

ASX Release

27th May 2025

NEW WEBSITE AND INVESTORHUB PORTAL TO BOOST INVESTOR ENGAGEMENT

Dart Mining NL (“Dart” or the “**Company**”) has launched a [new website and an InvestorHub facility](#) for dedicated investor engagement. It enables shareholders, stakeholders, and prospective investors to learn more, and keep abreast of the Company’s activities and key projects.

The outlook for Dart Mining is focussed and determined, with the company’s flagship projects in the New England Fold Belt, Triumph Gold project near Gladstone, Queensland and further on to the Southwest at the Coonambula Gold Antimony project near the township of Eidsvold.

Dart retains highly prospective Gold projects in Victoria as well, and we will continue working these projects during the northern wet season from November through to April. Significant amongst these Victorian Gold projects is the Rushworth Gold Antimony project near Rushworth, and the Buckland Gold project near Bright.

The Company will regularly upload new content to the InvestorHub platform, including ASX releases, videos, key project news and updates.

Dart Mining invites and encourages shareholders and interested parties to join the InvestorHub platform by:

- Creating an account on Dart’s [Investor Hub via the sign-up link here](#)
- Follow the prompts to create your investor hub account with Dart Mining. Dart encourages investors to post questions and feedback through the Q&A function accompanying each piece of content to engage with the leadership team and gain a better understanding of the company’s updates.

Darts Chairman, James Chirnside, commented: *"Our new investor centre using the InvestorHub platform is a facility that allows stakeholders to actively with our company. It is an excellent facility that allows for easy and timely news flow and updates beyond simply ASX releases. We encourage our shareholders and others to sign up and interact with us on a regular basis. The platform is sure to be a model for the future in corporate communications."*

To watch Mr Chirnside’s introduction to the new platform, head to our [InvestorHub here](#).

Approved for release by the Board of Directors.
