

## FINANCIAL HIGHIGHTS

- Revenue of \$48.7m (pcp: \$64.6m, -25%)
  - Original IP revenue of \$16.7m (pcp: \$30.3m, -45%)
    - Prior period included license fees for major Dumb Ways to Die projects
    - Three large projects in development for launch from CY2025 onward
  - Work for Hire revenue of \$32.0m (pcp: \$34.3m, -7%)
    - Record first half with small expansions, tapering off in second half
- EBITDA loss of \$7.5m (pcp: \$17.5m profit)
  - Latent staff capacity in WFH prior to restructure
  - Higher marketing costs on major Original IP projects in development
- NPAT loss of \$12.1m (pcp: \$11.3m profit)
- \$7.3m net operating cash outflow (pcp: \$18.1m inflow)
- Net cash balance of \$13.5m (30 June 2024: \$37.1m)

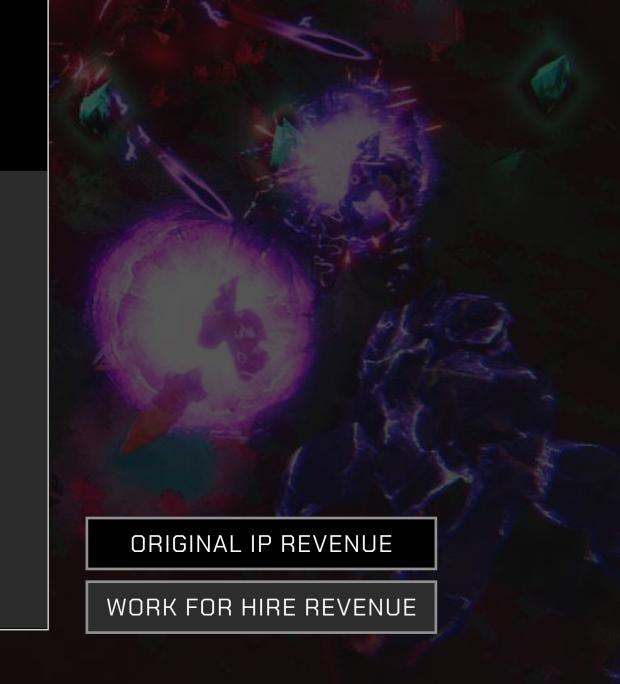

## PROFIT SSANDLOSS

- Revenue declined in the second half
  - No new Original IP launches with Kill Knight having launched in October 2024 and Thrive entering Early Access in November 2024
  - Substantial completion of work for 2K on Civilization VII VR in March 2025
- Tight controls on operating costs
  - Initial focus on contractors and discretionary costs
  - Restructure in April 2025 at a cost of \$1.7m should lead to \$5m lower headcount costs

### COMPANY RESTRUCTURE

- New director appointed February 2025<sup>1</sup>, new CEO appointed March 2025<sup>2</sup>
- 260 headcount at present, after peaking at 363 in October 2024
  - 62 staff made redundant as part of restructuring in April 2025<sup>3</sup>
    - Focus on latent capacity and roles that could be absorbed
- Project closures
  - Wedding Planner (post-launch team dissolved), Dynasty of the Sands (returned to developer),
     Bean Land (ceased development), several mobile projects generating negligible revenue
  - Reduces outsourced costs, marketing costs, loss-making UA spend
  - Improves talent density in remaining projects

# RESTRUCTURE INSIGHTS

- The need to match Original IP development timelines with cash flow visibility
- The need to retain higher levels of cash on the balance sheet
  - Allows us to navigate periods of lower revenue visibility with confidence
  - Permits flexibility in post-launch spend
- We have highly talented leadership working well in a decentralised structure
  - More empowered and engaged on projects
  - Broader involvement in ideation process for the next slate of titles
  - Better reporting, clear accountability measures, decision gates on projects
- We have ample 'rocks' to pick up in terms of monetisation opportunities
  - Valuable portfolio of existing Original IP content

