About Trajan

Trajan is a global developer and manufacturer of analytical and life sciences products and devices founded to enable science that benefits people by enriching personal health through scientific tools and solutions. These products and solutions are used in the analysis of biological, food, and environmental samples. Trajan has a portfolio and pipeline of new technologies which support the move towards decentralised, personalised data-based healthcare.

Trajan is a global organisation of more than 600 people, with seven manufacturing sites across the US, Australia, Europe and Malaysia, and operations in Australia, the US, Asia, and Europe
