

BOUGAINVILLE COPPER LIMITED

Press Release

7 August 2014

BOUGAINVILLE COPPER LIMITED (BOC)

The directors of Bougainville Copper Limited announce the following results of the company for the six months ended 30 June 2014 which have been independently reviewed together with comparable results for six months to 30 June 2013.

The result for the six months ended 30 June 2014 was a net loss of K5.6 million (AUD\$2.3m) compared to a net profit of K1.1million (AUD\$0.5m) for the corresponding period last year.

Financial Results

	2014	2013
	K'000	K'000

RECENT EVENTS OF SIGNIFICANCE.

The first half of 2014 has been notable for the continued engagement of stakeholders through formally constituted arrangements directed towards a potential re-start of the Panguna mine.

The Joint Supervisory Board met in Kokopo, East New Britain, on July 4. The JSB was established under the Bougainville Peace Agreement, to oversee the establishment of Bougainville autonomy and the referendum on Independence, as well as the transfer of powers including those relating to mining.

As reported to ASX on June 25th, 2014, a Draft Bougainville Mining (Transitional Arrangements) Bill circulated which, in its current form and if passed into law by the Bougainville Parliament, may adversely impact on the mining rights held by the Company, which include a Special Mining Lease, various other leases for mining purposes, and several Exploration Licences. The Company has not made any adjustments to its financial statements for any impacts that might arise should this Bill be enacted in its current or similar form.

Further meetings of the Joint Panguna Negotiation Co-ordination Committee have been held, facilitating preparations for formal mine redevelopment processes, and the scoping of baseline social, economic and environmental studies. This committee has high level representation from the Governments of PNG and Bougainville, as well as the landowners and BCL, with inputs from agencies including the United Nations Environment Program. The meeting on May 8th was the tenth meeting of the JPNCC.

Issues being addressed with the formally constituted United Panguna Mine Affected Landowner Association include Bel Kol reconciliation ceremonies, outstanding 1989/90 compensation payments, landowner relocation and resettlement, and skills training for future mining operations.

It is anticipated that the completion of the symbolic Bel Kol process will be followed by a formal invitation from the ABG, Landowners and Ex-Combatants to BCL, to re-establish an office on Bougainville.

Negotiations are continuing aimed at resolving the Taxation Dispute between BCL and the Internal Revenue Commission of PNG.

2014 DIVIDEND

The Directors have not declared a dividend in respect of the six months ended 30 June 2014.

BORROWING

No borrowings were outstanding at year-end.

STOCK EXCHANGE

The standard proforma Appendix 4D was lodged with the Australian Stock Exchange in accordance with official listing requirements.

By order of the Board.

A handwritten signature in blue ink, appearing to read 'P. Coleman', with a stylized, flowing script.

Segment reporting

(Information on the business and geographical segments of the entity must be reported for the current period in accordance with AASB 114: *Segment Reporting* and for half year reports, AASB 134: *Interim Financial Reporting*. Because entities employ different structures a pro forma cannot be provided. Segment information in the layout employed in the entity's +accounts should be reported separately and attached to this report.)

Operates in one segment only.

Comments by directors

(Comments on the following matters are required by ASX or, in relation to the half yearly report, by AASB 134: *Interim Financial Reporting*. The comments do not take the place of the directors' report and statement (as required by the Corporations Act) and may be incorporated into the directors' report and statement. For both half yearly and preliminary final reports, if there are no comments in a section, state NIL. If there is insufficient space to comment, attach notes to this report.)

Nil

Basis of financial report preparation

19.1 *This is a half yearly report, it is a general purpose financial report prepared in accordance with the listing rules and AASB 134: Interim Financial Reporting. **It should be read in conjunction with the last annual report and any announcements to the market made by the entity during the period.** The financial statements in this report are "condensed financial statements" as defined in the AASB 134: Interim Financial Reporting. This report does not include all the noted of the type normally included in an annual financial report.*

19.2 Material factors affecting the revenues and expenses of the economic entity for the current period. In a half yearly report, provide explanatory comments about any seasonal or irregular factors affecting operations.

