7D.1c (ii) Please explain why the entity has chosen to do a placement rather than a +pro rata issue or an offer under a +security purchase plan in which existing ordinary +security holders would have been eligible to participate

The Company has elected to undertake a placement as it allows for the efficient and timely raising of capital with lower administrative costs compared to a pro rata issue or a security purchase plan (SPP). The placement provides the flexibility to introduce new institutional investors and broaden the shareholder base. Additionally, a pro rata issue or SPP would typically take longer to complete and may be subject to greater market volatility during the offer period. The placement structure therefore ensures greater funding certainty and speed of execution.
