Chairman's letter

Thursday, 22 May 2025

Dear Shareholder,

On behalf of Comms Group Ltd ACN 619 196 539 (**CCG**), I am pleased to invite you to participate in a 1 for 9 non-renounceable pro rata entitlement offer of new ordinary shares in CCG (**New Shares**) at an offer price of \$0.05 per New Share (**Offer Price**) (**Entitlement Offer**).

On Friday 16 May 2025, CCG announced its intention to raise approximately \$7 million through a placement to institutional investors (**Placement**) and the Entitlement Offer (together, the **Capital Raising**).

Purpose of the Capital Raising

On Friday 16 May 2025, CCG announced that it had signed a binding business sale agreement to acquire the business and assets of Tasmanet Pty Ltd ACN 111 240 978 (Receivers and Managers Appointed) (Administrators Appointed) and associated entities within the Field Solutions Holdings Group Ltd group of entities (together, **TasmaNet**) for \$10 million.

TasmaNet is a leading provider of premium data communication services to government and businesses in Tasmania. Key service offerings include data (internet), managed IT services, Infrastructure as a Service (managed private cloud services) and cyber security services. For CCG, this acquisition will be transformational and clearly aligns with our acquisition strategy for expanding our service capability, increasing our geographical reach and materially improving our financial performance.

Please refer to the ASX Announcement, Investor Presentation included in Section 9 of this Entitlement Offer Booklet for further information on TasmaNet, CCG's acquisition of the business and assets of TasmaNet and the Capital Raising.

Entitlement Offer

Under the Entitlement Offer, Eligible Shareholders have the opportunity to invest at the same price as the institutional investors who participated in the Placement, being \$0.05 per New Share. The number of New Shares for which you are entitled to apply under the Entitlement Offer (**Entitlement**) is set out in your personalised Entitlement and Acceptance Form that accompanies this Entitlement Offer Booklet.

You also have the opportunity to apply for additional New Shares in excess of your Entitlement under the Top Up Facility for up to 100% of your existing Entitlement. Additional New Shares will only be available where there is a shortfall between Applications received from Eligible Shareholders and the number of New Shares proposed to be issued under the Entitlement Offer. CCG and the Joint Lead Managers retain the flexibility to scale back Applications for additional New Shares (refer to Section 4.2 of this Entitlement Offer Booklet for more information).

The Entitlement Offer is non-renounceable and, therefore, your Entitlement will not be tradeable on ASX and is not otherwise transferable.

3 Overview of the Capital Raising

3.1 Overview

CCG intends to raise approximately \$7 million by undertaking the Capital Raising. The Capital Raising comprises:

- (a) the **Entitlement Offer**, pursuant to which CCG is offering Eligible Shareholders the opportunity to apply for 1 New Share for every 9 Existing Shares held on the relevant record date. The Offer Price per New Share is \$0.05. The Entitlement Offer is intended to raise approximately \$2.2 million; and
- (b) the **Placement** which raised approximately \$4.8 million at the same Offer Price per New Share as the Entitlement Offer.

This Entitlement Offer Booklet relates to the Entitlement Offer to raise up to approximately \$2.2 million, which is fully underwritten by the Joint Lead Managers.

The Entitlement Offer is non-renounceable, which means that the Entitlements cannot be traded or otherwise transferred on ASX or any other exchange or privately. If you do not participate in the Entitlement Offer, you will not receive any value for your Entitlement.

Please refer to the ASX Announcement and the Investor Presentation¹ included in Section 9 of this Entitlement Offer Booklet for information on the rationale for the Capital Raising, the use of proceeds of the Capital Raising and the key risks associated with an investment in CCG.

3.2 Placement

There may be other announcements that are made by CCG on or after Thursday, 22 May 2025 and before the Entitlement Offer closes at 5.00pm (Sydney time) on Monday, 2 June 2025 that may be relevant in your consideration of whether to take part in the Entitlement Offer. Determination of eligibility of investors for the purposes of the Entitlement Offer is determined by reference to a number of matters, including legal requirements, logistical and registry constraints, and the discretion of CCG. CCG and the Joint Lead Managers disclaim any liability in respect of the exercise or otherwise of that determination and discretion, to the maximum extent permitted by law.

The Entitlement Offer seeks to raise approximately \$2.17 million. The Offer Price under the Entitlement Offer is the same as the Offer Price under the Placement.

The Entitlement Offer opens on Thursday, 22 May 2025 and is expected to close at 5.00pm (Sydney time) on Monday, 2 June 2025.

The Entitlement Offer is fully underwritten by the Joint Lead Managers, subject to the terms of the Underwriting Agreement described further in Section 6.4.

3.4 Eligibility of Shareholders

The Entitlement Offer is being offered to Eligible Shareholders only.

Eligible Shareholders are Shareholders on the Record Date (i.e. 7.00pm (Sydney time) on Wednesday, 21 May 2025) who:

- (a) have an address on the CCG register in Australia or New Zealand;
- (b) are not in the United States and are not a person (including nominees or custodians) acting for the account or benefit of a person in the United States; and
- (c) are eligible under all applicable securities laws to receive an offer under the Entitlement Offer.

CCG has determined that it is unreasonable to extend the Entitlement Offer to Ineligible Shareholders because of the small number of such Shareholders, the number and value of Shares that they hold and the cost of complying with the applicable regulations in jurisdictions outside Australia and New Zealand.

3.5 Your Entitlement

An Entitlement and Acceptance Form setting out your Entitlement (calculated as 1 New Share for every 9 Shares held on the Record Date (i.e. 7.00pm (Sydney time) on Wednesday, 21 May 2025) with fractional entitlements rounded down to the nearest whole number of New Shares) accompanies this Entitlement Offer Booklet. Eligible Shareholders may apply for all or part of their Entitlement.

Eligible Shareholders who take up all of their Entitlement in full may also apply for additional New Shares, up to an additional 100% of their Entitlement, under the Top Up Facility.

If you have more than one registered holding of Shares, you will be sent more than one personalised Entitlement and Acceptance Form and you will have separate Entitlements for each separate holding.

Eligible Shareholders should be aware that an investment in CCG involves risks. The key risks identified by CCG are set out in the section entitled 'Key risks' from page 29 of the Investor Presentation (enclosed in Section 9).

4 How to apply

4.1 Options available to you

The number of New Shares to which Eligible Shareholders are entitled is shown on the accompanying Entitlement and Acceptance Form. Eligible Shareholders may:

- (a) take up their Entitlement in full and, if they do so, they may also apply for additional New Shares up to an additional 100% of their Entitlement under the Top Up Facility (refer to Section 4.2);
- (b) take up part of their Entitlement, in which case the part of the Entitlement not taken up would lapse (refer to Section 4.3); or
- (c) do nothing and allow their entire Entitlement to lapse (refer to Section 4.4).

Ineligible Shareholders may not participate in the Entitlement Offer.

CCG reserves the right to reject any Application that is received after the Closing Date. The Directors reserve the right to issue any shortfall under the Entitlement Offer at their discretion.

The Closing Date for acceptance of the Entitlement Offer is 5.00pm (Sydney time) on Monday, 2 June 2025.

4.2 Taking up all of your Entitlement or taking up all of your Entitlement and participating in the Top Up Facility

If you wish to take up all of your Entitlement, you must complete the Entitlement and Acceptance Form and pay the Application Money by following the instructions set out on the personalised Entitlement and Acceptance Form. Payment is due by no later than 5.00pm (Sydney time) on Monday, 2 June 2025.

If you apply to take up all of your Entitlement, you may also apply for additional New Shares under the Top Up Facility. Any Application Money received for more than your full Entitlement of New Shares will be treated as applying for as many additional New Shares as it will pay for in full, up to an additional 100% of your Entitlement.

If you apply for additional New Shares under the Top Up Facility, and if your application is successful (in whole or in part), your additional New Shares will be issued to you at the same time and on the same terms that other New Shares are issued under the Entitlement Offer. If you apply for additional New Shares, there is no guarantee that you will be allocated any additional New Shares.

Any New Shares referable to Entitlements not taken up by the Closing Date may be made available to those Eligible Shareholders who took up their full Entitlement and applied for additional New Shares under the Top Up Facility, up to an additional 100% of their Entitlement.

Additional New Shares will only be allocated to Eligible Shareholders if available and then up to 100% of their Entitlement, and subject to the Corporations Act, ASX Listing Rules and other applicable laws and regulations. If Eligible Shareholders apply for more additional New Shares than available under the Top Up Facility, CCG will scale back applications for additional New Shares on a pro rata basis, having regard to the pro rata Entitlement of Eligible Shareholders who apply for additional New Shares.

