

## ASX Announcement | 27 June 2025

### Assetora Limited

## Official Appointment of Assetora Australia Limited as Responsible Entity of the DomaCom Fund

### Key Highlights:

- **Assetora Australia registered as Responsible Entity of the DomaCom Fund**
- **Restrictions to be lifted: new business activity to resume**
- **Secondary market reactivation now underway**

Assetora Limited (ASX: AOH) is pleased to announce that Assetora Australia Limited has now been officially registered by the Australian Securities and Investments Commission (ASIC) as the Responsible Entity of the DomaCom Fund (ARSN 167 020 626).

This registration follows the approval of Resolution 1 at the unitholder meeting held on 17 June 2025, where unitholders voted in favour of appointing Assetora Australia Limited as Responsible Entity, replacing Melbourne Securities Corporation Limited. The outcome of this vote reflects a strong mandate from unitholders for the new leadership and its strategic vision.

This milestone brings confidence, continuity and certainty to the Fund's future. With Assetora now officially in place, the business is focused on opening the Fund for new investment opportunities and reactivating the secondary market, where appropriate, to improve liquidity and access for investors.

### Transition and Operational Impact

Assetora's internal compliance and operations teams have been working diligently to ensure a smooth and compliant transition of the Responsible Entity role. As part of this transition, **several key restrictions previously in place will be lifted**, including:

- Restrictions on new business and capital raising
- Suspension of the secondary trading market

The lifting of these restrictions will result in:

- New business initiatives and investment opportunities to recommence
- The secondary market being re-opened, allowing existing and prospective unitholders to trade units in the Fund more freely

This renewed flexibility allows Assetora to move forward with its vision of becoming a **fund-first, technology-enabled** platform that delivers greater transparency, accessibility, and innovation for investors.

This announcement has been authorised for release to the ASX by the Board of Assetora Australia Limited.
