Explanatory Statement

This Explanatory Statement is intended to provide shareholders of Dart Mining NL (**Dart Mining** or **the Company**) with sufficient information to assess the merits of the Resolutions contained in the accompanying Notice of Extraordinary General Meeting of the Company.

The Directors recommend that shareholders read this Explanatory Statement in full before making any decision in relation to the Resolutions.

If you have any queries regarding the matters set out in this Explanatory Statement or the preceding Notice please contact Dart Mining or seek advice from your professional advisors.

Important Information

Any references to Securities in this Explanatory Statement however described (i.e., Shares, Director Options, Advisor Options, Broker Options, etc) are made on a **Pre-Consolidation Basis**, unless when specifically referenced to the contrary, for example as contained in the explanatory notes provided with respect to Resolution 13 that deals with the Resolution that proposes that Shareholders approve the consolidation of the Company's issued capital on a 1 to 15 basis.

Resolution 1: Approval of August 2025 Tranche 1 Placement Shares

On 13 August 2025, the Company announced a placement to raise approximately \$2.86 million before costs (**August 2025 Capital Raise**), through the issue of 1,682,352,941 fully paid ordinary shares (**Placement Shares**) at \$0.0017 per share, with Participants being eligible to subscribe for 1 Option (exercise price \$0.0034 and having an expiration date of 31 October 2028) for every 2 Placement Shares. Based on the Company's issue capacity, the capital raise is being conducted in two tranches. The first tranche involved the Company issuing 176,470,588 Shares to Placement Participants.

Resolution 1 seeks ratification under Listing Rule 7.4 for the issue of the 176,470,588 Shares to Placement Participants.

Resolution 1 seeks to ratify prior issues of securities by the Company where the securities were issued without shareholder approval under the Company's capacity to issue securities which amount to no more than 15% (or 10% in the case of ASX Listing Rule 7.1A) of the Company's issued capital in the 12 month period immediately preceding the date of the issue or agreement per ASX Listing Rule 7.1 and 7.1A. The effect of the ratification proposed by Resolution 1 is to provide subsequent approval for those issues of securities under ASX Listing Rule 7.4 which 'refreshes' the Company's 15% placement capacity, and the separate 10% ASX Listing Rule 7.1A capacity that the Company continues to have available from the 2024 AGM.

ASX Listing Rule 7.4 provides where an issue of securities made without shareholder approval pursuant to ASX Listing Rule 7.1 is subsequently approved or ratified by shareholders, those securities will be treated as having been issued with approval under ASX Listing Rule 7.1, effectively 'refreshing' the issue capacity noted above.

The Company seeks this approval to allow the Company to have the flexibility to issue further securities in the Company should the need arise such as for the Company to undertake an acquisition using it securities as consideration, to conduct a capital raising, or for other purposes.

- In the event that Resolution 1 is not passed, the Company will not have 'refreshed' its capacity to issue securities pursuant to ASX Listing Rule 7.4 and accordingly these securities will continue to 'take up' part of the total 15% ASX Listing Rule 7.1 capacity and 10% ASX Listing Rule 7.1A capacity.
- Where Resolution 1 is passed, the Company will have 'refreshed' its capacity to issue securities pursuant to ASX Listing Rule 7.4, and accordingly, these securities will not continue to 'take up' part of the total 15% ASX Listing Rule 7.1 capacity. The Company will have the full 15% ASX Listing Rule 7.1 capacity and full 10% ASX Listing Rule 7.1A capacity.

The Company provides the following information with respect to Resolution 1 pursuant to ASX Listing Rule 7.5:

Number of Securities	176,470,588 Fully Paid Ordinary Shares
Price	\$0.0017 per share (\$300,000)
Terms of Securities	Fully Paid Ordinary Shares that rank equally with all existing Shares on issue

Persons Issued To	Sophisticated and professional investors introduced to the Company by Oakley Capital Partners Pty Ltd and Zerp Capital Pty Ltd. Voting Exclusion	A voting exclusion statement applies to this Resolution.

Resolution 2, 3 and 4: Ratification and Approval of Placement Shares and Placement Options

Background

To complete the August Placement, Shareholder approvals are required as the Placement was conducted in two tranches:

- Tranche 1 Shares, being Shares issued under the Company's then existing Listing Rule 7.1 capacity, and their ratification under Listing Rule 7.4 (and all other purposes) which were the subject of Resolution 1.