No interest will be paid to Applicants on any Application Money received or refunded. Refund amounts (greater than \$2.00), if any, will be paid in Australian dollars. You will be paid either by direct credit to the nominated bank account as noted on the share register as at the Closing Date or by cheque sent by ordinary post to your address as recorded on the share register. If you wish to advise or change your banking instructions with the Share Registry you may do so by going to <https://boardroomlimited.com.au>.

4.3 Taking up part of your Entitlement and allowing the balance to lapse

If you wish to take up part of your Entitlement, you must complete the Entitlement and Acceptance Form and pay the Application Money by following the instructions set out on the personalised Entitlement and Acceptance Form.

If you wish to take up part of your Entitlement, you will not be entitled to apply for additional New Shares under the Top Up Facility.

If CCG receives an amount that is less than the Offer Price multiplied by your Entitlement, your payment may be treated as an Application for as many New Shares as your Application Money will pay for in full.

4.4 Allowing your Entitlement to lapse

If you do not wish to take up all or any part of your Entitlement, do not take any further action and all or that part of your Entitlement will lapse.

4.5 Consequences of not taking up all or part of your Entitlement

If you do not take up all or part of your Entitlement in accordance with the instructions set out above, your Entitlement will lapse and those New Shares for which you would have otherwise been entitled under the Entitlement Offer (including New Shares that relate to the portion of your Entitlement that has not been taken up) will not be issued to you and may be acquired by Eligible Shareholders under the Top Up Facility.

By allowing your Entitlement to lapse, you will forego any exposure to increases or decreases in the value of the New Shares had you taken up your Entitlement and you will not receive any value for your Entitlement. Your interest in CCG will also be diluted to the extent that New Shares are issued under the Capital Raising.

4.6 Payment

You can pay by BPAY® in accordance with the Entitlement and Acceptance Form.

Cash payments will not be accepted. Additionally, payments by cheque, bank draft or money order will not be accepted. Receipts for payment will not be issued.

CCG will treat you as applying for as many New Shares as your payment will pay for in full up to your Entitlement, and in respect of any excess amount applying for as many additional New Shares under the Top Up Facility as it will pay for in full, up to an additional 100% of your Entitlement.

Any Application Money (greater than \$2.00) received for more than your final allocation of New Shares will be refunded as soon as practicable after the close of the Entitlement Offer. No interest will be paid to Applicants on any Application Money received or refunded.

Payment by BPAY®

For payment by BPAY®, please follow the instructions on the personalised Entitlement and Acceptance Form. You can only make payment via BPAY® if you are the holder of an account with an Australian financial institution that supports BPAY® transactions.

When paying by BPAY®, please make sure you use the specific Biller Code and your unique Customer Reference Number (**CRN**) on your personalised Entitlement and Acceptance Form. If you have multiple holdings and consequently receive more than one personalised Entitlement and Acceptance Form, when taking up your Entitlement in respect of one of those holdings only use the CRN specific to that holding. If you do not use the correct CRN specific to that holding your Application will not be recognised as valid.

Please note that by paying by BPAY®:

- (a) you do not need to submit your personalised Entitlement and Acceptance Form but are taken to make the declarations, representations and warranties on that Entitlement and Acceptance Form and in Section 4.7;
- (b) if you do not pay for your full Entitlement, you are deemed to have taken up your Entitlement in respect of such whole number of New Shares which is covered in full by your Application Moneys; and
- (c) if you pay more than is required to subscribe for your Entitlement, you will be taken to have applied for additional New Shares (if any) under the Top Up Facility, to the extent of the excess (up to the maximum of an additional 100% of your Entitlement).

It is your responsibility to ensure that your BPAY® payment is received by the Share Registry by no later than 5.00pm (Sydney time) on Monday, 2 June 2025. You should be aware that your financial institution may implement earlier cut-off times with regard to electronic payment, and you should therefore take this into consideration in the timing of when you make payment.

4.7 Entitlement and Acceptance Form is binding

A payment made through BPAY® or a completed and lodged Entitlement and Acceptance Form together with the payment of the requisite Application Money constitutes a binding offer to acquire New Shares on the terms and conditions set out in this Entitlement Offer Booklet and, once lodged or paid, cannot be withdrawn. CCG's decision on whether to treat an acceptance as valid is final.

By making a payment by BPAY® or by completing and returning your personalised Entitlement and Acceptance Form with the requisite Application Money, you will also be deemed to have acknowledged, represented and warranted on behalf of each person on whose account you are acting that:

- (a) you have received and read, and understand this Entitlement Offer Booklet and your personalised Entitlement and Acceptance Form in their entirety;
- (b) you agree to be bound by the terms of the Entitlement Offer, the provisions of this Entitlement Offer Booklet, and CCG's constitution;
- (c) you authorise CCG to register you as the holder(s) of New Shares issued to you under the Entitlement Offer;
- (d) all details and statements in the personalised Entitlement and Acceptance Form are complete, accurate and up to date;
- (e) if you are a natural person, you are 18 years of age or over and have full legal capacity and power to perform all of your rights and obligations under the personalised Entitlement and Acceptance Form;
- (f) you accept that there is no cooling off period under the Entitlement Offer and that once CCG receives any payment of Application Money via BPAY®, you may not withdraw your Application or funds provided except as allowed by law;
- (g) you agree to apply for and be issued up to the number of New Shares for which you have submitted payment of any Application Money via BPAY®, at the Offer Price per Share;
- (h) if you apply for additional New Shares under the Top Up Facility, you declare that you are not a 'related party' (as that term is defined in the ASX Listing Rules) or a person to whom ASX Listing Rule 10.11 applies;
- (i) you authorise CCG, the Joint Lead Managers, the Share Registry and their respective officers, employees or agents to do anything on your behalf necessary for New Shares to be issued to you, including to act on instructions of the Share Registry upon using the contact details set out in your personalised Entitlement and Acceptance Form;

- (j) you acknowledge and agree that:
 - (i) determination of eligibility of investors for the purposes of the Entitlement Offer is determined by reference to a number of matters, including legal and regulatory requirements, logistical and registry constraints and the discretion of CCG and the Joint Lead Managers; and
 - (ii) each of CCG and the Joint Lead Managers, and each of their respective affiliates, disclaim any duty or liability (including for negligence) in respect of that determination and the exercise or otherwise of that discretion, to the maximum extent permitted by law;
- (k) you declare that you were the registered holder(s) at the Record Date of the Shares indicated on the personalised Entitlement and Acceptance Form as being held by you on the Record Date;
- (l) the information contained in this Entitlement Offer Booklet and your personalised Entitlement and Acceptance Form is not investment advice nor a recommendation that New Shares are suitable for you given your investment objectives, financial situation or particular needs;
- (m) this Entitlement Offer Booklet is not a prospectus, does not contain all of the information that you may require in order to assess an investment in CCG and is given in the context of CCG's past and ongoing continuous disclosure announcements to ASX;
- (n) you have read and acknowledge the statement of risks in the 'Key risks' section of the Investor Presentation included in Section 9 of this Entitlement Offer Booklet, and that an investment in CCG is subject to risks;
- (o) none of CCG, the Joint Lead Managers, or their respective related bodies corporate and affiliates and their respective directors, officers, partners, employees, representatives, agents, consultants or advisers, guarantees the performance of the New Shares or the performance of CCG, nor do they guarantee the repayment of capital from CCG;
- (p) you agree to provide (and direct your nominee or custodian to provide) any requested substantiation of your eligibility to participate in the Entitlement Offer and of your holding of Shares on the Record Date;
- (q) you authorise CCG to correct any errors in your personalised Entitlement and Acceptance Form or other form provided by you;
- (r) the law of any place does not prohibit you from being given this Entitlement Offer Booklet and the personalised Entitlement and Acceptance Form, nor does it prohibit you from making an Application for New Shares and that you are otherwise eligible to participate in the Entitlement Offer;
- (s) you are an Eligible Shareholder;
- (t) you acknowledge that the Entitlement and the New Shares have not been, and will not be, registered under the U.S. Securities Act or under the laws of any state or other jurisdiction of the United States and that, accordingly the Entitlements may not be taken up or exercised by a person in the United States and the New Shares may not be offered or sold, directly or indirectly, in the United States, except in a transaction exempt from, or not subject to, the registration requirements of the U.S. Securities Act and any other applicable securities laws;
- (u) you have not and will not send any materials relating to the Entitlement Offer to any person in the United States or to any person (including nominees or custodians) acting for the account or benefit of a person in the United States, or to any country outside Australia and New Zealand;

- (v) if you decide to sell or otherwise transfer the New Shares in the future, you will only do so in transactions exempt from, or not subject to, the registration requirements of the U.S. Securities Act, including in regular way transactions on ASX or otherwise where neither you nor any person acting on your behalf knows, or has reason to know, that the sale has been pre-arranged with, or that the purchaser is, a person in the United States;
- (w) if you are acting as a nominee or custodian, each beneficial holder on whose behalf you are submitting an Application is resident in Australia or New Zealand and is not in the United States and is not acting for the account or benefit of a person in the United States, and you have not sent this Entitlement Offer Booklet, the Entitlement and Acceptance Form or any information or materials relating to the Entitlement Offer to any such person; and
- (x) you make all other representations and warranties set out in this Entitlement Offer Booklet.

