About Dart Mining

In December 2024 Dart Mining (ASX:DTM) completed the acquisition of the Triumph Gold Project, this is Dart's first step into an advanced intrusion related gold system project in Queensland. Dart will look to develop a regional presence in Queensland through advanced stage intrusion related and epithermal gold projects. On 4 March 2025 Dart announced an upgraded JORC (2012) compliant MRE for Triumph of 2.16Mt @ 2.17g/t Au for 150koz gold at a 1g/t Au cut-off.

Dart Mining will continue to evaluate several historic goldfields in Central and Northeast Victoria including the Rushworth Goldfield and the new porphyry and lithium province in Northeast Victoria identified by Dart.
