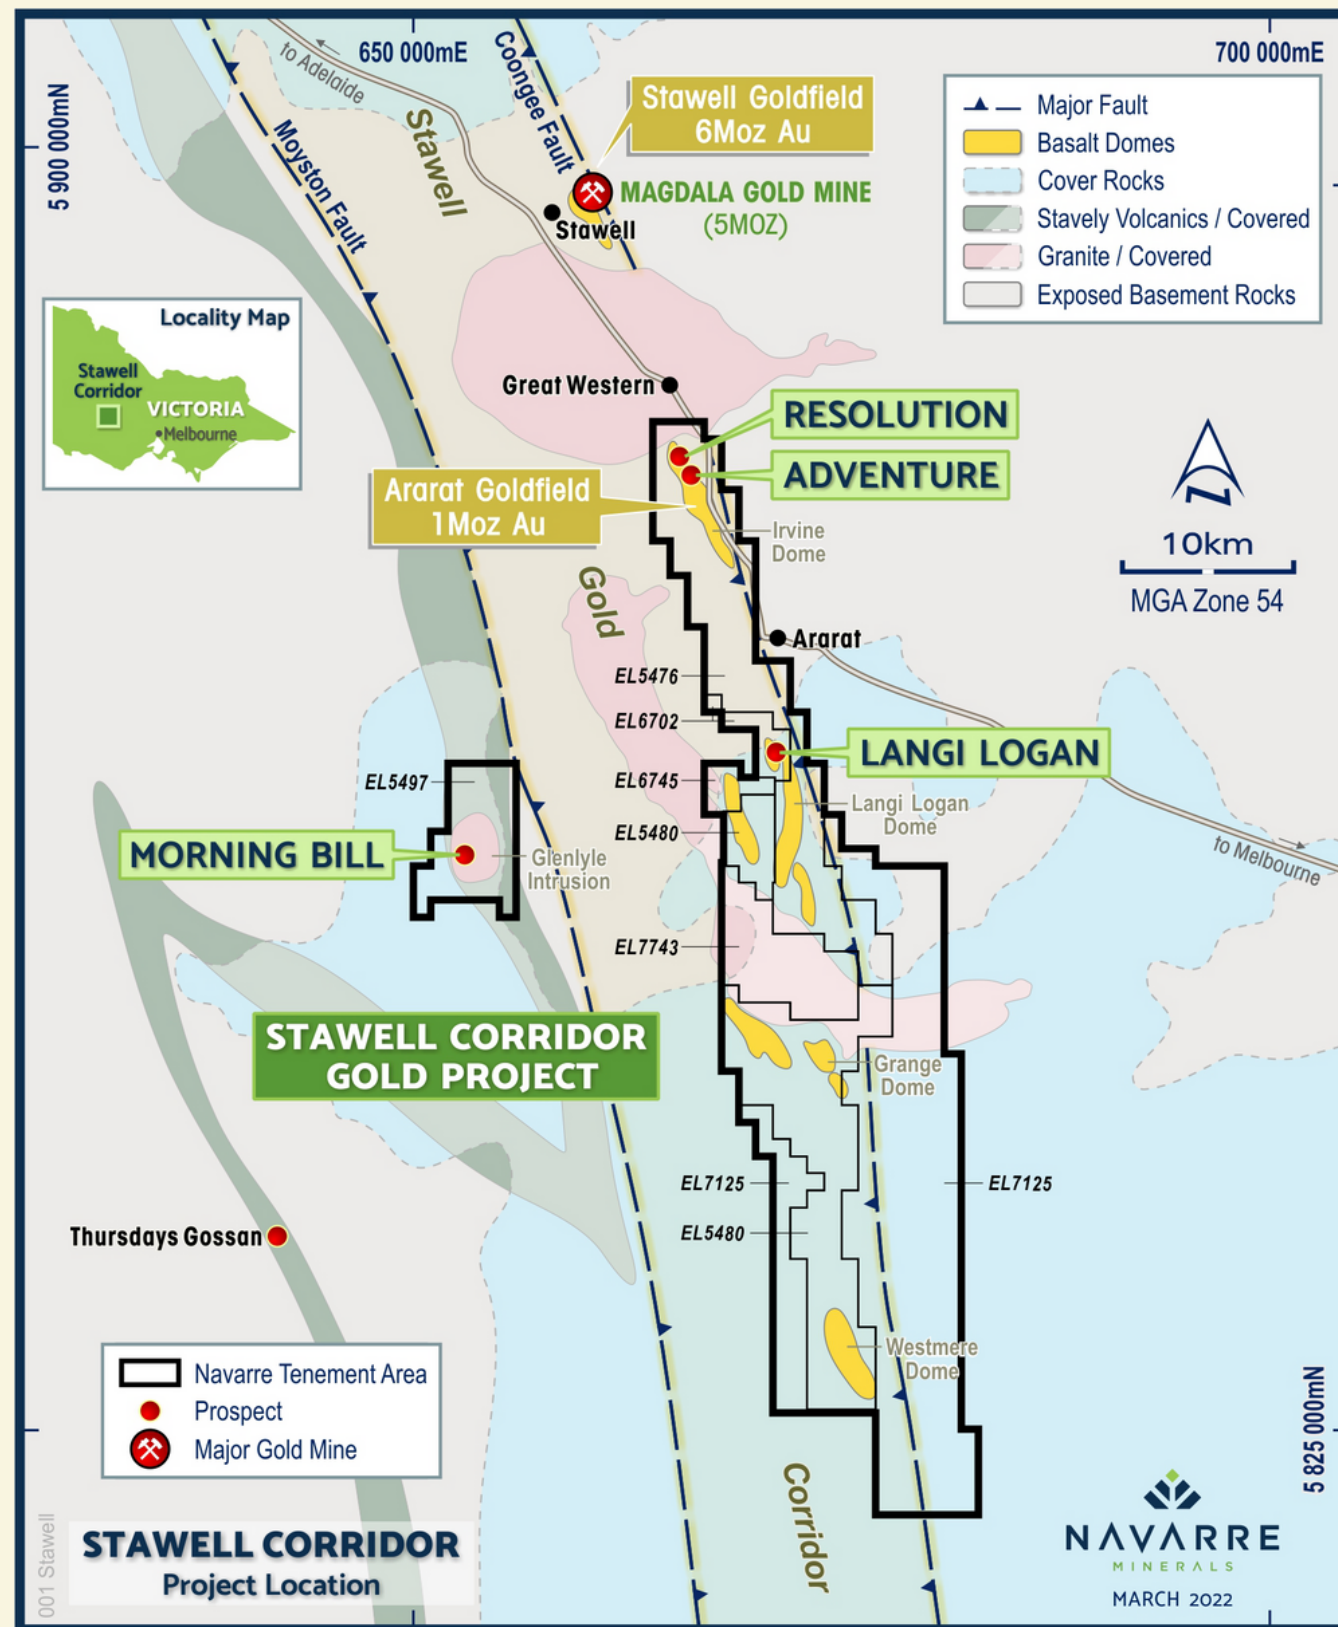

- Maiden Inferred Mineral Resource¹ reported in March 2021 – 304koz at 2.4 g/t gold
- Resource hosted on east flank of basalt dome, open down-dip and along strike

Langi Logan Basalt Dome

- Large-scale basalt dome structure with 14.5km strike length
- Significant historical deep lead gold production in local areas
- Maiden diamond drilling program included²
- 0.5 metres at 19.8 (g/t) gold from within a broader zone of 2.4m at 5.8 g/t from 131.2 (LD002)
- 0.6 metres at 6.9 (g/t) from within a broader zone of 6.8 metres at 1.1 g/t gold from 48 metres (LD004)

Glenlyle Intrusive Complex (Morning Bill)

- Potential epithermal gold-silver system above a deeper porphyry target
- Strongly anomalous gold, silver, lead and zinc grades define mineralised footprint of over 1,000 metres by 400 metres