4.8 Brokerage and Australian stamp duty

No brokerage fee is payable by Eligible Shareholders who accept their Entitlement. No Australian stamp duty should be payable for the grant of the Entitlement, or for exercising the Entitlement in order to apply for New Shares under the Entitlement Offer or for additional New Shares under the Top Up Facility.

4.9 Notice to nominees and custodians

The Entitlement Offer is being made to all Eligible Shareholders. Nominees with registered addresses in the eligible jurisdictions, irrespective of whether they participate under the Institutional Entitlement Offer, may also be able to participate in the Entitlement Offer in respect of some or all of the beneficiaries on whose behalf they hold Existing Shares, provided that the applicable beneficiary would satisfy the criteria for an Eligible Shareholder.

Nominees and custodians who hold Shares as nominees or custodians will have received, or will shortly receive, a letter from CCG. Nominees and custodians should consider carefully the contents of that letter and note in particular that the Entitlement Offer is not available to:

- (a) beneficiaries on whose behalf they hold Existing Shares who would not satisfy the criteria for an Eligible Shareholder; or
- (b) Shareholders who are not eligible under all applicable securities laws to receive an offer under the Entitlement Offer.

In particular, persons acting as nominees for other persons may not take up Entitlements on behalf of, or send any documents relating to the Entitlement Offer to, any person in the United States.

CCG is not required to determine whether or not any registered holder is acting as a nominee or the identity or residence of any beneficial owners of Shares. Where any holder is acting as a nominee for a foreign person, that holder, in dealing with its beneficiary, will need to assess whether indirect participation by the beneficiary in the Entitlement Offer is compatible with applicable foreign laws. CCG is not able to advise on foreign laws.

4.10 Withdrawal of the Entitlement Offer

Subject to applicable law, CCG reserves the right to withdraw the Entitlement Offer at any time before the issue of New Shares, in which case CCG will refund any Application Money already received in accordance with the Corporations Act and will do so without interest being payable to Applicants.

To the fullest extent permitted by law, you agree that any Application Money paid by you to CCG will not entitle you to receive any interest and that any interest earned in respect of Application Money will belong to CCG.

4.11 Enquiries

If you have not received or you have lost your personalised Entitlement and Acceptance Form, or have any questions regarding the Entitlement Offer, please contact the CCG Offer Information Line on 1300 737 760 (within Australia) or +61 2 9290 9600 (from outside Australia) between 8.30am to 5.30pm (Sydney time) Monday to Friday or send an enquiry email to corporateactions@boardroomlimited.com.au, before the Entitlement Offer closes at 5.00pm (Sydney time) on Monday, 2 June 2025. If you have any further questions, you should contact your stockbroker, lawyer, accountant or other professional adviser.

Eligible Shareholders should be aware that an investment in CCG involves risks. The key risks identified by CCG are set out in the Investor Presentation (in Section 9).

5 Control implications and capital structure

5.1 Effect on Control

Shareholders should note that their holding will be diluted by approximately 25% on account of the Placement.

Shareholders should also note that if they do not participate in the Entitlement Offer and the Entitlement Offer is fully subscribed, their holdings are likely to be diluted by a further 9% (approximate).

The issue of Shares under the Entitlement Offer and the Top Up Facility does not satisfy the requirements of exception 10 of section 611 of the Corporations Act. As such, no person will be entitled to acquire Shares pursuant to the Entitlement Offer and the Top Up Facility if, in the view of the Directors, to do so would increase that Shareholder's voting power in CCG from 20% or below to more than 20% unless an exception to the restrictions contained in section 606 of the Corporations Act applies.

Accordingly:

- (a) as there are currently no exceptions to the restrictions contained in section 606 of the Corporations Act;
- (b) given that no Shareholder has a relevant interest in excess of 20%; and
- (c) in light of the size of the Entitlement Offer,

the Entitlement Offer is not expected to have any material effect or consequence on the control of CCG.

5.2 Potential Dilution Effect

As noted above, on account of the Placement, your holding in CCG will be diluted by approximately 25%.

You should also note that if you do not participate in the Entitlement Offer, your holdings may be diluted by as much as an additional 9% (approximate).

The following are examples of how any dilution may affect you if you do not participate in the Entitlement Offer, assuming the maximum number of New Shares are issued, and assuming completion of the Placement:

Example Shareholder	Holdings as at 16 May 2025	% as at 16 May 2025	Entitlements Under the Entitlement Offer	Holdings if entitlement not taken up	% following allotment of New Shares (if entitlement not taken up)
Shareholder 1	10,000,000	2.56%	1,111,111	10,000,000	1.89%
Shareholder 2	5,000,000	1.28%	555,555	5,000,000	0.94%
Shareholder 3	1,000,000	0.26%	111,111	1,000,000	0.19%
Shareholder 4	100,000	0.026%	11,111	100,000	0.019%
Shareholder 5	10,000	0.0026%	1,111	10,000	0.0019%

5.3 Substantial Shareholders and Directors' interests in Securities

As at 16 May 2025, CCG had the following substantial Shareholders:

Substantial Shareholder	Number of Shares	Voting Power (%)
Nashar Pty Ltd (Ryan O'Hare)	48,338,573	12.38%
Peter McGrath	24,456,067	6.26%
Robbie Bennetts Enterprises Pty Ltd	21,156,067	5.42%

As at 16 May 2025, the Directors' interests in CCG are detailed below:

Director	Shares	Options	Performance Rights
Ryan O'Hare	48,338,573	Nil	800,000
Peter McGrath	24,456,067	Nil	13,100,000
Ben Jennings	16,325,071	Nil	1,600,000
Claire Bibby	371,644	Nil	1,100,000

5.4 Capital structure on completion of the Placement and the Entitlement Offer

On the basis that CCG completes the Placement and the Entitlement Offer and raises the full amount sought from Shareholders under the Entitlement Offer, CCG's capital structure will be as follows:

	Number of Shares	Number of Options	Number of Performance Rights
Balance as at the date of announcement of the Capital Raising	390,403,862	500,000	34,542,668
Placement	96,400,000	Nil	Nil
Entitlement Offer	43,337,393	Nil	Nil
TOTAL	530,141,255	500,000	34,542,668

Note: The final number of New Shares issued under the Entitlement Offer will be subject to Shareholder reconciliation and rounding.

5.5 Sub-underwriting commitment by Directors

Each of Ryan O'Hare, Peter McGrath and Ben Jennings have agreed to sub-underwrite a portion of the Entitlement Offer. Their aggregate sub-underwriting commitment is \$325,000, comprising of \$100,000 for Ryan O'Hare, \$100,000 for an entity associated with Ryan O'Hare, \$100,000 for Peter McGrath and \$25,000 for Ben Jennings. A sub-underwriting fee of 2% of the amount sub-underwritten is payable by the Joint Lead Managers out of the total fees paid to them by CCG.

6 Additional information

6.1 Ranking of New Shares

The New Shares issued under the Entitlement Offer will be fully paid and rank equally with Existing Shares.

6.2 Allotment

CCG will apply for quotation of the New Shares on ASX in accordance with ASX Listing Rule requirements. If ASX does not grant quotation of the New Shares, CCG will repay all Application Money (without interest) to Applicants.

Trading of New Shares will, subject to ASX approval, occur shortly after issue and allotment. It is expected that issue and allotment of the New Shares under the Entitlement Offer will take place on Tuesday, 10 June 2025. Application Money will be held by CCG on trust for Applicants until the New Shares are issued and allotted. No interest will be paid on Application Moneys.

Subject to approval being granted, it is expected that the New Shares issued and allotted under the Entitlement Offer will commence trading on a normal basis on Wednesday, 11 June 2025.

It is the responsibility of Applicants to determine the number of New Shares allotted and issued to them prior to trading in the New Shares. The sale by an Applicant of New Shares prior to receiving their holding statement is at the Applicant's own risk and the Joint Lead Managers disclaim all liability whether in negligence or otherwise (to the maximum extent permitted by law) to persons who trade New Shares before receiving their holding statements, whether on the basis of confirmation of the allocation provided by CCG or the Share Registry or otherwise.