Refer Note 1(a) of the 2013 annual report.

- 19.3 A description of each event since the end of the current period which has had a material effect and which is not already reported elsewhere in this Appendix or in attachments, with financial effect quantified (if possible).

Nil

- 19.4 Franking credits available and prospects for paying fully or partly franked dividends for at least the next year.

Nil

- 19.5 Unless disclosed below, the accounting policies, estimation methods and measurement bases used in this report are the same as those used in the last annual report. Any changes in accounting policies, estimation methods and measurement bases since the last annual report are disclosed as follows. (Disclose changes and differences in the half yearly report in accordance with *AASB 134: Interim Financial Reporting*. Disclose changes in accounting policies in the preliminary final report in accordance with *AASB 108: Accounting Policies, Changes in Accounting Estimates and Errors*.)

Nil

- 19.6 Revisions in estimates of amounts reported in previous interim periods. For half yearly reports the nature and amount of revisions in estimates of amounts reported in previous +annual reports if those revisions have a material effect in this half year.

Compliance statement

- 1 This report has been prepared in accordance with AASB Standards, other AASB authoritative pronouncements and Urgent Issues Group Consensus Views or other standards acceptable to ASX and International Accounting Standard 34: Interim Financial Reporting.

Identify other standards used

International Financial Reporting Standards

- 2 This report, and the accounts upon which the report is based, use the same accounting policies.
- 3 The directors are able to declare that the financial report comprising Appendix 4D to the Australian Stock Exchange for the half year ended 30 June 2014:

- a.) complies with International Accounting Standard IAS 34: Interim Financial Reporting, and the Australian Stock Exchange Listing Rules relating to half yearly financial reports, and
- b.) gives a true and fair view of the entity's financial position as at 30 June 2014 and of its performance, as represented by the results of its operations and its cash flows for the half year ended on that date;

except that the results of the company for the six months ended 30 June 2014 have been in the opinion of the directors, substantially affected by events of a material and unusual nature as noted in the annual report dated 31 December 2013. The accounts have been prepared with the inclusion of the company's mine assets at their 1 January 1991 book value, with a separate general provision of K350 million having been made in 1991 for the value of the indeterminate level of deterioration, damage and pilferage of assets which has occurred in the period since the withdrawal of company personnel from Bougainville in early 1990. While the directors have made this impairment provision in good faith based on the limited information available to them, it must be recognised that the actual extent of the necessary write-downs can only be established when access to the mine site by appropriate company representatives is again possible. Accordingly, the 1991 provision may eventually prove to be above or below the sum which is necessary to reflect these losses. The directors believe that in the absence of reliable information and the lack of a more suitable alternative, this is the only appropriate basis to use, despite the current cessation of operations.

- 4 A draft Bougainville Mining (Transitional Arrangements) Bill (the bill) has been provided to the company which, in its current form and if passed by law, may adversely impact on the mining rights held by the company, including a special mining lease, various other leases for mining purposes and several exploration licences. The company has not made any adjustment to its financial statements for any impacts that might arise should this bill be enacted in its current or in a similar form.

Independent Auditor's Review Report

to the Directors of Bougainville Cooper Limited

Report on the half-year condensed financial statements

We have reviewed the accompanying condensed financial statements of Bougainville Cooper Limited (the Company), which comprise the condensed balances sheet as at 30 June 2014, and the condensed statement of comprehensive income, statement of changes in equity and statement of cash flows for the half-year then ended, and other explanatory notes.

The half-year condensed financial statements do not contain all the disclosures required for the full financial statements under generally accepted accounting practice in Papua New Guinea. Reading these condensed financial statements, therefore, is not a substitute for reading the annual financial statements of the Company.