## MOUSE: P.I. FOR HIRE

- First major Publishing launch at PlaySide
  - Significant revenue event for FY26 (and potentially beyond this)
- Highly successful marketing initiatives since signing
- Power law when it comes to wishlist conversions<sup>1</sup>
  - 6% of games on Steam in the last year reached 100k wishlists
  - Of those 301 projects, 22 of them exceeded 1m wishlists
- Key elements to an outsized success at launch:
  - Awareness high absolute level of wishlists
  - Anticipation velocity of wishlist growth into launch
  - Quality a well-reviewed title that gamers enjoy

### GAME OF THRONES

- War for Westeros utilises the Game of Thrones IP under license from WB/HBO
- Excellent execution on initial marketing campaign
  - Second most viewed trailer at Summer Game Fest
  - Strong follow-on media coverage<sup>1, 2, 3, 4, 5, 6</sup>
  - Already inside the top 6% of games wishlisted on Steam
- Deep understanding of what gamers and fans want
  - Strong pedigree in the real-time strategy genre (Warcraft III: Reforged, Age of Darkness: Final Stand)
  - Developer diary is the first step of engaging with our audience
- Calendar 2026 launch

## DUMBYWAYS TODIE

- Dumb Ways is a highly recognisable global brand
- Opportunities to sow the seeds for the next phase of its success
  - New generation of fans interacting with the brand
  - Dumb Ways console title seeks to tap into this audience
  - We have regained the rights to Dumb Ways to Survive from Netflix
- Low-cost, high reach marketing initiatives planned
  - Collaboration with global gaming brands in the current half
  - Dumb Ways console title will be announced during FY26
- Evolving the brand portfolio and socials strategy
  - Build on character narratives and lore

Focus on gamer-centric and pop culture content

INDUSTRY

## INDUSTRY DYNAMCS

- Layoffs and underinvestment has persisted
  - Over 30,000 layoffs in the industry between 2022-241
  - Continued layoffs in 2025 at Bandai Namco<sup>2</sup>, EA<sup>3</sup>, Ubisoft<sup>4</sup>, Microsoft<sup>5</sup>
- Indie/AA games have thrived this year
  - 40% of the top 20 games on Steam by player count this year are indie
  - The two best reviewed games this year are indie titles<sup>7</sup>
- The next console cycle (PlayStation/Xbox) is estimated to be around two years away<sup>8, 9, 10</sup>
  - Natural catalyst for the next wave of gaming content<sup>11</sup>
  - Development lead times necessitate content investment now

### WORK FOR HIRE

- Fixed-price contract to deliver a gaming product end-to-end using a counterparty's IP (e.g. 2K's Civilization) or ecosystem (Meta Horizon Worlds)
- Paid on delivery of development milestones
- Revenue recognised on percentage completion, costs expensed through P&L
- Typical contract length at initial signing 12-24 months
- Often extended/expanded (e.g. depending on client product strategy, satisfaction with prototype or success of game post-launch)
- One project cancelled in the last five years

### PUBLISHING

- PlaySide agrees to provide development funding and manage marketing and distribution for a game that another studio is currently working on
  - Requires 'scouting', identifying promising games and making an assessment of potential revenue opportunity/likely development costs
- PlaySide makes payments to the developer upon delivery of agreed milestones, similar to Work for Hire
- PlaySide reports all game sales revenue net of platform fees
- Royalties paid to developer as an operating cost item
  - PlaySide's investment is typically recouped before royalties are owing
  - Industry royalty splits are typically around 50%

# WISHLISTING EXPLAINED

- Major gaming platforms provide the opportunity for a user to 'wishlist' a title, which represents a users' propensity to purchase the title at a later date
- Users are notified when games they have wishlisted are launched as well as when they are on sale (improving the effectiveness of post-launch sale campaigns)
- Steam users can also 'follow' games, which then appear in their newsfeed when a developer provides information on development progress, post-launch content and upcoming sales