6.3 Reconciliation

In any entitlement offer, investors may believe that they own more Existing Shares on the Record Date than they ultimately do. This may result in a need for reconciliation to ensure all Eligible Shareholders have the opportunity to receive their full Entitlement.

CCG may need to issue a small quantity of additional New Shares to ensure all Eligible Shareholders have the opportunity to receive their appropriate allocation of New Shares. The price at which these New Shares would be issued, if required, is the same as the Offer Price.

CCG also reserves the right to reduce the number of an Entitlement or New Shares allocated to Eligible Shareholders or persons claiming to be Eligible Shareholders, if their Entitlement claims prove to be overstated, if they or their nominees fail to provide information requested to substantiate their Entitlement claims, or if they are not Eligible Shareholders.

6.4 Underwriting Arrangement

CCG has entered into an Underwriting Agreement with the Joint Lead Managers in respect of the Capital Raising pursuant to which the Joint Lead Managers have been appointed as joint lead managers to the Capital Raising and joint underwriters to the Entitlement Offer.

The Underwriting Agreement contains representations, warranties and indemnities in favour of the Joint Lead Managers.

Each Joint Lead Manager may terminate its obligations under the Underwriting Agreement on the occurrence of certain termination events. Please see pages 28 and 29 of the Investor Presentation set out in Section 9 of this Entitlement Offer Booklet for an outline of the termination events under the Underwriting Agreement.

6.5 Joint Lead Managers

None of the Joint Lead Manager Parties have authorised, permitted or caused the issue, despatch or provision of this Entitlement Offer Booklet and they do not take responsibility for any

statements made in this Entitlement Offer Booklet or any action taken by you on the basis of such information. Each Joint Lead Manager has not authorised, approved or verified any part of this Entitlement Offer Booklet. To the maximum extent permitted by law, each Joint Lead Manager Party excludes and disclaims all liability for any expenses, losses, damages or costs incurred by you as a result of your participation in the Entitlement Offer and this Entitlement Offer Booklet being inaccurate or incomplete in any way for any reason, whether by negligence or otherwise, and makes no representation or warranty, express or implied, as to the currency, accuracy, reliability or completeness of this Entitlement Offer Booklet.

The Joint Lead Manager Parties take no responsibility for any part of the Entitlement Offer Booklet or liability (including, without limitation, any liability arising from fault or negligence on the part of any person) for any direct, indirect, consequential or contingent loss or damage whatsoever arising from the use of any part of the Entitlement Offer Booklet or otherwise arising in connection with it.

None of the Joint Lead Manager Parties make any recommendations as to whether you or your related parties should participate in the Entitlement Offer, nor do they make any representations or warranties, express or implied, to you concerning this Entitlement Offer or any such information and you represent, warrant and agree that you have not relied on any statements made by the Joint Lead Manager Parties in relation to the New Shares or the Entitlement Offer generally.

6.6 Continuous disclosure

CCG is a 'disclosing entity' under the Corporations Act and is subject to regular reporting and disclosure obligations under the Corporations Act and the ASX Listing Rules, including the preparation of annual reports and half yearly reports.

CCG is required to notify ASX of information about specific events and matters as they arise for the purposes of ASX making that information available to the stock markets conducted by ASX. In particular, CCG has an obligation under the ASX Listing Rules (subject to certain exceptions) to notify ASX immediately of any information of which it is or becomes aware which a reasonable person would expect to have a material effect on the price or value of CCG shares. That information is available to the public from ASX.

7 Australian taxation consequences

7.1 General

This Section 7 does not constitute financial product advice as defined in the Corporations Act and is confined to Australian taxation issues and is only one of the matters you need to consider when making a decision about your investments.

Below is a general and high level summary of the Australian income tax (including capital gains tax (**CGT**)), goods and services tax (**GST**) and stamp duty implications of the Entitlement Offer for Eligible Shareholders being individuals, complying superannuation entities, trusts and corporate investors, who are Australian tax residents and hold their Existing Shares and New Shares, or additional New Shares acquired under the Top Up Facility on capital account for Australian income tax purposes.

This summary is based upon the provisions of taxation laws including the *Income Tax Assessment Act 1936* (Cth) (**ITAA 1936**), the *Income Tax Assessment Act 1997* (Cth) (**ITAA 1997**) and the *Taxation Administration Act 1953* (Cth) (**TAA 53**) as at the date of this Entitlement Offer Booklet. We note that taxation laws are complex in nature and often change, both prospectively and, on some occasions, retrospectively. Further, the application of taxation laws is subject to interpretation by the courts and tax authorities, which can change over time.

The comments in this Section 7 do not apply to Eligible Shareholders who:

- (a) are not a resident for Australian income tax purposes;
- (b) are engaged in a business of trading shares or investment in shares;
- (c) are partnerships or individuals who are partners of such partnerships;
- (d) are a temporary resident for Australian income tax purposes;
- (e) hold their Existing Shares and New Shares as an asset in a business carried on through a permanent establishment in Australia for Australian income tax purposes;
- (f) are under a legal disability or are exempt from Australian income tax;
- (g) are subject to the Controlled Foreign Company rules contained in Part X of the ITAA 1936;
- (h) hold their Existing Shares and New Shares, or additional New Shares acquired under the Top Up Facility on revenue account or as trading stock (which will generally be the case if you are a bank, insurance company or carry on a business of share trading);
- (i) are subject to the "taxation of financial arrangements" rules in Division 230 of the ITAA 1997 in relation to the Existing Shares or New Shares, or additional New Shares acquired under the Top Up Facility (except as otherwise noted in Section 4.2); or
- (j) acquired the New Shares in respect of which the Entitlements are issued under any employee share, options or rights plan or where the New Shares are acquired pursuant to any employee share, options or rights plan.

This summary is general and high level in nature and is not intended to be an authoritative, exhaustive or complete statement of all potential Australian tax implications for any Eligible Shareholder or relied upon as tax advice. This summary does not take account of the individual circumstances of particular Eligible Shareholders and does not constitute tax advice and should not be relied upon as such. The precise Australian taxation implications of ownership or disposal will depend upon each Eligible Shareholder's specific circumstances. Eligible Shareholders should seek advice from an appropriate professional adviser in relation to the tax implications of the Entitlement Offer based on their own individual and specific circumstances.

The general and high level comments below are based on the Australian taxation legislation and the current published administrative policies of the Australian Taxation Office (**ATO**) in force as at 9.00am (Sydney time) on the date of this Entitlement Offer Booklet. Other than as expressly discussed, the comments do not take into account or anticipate changes in Australian tax law or future judicial interpretations of law or any changes in the administrative policies of the ATO after this time unless otherwise specified. The comments also do not take into account tax legislation of any country other than Australia.

CCG and its officers, employees, taxation advisers or other advisers do not accept any liability or responsibility in respect of any statement concerning taxation consequences, or in respect of the taxation consequences.

7.2 Issue of Entitlement

In broad terms, the issue of the Entitlement should not in itself result in any amount being included in the assessable income of an Eligible Shareholder for Australian income tax purposes.

7.3 Exercise of Entitlement and applying for additional New Shares

New Shares will be acquired where an Eligible Shareholder exercises all or part of their Entitlement under the Entitlement Offer. Additional New Shares will be acquired where the Eligible Shareholder acquires additional New Shares under the Top Up Facility.

An Eligible Shareholder should not derive any assessable income, or make any capital gain or capital loss at the time of exercising its Entitlement under the Entitlement Offer.

For Australian CGT purposes, New Shares should generally be taken to have been acquired on the day that an Eligible Shareholder exercises its Entitlement and additional New Shares will be taken to have been acquired on the date the additional New Shares were issued to the Eligible Shareholder under the Top Up Facility. The cost base of each New Share should generally be equal to the Offer Price (plus certain non-deductible incidental costs the Eligible Shareholder incurs in acquiring the New Shares).

7.4 Lapse of Entitlement

If an Eligible Shareholder does not accept all or part of its Entitlement in accordance with the instructions set out in Sections 4.3 and 4.4, then that Entitlement (in whole or in part) will lapse. The Eligible Shareholder will not receive any consideration for an Entitlement that is not taken up. There should be no Australian taxation implications for an Eligible Shareholder from the lapse of the Entitlement.

7.5 Taxation in respect of dividends on New Shares

In broad terms, any future dividends or other distributions made in respect of New Shares and additional New Shares acquired under the Top Up Facility should generally be subject to the same Australian income taxation treatment as dividends or other distributions made on Existing Shares held in the same circumstances by Eligible Shareholders.