Directors' responsibility for the half-year condensed financial statements

The Directors are responsible for the preparation of these financial statements such that they present fairly the matters to which they relate in accordance with generally accepted accounting practice in Papua New Guinea and for such internal controls as the Directors determine are necessary to enable the preparation of half-year financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express a conclusion on the half-year condensed financial statements based on our review. We conducted our review in accordance with International Standard on Review Engagements (ISRE) 2410 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity' in order to state whether, on the basis of the procedures described, anything has come to our attention that makes us believe that the half-year financial statements do not present fairly the matters to which they relate. As the auditor of the Company, ISRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial statements.

A review of half-year financial statements consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion

Basis for disclaimer of conclusion

The financial statements of the Company for the half-year ended 30 June 2014 have been prepared with the inclusion of the Company's mine assets at their 31 December 1991 book value of K198 million. This book value is net of a separate impairment loss provision of K350 million having been made in 1991 for the value of the indeterminate level of deterioration, damage and pilferage of assets which has occurred in the period since the withdrawal of Company personnel from Bougainville in 1990. As explained in notes 1(b) and 1 (c) to the annual financial statements for the year ended 31 December 2013, there continues to be considerable uncertainty surrounding the future of the Panguna mine, and the extent of deterioration, damage and pilferage and ultimately control of the Company's assets on Bougainville. While the directors have made the impairment provision in good faith based on the limited information available to them, the actual extent of asset de-recognition and impairment

Independent Auditor's Review Report

Bougainville Copper Limited

adjustment can only be established when access to the mine site by appropriate company representatives is again possible or when a reliable market value for the Panguna mine assets can be determined.

In our view, providing for the probable impairment loss from deterioration, damage, pilferage or loss of control is the appropriate accounting treatment for the actual impairment or loss which will have occurred in the period from 1990 to 30 June 2014. However, as the actual extent of such impairment or loss cannot presently be established, the recoverable amount of the Company's assets on Bougainville is not capable of reliable measurement or estimation. Accordingly the impairment provision may eventually prove to be above or below the sum which is necessary to reflect this impairment and loss. In the absence of all the necessary information and explanations we require, and for the reasons set out above, we are unable to form a conclusion as to whether or not the impairment provision against the carrying amount of mine assets of K350 million is adequate or not and therefore whether the carrying value of the mine assets is reasonable stated. The mine assets are also not being depreciated, which is a departure from International Financial Reporting Standards.

The half-year condensed financial statements reflect a provision of K13.9 million for compensation for which the Company may be liable. The Company may have other compensation, mine rehabilitation and stabilisation obligations. For the same reasons as set out above in relation to mine assets, the Company's actual liability for these costs is subject to significant uncertainty, and we are unable to form a conclusion as to whether provisions are reasonable or not.

The values attributed to the mine assets and the liabilities for compensation, rehabilitation and stabilisation are significant or potentially significant to the half-year condensed financial statements and are of fundamental importance to the presentation of the half-year condensed financial statements. In view of the significance of these matters we are unable to form a conclusion as to whether or not the half-year condensed financial statements present fairly the financial position of the Company as at 30 June 2014 and its performance for the half-year ended on that date.

Disclaimer of conclusion

Based on our review, which is not an audit, because of the significance of the matters described in the basis for disclaimer of conclusion paragraphs above, we have not been able to obtain sufficient appropriate information to provide to provide a basis for a conclusion on the half-year condensed financial statements. Accordingly, we do not express a conclusion on the half-year condensed financial statements of the Company.

Report on other matters

We advise in relation to our review of the condensed financial statements for the half-year ended 30 June 2014:

1. nothing has come to our attention to suggest proper accounting records have not been kept by the Company
2. with the exception of the matters described above, we obtained all the information and explanations that we have required;

Independent Auditor's Review Report

Bougainville Copper Limited

3. we have no relationship with, or interests in, the Company other than in our capacities as auditor and tax advisors. These services have not impaired our independence as auditor of the Company.

Restriction on distribution or use

This report is made solely to the Directors of the Company, as a body. Our review work has been undertaken so that we might state to the Directors those matters which we are required to state to them in our review report and for no other purpose. We do not accept or assume responsibility to anyone other than the Directors of the Company, as a body, for our review work, for this report or for the conclusions we have formed.
