REQUEST FOR TRADING HALT
THIS IS A PRIORITY ITEM

Dear Kobe,

Botswana Metals Limited ("the Company") (ASX code: BML) hereby requests a trading halt of its securities pending an announcement on diamond drill Hole MADD0094 which reached 500m End of Hole (EOH). This hole was a deep step out hole into a new zone (Maibele New) and has successfully intersected sulphides with potential for nickel and copper mineralization.

The Company believes these results to be significant and requests this trading halt accordingly.

An announcement will be made prior to the commencement of trading on Thursday 20 November 2014.

The Company is not aware of any reason why the trading halt should not be granted.

Yours faithfully,

Patrick Volpe
Chairman