It is possible for a dividend to be fully franked, partly franked or unfranked. Franking credits broadly represent the extent to which Australian corporate tax has been attributed to the dividend. Eligible Shareholders are generally required to have held their New Shares and additional New Shares acquired under the Top Up Facility 'at risk' for 45 days (not including the day of the relevant share's acquisition or disposal) in order to be eligible for the franking benefits referred to above (though this can vary depending on the particular Australian tax profile of an Eligible Shareholder). Eligible Shareholders should obtain independent professional advice on the application of these rules to their particular circumstances.

7.6 Disposal of New Shares or additional New Shares

The disposal of New Shares or additional New Shares acquired under the Top Up Facility should generally constitute a disposal for Australian CGT purposes (i.e. "CGT event") for Eligible Shareholders.

On disposal of a New Share or additional New Shares acquired under the Top Up Facility, an Eligible Shareholder should generally make a capital gain if the capital proceeds in respect of the disposal for Australian income tax purposes exceed the total cost base of the New Share or additional New Shares for Australian income tax purposes. Conversely, an Eligible Shareholder should make a capital loss if the capital proceeds are less than the total reduced cost base of the New Share or additional New Shares for Australian income tax purposes. In the case of an arm's length on-market sale, the capital proceeds for Australian income tax purposes should generally equal the cash proceeds from the sale. The CGT cost base of the New Shares and additional New Shares for Australian income tax purposes broadly comprise the amount paid to acquire the New Shares or additional New Shares plus any transaction/incidental costs for which no tax deduction is allowable.

A CGT discount may be applied against any capital gain (after reduction of the capital gain by applicable capital losses) where the Eligible Shareholder which realises the capital gain is an individual, complying superannuation entity or trustee. The CGT discount may be applied in these circumstances, provided that the New Shares or additional New Shares acquired under the Top Up Facility have been held by the Eligible Shareholder for at least 12 months (not including the date of acquisition and disposal for CGT purposes) and certain other requirements have been satisfied.

Where the CGT discount applies, any capital gain arising to individuals and entities acting as trustees (other than trustees of a complying superannuation entity) may be reduced by 50%, after offsetting current year or prior year capital losses. For a complying superannuation entity where the CGT discount applies, any capital gain may be reduced by one third, after offsetting any applicable current year or prior year capital losses.

If the Eligible Shareholder who realises the capital gain and is entitled to the CGT discount is the trustee of a trust (other than the trustee of a complying superannuation entity), the CGT discount may generally be available to the beneficiaries of the trust who are assessed on the trust's capital gain, other than a beneficiary that is a company. Where the beneficiary is the trustee of a complying superannuation entity, the discount rate of one third would apply. Eligible Shareholders that are trustees should seek specific advice regarding the tax consequences of distributions to beneficiaries who may qualify for discounted capital gains.

There is no CGT discount for Eligible Shareholders who are companies (or treated like companies for Australian income tax purposes).

Capital losses may only be offset against capital gains realised in the same income year or future income years, subject to certain loss recoupment tests being satisfied. Capital losses cannot be offset against other assessable income.

7.7 Australian GST

The rights received under the Entitlement as well as the taking up of the New Shares and additional New Shares acquired under the Top Up Facility should be classified as an 'input taxed financial supply' for Australian GST purposes. Accordingly, GST should not be payable in respect of amounts paid for the acquisition of the New Shares or additional New Shares acquired under the Top Up Facility.

No GST should be payable in respect of any dividends paid to Eligible Shareholders in respect of their New Shares or additional New Shares acquired under the Top Up Facility.

An Eligible Shareholder registered for GST may not be entitled to claim full input tax credits in respect of GST on expenses incurred relating to the acquisition, redemption or disposal of the New Shares or additional New Shares (e.g. lawyers' and accountants' fees).

Eligible Shareholders should seek their own tax advice on the impact of GST in their own particular circumstances.

7.8 Australian Stamp duty

Australian stamp duty should not be payable by Eligible Shareholders in respect of receiving rights under the Entitlement, the taking up of New Shares under the Entitlement Offer or additional New Shares acquired under the Top Up Facility on the assumption that all acquisitions occur when all of the securities in CCG are quoted on the market operated by ASX and no Shareholder (together with interests of associated persons and interests acquired under associated transactions) holds an interest of 90% or more in CCG. Eligible Shareholders should seek their own advice as to the impact of Australian stamp duty in their own particular circumstances

7.9 Australian 'tax file numbers'

An Eligible Shareholder is not required to quote their tax file number (**TFN**) to CCG. However, if a TFN (or certain exemption details) is not provided, Australian withholding tax may be required to be deducted by CCG from any dividends in respect of the New Shares or additional New Shares at the relevant specified rate and remitted to the ATO. An Eligible Shareholder who holds their New Shares or additional New Shares as part of an enterprise may quote its Australian Business Number instead of its TFN.

KEY HIGHLIGHTS

- Comms Group has signed a binding agreement to acquire the business and assets of TasmaNet², a leading provider of premium communication and managed IT services to the Tasmanian Government and businesses in Tasmania.
- Delivers a strong strategic position for the group's domestic operations in the government and corporate sectors and with key network assets: delivering a portfolio of corporate data services, cross-sell opportunities and the potential of expanding the provision of government and corporate IT and telecommunications (IT&T) services to other Australian states.
 - Includes the acquisition of a significant fixed wireless (non-NBN) broadband network in Tasmania.
 - Includes a high-capacity fibre optic network through the Hobart CBD together with network facilities in Hobart and Launceston.
 - Significant private cloud (Infrastructure as a Service) assets in both Tasmania and the mainland for government and corporate clients.
 - Data centre assets (Points of Presence) across Australia to extend and upgrade our existing network capabilities.
 - With the planned novation of an NBNC Co WBA (Wholesale Broadband Agreement), this elevates the group to become an NBN direct Retail Service Provider paving the way for future national growth, synergy opportunities and lowering the cost for NBN-based services.
 - Adds a portfolio of additional cyber security solutions including Firewall-as-a-Service and Threat assessment and prevention capabilities.
- Adds new service offerings in data (internet), managed IT services, Infrastructure as a Service (managed private cloud services) and security services on long term contracts.

¹ Based on existing CCG guidance for FY25 for underlying EBITDA of \$5m to \$6m plus the expected \$4m annualised EBITDA from TasmaNet.

² Field Solutions Holdings Limited (ASX:FSG) is an ASX-listed telco carrier and communications business that, along with its subsidiaries, was placed into Voluntary Administration on 19 February 2025. Concurrently, the secured creditor appointed McGrathNicol as Receivers and Managers to undertake a sale and recapitalisation process. Refer Background to Transaction is provided on page 7 of the Investor Presentation lodged with the ASX on 16 May 2025.

- 600+ government & business customers with ~40% revenue derived from 10+ year relationship with the Tasmanian Government.
- Strong financial profile adding proforma annualised revenue of ~\$19m (~95% recurring) and annualised EBITDA of ~\$4m³
- \$10m Purchase price made up of \$8.5m upfront and \$1.5m within 30 days of completion
 - Represents ~2.5x annualised EBITDA multiple and is immediately earnings accretive to Comms Group
- Acquisition (and related transaction costs) to be funded by:
 - \$7.0m equity raising, via a placement and underwritten, non-renounceable entitlement offer; and
 - Committed \$10.7m debt facility provided by Regal Funds Management with \$4.0m to fund the acquisition and additional \$6.7m to refinance the existing senior financier (if required)

Comms Group Limited (ASX:CCG) (“Comms Group”) is pleased to announce it has signed a binding business sale agreement (BSA) to acquire the business and assets of TasmaNet along with select assets of the broader Field Solutions Holdings Group Ltd group of entities (**TasmaNet**). Concurrently, the Company is raising \$7.0m via a placement and underwritten non-renounceable entitlement offer.

Peter McGrath, Comms Group CEO and Managing Director said: “This acquisition will be transformational for Comms Group and clearly aligns with our acquisition strategy for expanding our groups domestic service capabilities in addition to increasing our market share into the government and corporate mid-market sectors, adding to our geographical reach and materially improving our financial performance.

We welcome a highly talented TasmaNet team that together with our existing leadership has decades of experience delivering exceptional service to business and corporate customers delivering a range of telecommunications and managed IT services.”

Mr McGrath added that, “Comms Group is delighted to welcome a number of leading institutional funds managers as shareholders following the placement.”

The BSA is subject to limited conditions precedent relating to the receipt of third-party consents for the novation of key contracts. Completion is scheduled to occur before the end of May 2025.

³ Revenue based on ave. of actuals over the past 9 months to Mar-25, annualised. COGS based on the average of 6 months to Dec-24, annualised. Employee costs based on current actuals for transitioning employees at Completion. Other Opex based on TasmaNet estimates and Comms Group diligence.

