## Newmont Announces Sale of the Coffee Project for up to \$150 Million

DENVER – September 15, 2025 - [Newmont Corporation](#) (NYSE: NEM, TSX: NGT, ASX: NEM, PNGX: NEM) (“Newmont” or the “Company”) announced today that it has agreed to sell its Coffee Project in Yukon, Canada to Fuerte Metals Corporation (“Fuerte”) for up to \$150 million in total consideration.

The transaction is expected to close in the fourth quarter of 2025, subject to certain conditions being satisfied.<sup>1</sup> Under the terms of the agreement, Newmont expects to receive gross proceeds of up to \$150 million, which includes:

- Cash consideration of \$10 million, due upon closing
- Equity consideration of \$40 million in the form of Fuerte shares, to be issued upon closing<sup>2</sup>
- A 3.0% Net Smelter Return (“NSR”) royalty on the Coffee Project, which Fuerte retains the option to repurchase for up to \$100 million<sup>3</sup>

“The sale of the Coffee Project reflects our ongoing efforts to streamline the portfolio and sharpen our focus on core operations,” said Tom Palmer, Newmont’s Chief Executive Officer. “Throughout the process, we were committed to identifying a buyer who shares our values and can develop the Coffee project in a socially and environmentally conscious manner. We are pleased to be selling this asset to Fuerte and have full confidence in their ability to honor agreements and relationships with the First Nations partners and other stakeholders that are connected to the project.”

Fuerte Metals is a well-funded resource company, adding value through the acquisition, exploration, and development of copper and precious metals projects in Mexico and Chile. Fuerte is supported by key shareholders, Pierre Lassonde, who served as Newmont’s President from 2002 to 2007, and Trinity Capital Partners Corporation.

In February 2024, Newmont announced the intent to divest its non-core assets, including six operations and two projects from its Australian, Ghanaian, and North American business units. Upon completion of the transaction in today’s announcement, Newmont will have divested all six operations and both projects that were classified as held for sale in its financial statements.

### Early Warning Disclosure

In connection with the transaction, the consideration payable on closing includes \$40 million in shares of Fuerte, being 34 million shares (the “Consideration Shares”).

The Consideration Shares will be issued to and held by Goldcorp Canada Ltd., a wholly owned subsidiary of Newmont. As a result, Newmont, which did not previously hold any securities of Fuerte, will beneficially own shares, representing approximately 27% of Fuerte’s issued and outstanding capital.

<sup>1</sup> Closing conditions include: (i) no material adverse change and/or transaction-related litigation and (ii) regulatory approvals. See cautionary statement at the end of this release regarding forward-looking statements.

<sup>2</sup> To be issued to Newmont at the same price as the bought public deal offering. See cautionary statement at the end of this release regarding forward-looking statements.

<sup>3</sup> At any time prior to the first anniversary of Coffee’s commercial production, Fuerte has the option to repurchase up to 100% of the NSR for up to \$100 million.

Following the issuance of the Consideration Shares, Newmont will evaluate its investment in Fuerte on an ongoing basis and, depending on such evaluation, market conditions and other factors, may increase or decrease its beneficial ownership of, or control or direction over, securities of Fuerte through market transactions, private agreements or otherwise.