- Tranche 2 includes remaining securities required to be issued to complete the Company's obligations to Placement Participants under the August Share Placement, which are subject to first obtaining Shareholder approvals for the purposes of Listing Rule 7.1 (and all other purposes).

Resolution 2 seeks Shareholder approval under ASX Listing Rule 7.1 for the issue of the Tranche 2 Placement Shares.

Following from above, under the terms of the August 2025 Capital Raise, Placement Participants are invited to subscribe for 1 new Option for each 2 Shares they subscribed for. Each Placement Option has an exercise price of \$0.0034 and an expiration date of 31 October 2028.

Resolution 3 seeks Shareholder approval under ASX Listing Rule 7.1 for the issue of the Tranche 1 Placement Options (named so for), being the relevant Placement Options attach to the Tranche 1 Placement Shares.

Resolution 4 seeks Shareholder approval under ASX Listing Rule 7.1 for the issue of the Tranche 2 Placement Options.

ASX Listing Rule 7.1

Broadly speaking, and subject to a number of exceptions, ASX Listing Rule 7.1 limits the amount of equity securities (as defined in the ASX Listing Rules, which includes options and convertible securities) that a listed company can issue without the approval of its shareholders over any 12 month period to 15% of the fully paid ordinary shares it had on issue at the start of that period.

The proposed issue of Shares and Options pursuant to these Resolutions 7 to 11 do not fall within any of the exceptions set out in ASX Listing Rule 7.2 and were not proposed to be issued pursuant to the 15% limit in ASX Listing Rule 7.1. The Company thus seeks approval of Shareholders under ASX Listing Rule 7.1.

To this end, Resolutions 2 to 7 seek Shareholder approval for the issue of the Options and Shares under and for the purposes of ASX Listing Rule 7.1. If Resolutions 2 to 7 are passed, the Company will be able to proceed with the issue of the Options and Shares. In addition, the issue of the Options and Shares will be excluded from the calculation of the number of equity securities that the Company can issue without Shareholder approval under ASX Listing Rule 7.1.

If Resolutions 2 to 7 are not passed, the Company will not be able to proceed with the issue of the Options and Shares as proposed.

The Company provides commentary on the effect of such failure below in respect of each resolution. The following Resolutions are each inter-conditional on the other:

- Resolutions 3 is subject to Resolution 1 passing; and
- Resolutions 2 is subject to Resolution 4 being passed.

If Resolution 1 is not passed then the Tranche 1 Options will not be issued as Resolution 3 will be considered to have failed, regardless of whether Resolution 3 has passed.

If Resolution 2 is not passed then the Tranche 2 Options shall not be issued as Resolution 4 will be considered to have failed, regardless of whether Resolution 4 passes.

This is to ensure that no attached Options will be issued in circumstances where the corresponding Shares have not been approved or vice-versa.

Resolution 2: Ordinary Resolution to Approve the Issue of Placement Shares – Tranche 2

Resolution 2 seeks Shareholder approval under ASX Listing Rule 7.1 to issue of the balance of the August 2025 Capital Raise, being 1,505,882,353 fully paid ordinary shares at an issue price of \$0.0017 per share to Placement Participants.

Resolutions – 8 to 12: 2025 Director Options and 2025B Director Options

The above resolutions all relate to seeking shareholder's approval under ASX Listing Rule 10.11 to issue incentive Options to Directors on similar though, in some ways distinct terms, to the other Options sought for approval to be issued in this Notice. Key differences are that these Director Options have vesting conditions and the Company intends for these to remain unlisted.

ASX Listing Rule 10.11.1

ASX Listing Rule 10.11.1 provides that a company must not issue equity securities to a Related Party without the approval of shareholders. Messrs Chirside, Udovenya, Bates and Turnbull are related parties by virtue of being a director as set out in Listing Rule 10.11.1. Pursuant to Listing Rule 7.2 Exception 14, where approval under Listing Rule 10.11 is obtained, approval is not required under Listing Rule 7.1, and the issue of securities will not be included in the Company's 15% limit.

If any of Resolutions 8 to 12 are passed by Shareholders, the Company will issue 2025B Director Options to Messrs Chirside, Udovenya, Turnbull and Bates, respectively (or their respective nominees). If any of Resolutions 8 to 12 are not passed by Shareholders, the Company will not issue 2025B Director Options to Messrs Chirside, Udovenya and Turnbull and Bates, respectively (or their respective nominees). However, each of Resolutions 8 to 12 are separate and not contingent on the passing each other resolution.

Likewise, if Resolution 12 is passed by Shareholders, then the Company will issue the proposed 2025 Director Options to Mr Bates.