STRATEGIC RATIONALE

TasmaNet presents a transformational opportunity for Comms Group to materially improve scale – both operationally and financially – underpinned by a long-standing track record of service excellence in the Tasmanian market.

Expands scale and existing service capability

- Expands scale in Comms Group’s existing domestic managed IT and Private Cloud services creating greater opportunity to attract larger corporates.
- Adds significant last-mile data services offerings in Tasmania – opens opportunities to expand in mining and aquaculture.
- Provides further expansion across the eastern seaboard (metro & larger regional) beyond existing operations in VIC, NSW and QLD.
- Ability to leverage improved pricing and market capability from key suppliers due to economies of scale of which the benefits are not yet forecasted.

Leading market position in Tasmania with blue-chip customers

- A favoured local provider with deep local knowledge, relationships and contracts; high barriers to entry for new players given niche market.
- Immediate access to new market segments and regions in Tasmania where Comms Group has little current offering in the market.
- 29 cornerstone Tasmanian Government customers underpin deeply rooted market position (equating to approximately 40% of TasmaNet revenue).
- Over 500 corporate customers with 5+ years average tenure of Top 10 customers.

Strong financial profile

- Proforma FY25 forecast revenue of ~\$19m, a 34% increase to the mid-point of forecast FY25 Comms Group standalone revenue guidance with 95%+ recurring revenue.
- 50%+ gross margins (accretive to CCG).
- Incremental annualised EBITDA of ~\$4m, a 72% increase on mid-point of FY25 forecast Comms Group standalone EBITDA guidance.

OUTLOOK

The acquisition of TasmaNet further reinforces our focus on increasing market share and geographical presence across the corporate and mid-market sector. The addition of providing services to several Tasmanian government departments further expands Comms Group's reach, providing upside opportunities given the breadth of the combined service offering.

Over time, the Company is optimistic on the ability to leverage this diversified service offering potentially to other states and to win larger corporate customers nationally.

The Company reaffirms its FY25 standalone guidance for revenue of \$55m - \$57m and EBITDA of \$5m - \$6m.

Following the acquisition, we expect combined proforma annualised revenue of ~\$75m and annualised underlying EBITDA of ~\$9m to \$10m for Comms Group.

The Company continues to evaluate potential strategic M&A opportunities, bolstered by the benefits of increased scale.

CAPITAL RAISING

Comms Group today announces an institutional placement and underwritten non-renounceable entitlement offer to raise a total of approximately \$7.0m (**Equity Raising**). The proceeds of the Equity Raising will be used to fund the acquisition and associated costs of the transaction.

The Equity Raising will be conducted at an offer price of \$0.050 per new share (**Offer Price**), which represents a:

- 16.7% discount to the last close price of \$0.060;
- 20.2% discount to the 5-day trading VWAP of \$0.063; and
- 19.7% discount to the 15-day trading VWAP of \$0.062.

The Equity Raising will be conducted via:

- An institutional placement of approximately \$4.8m (**Placement**);
- A non-renounceable entitlement offer of approximately \$2.2m (**Entitlement Offer**) at a ratio of 1 new share for every 9 existing shares held at the record date for the issue, being Wednesday, 21 May 2025 (**Record Date**)

The Equity Raising will result in the issue of approximately 139.7 million new ordinary shares (**New Shares**), representing approximately 36% of Comms Group's existing securities on issue and approximately 26% of Comms Group's enlarged share capital following completion of the Equity Raising. The New Shares issued under the Equity Raising will rank equally with existing Comms Group's shares as at their date of issue.

The Entitlement Offer is non-renounceable, and rights (**Entitlements**) are not transferrable and will not be able to be traded on the ASX or privately. Eligible shareholders who do not take up their Entitlement under the Entitlement Offer in full or part, will not receive any value in respect of those Entitlements not taken up.

Institutional Placement

Comms Group has received firm commitments to raise approximately \$4.8m under the Placement via the issue of approximately 96.4 million fully paid ordinary shares. All shares under the Placement will be issued at the same price as the New Shares issued under the Entitlement Offer (i.e. \$0.05 per New Share). The Placement is within the Company's placement capacity under ASX Listing Rules 7.1 and 7.1A. New Shares issued under the Placement will not be entitled to participate in the Entitlement Offer.

Entitlement Offer

In addition to the Placement, Comms Group proposes to undertake a fully underwritten non-renounceable entitlement offer to eligible shareholders, on the basis of one (1) new fully paid ordinary share for every nine (9) existing ordinary shares held, at the same Offer Price as the Placement. New Shares issued pursuant to the Entitlement Offer will rank equally with all shares on issue.

The Entitlement Offer will open at 10:00am (Sydney time) on Thursday, 22 May 2025 and close at 5:00pm (Sydney time) on Monday, 2 June 2025. Eligible shareholders will be those with registered addresses in Australia and New Zealand only on the Record Date of 7:00pm (Sydney time) on Wednesday, 21 May 2025.

Eligible shareholders can choose to take up all, part or none of their Entitlement. Eligible shareholders wishing to participate in the Entitlement Offer should carefully read the Offer Booklet and accompanying personalised Entitlement and Acceptance Form which are expected to be despatched on Thursday, 22 May 2025. Copies of the Offer Booklet will be available on the ASX website (www.asx.com.au) upon the Offer Booklet being despatched.

Debt Facility

Key terms are outlined in the Investor Presentation lodged with the ASX today.

- **\$2.4m Underlying EBITDA**, impacted predominantly by additional costs (\$~0.8m) to support key growth opportunities in the global business.
- **Strongest half on record with new business signed** with a total of \$5.9m in new ARR³.
- **Gross Margins increased to 48.3%** with continued focus on managing supplier costs

- **Interim dividend** of 0.125c (\$0.00125) per share (fully franked) has been declared.

Q3 FY25 Trading update

- **\$14.1m Revenue & Underlying EBITDA of \$1.41m (unaudited)**
 - Mar-25 revenue of \$5.0m, boosted by provision of several new domestic & MNC customers
- **Positive Q4 expected driven by new deals in H1 & Q3 along with further provisioning**

¹ Underlying EBITDA excludes net interest, tax, non-cash share LTIP costs, rent, depreciation, amortisation, business acquisition, integration, restructuring and non-recurring costs.

² Impacted by delayed debtor payment of ~\$0.6M which will be rectified in 2H FY25. Adjusting for this delay Operating Cashflow would be \$1.8m v PCP \$1.5M.

³ Annual recurring revenue.

Financial Performance Over Time

- **Global & Wholesale** recorded an increase in line with expectations and prior year increases
- **Stable revenue position in our Secure Modern Workplace Solutions business** despite a key customer in-sourcing some managed services late in the prior financial year. New contract sales in Q4 FY24 have more than covered this reduction.
- Minor decline in the domestic Cloud Comms & Collaboration business revenues due to market pressures.

- Increases in Opex of \$0.8M vs PCP predominantly to support the Global business opportunities impacted underlying EBITDA.
- Targeting EBITDA improvement in 2H vs 1H FY25

Inter-segment revenue predominantly relates to services provided by Global to the Cloud Comms & Collaboration segment, eliminated on consolidation.

Cash Flow

\$M	1HFY24	1HFY25
Underlying operating cashflows	3.4	2.3
Less: payment of business acquisition, restructuring, integration & other one-off expenses	1.1	0.7
Less: income tax paid	0.2	0.1
Less: lease (inc rent) payments	0.6	0.3
Operating cashflow	1.5	1.2
Less: Capex	0.1	0.2
Free Cash Flow¹	1.4	1.1
Less: net Interest paid	0.4	0.4
Less: investing activities	-	-
Plus: proceeds from bank borrowings	-	-
Less: dividends paid	-	0.9
Less: term loan repayments	0.5	0.6
Cash Flow Movement	0.5	(0.9)
Opening cash	1.9	3.6
Closing cash	2.4	2.7

Capex light business model

¹ **Free Cash Flow** is defined as Operating Cashflow (Net Cash from Operations less Interest on finance facility) less Capex

Underlying cashflow from operations was lower than PCP mainly due to increased investment in key staff for Global and payment delays from a debtor worth ~\$0.6m.

Adjusting for the delayed payment from the key customer (which will be rectified in 2HFY25), operating cashflow would have been \$1.8m and free cashflow would have been \$1.7m.

Majority of business acquisition, integration and other one-off payments relate to Global licenses and business set-up, strategic review and further synergy realisation.