1 ASX Announcement - 30 March 2021

2 ASX Announcement - 21 March 2022

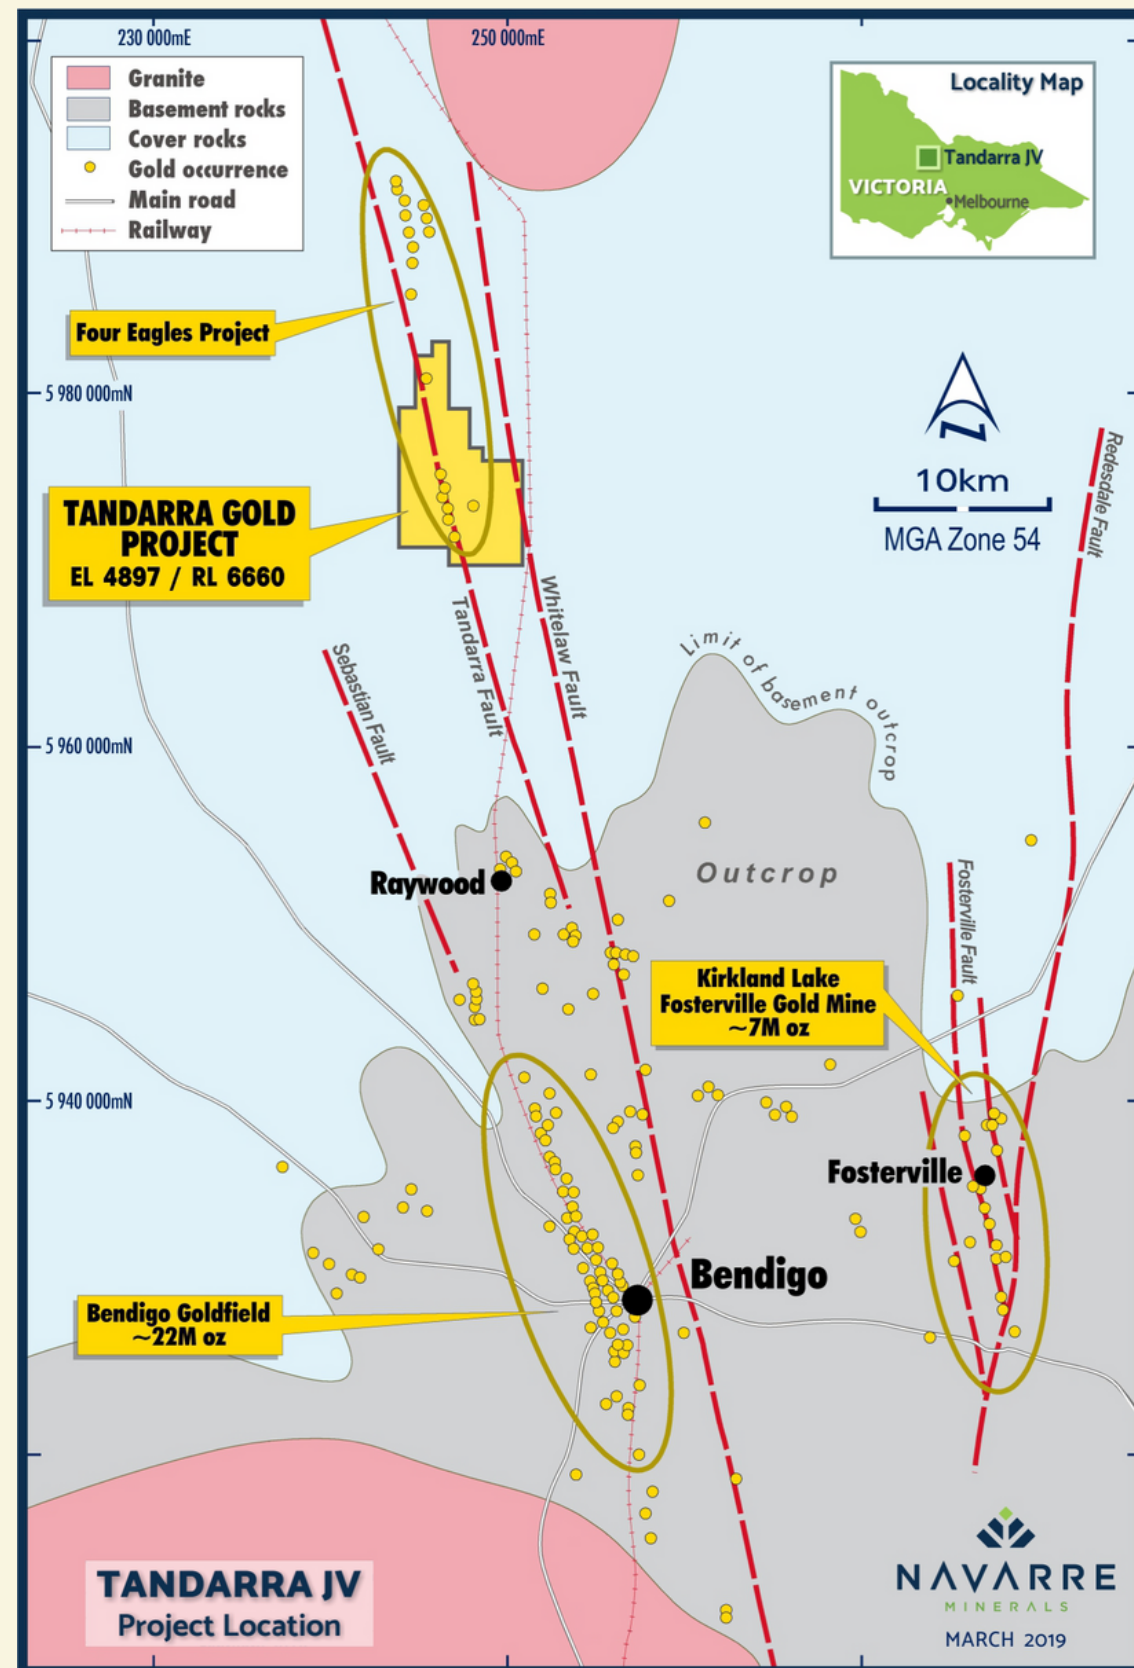

TANDARRA JV

(49%, 51% & Operator Catalyst Metals)

- Located ~40km north of the 22moz Bendigo Goldfield and ~50km northwest from Agnico Eagle's Fosterville
- An advanced exploration project with strong potential to reveal a large-scale gold system obscured by shallow cover within Victoria's largest gold camp ~ 31mozs
- Tandarra + Four Eagles – analogous to Fosterville/Bendigo goldfields

High-grade gold under cover starting 20m below surface:

