- Group statutory revenue:** A\$33.3m statutory revenue in 1H 2025, decreased 5% on 1H 2024, primarily due to decrease in revenue within 360 LATAM Group of 15%. Decrease was offset by organic growth of MMG of 22% and FDV Asia revenue growth of 48%. Statutory revenue does not include revenue from Associates, which in 1H 2025 was A\$7.4m.
- Group EBITDA:** A\$5.0m in 1H 2025 including A\$3.6m (360 LATAM), A\$0.5m (MMG), A\$0.2m (FDV Asia) and A\$1.9m from FDV Asia Associates, offset by corporate costs of A\$1.2m. Notably, Group Statutory EBITDA improved by A\$1.3m in 1H 2025, driven by efficient operating expense management across the operating regions.
- Foreign exchange loss:** A unrealised foreign currency translation gain arose from the US dollar's appreciation against the Australian dollar, impacting subsidiaries with USD functional currency.
- Depreciation & amortisation:** Increase primarily attributed to amortisation of domains, brands and trademarks, as well as intangibles in website development costs.
- Other significant items:** Other significant items primarily relate to the disposal of Hoppler and PropertyPro, consisting of gains on disposal (A\$1.7m) offset by losses from impairment of loans (A\$1.3m).
- Provision for misappropriation of funds:** A\$0.5m has been provided to reflect the potential impact of the misappropriation of funds in Fincaraiz.
- Net loss after tax:** Improvement in net loss after tax primarily driven by operating cost efficiencies and the disposal of Hoppler and PropertyPro during the period.