RISK FACTORS

There are a number of factors, both specific to Comms Group and of a general nature, which may affect the future operating and financial performance of Comms Group, its services, the industry in which it operates and the outcome of an investment in Comms Group. There can be no guarantee that Comms Group will achieve its stated objectives or that forward-looking statements will be realised.

This section describes certain, but not all, risks associated with an investment in Comms Group. Each risk set out below could, if it eventuates, have a materially adverse impact on Comms Group's operating performance, financial performance, financial position, liquidity and the value of its shares.

You should carefully consider these factors in light of your personal circumstances and seek professional advice from your accountant, stockbroker, lawyer or other professional adviser before deciding whether to invest.

Key Specific Risks – Acquisition

The Directors believe that there are a number of specific factors that should be taken into account before investors decide whether or not to apply for New Shares. Each of these factors could have a materially adverse impact on Comms Group, its expansion plans, operating and service strategies and its financial performance and position. These include the following:

Risk	Description
Information risk	Comms Group has undertaken a due diligence review in respect of the acquisition of the business and assets of TasmaNet (Acquisition). Despite taking reasonable efforts, Comms Group may not have been able to verify the accuracy, reliability or completeness of all the information provided against independent data. There is a risk, particularly in light of the sale process being run by newly appointed external Receivers and Managers, that information disclosed to Comms Group was incomplete, inaccurate or unreliable and there is no assurance that the due diligence was conclusive or identified all material issues in relation to the TasmaNet business. There is also a risk that the due diligence conducted has not identified issues that would have been material to the decision to enter into the acquisition agreement. A material adverse issue that has not been identified in the due diligence process could have an adverse impact on the financial performance or operations of Comms Group.
Completion risk	<p>Completion of the Acquisition is conditional on a number of conditions precedent including consents being provided by certain contractual counterparties to an assignment or novation of their existing contract with TasmaNet to Comms Group, along with a number of other conditions precedent as set out in the business sale agreement in respect of the Acquisition (Sale and Purchase Agreement).</p> <p>If the conditions precedent are not satisfied and/or waived, completion of the Acquisition may not occur on the current terms or at all. Similarly, if any of the completion deliverables are not delivered, completion of the Acquisition may be deferred or may not occur on the current terms or at all.</p> <p>If a party to the Acquisition defaults in the performance of their obligations, it may be necessary for Comms Group to approach a court to seek a legal remedy, which can be costly.</p> <p>If completion of the Acquisition is delayed, Comms Group may incur additional costs and it may take longer than anticipated for Comms Group to realise the benefits of the Acquisition. Further, a significant delay to completion may have adverse effects on the TasmaNet business including in terms of assignment or novation of customer or supplier contracts, employee engagement or funding costs. Any failure to complete, or delay in completing, the Acquisition may have a material adverse effect on Comms Group's financial position and trading prices of Comms Group shares.</p> <p>If the Acquisition is not completed as a result of a failure to satisfy the conditions precedent (or otherwise) Comms Group will consider alternative uses for the proceeds of any money received under the Offer. This may include Comms Group utilising capital proceeds for general corporate purposes and potential future growth opportunities or seeking to return part or all of the proceeds, having regard to all the circumstances at the time and relevant commercial tax, legal and other considerations. Any action required to be taken to return capital may have a material adverse effect on Comms Group's financial position and share price.</p>
Integration and synergy risk	<p>The acquisition of TasmaNet has the potential for integration risk. As two separate businesses (albeit with similarities) integrate and form, there is the potential for the integration of technology, processes, information, departments and organisations to fail.</p> <p>Comms Group has undertaken an analysis of the TasmaNet business and assets in order to determine their attractiveness to Comms Group (including in relation to synergies) and whether to proceed with the Acquisition. There is a risk that despite such analysis and the best estimate assumptions made by Comms Group, the conclusions drawn are inaccurate or are not realised. To the extent that the actual results achieved by the Acquisition are different to those indicated by Comms Group's analysis, there is a risk that the performance of Comms Group following the Acquisition may be different (including in a materially adverse way) from what is reflected in this Investor Presentation.</p>
Historical liabilities	If the Acquisition completes, and although the Sale and Purchase Agreement limits Comms Group's exposure in this regard, Comms Group may become directly or indirectly exposed to liabilities relating to the TasmaNet business for which it may not be adequately indemnified or insured against, or liabilities which were not identified during Comms Group's due diligence (including in respect of matters of which the Receivers and Managers not aware) or which are greater than expected, or for which Comms Group was unable to negotiate sufficient protection in the Sale and Purchase Agreement. On this point, Comms Group has had to purchase the TasmaNet assets on an 'as is' basis in light of the sale being effected by Receivers and Managers. The aforementioned liabilities, should they arise, may adversely affect the financial performance or position of Comms Group after the Acquisition.
The absence of warranties and representations	As the Acquisition is of a business and assets that are currently under external administration, the Sale and Purchase Agreement does not contain the representations, warranties and indemnities in favour of a buyer that are typical in a sale transaction made by a solvent seller. Accordingly, the contractual protections that would be typically granted to the buyer of a solvent business are not available to Comms Group in this case. The absence of any warranty or indemnity protections could, if the Acquisition is not successful, adversely affect Comms Group's business, operations or financial performance.
Risks associated with employees	Employees employed in the TasmaNet business at the time it is acquired will be covered by contractual terms and conditions which may differ to Comms Group's standard practices. Comms Group will have to meet employees' existing employment terms and conditions. Given the potential cultural differences between TasmaNet and Comms Group, there is a risk that these differences may lead to a loss of employees or give rise to potential industrial disputes. Any inability to attract, retain and motivate key TasmaNet and/or Comms Group employees following the Acquisition could also adversely impact Comms Group's future operating and financial performance.
Impairment of intangible assets	As part of the Acquisition, Comms Group will need to perform a fair value assessment of TasmaNet's assets (including intangibles). In the event that goodwill or any other intangible assets are recognised upon acquisition, these assets will be required to be tested annually for impairment. Pursuant to the Australian Accounting Standards, if there is an impairment to intangible assets in future periods, this will result in an additional expense in Comms Group's income statement.

Key Specific Risks – Business

The Directors believe that there are a number of specific factors that should be taken into account before investors decide whether or not to apply for New Shares. Each of these factors could have a materially adverse impact on Comms Group, its expansion plans, operating and service strategies and its financial performance and position. These include the following:

Risk	Description
IT risk, privacy and cybersecurity	<p>Comms Group relies heavily on its computer hardware, software and information technology systems to provide services to its customers. Comms Group's technologies and other systems and operations could be exposed to damage or interruption from system failures, computer viruses, cyber-attacks, power or telecommunication providers' failure, fire, natural disasters, terrorist acts, war or human error. These events may cause one or more of Comms Group's systems to become unavailable. Should these not be adequately maintained, secured or updated or Comms Group's disaster recovery processes not be adequate, system failures may negatively impact on its performance. Any interruptions to these operations would impact Comms Group's ability to operate and could result in business interruption, the loss of customers and revenue, damaged reputation and weakening of competitive position and could therefore adversely affect Comms Group's operating and financial performance.</p> <p>Through the ordinary course of business, Comms Group collects a wide range of confidential information. Cyber-attacks may compromise or breach the systems used by Comms Group to protect confidential information. There is a risk that the measures taken by Comms Group may not be sufficient to detect or prevent unauthorised access to, or disclosure of, such confidential information. Any data security breaches of Comms Group's failure to protect confidential information could result in the loss of information integrity, or breaches of Comms Group's obligations under applicable laws or agreements, each of which may materially adversely impact Comms Group's financial performance and reputation.</p>
Changes in technology	<p>Technology plays a critical role in the delivery of services to Comms Group's customers. Comms Group's ability to compete with other specialised cloud communications and managed IT service providers may be impacted by its ability to maintain or develop appropriate technology platforms in the efficient delivery of its services. Maintaining or developing appropriate technologies may require significant capital investment by Comms Group.</p>
Sales and revenue risk	<p>Comms Group's revenue depends on the extent and timing of future sales. There is a risk that existing customers are lost and new customers are not generated at the same rate or at all. If this occurs, expected revenue levels may not be realised.</p>
Liquidity risk	<p>There is a risk that Comms Group's ability to collect receivables may be slower than assumed and bad debts may also be higher than assumed given Comms Group's exposure to the risk of wholesale customers and others being able to pay Comms Group. As a result, Comms Group may have insufficient liquidity to cover payments or meet its own capital requirements.</p>
Competition risk	<p>Comms Group operates in a competitive environment. The loss of customers may negatively affect earnings. Additionally, the risk from increased competition may negatively impact on sales and profitability. The actions of an existing competitor or of new competitors may make it difficult for Comms Group to grow or maintain its business, which in turn may have a material adverse effect on its profitability.</p> <p>There is a risk that new entrants in the market may disrupt Comms Group's business and existing market share. Existing competitors and new competitors may engage in aggressive customer acquisition campaigns. Such competitive pressures may materially erode Comms Group's market share and revenue, and may materially adversely impact Comms Group's revenue and profitability.</p>
Intellectual property risk	<p>The ability of Comms Group to maintain protection of its proprietary intellectual property and operate without infringing the proprietary intellectual property rights of third parties is an integral part of Comms Group's business. There can be no assurances that the validity, ownership or authorised use of intellectual property (both owned and licensed) relevant to Comms Group's business cannot or will not be challenged.</p>
Maintenance of reputation	<p>Comms Group's success is reliant on the maintenance of its reputation. Any factors that damage the reputation of Comms Group may potentially result in a failure to win new customers and impinge on the ability to maintain relationships with existing customers, as well as affect its ability to attract key employees. If any of these occur, this could materially adversely affect Comms Group's business, operating and financial performance.</p>
Key personnel risk	<p>Comms Group relies heavily on the experience and knowledge of its management team. Comms Group is also dependent on its ability to recruit and retain suitably qualified personnel. In the event that such key personnel leave Comms Group and Comms Group is unable to recruit suitable replacements, or there is a delay in their replacement, such loss could have a materially adverse effect on Comms Group.</p>