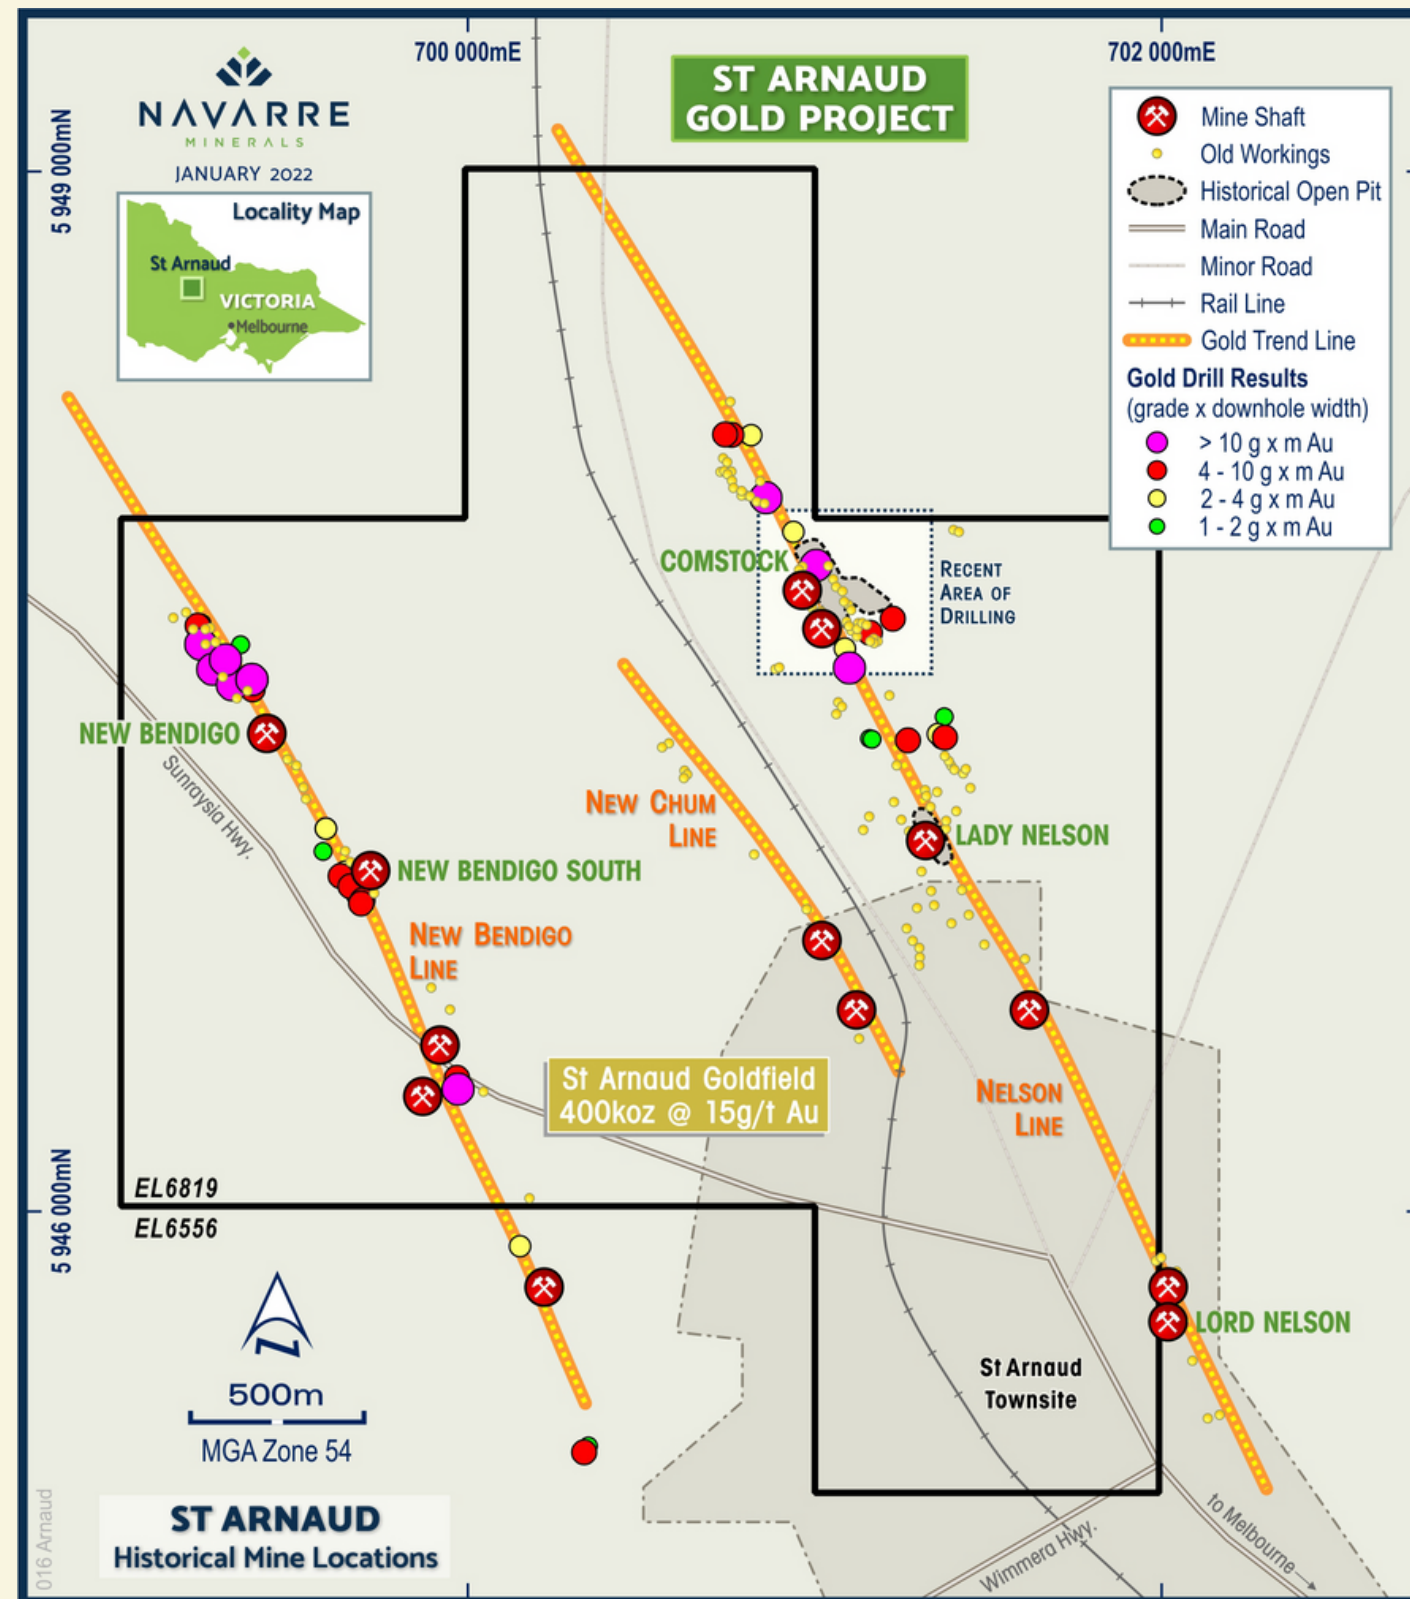

- 21m @ 6.5 g/t Au from 27m (RCT177)
- 10m @ 14.0 g/t Au from 47m (RCT172)
- 17m @ 7.1 g/t Au from 30m (RCT173)
- 24m @ 4.2 g/t Au, incl 6m @ 14.3 g/t Au (RCT249)

1 CYL/NML ASX Announcement - 27 Mar-17 & 15- Apr-21

ST ARNAUD GOLDFIELD

- Historic underground mining during the gold rush (1855-1913), more recently open pit mining in 1990's (Comstock – Nelson Line)
- Aureka's St Arnaud Gold Project comprises 819km² of granted tenements, including the historical 0.4M St Arnaud Goldfield, where high-grade gold was mined from quartz lodes in a structural setting consistent with most gold deposits in central Victoria, including Bendigo and Fosterville.
- Aureka's first pass drilling confirmed several continuous lines of gold mineralisation, extending north under cover¹
- Maiden diamond drilling program completed in 2022 intersecting high-grade gold adjacent to historic production on Nelson and New Bendigo lines
- Previous 1m @ 1,174 g/t Au (2008) at New Bendigo² demonstrates the potential for high grade mineralisation
- Regional reconnaissance soils program to detect new areas of potential mineralisation beneath Murray Basin cover

¹ ASX Announcement - 30 July 2018 & 26 March 2021

² RXM ASX Announcements - 15 & 16 April 2008

Confirmed Resource potential

- **Stawell Corridor:** JORC resource (304koz @ 2.43g/t) + Exploration Target* (280-420koz at 2-3g/t)
- Bendigo: High grade gold system potential at the Tandarra Gold JV with Catalyst Metals – drilling completed Q2

Advanced Exploration Projects across Victoria

- All close to existing operating mines, Tandarra ~50km from global giant Agnico Eagle's Fosterville, 4 greenfield discoveries in Stawell Corridor

Significant Exploration Upside Potential across the portfolio

- Aggressive exploration program to accelerate discovery and delineation, map out the future

New Director and Management Team

- Credible leaders with extensive corporate and mining experience is set to drive the Company's future growth. All historic debts have been cleansed

*The potential quantity and grade of this exploration target is conceptual in nature, there is currently insufficient exploration completed to support a mineral resource of this size and it is uncertain whether continued exploration will result in the estimation of a JORC resource. The exploration target has been prepared in accordance with the JORC Code (2012).