Chapter 2E of the Corporations Act

Chapter 2E of the Corporations Act requires that for a public company to give a financial benefit to a related party (including directors of the Company), the company must obtain approval of members in the manner set out in sections 217 to 227 of the Corporations Act and give the benefit within 15 months following such approval unless the giving of the financial benefit falls within exception set out in Sections 210 to 216 of the Corporations Act.

Having considered the circumstances of the Company and the related party as required by section 211 of the Corporations Act, the Directors (other than the Director of concern in each resolution) confirm that, in their opinion, the issue of Options represents reasonable remuneration to the directors, and

accordingly, the Company does not require shareholder approval pursuant to Chapter 2E of the Corporations Act.

Resolutions 8 - 11: Issue of 2025B Director Options

Resolutions 8 to 11 seek Shareholder approval under Listing Rule 10.11 for the approval for the issue of 2025B Director Options to Non-Executive Directors Richard Udovenya, Dean Turnbull, Terrence Bates and Executive Chairman and Managing Director James Chirnside.

The 2025B Director Options also have an exercise price of \$0.0034 and expiry date of 31 October 2028, and subject to shareholder approval, to be issued under ASX Listing Rule 10.11. The 2025B Director Options are issued under the Company's Employee Incentive Scheme (EIS).

Resolution 13: Consolidation of Capital

Resolution 13 is an ordinary resolution which proposes that the issued capital of the Company be altered by consolidating the existing securities on a 1 for 15 basis (**Consolidation**). The record date for determining the Consolidation will be on 17 October 2025. Any fractional entitlements as a result of holdings not being evenly divisible by 15 will be rounded up to the nearest whole number.

Section 254H of the Corporations Act

Section 254H of the Corporations Act enables a company to convert all its Equity Securities into a smaller number of Equity securities by a resolution passed at a general meeting. The conversion proposed by Resolution 13 is permitted under section 254H of the Corporations Act.

The Consolidation will not result in any change to the substantive rights and obligations of existing Shareholders. As a result of the large number of Shares currently on issue, the purpose of the Consolidation is to reorganise the Company's share capital which, in turn, will provide a higher nominal price per Share.

The Consolidation will reduce the number of existing securities on issue. For example, a Shareholder currently holding 1,500 Shares will, because of the Consolidation, hold 100 Shares, and an Option holder currently holding 1,500 Options will, because of the Consolidation, hold 100 Options.

The Company's balance sheet and tax position will remain unaltered because of the Consolidation, as the value of the smaller number of Equity Securities held by Security Holders increases uniformly by 15 times for each Equity Security held, subject to normal market pricing changes, and rounding up for individual Security Holders (**subject to rounding**).

a. Shares

As at the date of the Meeting, the Company's issued share capital because of the Consolidation on a 15 to 1 basis will be as follows (subject to rounding):

Shares on issue	Pre-Consolidation	Post-Consolidation
1,374,526,166	1,374,526,166	91,635,078

b. Market Capitalisation Impact (Illustrative)

For illustration only, the table below sets out the effect of the proposed 15 to 1 Equity Securities consolidation on the Company's market capitalisation. The example assumes a pre-consolidation share price of \$0.002 and is not intended to represent a forecast of the Company's future share price.

As the market price of Shares will continue to be determined by supply and demand factors, the actual post-consolidation share price may differ from the illustrative figures presented.

Scenario	Shares on Issue (Pre)	Consolidation Ratio	Shares on Issue (Post)	Example Share Price (Pre)	Equivalent Share Price (Post)	Market Capitalisation
Pre-Consolidation	1,374,526,166	n/a	n/a	\$0.0020	n/a	\$2.75m
Post-Consolidation (equivalent)	n/a	15:1	91,635,077	n/a	\$0.03	\$2.75m
Post-Consolidation (illustrative)	n/a	15:1	91,635,077	n/a	\$0.05	\$4.58m
Post-Consolidation (illustrative)	n/a	15:1	91,635,077	n/a	\$0.10	\$9.16m

c. Quoted and Unquoted Options

The Listing Rules require the Company to consolidate the number of existing Options of the Company on the same 15 for 1 ratio, with the exercise price being amended in inverse proportion to that ratio. Accordingly, the existing Options will be consolidated as follows (subject to rounding), and excluding any Options issued as the result of Shareholder approvals of all the previous Resolutions:

Security Class	ASX Code	Exercise Price (Pre)	Expiry	Pre Number	Post Number (15:1)	Exercise Price (Post)