These include the following:

Risk	Description
Dividends	There is no guarantee as to future earnings of Comms Group or that Comms Group will be profitable at any time in the future, and there is no guarantee that Comms Group will be in a financial position to pay dividends at any time in the future.
Regulatory and compliance risk	There can be no guarantee that Comms Group will be able to comply with the regulatory requirements imposed on it (whether in Australia or overseas). The existence of any such failure is likely to have a materially adverse effect on Comms Group. Further, there is the prospect of the cost of compliance exceeding expectations and having an adverse impact on the financial position of Comms Group. This may prevent Comms Group from accessing markets in certain jurisdictions.
Sovereign risk	<p>Certain contracting parties with Comms Group are subject to the risks associated with foreign emerging countries. These risks may include economic, social or political instability or change, hyperinflation, or changes of law affecting foreign ownership, government participation, taxation, working conditions, rates of exchange, exchange control, export duties, capital controls, repatriation of income or return of capital, environmental protection, labour relations and government regulations that require the employment of local staff or contractors or require other benefits to be provided to local residents. No assurances can be given that the co-operation of such authorities, if sought by Comms Group, will be obtained, and if obtained, maintained.</p> <p>It cannot be ruled out that any government in any foreign jurisdiction in which Comms Group operates may adopt substantially different laws, policies or conditions which impact on Comms Group's business. Comms Group may also be hindered or prevented from enforcing its rights with respect to a governmental instrumentality because of the doctrine of sovereign immunity. Any future materially adverse changes in government policies or legislation in any foreign jurisdiction in which Comms Group operates may affect the viability and profitability of Comms Group.</p>
Exchange rates	Comms Group is potentially exposed to movements in exchange rates. Comms Group's financial statements are expressed and maintained in Australian dollars. However, a portion of Comms Group's income and costs, in particular relating to its Global UCaaS & Wholesale business, are earned in foreign currencies. Exchange rate movements affecting these currencies may impact the profit and loss account or assets and liabilities of Comms Group (to the extent the foreign exchange rate risk is not hedged or not appropriately hedged).
Dilution risk	If shareholders do not participate in the Entitlement Offer then their percentage shareholding in Comms Group will be diluted as a result of the Placement. Even if a shareholder does take up their full allocation under the Entitlement Offer, the percentage shareholding in Comms Group may be diluted by the Placement.
Underwriting risk	<p>Comms Group has entered into a underwriting agreement under which the Joint Lead Managers have agreed to fully underwrite the Entitlement Offer, subject to the terms and conditions of the underwriting agreement. The Joint Lead Managers' obligation to underwrite the Entitlement Offer is conditional on certain customary matters, including Comms Group delivering certain certificates, sign-offs and opinions. Further, if certain events occur, some of which are beyond Comms Group's control, the Joint Lead Managers may terminate the underwriting agreement.</p> <p>Please refer to the summary of the underwriting agreement annexed to this Investor Presentation, which among other things, sets out the key bases for which the Joint Lead Managers may terminate the underwriting agreement.</p> <p>Termination of the underwriting agreement would likely have an adverse impact on the amount of proceeds raised under the Entitlement Offer, and could affect Comms Group's ability to pay the purchase price for the acquisition of TasmaNet. Comms Group would need to find alternative funding to meet its contractual obligations under the acquisition agreement to pay the purchase price. Termination of the underwriting agreement could materially adversely affect Comms Group's business, cash flow, financial performance, financial condition and share price.</p> <p>The Placement and the Entitlement Offer are not conditional on completion of the TasmaNet acquisition. In the event that acquisition does not complete for any reason, Comms Group will consider its options in relation to the use of funds raised.</p>

Key Risks – General

Risk	Description
Share market	<p>On completion of the Placement and the Entitlement Offer, the New Shares may trade on ASX at higher or lower prices than the issue price. Investors who decide to sell their New Shares after the Placement and the Entitlement Offer may not receive the amount of their original investment. The price at which the New Shares trade on ASX may be affected by the financial performance of Comms Group and by external factors over which the Directors and Comms Group have no control.</p> <p>These factors include movements on international share and commodity markets, local interest rates and exchange rates, domestic and international economic conditions, government taxation, market supply and demand and other legal, regulatory or policy changes.</p> <p>Investors should consider the historical volatility of Australian and overseas share markets.</p> <p>The Directors make no forecast in regard to the strength of the equity and share markets in Australia and throughout the world.</p>
Dependence on general economic conditions	<p>The operating and financial performance of Comms Group is influenced by a variety of general economic and business conditions, including inflation, interest rates and exchange rates, access to debt and capital markets and government fiscal, monetary and regulatory policies.</p> <p>A prolonged deterioration in general economic conditions could be expected to have a materially adverse impact on Comms Group's business or financial condition.</p> <p>Changes to laws and regulations or accounting standards which apply to Comms Group from time to time could adversely impact Comms Group's earnings and financial performance. The Directors make no forecast in regard to the future demand for Comms Group's services. Neither Comms Group nor the Directors warrant the future performance of Comms Group or any return on an investment in Comms Group.</p>
Tax risk	<p>Changes to the rate of taxes imposed on Comms Group (including in overseas jurisdictions in which Comms Group operates now or in the future) or tax legislation generally may affect Comms Group and its shareholders. In addition, an interpretation of Australian tax laws by the Australian Taxation Office that differs to Comms Group's interpretation may lead to an increase in Comms Group's tax liabilities and a reduction in shareholder returns. In addition, any change in tax rules could have an adverse impact on the level of dividend imputation and franking. Personal tax liabilities are the responsibility of each individual investor. Comms Group is not responsible either for tax or tax penalties incurred by investors.</p>
Litigation risk	<p>Comms Group may in the ordinary course of business become involved in litigation, claims and disputes (e.g. with suppliers or customers). Any litigation, claim or dispute could be costly and damaging to Comms Group's reputation and business relationships, which could have an adverse effect on its financial performance and industry standing.</p>
Legislative and regulatory changes	<p>Legislative or regulatory changes in jurisdictions in which Comms Group operates, including regulatory changes in relation to services provided by Comms Group, could have an adverse impact on Comms Group.</p>
Funding risk	<p>There is no guarantee that the monies raised under the Placement and the Entitlement Offer will be adequate or sufficient to meet the ongoing funding requirements of Comms Group under its current business plan. If Comms Group requires access to further funding at any stage in the future, there can be no assurance that additional funds will be available either at all or on terms and conditions that are commercially acceptable to Comms Group. Given current global market and economic conditions, access to equity capital markets may be negatively impacted over the medium to long term. If Comms Group is unable to obtain such additional capital, it may be required to reduce the scope of its anticipated activities, which could adversely affect its business, financial condition and operating results.</p>
Speculative investment	<p>The above list of risk factors ought not to be taken as exhaustive of the risks faced by Comms Group or by investors in Comms Group. The above factors, and others not specifically referred to above, may in the future materially affect the financial performance of Comms Group and the value of the securities offered under the Placement and the Entitlement Offer. Therefore, the shares to be issued pursuant to the Placement and the Entitlement Offer carry no guarantee with respect to the payment of dividends, returns of capital or the market value of those securities. Potential investors should consider that an investment in Comms Group is speculative and should consult their professional advisers before deciding whether to apply for securities pursuant to the Placement and the Entitlement Offer.</p>
