## Transurban Launches 2014 Sustainability Report

Transurban today released its 2014 Sustainability Report which details the progression of our sustainability strategy.

The strategy comprises three focus areas:

1. Be good neighbours
2. Use less
3. Think long term

Under these focus areas business wide initiatives have been initiated.

The principles inherent in these focus areas enhance Transurban's ability to deliver efficient and integrated transport networks that support productivity and community wellbeing.

The 2014 Sustainability Report is available online at [www.transurban.com/SR14](http://www.transurban.com/SR14).
